FOR IMPROVEMENT OF JUNCTION CITY.

Movement for Civic League—Mass Meeting Called—Work of the Schools.

VERDICT OF CORONER'S JURY.

On the Death of T. D. Murphy—Big Damage Suit in Hands of Jury—Weddings.

Ogden, April 11.—The civic league movement which has been receiving a great deal of attention during the past few weeks is meeting with general favor by all classes and promises to work wonders in beautifying Ogden city.

At a meeting of the committee of the Real Estate Men's association appointed to further the movement, held yesterday afternoon at 5 o'clock, which was attended also by Mayor Conroy, it was decided to hold a big mass meeting tomorrow, Thursday, night, at 8 o'clock at the county court house for the purpose of completing the civic league organization. Messrs. Don McGuire, J. S. Lewis and W. W. Kennedy were appointed a committee to select officers for the league, whose names will be presented tomorrow night at the same meeting. The committee will also pass resolutions asking the mayor to issue a proclamation, asking the people of Ogden to observe next Monday, April 23, Arbor day as a holiday. The committee will call on the city council and urge it to co-operate with the league in the civic movement, also to enforce the ordinance governing the permitting of livestock to run loose.

The city schools are also taking up the movement with great activity. Next Friday Arbor day exercises will be held at the schools. In the morning the pupils will have an opportunity to plant trees or shrubbery on the school grounds, under the direction of the school principals. The teachers have also decided to get as many of the pupils as possible to visit the school buildings on Saturday to give them a genuine cleaning. That work done they will direct their attention to the same. If the civic league is a movement greatly needed here and will, if properly carried out, work wonders in our city. The people should turn out in large numbers Thursday evening to attend the

VERDICT OF CORONER'S JURY.

T. D. Murphy Was Knocked From Bridge to His Death.

Ogden, April 9.—A coroner's inquest over the remains of T. D. Murphy, the young man who met his death Monday afternoon by being knocked into the Weber river from the Oregon Short Line bridge, was held yesterday afternoon before acting coroner J. D. Murphy and a jury composed of A. J. Wattle, T. A. Whalen and W. J. Folker. A number of employees of the railroad company putting up the new bridge, including the deceased's brother, were examined as witnesses. Abbot Maginnis was present to represent the young man's family in examining the witnesses. The evidence brought out went to show that the young man was employed as a bridge carpenter and while standing on the scaffold doing some work, several other employees were engaged in placing a large stringer on the upper part of the bridge. The stringer twisted away from the men holding it and fell upon the scaffold knocking Murphy into the river and in falling he was struck on the head and died a few moments after being rescued from the water. The jury after hearing the testimony brought in a verdict that deceased came to his death by being knocked into the Weber river by a bridge timber slipping which precipitated the scaffold together with Murphy into the river, that the timber was being handled by an engineer under the direction of the company's foreman, Mr. Poreh.

MURRAY VS. UNION PACIFIC.

Damage Suit Now in the Hands of the Jury.

Ogden, April 11.—The suit brought by A. J. Stone as administrator of the estate of W. J. Murray against the Union Pacific company to recover \$25,000 damages alleged to be due through the carelessness of the railroad company which caused the death of Murray, has been completed and submitted to the jury. The taking of testimony was completed last evening, and this morning was devoted to the making of arguments by the attorneys. This is one of the four suits which have been commenced by Mr. Stone against the railroad company as a result of the Azusa wreck in November, 1904. This morning the suit brought by Mr. Stone administrator of the estate of J. H. Winslow, killed in the same wreck, against the Union Pacific was commenced. As in the first case completed the defense asked for a special

Jury venire from which to select a jury to hear the case and the following names were drawn: Frank Carr, Charles A. Porter, David Farr, Charles A. Hinchelliff, Elnoch Farr, John Trimble, James E. Riley, William E. Hardy, J. W. McDonald, Hyatt Phares, Jas. H. Dugan, David F. Dalton, James McBeth, William L. Porter, O. A. Parnley, Samuel W. Purdy, Charles H. Kercher, Jonathan E. Johnson, Albert Stratford, William Gampton, William A. James, Parley E. Woods, Gus Olson, John E. Ecklund, Ogden, John F. Stoddard, Hooper, John P. L. Alred, Stasterville, John Daniels, South Ogden, Jessie Taylor, Hooper, Bernard E. Farr, West Weber.

WEBER CLUB ELECTS SECRETARY.

At a special meeting of the board of directors of the Weber club, the resignation of I. L. Reynolds as a member of the board was received and accepted, and the vacancy was filled by the appointment of Dr. Lyman Skeen as one of the board.

The board appointed as assistant secretary of the club L. L. Reynolds at a good salary. Mr. Reynolds had been assistant chief clerk for a number of years in the office of the superintendent of the Salt Lake division of the Southern Pacific, and is a very competent young gentleman, who will make a very good man for the assistant secretaryship of the club. Only a small amount of other business was transacted at the meeting.

HUMANES SOCIETY MEETING.

The Humane society held a meeting last evening at the Presbyterian church. Matters pertaining to the advancement of the society were discussed. It was decided to have several thousand copies of the city and state laws governing cruelty to dumb animals printed for free distribution throughout the city and county, so that everyone may become thoroughly acquainted with the laws and better live them. The resignations of Mrs. George J. Kelley and J. P. O'Neil as trustees of the society were received and accepted, and Miss Berlie Taylor was appointed to fill one of the vacancies.

The finance committee reported meeting with comparatively good success in collecting money for the maintenance of the society. It has been decided to assess each member the nominal sum of fifty cents per annum to keep up the running expenses. A number of new members were received last evening.

The next meeting of the society will be held Tuesday, at the same place.

Bright's Disease Cured.

Mrs. Flora Walker, of Ashburn, O., who Suffered From This Dread Disease, After Doctors Were Unable to Aid Her, Cured by WARNER'S SAFE CURE

A TRIAL BOTTLE OF THE WORLD'S GREATEST KIDNEY CURE SENT ABSOLUTELY FREE TO EVERY READER OF DESERT EVENING NEWS WHO SUFFERS FROM KIDNEY, LIVER, BLADDER OR BLOOD DISEASE OR WHAT IS COMMONLY KNOWN AMONG WOMEN AS "FEMALE WEAKNESS."

In a letter brimful of thankfulness for her remarkable cure, Mrs. Walker writes: "I was taken ill last January with a bad diarrhoea and terrible pains through the bowels. I was treated by three different doctors, but they were unable to aid me. My husband finally advised me to try Warner's Safe Cure, so I bought a bottle. When I had used about half of it my pains ceased and I began to feel better. I have steadily continued to improve and can now walk to town and back a distance of over a mile and a half. I firmly believe that I am permanently cured of Bright's disease."—Mrs. FLORA WALKER, Griswold, St., Ashburn, Ohio.

WARNER'S SAFE CURE.

Does your back ache? Do you have scalding pains in it? Are you troubled with urinary weakness? If the answer is "Yes" your kidneys are diseased and your life is in danger. Warner's Safe Cure is the wonderful medicine that will help you. It is a wonderful cure of all kidney and bladder troubles, female weakness, Bright's disease and all diseased conditions of the liver and blood.

IF IN DOUBT MAKE THIS TEST:

Put some urine in a glass, after it stands twenty-four hours, if you find a reddish, brick-dust sediment in it, or particles floating in the urine, or the urine is milky or cloudy, you will know your kidneys are in a diseased condition and are unable to perform their work; the result will be the bladder and urinary organs will become inflamed, uric acid will poison the blood, the stomach will become affected and unable to digest the food, the system will become weak, and the result will be a breakdown of the general health, with Bright's disease or diabetes, which will prove fatal if not treated with promptness and great care.

Warner's Safe Cure moves the bowels gently and adds a speedy cure. WARNER'S SAFE CURE is now put up in two sizes, and is sold by all druggists, or direct, at 50 cents and \$1.00 a bottle. Refuse substitutes containing harmful drugs, which injure the system.

Trial Bottle Free.

To convince every sufferer from disease of the kidneys, liver, bladder and blood that WARNER'S SAFE CURE will cure them, a trial bottle will be sent ABSOLUTELY FREE, paid to any one who will write WARNER'S SAFE CURE CO., Rochester, N. Y., and mention having seen this liberal offer in the Desert News. The genuine name of our doctor will also send medical certificates containing descriptions of symptoms and treatment of each disease, and many convincing testimonials free to every one.

The direction of the president of Provo Commercial club.

12. Civil and stallions that are or wish to be entered in the prize contest will meet at the county court house square at 2 p. m. when the prize winner will be announced.

13. Sale horses will also meet at the same time and place. The Provo Commercial club rooms will be open for the entertainment of all horsemen during their stay in Provo.

A grand ball will be given in the evening in the Mozart dancing pavilion to which all are invited.

WOOLEN MILLS MAY START.

The Provo Woolen Mills company is advertising in Fiber and Fabric, a trade journal published in Philadelphia, for a superintendent, experienced in the manufacture of the lines of goods the mill has the machinery for manufacturing and who has some capital to invest in the business. This holds out some encouragement that the mill may start again. Manager Bassett some time ago expressed the opinion that it would be greatly to the advantage of the company to secure a manufacturing superintendent who was willing to take some financial interest (apart from obtaining his wages) in the institution, and in the business. Fiber and Fabric would indicate that this policy is to be carried into effect.

GARDEN CITY NOTES.

Sven M. Hyslop is in Provo and will remain for about two months in the interest of R. L. Probst & Co., who are getting out a directory of Provo City and Utah county.

Bert Clark and William Ellison were before Justice Noon yesterday charged with using indecent language towards

Sanford Kopp. This evidence was not considered sufficient to convict, and the defendants were discharged.

John W. Taylor has bought two fine residences in this city, one at S. R. Thurman and the F. C. Donovan residence. They each brought in the neighborhood of \$5,000. Mr. Thurman intended to build a home here.

Peter G. Peterson, a student of the Brigham Young university, is suffering from a severe attack of appendicitis. Thomas Sumner was fined \$3 yesterday in Justice Noon's court for failing to pay a dog tax. There are several other cases of a similar nature to come up.

Deputy Sheriff Steele of Salt Lake brought Charles N. Brizee to the state mental hospital last evening.

C. H. Birrell, state agent of the Guarantied Home Building society of Salt Lake, is in Provo in the interest of his company.

The Skelton Publishing company of this city expects to move to Salt Lake about May 15. The company will take in Salt Lake parties and capital and increase its already large business.

A son has been born to Mr. and Mrs. L. H. Holbrook, all well.

R. H. Irvine, who has been suffering from a severe attack of rheumatism, is again able to be out.

The remains of William Papperwell, who died at the state mental hospital, were taken to Ogden for interment.

Medical Supt. Calder of the state mental hospital, who has a plat of all water, sewer and steam pipes had electric wires in the institution made, showing all joints and connections. The doctor is also figuring on improving the fire fighting apparatus of the hospital.

Girlhood, Womanhood, Motherhood. No Man Stronger Than His Stomach.

THE first lesson that the young girl has of womanhood is usually a painful one. She learns to know what headache means, and backache, and sometimes is sadly borne down by this new experience of life. All the pain and misery which young girls commonly experience at such a time may, in almost every instance, be entirely prevented or cured by the use of Dr. Pierce's Favorite Prescription. It establishes regularity. It tones up the general health, and cures headache, backache, nervousness, chorea, or St. Vitus's dance, and other consequences of womanly weakness or disease.

A MOTHER OF THE FAMILY.

The anxious mother of the family oftentimes carries the whole burden of responsibility so far as the home medication of common ailments of the girls or boys is concerned. The cost of the doctor's visits are very often much too great. At such times the mother is invited to write to Dr. R. V. Pierce, of Buffalo, N. Y., for medical advice, which is given free. Correspondence is held sacredly confidential.

IT STANDS ALONE.

"Favorite Prescription" is the only medicine for women the makers of which are not afraid to print just what it is made of on every bottle-wrapper. It is the only medicine for women every ingredient of which has the unanimous endorsement of all the leading medical writers of this country, recommending it for the cure of the very same diseases for which this "Prescription" is advised.

A MOTHER'S LOVE.

A mother's love is so divine that the roughest man cannot help but appreciate it as the crown of womanhood. However, motherhood is often looked forward to with feelings of great dread by most women. At such times a woman is nervous, dyspeptic, irritable, and she is in need of a uterine tonic and nerve, a strength-builder to fit her for the ordeal. No matter how healthy or strong a woman may be she cannot but be benefited by taking Dr. Pierce's Favorite Prescription to prepare for the event. It makes childbirth easy and often almost painless.

DR. PIERCE'S FAVORITE PRESCRIPTION

is a powerful, invigorating tonic. It imparts strength to the whole system and to the womb and its appendages in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

A STRENGTHENING NERVE.

"Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, prostration, neuralgia, hysteria, spasms, chorea, or St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic

disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency.

A SCIENTIFIC MEDICINE.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate organism. It is purely vegetable in its composition and perfectly harmless in its effects in any condition of the system. For morning sickness or nausea, weak stomach, indigestion, dyspepsia and kindred symptoms, its use will prove very beneficial.

CURES OBSTINATE CASES.

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhoea, excessive flowing, painful menstruation, unnatural suppressions and irregularities, prolapsus or falling of the womb, weak back, "female weakness," ante-version, retro-version, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness of the ovaries, accompanied with "internal heat."

HOW TO LOOK BEAUTIFUL.

Young women or matrons should not allow themselves to look sallow and wrinkled because of those pains and weaknesses which become chronic and are the result of cold, tight lacing, and the imprudent care of the womanly system. Many a woman would look beautiful, have healthy color and bright eyes if it were not for those drains on her strength and those weaknesses which come all too frequently and make her life miserable. There is a ready-to-use Prescription, used a great many years by Dr. R. V. Pierce in his large practice as a Specialist in woman's diseases, which is not like the many "patent medicines" on the market, as it contains neither alcohol nor any narcotic, or other harmful drug. It is purely vegetable. It is known as Dr. Pierce's Favorite Prescription and is sold by druggists.

DR. PIERCE'S PLEASANT PELLETS

cure biliousness, sick and bilious headache, dizziness, costiveness, or constipation of the bowels, loss of appetite, coated tongue, sour stomach, windy belchings, "heart-burn," pain and distress after eating, and kindred derangements of the liver, stomach and bowels.

Persons subjected to any of these troubles should never be without a vial of the "Pleasant Pellets" at hand. In proof of their superior excellence it can truthfully be said that they are always adopted as a household remedy after the first trial.

One little "Pellet" is a laxative, two are cathartic. They regulate, invigorate and cleanse the liver, stomach and bowels. As a "dinner pill," to promote digestion, take one each day. To relieve the distress arising from overeating, nothing equals one of these little "Pellets." They're tiny, sugar-coated, anti-bilious granules, scarcely larger than mustard seeds.

HEALTH AND HAPPINESS.

How to live in health and happiness, is the general theme of Dr. Pierce's Common Sense Medical Adviser. This great work on medicine and hygiene, containing over 1000 pages and more than 700 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper cover.

THE celebrated Dr. Abernethy of London was firmly of the opinion that disorders of the stomach were the most prolific source of human ailments in general.

A recent medical writer says, "every feeling, emotion and affection reports at the stomach (through the system of nerves) and the stomach is affected accordingly. It is the vital center of the body * * * * * He continues, "so we may be said to live by (and he might well have said through) the stomach." He goes on to show that the stomach is the vital center of the body. He says, "the function of digestion in its several stages is to prepare the food in forms which are suitable to be added to the structure," meaning the structure of our bodies. He continues, "every physical action from simple breathing, thinking and circulating of the blood to the most active bodily exertion wears out portions of the structure (of our bodies) and they become dead and so require to be taken away speedily. Much of the food which we take, and especially when unwholesome or in excess, adds to the waste material, and when it has undergone chemical changes it is still more mischievous." Then he goes on to the effect that the nervous system prompts every part of the circulating system. He says, "it gives its message every moment to the infinite number of glands and follicles to unload themselves of waste material so that the current of blood may carry it away."

"When these two processes of nutrition and excretion are thus carried on with equal assiduity we are in health, but when this equilibrium does not exist there comes disorder and disease. The common form of such derangement is indigestion or dyspepsia. The function of nutrition is interrupted and all the operations which depend upon it go wrong. Under these conditions it has a way of appearing in other types of disorder. Many of these often mislead physicians. Other parts of the organism are likely to be involved, and we may find consumption, kidney complaint, hepatic (liver) disorders, hysteria and even mental alienation (derangement)." He says, "it may be observed that deranged persons have a woe-begone expression, offensive breath, irregular action of the bowels, hallucinations and other like conditions of dyspepsia."

The foregoing is no doubt a rational view of the sad havoc worked in the human system by indigestion and dyspepsia, torpid liver and kindred derangements, which are generally associated with or followed by many other diseases of diverse appearance, but all depending upon the weak and disordered stomach. Cure the stomach weakness and you cure all these diseases and derangements.

For weak stomachs and the consequent indigestion or dyspepsia, and the multitude of various diseases which result therefrom, no medicine can be better suited as a curative agent than Dr. Pierce's Golden Medical Discovery. The Golden Seal root, Stone root, Mandrake root and Black Cherrybark are all recommended by such eminent authorities as Dr. Bartholow, of Jefferson Medical College; Prof.

John King, author of the "American Dispensary"; Prof. John M. Scudder, late of Cincinnati; Dr. William Paine, author of Paine's Epitomy of Medicine, Dr. Hobart A. Hare, of the University of Pa.; Prof. Laurence Johnson, M. D., Medical Department, University of New York; Prof. Edwin M. Hale, M. D., Professor of Materia Medica in the Hahnemann Medical College, Chicago, and many others, as remedies for indigestion and dyspepsia, torpid liver as well as for bronchial, throat and lung affections, as will be seen from reading a little booklet recently compiled by Dr. R. V. Pierce, of Buffalo, N. Y., who will send the same on request, by postal card or letter, to any address, free.

This little booklet tells of what Dr. Pierce's celebrated medicines are made, and gives the properties and uses of each and every ingredient entering into their composition. Write Dr. Pierce, as above and receive it by return post.

Queen's root, or Stillingia, is an ingredient entering into the "Golden Medical Discovery" highly recommended by several of the above mentioned authorities for the cure of chronic or lingering bronchial, throat and lung affections, public speaker's sore throat attended with hoarseness, dry, rasping cough and kindred affections. Not only is Queen's root specific in its curative action in all these affections, but in "Golden Medical Discovery" it is greatly assisted by the combination with it of Golden Seal root, Stone root, Black Cherrybark and Bloodroot, with which it is blended in just the right proportion. Pure, triple-refined glycerine also greatly enhances the effectiveness of all these agents in the cure of chronic and lingering coughs, being a valuable demulcent, also antiseptic, and a nutritive of great value, especially useful in all wasting diseases, as in incipient consumption and other scrofulous affections. "Golden Medical Discovery" is a sovereign remedy in all catarrhal affections, whether affecting the nasal passages, the stomach, bowels or pelvic organs and the reason why will be learned by reading the little booklet noted above. Send for it now.

In chronic catarrh of the nasal passages, it is important that while taking the "Golden Medical Discovery" as the most effective constitutional treatment for this terribly distressing and most obstinate affection that the nasal passages should be cleansed two or three times a day by the free use of Dr. Sage's Catarrh Remedy, used according to the directions which accompany the same.

The enormous popularity of "Golden Medical Discovery" is due both to its scientific compounding and to the actual medicinal value of the ingredients. The publication of the names of the ingredients on the wrapper of every bottle hereafter to be sold, gives full assurance of its non-alcoholic character and removes all objection to the use of an "unknown remedy."

Every bottle of Dr. Pierce's Golden Medical Discovery bears the stamp of public approval. For the dealer to offer you something he claims is "just as good" is to insult your intelligence.
