The New York Times, in a sixteen-column article showing the progress of religious denominations in that city between 1845 and 1882, shows that while the population has increased 225 per cent. the total Protestant church membership increased but 76 per cent., while the cather in the men familiar with their work and to make Mr. Robeson in fact held at Philadelphia with "round-creased 900 per cent., or from 50,000 master of all the really important to 500,000. to 500,000.

The greatest anxiety will be felt in England by the families of the soldiers in Egypt. Its deadly distempers were fatal to the French army in the thirteenth century and to those of Napoleon at the close of the eighteenth. One dreadful malady often prevalent there is the Egyptian opthalmia. This sorely afflioted Bonaparte's army in 1798.

"If this nation does not speedily share the fate of Ananias and Sapphira," says the Boston Journal, "It will not be from lack of efforts by
