

# AWAITING WORD OF BOULDER MEET

Fans of University and Other Institutions Anxious Over Outcome of Track Events.

SCORE IS VERY UNCERTAIN.

Utah Has Only a Fighting Chance to Win, as Swapp's Poor Condition May Lose Jumps and Discus.

This afternoon is an anxious one for all lovers of athletics in the state, as they wait for the results of the first in the Rocky Mountain conference meet, and yet the absence of Bannion, and the presence of Swapp with a bad ankle, make it hard to figure up first honors.

No third places will be counted. Each school is limited to the entering of two men in each event, and eight points are possible to win. With 15 events, this should make a total of 120 points, to be divided among five contestants. Those are the University of Colorado, Colorado College, Colorado School of Mines, Colorado Agricultural College, and the University of Utah. If all the schools pull down their share of points, there will be 24 each, and this distribution will make it possible for any 20 points to pull down the meet.

Whether Utah can make this number is doubtful, as she is hardly to be counted in the running, except in the pole vault, unless Swapp proves to be in form, and times some spots of the upper end of his practice high jump records.

In the half-mile Hume can win great honors for himself if he can get down to speed he showed year before last when he took the event in 2:02. This is a point Utah is hoping for, and it will help her out a great deal.

In the discus Swapp is looked to win. In the last dual meet, however, Swapp baked out in the quarter-mile run, and was useless the rest of the meet in any event. It is unlikely that he will be entered in the runs today, which may let him get out his distance in the discus, shot, and jumps. He has gone to the practice while the best Colorado record is 106 feet.

The relay in any event, Fred Bannion was counted on here, as in the hammer throw, and the shot put, and his absence may prove disastrous. Old athletes know that a track meet is the hardest thing in the world to figure out in advance, and that no man can be counted on today by what he did yesterday. Utah may win or lose by a very decided score, and however things come out, there will be those who were very much surprised by the outcome.

## STATE LEAGUE BALL.

Games Today in Park City With Western on the Home Team.

Now it is Park City and not Ogden, nor yet John, Dubei who signs the second batter. Yesterday, at a meeting of the directors of the state league held last night, Wessier was voted to Park City, after considerable discussion, and John Dubei had no word of protest. Proxies held by President Shepherd did the voting, except for Dubei, who voted for himself, and made unanimous the votes cast by Shepherd for Ogden and Park City, and himself. Thus ends the Wessier case, and the state league is saved.

Eureka plays Ogden today, and Salt Lake goes up to play Park City this afternoon.

## GRAMMAR GRADE BALL.

The Stickney defeated the Second Graders yesterday by a score of 12 to 6. The winners: Fred Olsen, Tony Fitzpatrick, p.; Reed Harvey, 1 b.; Carl Olsen, 2 b.; Clarence Shaw, 3 b.; Ned Young, s.s.; Glane Giamble, c. f.; Ned Bridwell, l. f.; Tracy Towler, c. f.

## SOCKER FOOTBALL.

Local Teams Play Finals for State Championship This Afternoon.

Today broke ideal for the Association football match at Walker's field scheduled for this afternoon. The contestants are the Eureka and Salt Lake teams, both of which have worked hard to put up a winning showing, and to give an exhibition of soccer football as it is played across the water.

In a big American football center a game like this would attract widespread attention, as experts are anxious to look over the merits of any game that may offer a solution for the present intercollegiate football evil.

The grounds have been put in good condition for the match, and a fair crowd of spectators is expected. The two teams meet at 3 o'clock at the stadium, and go out to the grounds together.

# It Takes Nerve

Everything depends upon your nerves. It is nerve force that causes the brain to direct the motion of your body; it is nerve force that causes your heart to pulsate, and send the blood through your veins; it is nerve force that causes your stomach to digest food, your kidneys to filter the blood, and the liver to secrete bile.

In fact, nerve force is the power that runs your body, so if you feel worn-out, irritable, nervous, cannot sleep, or eat well, have pain or misery anywhere, your nerves are weak, and your system run-down. To restore this vitality take Dr. Miles' Nerve which will strengthen and build up the nerves. You cannot be healthy without strong nerves.

"I was eighteen years old when Dr. Miles' Nerve and Anti-Pain Pills have been my close companions. Early in married life, while raising children, my nerves became all worn-out—could not sleep; had no appetite; indigestion very bad, and had such awful dizzy spells. Then I began using Dr. Miles' Nerve, and at once I began to improve, and soon found myself in perfect health."

MRS. S. L. YOUNG, 224 Piccadilly, New Castle, Pa. Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money. Miles Medical Co., Elkhart, Ind.

## REPORT DENIED.

Seattle Magnate Comes Out With Declaration of Loyalty to Coast League.

Seattle, Wash., May 18.—"Seattle will remain with the Coast League and the game will go on as scheduled." This is the statement made tonight by President Hatcher Agnew upon his return from the meeting of the directors of the Coast League teams held in Oakland Monday and Tuesday of this week. Things are looking brighter than they have for many a day. While it will, of course, be impossible to play games in San Francisco, this will not interfere with the plans laid for Oakland and the people are anxious for the announcement of arrangements have been made to give Oakland Sunday games, and there is no question as to the outcome.

## BASEBALL BATTLES.

Seattle Can't See Its Way Clear to Remain in the Coast League.

Portland, Or., May 18.—In an interview today James Agnew, business manager of the Seattle baseball team, declared that Seattle would quit the Coast League and would apply for admission into the North-West League. He declared that Seattle had sunk a great deal of money in the Pacific Coast League proposition and would no longer remain in the organization. The announcement of Agnew is at direct variance with statements accredited to him following the meeting of the Pacific Coast managers at Oakland when it was reported that he had expressed his intention of remaining in the Pacific Coast League.

## MAN BEATS MAY.

Miss Sutton Is Bested by Harvard Champion in Close Games.

Boston, May 18.—Miss May Sutton of California, the world's woman tennis champion, was defeated in an exhibition set today, but it took a man to do it. The victor was N. W. Niles of Harvard, holder of the university championship, who won 6-4.

Miss Sutton qualified for the invitation singles by defeating Miss Evelyn Sears of Boston.

The mixed doubles event, which closed Miss Sutton's day at Longwood, proved nearly as exciting a contest as the one yesterday in which she and her partner, N. W. Cabot, narrowly missed defeat. Miss Sutton and Mr. Cabot won in straight sets, but twenty-four games were necessary to decide the contest, the scores being 6-4, 6-5. Miss Sutton and Mr. Cabot will play Miss Phyllis Green of Philadelphia and N. W. Niles, the Harvard champion, in the finals of the mixed doubles tomorrow.

## AFFIDAVITS IN COURT.

And Snathens Is Still Trying to See Documents Which Condemn Him.

New York, May 18.—The affidavits of two men on which was based the charge that the trotting mare Lou Dillon was drugged in a race for the gold cup at Memphis, Tenn., in 1924, were produced in court in this city today. The judge reserved his decision as to whether counsel for E. E. Snathens shall be allowed to inspect the affidavits as they have asked permission to do. The action was taken in a suit brought by the Memphis Trotting association to secure a return of the cup won by Major Delmar, Snathens' horse.

# FRENCHMAN BEAT OUR WILLIE HOPPE

Louis Cure Rolled Out Ahead of Him in a Special Match.

RESULT WAS VERY CLOSE.

Hoppe Was Only 33 Points Behind in A Total of 3,000 for the Match Contest.

New York, May 18.—Louis Cure beat Willie Hoppe last night at the conclusion of the special 2,000 point match at 102 balk line, finishing the series with a total of 2,900 points to 2,567 for Hoppe. Both matches of the day were well played and resulted in good averages. Cure gave about the best exhibition of billiards that he has done since he arrived here from France. In the afternoon he averaged over 30, making 49 points in 13 innings. Hoppe, finished 35 points in 12 innings, really made a higher average, 21 and a fraction, one of his innings being 131 and another 131. Both men kept close together in the evening. Hoppe made a grand effort to cut down the slim lead of Cure, but missed by 33 points. He ran up 414 points for Cure, average 24 to 2 for the Frenchman.

## JOE GANS GETS HIS.

Willie Lewis Gives Him Plenty for Six Fast Rounds.

New York, May 18.—Willie Lewis, a welterweight pugilist, met and outpointed Joe Gans of Baltimore, in a six-round bout in Madison Square Garden last night. Lewis was about ten pounds heavier than Gans, whose weight was given at 135 pounds.

Lewis was the aggressor from the start. He landed half a dozen left-hand jabs on Gans' face and a short right hand upper cut on the face before Gans sent back a single blow. Gans had the better of the second round, as he got to Lewis' face several times with left and sent right over the heart and to the ear. This was the only round in which the Baltimore boxer had the upper hand. After four rounds Lewis scored point after point and from early in the third Gans' left eye began to puff up from Lewis' hard jabs. Tim Hurst was the referee.

## YOU USE MUCH LESS OF ICE WHEN YOU OWN A GURNEY REFRIGERATOR

A refrigerator constructed under the Gurney system has an advantage over all others in the matter of economy of ice. The reason for this is obvious. In addition to the fact that the Gurney is made in the best possible manner, and packed with mineral wool (the value of which is too well understood to need any comment), in the Gurney system the ice is not permitted to touch and refrigerate the side walls of the refrigerator, but refrigerates instead the air that surrounds the ice compartment on all sides.

In the Gurney system the condensation necessary to produce dry air is largely deposited on the side walls of the galvanized ice compartments, thereby leaving the ice dry.

In buying a refrigerator, do not overlook the importance of economy of ice. Whether you buy ice by the pound or the season, you buy it to use, and not to secure a prompt soft water supply.
