LAST NIGHT'S NEWS.

The U. P. "Golden Gate Special" Pulls Out of Omaha with 40 Passengers.

The Tests of Electrical Devices for Executions in New York a Success.

Dakota, Both North and South, Pressing Actively for Admission.

Dudley, the Indiana Vote-Buyer for the Republicans, Before the Grand Jury.

Fifty Thousand Dollars, the Largest Criminal Reward Ever Offered, for Tascott.

A California Stage Robbed.—Disasters and Criminalities.—Other News.

By Telegraph to the NEWS.]

Disasters.

CORTLAND, N. Y., Dec. 4.—The extensive Cortland wagon works were injured $200,000 by fire this morning. Insured.

DETROIT, Mich., Dec. 5.—Shortly after noon today a switch ran into and completely demolished a street car at the Carrigan Street crossing. The passengers, eight or ten in number, were all more or less injured, and two of them, Mrs. Mary Houk and John Scanlons, will probably die. The accident was caused by the flagman neglecting to close the gate.

MAUCH CHUNK, Penn., Dec. 5.—The mines at Mesquehoming, in this county, became flooded last evening by water. Phillip Stevens and William Either were found dead in the mine today. The company's loss is very great.

Going to Hayti.

NEW YORK, Dec. 5.—All was bustle and excitement at the navy yard this morning in expectation of official order from Washington to dispatch a cruiser to Hayti. The commanders of the *Yantic, Chicago, Galena* and *Richmond* are busy getting their vessels into condition for sailing. It was not known which one would be ordered to start.

In compliance with the demands from this government the Haytien government has decided to release the steamer *Haytien Republic* as soon as a new crew can be sent down to bring the vessel back to New York.

WASHINGTON, Dec. 5.—While there is reason to believe this government has demanded the release of the steamer *Haytien Republic*, recently seized at Port au Prince, it is impossible as yet to obtain official information to that effect.

Alex. Porter Morse, of Washington, who was appointed arbitrator by the governments of the United States and Hayti, to decide on the claim of Charles Adrian Von Bocklan, deceased, for damages for his illegal imprisonment in 1884 and 1885 at Port au Prince, has filed in the Department of State and in the Haytien legation an award in favor of the claimant for $80,000.

Electrical Execution.

NEW YORK, Dec. 5.—On January 1, 1889, the law requiring electrical execution goes into effect, but until today the amount and character of the current required to make death certain and instantaneous had not been determined. The experiments on dogs last summer by Harold P. Brown, the electrical engineer, was criticised because the weight of animals was less than that of a man and it was supposed more current would be required to kill a human being on that account. this afternoon Brown was given an opportunity to make a demonstration before

ELBRIDGE T. GERRY,

he author of the electrical execution law and a committee appointed by the Medico-Legal Society to report on the best means of putting the law into effect. The experiments were made at Edison's laboratory, and the first victim was a calf weighing 124½ pounds. The hair was cut off the forehead and off the spine and behind the fore legs, and sponge-covered plates moistened in a solution of sulphate of zinc were fastened in place. The resistance of the animal was 3,200 ohms. An alternating current of 700 volts was applied for 85 seconds, and the animal was dead. It was at once dissected by Drs. Ingram and Bleyere, and the brain, heart and lungs were found to be in a normal condition, and the meat was pronounced fit for food.

The second calf weighed 145 pounds and had a resistence of 1,800 ohms. A deadly alternating current at 700 volts pressure was applied for five seconds and

PRODUCED DEATH.

To settle permanently the weight question, a horse weighing 1230 pounds was next killed by passing an alternating current at 700 volts from one foreleg to the other. The resistance of this animal was 11,000 ohms. The experiments proved the alternating current to be the most deadly force known to science and that less than half the pressure used in this city for electric lighting by this system is sufficient to cause instant death.

Washington Notes.

WASHINGTON, Dec. 5.—The President resumed his afternoon receptions to the public today.

The Secretary of the Navy today appointed Captain W. T. Mahan, Commander U. M. Chester and Lieutenant Commander C. H. Stockton, a board to select the site for a navy yard on the northwest coast of the United States.

Delegate Gifford of Dakota today introduced a bill amendatory of the law providing for the division of the great

SIOUX RESERVATION

in Dakota and for the relinquishment of the Indian title to the remainder. The bill amends the law as follows: The reservation is to be opened without the consent of the Indians, while the law passed last session required such consent of the Indians. The sum of $4,000,000 is to be deposited to the credit of the Indians instead of $1,000,000, provided for last session. The lands thrown open to settlement during the first two years after the opening of the reservation shall yield $1 per acre, all the land taken during the next two years 75 cents per acre, and 50 cents per acre for the residue undisposed of at that time. The law of last session proposed to pay for the land at 50 cents per acre. A feature of the amendment is the appropriation of $30,000 to defray the expenses of surveying the land thrown open to settlement.

The joint session of the National and Southern Forestry Congresses convened today.

THE RIVER AND HARBOR

committee spent several hours today in work on the details of a bill for the next fiscal year. The committee has fixed $10,000,000 as the aggregate amount of the appropriations to be carried by the bill.

The Attorney General has decided that the Secretary of the Interior has no authority in law to permit the the Washington & Idaho Railroad Company to construct, under the law of May 15, 1888, a railroad through the Coeur d'Alene Indian Reservation, in Idaho Territory, in advance of fixing an actual payment or compensation provided for in the act.

POLITICAL.

Dakota Actively Pressing Her Claims.—Other Points.

JAMESTOWN, Dak., Dec. 6.—Two hundred and fifty delegates are in attendance upon the convention to devise means for securing early statehood for North Dakota, and include some of the brainiest men in the Territory. The delegates will insist that the name of North Dakota be retained.

The North Dakota statehood convention was called to order at 2 p.m., and after some wrangling ex-Governor Gilbert A. Pierce was elected chairman, and delivered an address detailing the claims of Dakota to

DIVISION AND ADMISSION.

NEW YORK, Dec. 5.—At a meeting of the county committee of republicans tonight, the republican organization of the eighty-eighth assembly district, of which John J. O'Brien is the central figure, was thrown out of the party for treachery in the last campaign on the county ticket. Before O'Brien assumed control of the district, it had been a democratic stronghold, but it has since shown a republican majority at each presidential election.

WASHINGTON, Dec. 5.—The executive committee of the republican national committee held a meeting here today. The only business transacted was the settlement of accounts with the several bureaus and campaign speakers.

A reporter of the Associated Press called on

J. S. CLARKSON

today and asked what truth there was in the report recently published, that he has been tendered by the President-elect, the position of Secretary of the Interior. Mr. Clarkson said: "If it is worth while to deny any such probable rumor, you may say there is no truth in it whatever. I have not been tendered that nor any other position by President-elect Harrison, nor have I had any communication or conversation with him on any such subject, nor have I had the slightest intimation as to the *personnel* of the new cabinet. I have made no changes in my business or newspaper at Des Moines nor do I contemplate doing so. I am east to attend the final meeting of the national committee and help to settle up the business, which will take ten days, when I expect to go home and settle down to my work, which I have neglected for the last six months."

GENERAL HARRISON.

INDIANAPOLIS, Dec. 5.—Gen. Harrison and party left at 7:30 this morning over the Indianapolis, Decatur & Springfield road in a special car. Their exact destination is unknown to anyone outside the party except the railroad officials. It is believed, however, the first stopping place was Dana, 25 miles due west from Indianapolis, and only about five miles from the Illinois State line, where the party aligated and spent the day beating the bushes for quails, prairie hens and rabbits. It was the express desire of Gen. Harrison that no reporters or correspondents should accompany the expedition, but three special correspondents followed them, taking the regular express train westward. The General will sleep tonight at a farm house near Dana. The party returns to the city some time tomorrow night. It is expected that

LEVI P. MORTON,

Vice-President-elect, will be in Indianapolis early next week to call upon Gen Harrison. He will probably be accompanied by his wife and two or three of the prominent republicans of New York.

Russell Harrison received a telegram from Colonel Pierce tonight saying General Harrison was the first member of the party to bring down a bird; that they enjoyed a fine hunter's dinner at a farm house, and had a good and successful day's sport.

CARSON, Nev., Dec. 5.—The official vote of this state, as announced by the state board of canvassers, stands: Harrison, 7283; Cleveland, 5336; Fisk, 45.

THE DUDLEY CASE.

INDIANAPOLIS, Dec. 5.—The federal building was crowded today with witnesses summoned to appear before the federal grand jury now in session. All interest centers upon the prosecution of what is known as the Dudley case. The opinion is openly expressed about the court house that an indictment will be certainly returned in the case. The positive instructions of the court (District Judge Woods) relating to a violation or the advice to others to violate the election laws, is what convinces many that the jury will find a bill against Colonel Dudley. A. U. S. Marshal's warrant for his arrest was issued two days after the publication of the "blocks of five" letter said to have been written by Dudley. This warrant is still out and will be held ready for instant service until the indictment is returned against him. The letter of course will be the basis of the indictment in case there is one.

MISSOURI FRAUDS.

KANSAS CITY, Dec. 5.—The existence of a secret republican organization was made known today. It has been engaged in the secret investigation of alleged corruption at the November elections and Judge McCreary, one of the most prominent members, stated this afternoon that the work had resulted in the discovery of gross frauds and conclusive cases had been established against 125 persons.

ATLANTA, Ga., Dec. 5.—At the municipal election today the conservative ticket was elected. This means the elimination of the prohibition question from local politics.

INDIANAPOLIS, Dec. 5.—The movement started by Adjutant-General Koontz and a few associated democratic veterans looking to the withdrawal of democratic members from the

GRAND ARMY

of the Republic and the formation of a new benevolent soldiers' organization or order, is given an entirely different coloring tonight by the statements from Adjutant-General Kontz, who seems to be the fountain head of the movement. He stated this evening in an interview that the new organization was not antagonistic to the G. A. R. He claims that all newspaper statements to the contrary are in error upon that point. Nevertheless the point is a new one here. The constitution and by-laws of the new organization are not yet forthcoming to the public. A meeting of some fifty democratic veterans was held tonight and was presided over by Adjutant-General Kontz, at which an executive committee was appointed by the chair with instructions to press the organization of subordinate posts throughout the states. From democratic veterans connected with the organization it is ascertained tonight that the entire character of the movement has undergone a recent and

RADICAL CHANGE.

He admitted that the original idea was to induce the democratic members of the G. A. R to withdraw and found another benevolent order, something on the same plan as the G. A. R. This project, however, had been completely abandoned, and in its place a movement is substituted to form democratic veterans' political clubs, membership to which will in nowise conflict with G. A. R. membership. The clubs are to be purely and openly political.

Iowa Evictions.

CHICAGO, Dec. 5.—The *Daily News'* special from Waterloo, Iowa, says: It is reported from Fort Dodge, on the authority of a settler named Berber, residing in the southern part of Webster County, where the last evictions occurred, that the river land settlers held a meeting Sunday and agreed to shoot the officers if further evictions were attempted. The owners of the land are men of nerve, and having promised to evict all settlers before March, will not be deterred by threats. The last eviction must necessarily be made by the last day of February, and of course in cold weather. Serious trouble may yet result.

CRIMINAL CASES.

$50,000 Reward for Tascott.—The Highbinders, Etc.

CHICAGO, Dec. 5.—Word has been received here of the arrest of Tascott, the murderer of the millionaire Snell. the authorities say the circumstances are such as to make it probable that the right man has been caught at last.

NEENAH, Wis., Dec. 5.—A couple of weeks ago two men came here and started a branch office of the Minneapolis Loan Association. The younger went by the name of C. E. Snell. This morning he was arrested by the local officers on suspicion of being

WILLIAM B. TASCOTT,

the supposed murderer of A. J. Snell, the Chicago millionaire.

Public interest was revived in the Snell murder case by the publication which appeared in an evening paper of a statement alleged to have been made by A. J. Stone, the son-in-law of the murdered millionaire, in which he said the supposed murderer had been captured. Mr. Stone said to an Associated Press reporter this evening that what he did say was as follows:

"I have received a telegram from a man who claims to have arrested W. B. Tascott, that he now has him in his possession, and wished to know when I could send to identify him. I answered at once, 'How do you know it is Tascott?' In answer I received a message saying the prisoner answered all the descriptions and that the man would send a photograph Monday. That photograph is what I am waiting now for."

$50,000 REWARD.

Mr Stone preferred not to say at what place the prisoner was being held. An announcement made by Mr. Stone this evening has lent additional interest to the celebrated case. This was that the widow, Mrs. Henrietta Snell, has increased the amount of the reward offered from $20,000 to $50,000, making it the largest reward offered for the capture of any human being in the world. This $50,000 will be paid by Mrs. Snell through the Chicago police department. The offer holds good for four months from this time. All suspects arrested must be photographed and the likenesses be sent at once to either Mrs Snell or Geo. W. Hubbard, superintendent of the Chicago police department. No detectives will be sent as heretofore until strong marks of identification are presented.

THE HIGHBINDERS.

PORTLAND, Ore., Dec. 5.—No further violence has resulted between the opposing factions of the Chinese highbinders since the open and murderous battle fought last Sunday. Since the fight four victims have died. One other is expected to die. One will recover. Eight Chinese have been arrested and are now in custody. Not one of the highbinders accused of murder by the coroner's jury have been arrested yet. The police are unable to find them, even after a most diligent search. It is very doubtful if these now in custody can be convicted, as confused and contradictory is the testimony. A meeting has been held by a large number of Chinese merchants of the city, the mayor and the police, at which it was unanimously agreed to break up all the highbinders' associations in Portland. The Chinese have organized a law and order society, and propose to co-operate with the police authorities. A resolute determination is expressed to stamp out all

BLACKMAIL LEVYING

organizations at all hazards. The news has been posted up throughout Chinatown bidding all the highbinders' societies to disband within five days or abide the consequences. The Chinese are all forbid the carrying of arms. It is thought the severe measures will break up and destroy the nests of highbinders which are a constant menace to peace and safety.

CINCINNATI, Dec. 5.—The attorney-general of Ohio was here today in consultation with the prosecuting attorneys of Brown and Adams counties upon the best means of suppressing the "White Caps." The prosecuting attorneys presented the difficulties of investigation and prosecution. It is probable the state will supply money for the employment of detectives, and every possible effort will be made to stop the disgraceful lawlessness. Meantime warnings are flying everywhere.

Berkes, the man who was whipped at Sardina and who is now here in a museum, was warned today to leave the museum, and Superintendent of Police Dotson, of the police force, has has also received a warning.

A STAGE ROBBED.

SAN FRANCISCO, Dec. 5.—The stage from Mendocino to Ingrams was stopped by a robber last night 75 miles north of this city. The driver was compelled to throw off his express box and mail sacks, which the highwayman secured and then allowed the stage to proceed. The loss is not known but is supposed to be heavy.

Freight Classification.

CHICAGO, Dec. 5.—The committee on uniform classification, after a two days' discussion of the subject before it, resolved today that a strict uniformity cannot be reached by forced or hurried measures without producing conditions disastrous to the business interests of the country. It was agreed that greater uniformity in the classification of freight is both desirable and practicable, but that the only safe way to work out the problem is by frequent conference and constant efforts by the railroads to remove the disparities in the several classifications now in use. A standing committee was therefore appointed, composed of two members from each of the various traffic associations, to follow up the work of combining the different classifications. It was decided to use such number of classes as will prevent conflicting commodities, as well as class rates in the several sections of the country, without sacrificing the proper interests of the common carriers. The general meeting then adjourned to meet in Chicago the second Tuesday in February.

The Knights.

COLUMBUS, Ohio, Dec. 5.—District Assembly 135 Knights of Labor held a session this morning, at which Powderly was present, and set forth the importance of standing by the order and making certain promises on behalf of the miners. The federation held a meeting also during this forenoon, and decided they would accept no proposition at a joint convention, except one looking to a single national union. There were about 90 delegates present at the joint convention. They at once proceeded to discuss the call for the formation of a new organization and a large number of speeches were made, when an adjournment was taken. The delegates opposing the new organization and supporting the Knights of Labor were given to understand that they might not return to the evening session unless they were willing to proceed with the miners to

ORGANIZE INDEPENDENTLY.

To night it was decided that the new miners' organization should proceed. W. T. Lewis, master workman of District No. 135, will tender his resignation.

The vote on the proposition for an independent movement was about equally divided. Those who remain with the district, it is understood, will elect as master workman their worthy foremen, John Bee, of Calmont, Pa. The territory represented by delegates who joined with Lewis in the formation of an independent organization extends from Canfield County, Pennsylvania, on the east, including the anthracite regions, to Kansas on the west. The organization estimates a following of 80 per cent of District Assembly 135; while they leave District 135 they still claim to be members of the Knights of Labor, and will have their membership elsewhere.

Statue for Sheridan.

CHICAGO, Dec. 5.—The committee appointed by the Society of the Army of the Cumberland to have charge of the erection of an equestrian statue in Washington of the late General Sheridan held its first meeting here today and elected General Alger, of Detroit, treasurer, and Colonel Corbin, U.S.A., secretary. The following sub committee was appointed to solicit funds: General Ducat, Illinois; General Barnett, Ohio; General Manderson, Nebraska; General Stone, Massachusetts; and General Lambert, Pennsylvania. Colonel Corbin will be appointed for the army and navy. Generals Fullerton. Barnett and Ducat are appointed to secure from Congress an appropriation for the statue.

The Golden Gate Special.

OMAHA, Dec. 5.—The Union Pacific *Golden Gate Special* left Omaha at 8 o'clock this morning. Over forty through passengers were aboard. The train is making schedule time. The train will reach Ogden tomorrow afternoon. All the new appliances and comforts for the convenience of passengers, including steam-heat from the engine and electric light, are working most successfully. Railroad men who inspected the train here declared it was the finest in the world.

A Safe Investment

Is one which is guaranteed to bring you satisfactory results, or in case of failure a return of purchase price. On this safe plan you can buy from our advertised druggist a bottle of Dr. King's New Discovery for Consumption. It is guaranteed to bring relief in every case, when used for any affection of Throat, Lungs or Chest, such as Consumption, Inflammation of Lungs, Bronchitis, Asthma, Whooping Cough, Croup, etc., etc. It is pleasant and agreeable to taste, perfectly safe, and can always be depended upon.

Trial bottles free at A. C. Smith & Co.'s Drug Store. 1

Merit Wins.

We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction. We do not hesitate to guarantee them every time, and we stand ready to refund the purchase price, if satisfactory results do not follow their use. These remedies have won their great popularity purely on their merits. A. C. Smith & Co., Druggists. 1
