SOCIAL AND PERSONAL.

No prettier bride picture has been witnessed in Salt Lake than that which marked the wedding of Miss June McIntyre and Mr. Frederick C. Dern last night. The ceremony was performed in the big reception hall which formed an excellent setting for the scene. Stately palms lined the foreground and bordered the broad staircase at the rear, on either side, while the bannister was twined with plumosa, starred with white carnations, and the above and stained glass windows at the first landing were bedged with palms and calla lilies. Across the arch at the foot of the staircase was a lattice of plumosa and white carnations, and suspended from this hung a great bell, down in calla lilies, with carnations and anemones. Down this floral aisle came the wedding party, standing under the festooned arch while the ceremony was performed. Rev. Elmer I. Goshen, who officiated in the service, came first, followed by the groom and his best man, Mr. Frank Judge. Then came the maid of honor, Miss Bessie McIntyre, followed by Mrs. James C. Dick, the sister of the groom, and finally the bride, the party forming a semicircle under the great bell. The bride wore a beautiful costume of white satin, with trimming of rose point lace, while a veil of white tulle and shower cluster of lilies of the valley completed the toilet. Miss McIntyre was followed by the bridesmaids, each wearing a gown of pink, green and white, calla lilies and pink carnations being used with the green shaded lights and true lovers' knots of white tulle.

At midnight Mr. and Mrs. Dern left for the Pacific coast, where they will spend about two months. They will return to Salt Lake to reside.

Mrs. W. H. Cunningham has returned from California and is visiting with her parents, Mr. and Mrs. John Dern.

Mr. and Mrs. D. W. Lamborne entertained a few friends on Monday evening in honor of Mr. and Mrs. Oliver Walsh. The evening was spent playing pinochle, after which refreshments were served. The guests were: Mr. and Mrs. Oliver Walsh, Mr. and Mrs. J. D. Dixon, Mr. and Mrs. T. Layton, Mr. George Potter, Misses Sarah Jarman, Hazel and Maud Kenner.

OGDEN IS AFTER THE CONVENTION.

Junction City Desires to Capture The Big Railroad Assembly In May Next.

REFERENDUM VOTE IS TAKEN.

Denver, St. Louis, Sacramento and Chicago Also Want United Brotherhood of Railroad Employees.

Considerable interest is being manifested locally on the good natured fight for the next meeting place of the annual convention of the United Brotherhood of Railroad Employees, which begins its sessions May 9.

Ogden last summer demonstrated that she could take care of a crowd of strangers within her gates when she entertained the delegations to the National Irrigation Congress. Ogden feels that she can this spring take care of the railroadmen in good shape and do the thing up in style, consequently the Junction City is out after the convention. A referendum vote on the place of meeting is now being held. It is understood that in addition to Ogden, Sacramento, Denver, Chicago and St. Louis are out after the convention.

The headquarters of the organization is at San Francisco, and it has a membership of close upon 70,000.

TONOPAH ROAD.

Over Twenty-five Miles Is Now Reported To Be Ready for Steel.

Supt. Tripp of the Tonopah railroad furnishes the following report of progress during the past week to the Tonopah Miner: "The most difficult part of the grading has been finished, and with the present force of men all the grading should be completed before May 1st. There is no reason, unless some unforeseen circumstances should arise, why trains should not be running into Tonopah by May 15 and handling freight and passengers. The connection at Rhodes has been made, and track-laying is now in progress. We are laying 3,000 feet of track at Rhodes for the reception of material. We expect to lay a mile of track per day when we get started, and the C. & C. is not able to supply the necessary quantity of material from Mound House; so we are forced to provide our own sidings at Rhodes. The first engine has arrived at Rhodes, and the other two engines are on the way from Philadelphia, having left there three weeks ago. We have just placed an order for 10 box-cars, which will be delivered in April. This will make 40 cars in all, which will be sufficient for the present requirements."

RIO GRANDE SUEB.

H. T. Maxfield Wants \$3,000, or \$275 For Each Mile Walked.

A \$3,000 damage suit has been filed in the district court by H. T. Maxfield against the Rio Grande Western Railway company for the ejection of plaintiff from defendant's train a mile north of Bingham Junction on Jan. 17, 1904.

Maxfield, who is from Lander, claims that he was ejected from the train at Bingham Junction, he claims that he should take for Murray and he was instructed to take No. 1.

He followed out the instructions of the agent and when about a mile north of Bingham Junction he was informed that the train did not stop at Murray and he would have to pay 20 cents more and ride to Salt Lake. Plaintiff refused to pay the additional fare and was ejected. He then had to walk seven miles to Murray in the cold and snow, and upon his arrival there, the sleigh, which had been sent to meet him at the depot, had gone and he was compelled to walk the four miles to his destination. By reason of the ejection and the hardship endured through having to walk 11 miles, plaintiff claims he has been damaged in the sum stated above.

SANTA FE SURVEY.

Preliminary Lines to Eureka, Humboldt County, Calif., Are Completed.

San Francisco, March 2.—The Santa Fe railroad has finished all of its preliminary surveying work in Eureka, Humboldt county, and four engineers are now figuring on the cost so as to decide upon a final location. It is known the company has made three general surveys at a considerable outlay of time and money, and is now about to get a good modern line through the mountainous country of Mendocino and Humboldt counties. It will cost the Santa Fe in the neighborhood of \$12,000,000 to complete its connection between Eureka and San Francisco Bay.

ERIE COMPLICATION.

Interesting Situation Has Arisen on Stock Exchange in Consequence.

New York, March 2.—An interesting complication which presumably can be settled only by the arbitration committee has arisen on the stock exchange in regard to transactions in Erie first preferred.

Payment Feb. 29 of a second semi-annual two per cent dividend on the Erie first preferred stock, according to the terms of the agreement dated Jan. 1, 1896, under which voting trust certificates were issued. It is now proposed to extend the voting trust five years and the voting trustees have agreed to the extension of the agreement. It is now proposed that pending the consent of a majority to such extension the transfer of voting trust certificates will be continued until May 1. The authorities of the exchange, however, have ruled that Feb. 29 are not a "good delivery." The position of the governor is that according to the terms of which the certificates were listed the voting trust certificate dated March 1 or later cannot be considered a "good delivery."

So long as the ruling continues in force trading in the stock mentioned necessarily will be confined to voting trust certificates issued on or before Feb. 29. There is nothing to prevent transactions outside the exchange while the matter is referred, as it probably will be to the arbitration committee.

Still Another Cut.

Chicago, March 2.—The Chicago Great Western has renewed its attack on the Chicago and Northwestern by announcing a further cut of two cents a hundred pounds in the rate on grain from Missouri river points to Chicago. The new rates which will be four cents on wheat and three cents on corn will go in effect next Friday.

The rates from Missouri river points to Chicago now are only about one-half of the rates in effect from the Missouri river to the Mississippi river.

New Rock Island Superintendent.

T. S. Lloyd, superintendent of motive power and equipment on the Lackawanna for the past four years, yesterday severed his connection with that road, having accepted an appointment as general superintendent of motive power for the Rock Island system.

SPIKE AND RAIL.

Copies of the mortgage of the Western Pacific recently filed here have also been filed at Winnemucca, Nev.

The Southern Pacific company has been paying out \$200 a day in Truckee to extra men engaged in shoveling snow from the yards, according to the Republican.

The San Pedro rumors have struck Nevada judging from the following clipping from the Tonopah Miner: It is reported that Senator Clark has disposed of his interest in the Los Angeles and Salt Lake road to the Southern Pacific company. The report is authentic, but the change of ownership will not retard work on the road.

If the supreme court of Tennessee holds that the proposed belt line for Memphis is to be purely a terminal road and therefore not entitled under the Tennessee laws to exercise the right of eminent domain for the consummation of its right of way, then George J. Gould, it is stated, will at once take out a charter for a new line from Memphis to New Orleans of which the Memphis belt franchise will be an integral part.

It Never Disappoints.

F. J. William, proprietor of the Hamilton Drug Co., Hamilton, Iowa, says Chamberlain's Colic, Cholera and Diarrhoea Remedy is practically the best remedy for colic, cholera, diarr
