LOCAL AND OTHER MATTERS.

A Portrait -This afternoon Mr Paul Hammer showed us an India ink portrait, executed by him, of President George Q. Cannon. The likeness is good, the artist having been fortunate in catching the natural expression, but the appearance of the picture is somewhat marred, in our view, by an extreme If dark background, giving it a too combre appearance.

..... Personal .-- We had a fraternal visit to-day from Mr. Mark Jenpings, of the Laramis Boomerang. who with his wife and several membees of the Wyoming Press Association, have been spending a few days in this city. Mr. Jennings admits that a suit has been entered against the Boomerang by Bill Nye, its tormer aditor, but thinks it will be casily settled when accounts are compared.

It well known that the gentleman amassed a considerable fortune in Utah in a comparatively brief time by means of mining speculations The rumor referred to is to the effect that he may been recently engaged in railroad stock operations, and that large losses on Northern Pacifice have swept away almost if not quite his entire accumulations.
