POLITICAL POINTS.

Henry Watterson—Democratic Loss in Connecticut.

NEW YORK, Sept. 1.—Jas. G. Blaine left the Grand Central depot at 6 p. m. today in Governor Alger's private car, en route for Detroit.

WACO, Tex., Oct. 1.—Roger Q. Mills was re-nominated for Congress for the eighth time.

LOUISVILLE, Oct. 1.—In spite of the heavy rain just at the hour of his arrival, Hon. Henry Watterson had a most enthusiastic reception upon his return to his home at 7:30 o'clock tonight. At the Liederkranz Hall the speeches of the evening were made. Watterson was introduced by Mayor Watterson in a neat speech of welcome and followed with an address lasting over an hour. He was succeeded on the platform by Hon. Boyd Winchester, minister to Switzerland, who is on a visit to his home and friends here. Both speakers were roundly applauded throughout.

CONNECTICUT TOWN ELECTIONS.

HARTFORD, Conn., Oct. 1.—The little town elections which took place throughout Connecticut today are of no general interest, except as indicating the political drift. The republicans have for years controlled the majority of the towns, and the returns for one-third of the state show they have not lost by today's election. The city of South Norfolk, heretofore largely democratic, elects a republican mayor. The democratic majority in Meriden, last year reduced from 900 last year to 80. The result in Hartford is substantially the same as last year, the republicans electing two selectmen and the democrats three.

Senator Blair Egged.

STAUNTON, Va., Oct. 1.—While United States Senator Blair of New Hampshire, was addressing a republican meeting at Charlottesville today upon the tariff question, a man in the audience threw four rotten eggs at him. Great excitement followed and the perpetrator of the outrage was arrested. The Senator made a dignified reference to the indignity offered him and proceeded with his speech. The citizens generally denounced the act.

Harrison Will be Busy.

INDIANAPOLIS, Oct. 1.—The present week will be another busy period for Harrison. Already eleven delegations have been booked to arrive.

There are excellent reasons for believing that the republican national committee has changed Blaine's appointments for Indiana owing to the pressing demand from Connecticut and New Jersey and other eastern states. The Indiana canvass will be confined perhaps to two speeches.

It is authoritatively stated this evening by members of the Indiana state republican committee that the national committee has notified them that owing to the demand for Blaine in the east his appointments for Indiana would be confined to two speeches instead of five as announced. Chairman Houston in an interview with the Associated Press reporter tonight said the cancellation of three of Mr. Blaine's Indiana speeches was a great disappointment to the State Committee and would be disappointing to thousands of Republicans throughout the State who have anticipated hearing Mr. Blaine.

LATER.—The protest of Chairman Houston of the State Committee as to the cancellation of any of Mr. Blaine's appointments in Indiana has evidently received a respectful consideration at the hands of the National Committee, for a telegram was received tonight which makes an unqualified rescindment of the notification limiting Mr. Blaine's appointments in Indiana.

Yellow Fever Increasing

NEW ORLEANS, Oct. 1.—All shot-gun quarantines in the Mississippi Valley have been withdrawn. The railroads throughout this State and Alabama have resumed business.

JACKSONVILLE, Fla., Oct. 1.—The scourge has increased in force again, and the new cases reported for the twenty-four hours numbers 99, of which 25 were whites and 74 colored; 10 deaths. The total number of cases to date is 2725, total deaths, 264. The mercury last night fell nearly to the frost line. It is cool tonight, but frost before the last of October would break the record for the last sixteen years. The Citizens' Association today referred to the executive committee the question of asking the people throughout the country to discontinue contributions. To date there has been received here $236,867. The disbursements have been $74,478, leaving a balance on hand of $162,690. The demands of the local board have steadily grown from $10,000 to $20,000 a week, but it is believed they will now decrease with the more stringent measures to be adopted to prevent imposition on the part of those who have practiced the grossest frauds to obtain more rations than they were entitled to.

The Wheat Deal.

CHICAGO, Oct. 1. — The excitement on 'Change in the December wheat deal decreased Saturday only to be resumed this morning. When the opening bell tapped at 10:30 the failures of Frank Clifton & Co. and S. C. Orr were announced and this only added to the excitement. The crowd began to loose their heads because of the heavy covering in December wheat. There was a perfect craze to buy. The advance for thirty minutes was most remarkable, and there is no telling where it would have ceased had not Hutchinson eased the market by his liberal selling. S. S. Orr said his liabilities are about $20,000 and his suspension is due to the failure of a part of his customers to respond to his call for margins. He said he would be able to resume in a day or two. From friends of the other firm it was learned that it was short about 300,000 by September wheat and also on October lard.

Eloped with the Coachman.

NEWARK, N. J., Oct. 1.—Mabel Vaughan, the daughter of a retired New York merchant, has caused a sensation in Mount Clair by eloping with her father's coachman, Henry Tupton. He is a good-looking young Englishman, and well educated. It was known that Miss Vaughan accepted the addresses of Tupton, but Mr. Vaughan objected to him for a son-in-law. Saturday the couple eloped, the girl taking $3000 of her own money with her.

Smallpox in Buffalo.

BUFFALO, Oct. 1.—Ten weeks ago a case of smallpox was discovered here. Since then there have been 60 cases and 17 deaths, six of which were caused by black smallpox, which is most fatal. There are now 22 cases in the hospital.

WASHINGTON NEWS.

Utah Probate Judges Confirmed—Acts Approved, Etc.

WASHINGTON, Oct. 1.—The President has signed the act to create a board of arbitration for settling the differences between the railroad corporations, other common carriers and employees, also the act for the investigation of the mining debris question in California.

There was a full meeting of the Senate finance committee this morning at which three or four points left open in the tariff bill were considered and disposed of. The bill is now complete, and will be reported as soon as the minority finish their report.

CHINA TALKS RETALIATION.

Objects to Kerosene—Rejoicing on the Coast.

NEW YORK, Oct. 1.—China, or at least some of the officials of China, wish to retaliate for the American Chinese laws by laws prohibiting the importation of American kerosene into China. Chang Chitung, viceroy of Canton, has addressed a memorial to the Emperor, in which he arraigns kerosene as the greatest menace to the peace and prosperity of the empire. It burned up 400 houses in Swatch not long ago, he says, and before that destroyed a steamer and cost 800 people their lives. Soon after it burned 1000 houses in Canton and destroyed $10,000,000 worth of property. It is responsible, he says, for nine-tenths of the fires in Canton. He declares it has done incalculable injury to life and property, that it is worse than opium, being most swift and terrible in its deadliness.

The viceroy therefore formally requests that a stop be put instantly to the importation of kerosene.

FEELING IN SAN FRANCISCO.

SAN FRANCISCO, Oct. 1.—The news of President Cleveland's approval of the Chinese exclusion bill was received here today with a marked degree of interest. Large crowds gathered around the newspaper bulletin boards and discussed the situation. The news reached this quarter of the town early, and the announcement of the approval of the bill was soon posted on the bulletin boards. The Chinese manifested considerable excitement. The principal subject of discussion here is as to what effect it will have upon the several thousand Chinese who have arrived here within the past year and who have been landed by the federal courts upon writs of *habeas corpus* and are out on bail awaiting examination, and also upon the two thousand or more Chinese who are now on their way to this port. About 200 Chinese arrived here Saturday on the steamer *City of New York*. The *Belgic* will due here next Thursday with 800 more. Three other steamers are now on the Pacific with over 1000 celestials bound for this port. There is considerable speculation as to whether the courts will permit these Chinamen to come ashore on writs of *habeas corpus*, and then release them on bail pending examination, or compel them to remain aboard the steamer and return to their own country.

The collector of the port expressed himself today as being doubtful of the bill's effectiveness.

A prominent lawyer who handles Chinese cases almost exclusively in the federal courts stated that in his opinion writs of *habeas corpus* would still have to be issued to the Chinese demanding them as it was a constitutional right and that bail also would have to be issued as heretofore. He also expressed the belief that all Chinese holding return certificates could return to this country in spite of the exclusion bill, for the United States Supreme Court has decided on several occasions that Congress cannot annul existing contracts such as these certificates are.

Demonstrations were held in this city and other places in this State this evening to celebrate the passage and approval of the bill.

International Congress.

BERLIN, Oct. 1.—The International American congress opens today. About 300 members have given notice of their intention to be present, including the following Americans: Messrs. Baxter and Morse, of Boston; Mishlenberg, Rose, Bandelier and Dutch, of New York; Bathelt, of Cincinnati; Horsford, of Cambridge; Gilman, of Baltimore; Brinton, of Philadelphia; Cushing, Hamlin and Bourne, of Washington; Evans, of Ottawa; Elsen, of California, and Horatio Hale, of Clinton, Canada. Prof. Bastian contributes a paper on "American Ethnology," and Prof. Stubel a paper on "The Ornaments and Woven Fabrics Worn Prior to the Landing of Columbus." Prof. Virchow will contribute a paper on "The Ancient Savage Peoples of America."

Orders from the Sugar Trust.

BOSTON, Oct. 1.—The Bay State Sugar Refinery, acting under orders from the Sugar Trust headquarters in New York, closed on Saturday night for good, throwing out of employment 300 men. President Alvane, of the company, when questioned, said: "I do not regard it as a permanent shut down. It is an economic business arrangement. The demand for refined sugar lets up some in about Oct. 1st. During November and December, all the sugar refineries cut down their melting. The Bay State Sugar Refinery Company being in the trust, of course is subject to its orders, and it is far easier and more economical to shut down one refinery as a whole than to cut down several parties. All there is in the shut down of the Bay State Company may be summed up in a few words: We reduce the proportion of sugar by consumption."

New York, Oct. 1.—Williams, Black & Co., commission merchants, whose failure was announced on Friday, today notified the produce, cotton and coffee exchanges that they were prepared to meet their liabilities in full.

THE MESSAGE.

The President's Recommendations Respecting Chinese.

WASHINGTON, Oct. 1.—[Continuation of the President's message.] "On the 13th day of last month, I approved Senate bill number 2304, to prohibit the coming of Chinese laborers to the United States. This bill was intended to supplement the treaty and was approved in confident anticipation of an early exchange of the ratification of the treaty and its amendments and the proclamation of the same, upon which event the legislation to be approved was by its terms to take effect. No information of any definite action upon the treaty by the Chinese government was received until the 21st ultimo, the day the bill I have just approved was presented to me, when a telegram from our minister at Peking to the Secretary of State announced the refusal of the Chinese government to exchange ratifications of the treaty unless a further discussion be had with a view to shorten the period stipulated in the treaty for the exclusion of Chinese laborers and to change the conditions agreed on which should entitle any Chinese laborer who might go back to China to return again to the United States. By a note from the *Charge d' Affairs ad Interim* of China to the Secretary of State, received on the evening of the 25th ultimo, a copy of which is herewith transmitted together with my reply thereto, a third amendment is proposed whereby the certificate under which any departing Chinese laborer alleging possession of property in the United States would be enabled to return to this country, should be granted by the Chinese consul instead of the United States collector as had been provided in the treaty. The obvious and necessary effect of this last proposition would be practically to place the execution of the treaty beyond the control of the United States. Article I of the treaty proposed to be so materially altered, has in the course of the negotiations been settled in acquiescence with the request of the Chinese plenipotentiary and to his express satisfaction in 1886, as appears in the documents heretofore referred to. The Chinese foreign office had formally proposed to our minister the strict exclusion of Chinese laborers from the United States without limitation and had otherwise more definitely stated no terms whatever for the exclusion, for the reason that China would of itself take steps to prevent its laborers from coming to the United States.

"In the course of time the negotiations that followed the suggestions from the same quarter led to the insertion in behalf of the United States of the term of thirty years, and this term, upon the representations of the Chinese plenipotentiary was reduced to twenty years, and finally so agreed upon. Article II was wholly of Chinese origination, and to that alone owes its presence in the treaty, and it is here pertinent to remark that everywhere in the United States the laws for the collection of debts are equally available to all creditors, without respect to race, sex, nationality or place of residence, and equally to citizens or subjects of the most favored nation with the citizens of the United States recovery can be had in any court of justice in the United States by a subject of China whether of the laboring or any other class. No disability accrues from the non-residence of plaintiff whose claim can be enforced in the usual way by him or his assignee or attorney in the courts of justice. In this respect it cannot be alleged that there exists the slightest discrimination against Chinese subjects, and it is a notable fact that large trading firms and companies and individual merchants and traders of that nation are profitably established at numerous points throughout the Union, in whose hands every claim transmitted by an absent Chinaman of a just and lawful nature could be completely enforced.

"It is the admitted and paramount right and duty of every government to exclude from its borders all elements of foreign population which for any reason retard its prosperity or are detrimental to the moral and physical health of its people. This must be regarded as a recognized canon of international law and intercourse. China herself has not dissented from this doctrine, but has by the expressions to which I have referred led us confidently to rely upon such co-operation on her part with us as would enforce the exclusion of Chinese laborers from our country. This co operation has not, however, been accorded us. Thus from the unexpected and and disappointing refusal of the Chinese government to confirm the acts of its authorized agents and to carry into effect the international agreement, the main feature of which was voluntarily presented by that government's own acceptance, and which had been the subject of long and careful deliberation, an emergency has arisen in which the government of the United States has been called upon to act in self-defense by the exercise of its legislative powers. I cannot but regard the expressed demand on the part of China for a new examination and renewed discussion of topics so completely covered by mutual treaty stipulations, as an indefinite postponement and practical abandonment of the objects we have in view, to which the government of China may justly be considered pledged.

"The facts and circumstances which I have narrated lead me in the performance of what seems to me my official duty to you Congress in dealing legislatively with the question of the exclusion of Chinese laborers, as lieu of further attempts to adjust it by international agreement. But while thus exercising our undoubted right in the interest of our people and for the general welfare of our country, justice and fairness seem to require that some provision be made by act of joint resolution under which such Chinese laborers as shall actually have embarked on their return to the United States before the passage of the law this day approved, and who are now on their way may be permitted to land, provided they have duly and law fully obtained and shall present certificates heretofore issued permitting them to return in accordance with the provisions of the existing laws. Nor should our resort to legislative measures of exclusion cause us to retire from the offer we have made to indemnify such Chinese subjects as have suffered damage through violence in the remote and comparatively unsettled portions of our country at the hands of lawless men. Therefore, I recommend, without acknowledging a legal liability therefor, but because it was stipulated in the treaty which has failed to take effect, and in the spirit of humanity by our nation, that there be appropriated the sum of $387,619 70 payable to the Chinese Minister at this capital on behalf of his government as full indemnity for all losses and injuries sustained by Chinese subjects in the manner and under the circumstances mentioned."

(Signed) GROVER CLEVELAND."

A Murderous Indian Killed.

TRUCKEE, California, Oct. 1.—The town was thrown into excitement Sunday afternoon by the act of an Indian of the Washoe tribe who leaped upon the bluff overlooking the town. He first fired three shots from a rifle into the town, one shot striking a squaw. He then cast off his clothing and fired another shot at the white people on the principal street. The shot, however, did no injury. The officers and citizens then secured rifles and gave chase. The Indian had taken refuge in a cliff of rocks and when seen had his rifle drawn on one of the leaders of the party to kill him. Another member, however, who saw the Indian about the same time shot the Indian dead before the latter could carry out his purpose. Many of his tribe of Indians have been troublesome of late and yesterday it was learned that they had been procuring liquor and opium from Chinamen here. Last evening 300 citizens waited on the Chinamen and ordered them to leave the town within twenty-four hours.

BRIEF TELEGRAMS.

Prince Bismarck's second son Wilhelm is named to succeed Heir Cranach as governor of a district in Hanover.

Sir Arthur Sullivan's new opera is entitled "The Yeoman of the Guard; or, the Merry Man and His Maid."

Many retail bread dealers of Chicago have raised the price one cent per loaf on account of the increased price of wheat.

Rutland, Vt., Oct. 1.—Today farmer C. W. Inman of Putney, in this state, filled his shotgun with slugs and went out and shot farmer Patrick Sennot to death. This was the ending of a line fence quarrel begun a year ago.

Toronto, Oct. 1.—Foster, the New York Produce Exchange swindler, is believed to be here but as the police have received no notification from New York as to his offenses, they can do nothing.

St. Louis, Oct. 1.—Unknown persons removed a rail from the track of the Wabash & Western this morning and wrecked a heavily loaded passenger train. Almost by a miracle nobody was killed.

Berlin, Oct. 1.—The examination of Prof. Gefficken today lasted seven hours. He was calm. His wife, the daughter of the poet Inneman, was much affected by the imprisonment of her husband.

St. Petersburg, Oct. 1.—*Svet*, in view of the influx of Chinese into Siberia, urges that measures be taken to regulate their immigration into that country.

Pesth, Oct. 1.—The Prince of Wales, accompanied by a brilliant suite, arrived at Meskonez today and was accorded a popular ovation. Shortly after he arrived he proceeded to the drill ground, where the Hussar Regiment, of which he is honorary colonel, went through maneuvers.

Vienna, Oct. 1.—Various regulations have been made to prevent unseemly demonstrations on the arrival of Emperor William here. The people are strictly forbidden to occupy the roofs of houses or to erect stands along the route of the royal procession. They are also forbidden to use black, red and gold flags, the ancient German colors, in decorating the buildings.
