

EXTRACT of a letter from Elder Franklin D. Richards to his wife, dated  
Star Office, Liverpool, }  
September 7, 1850. }

A letter received this week from Copenhagen, in Denmark, informs us that there have been forty-five baptized in that city by our brethren; fifteen the first pop on the 12th of August. Bro. Forssgren had baptized sixteen in Sweden, for which he was under sentence of banishment by the authorities, awaiting the arrival of the king from the country to confirm his sentence. The latest news from Bro. Lorenzo Snow was dated July 29, in which letter he writes me from near La Forra, in the interior of Northern Italy, Valley of Luserne, Piedmont; that they now understand their true position. The French language was most generally spoken, and they felt a liberty of spirit there, which they had not felt since they left England. From that, and other reasons, they were led to believe that they had found their field of labor, and felt it their duty to publish the object of their visit, the principles of the doctrine, &c. Elder Taylor has a pamphlet in press, containing a discussion with some Protestant ministers in Boulogne. Bro. Bolton and a French minister are translating the Book of Mormon into French. Bro. Taylor visited us about two weeks since; he was in usual health and spirits, and expects to return to the valley next season. I have forwarded letters from the valley (per Bro. Campbell) to Elders Taylor, Pack, Lorenzo Snow, and E. Snow, this week: they were all in good health when they last wrote.

EXTRACT of a letter from Bro. Peter O. Hanson to President Kimball, dated  
Copenhagen, July 5, 1850.

DEAR SIR:—Inasmuch as my beloved brother Erastus Snow has written to the Presidency about our arrival, proceedings, and prospects here in this country, I think it unnecessary for me to repeat what he already has written; but rather incline to write such as he has not mentioned. Wishing to inform you of my present state, I can say that I am greatly blest day by day; yet I feel and realize my being far away from home, and from those who are near and dear unto me, even Zion and her children; but am I not willing to spend a few of my years in the land of strangers, in the capacity of a servant of the God of Jacob, in search of the lost sheep? Yes! I thank my heavenly Father that I have a realizing sense of the nature of my mission, and shrink at the very thought, that I might conduct myself so as to not only lose my reward, but even the privilege of having an opportunity to merit the good will of the Almighty, dishonor the Holy Priesthood, and become a stumbling block for honest people. Since my arrival here, my health has been very good; but my language is rather slow returning unto me. I have found Bro. Paul E. Rofod's relatives, and found them to be of a noble race. The geneal prospect is such, that it stimulates me to say, dear sir, send us more help: if Bro. Rofod has not already started eastward, I beg of you to send him as soon as possible, as well as Bro. Hans, and some good Norwegian and German brethren; for the field is great, but the laborers are few. The German language is very common in Denmark. The Quakers in Norway have received letters from Mormons or from Anti-Mormons.
