## CHICAGO, ROCK ISLAND & PACIFIC R'Y

By reason of its central position, close relation to principal lines East of Chicago and continuous lines at terminal points West, Northwest and Southwest—is the only true middle-link in that transcontinental system which invites and facilitates travel and traffic in either direction between the Atlantic and Pacific.

The Rock Island main line and branches include Chicago, Joliet, Ottawa, La Salle, Peoria, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, St. Joseph, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns and villages.

## THE GREAT ROCK ISLAND ROUTE

Guarantees Speed, Comfort and Safety to those who travel over it. Its roadbed is thoroughly ballasted. Its track is of heavy steel. Its bridges are solid structures of stone and iron. Its rolling stock is perfect as human skill can make it. It has all the safety appliances that mechanical genius has invented and experience proved valuable. Its practical operation is conservative and methodical—its discipline strict and exacting. The luxury of its passenger accommodations is unequaled in the West—unsurpassed in the world.

ALL EXPRESS TRAINS between Chicago and the Missouri River consist of comfortable DAY COACHES, magnificent PULLMAN PALACE PARLOR and SLEEPING CARS, elegant DINING CARS providing excellent meals, and—between Chicago, St. Joseph, Atchison and Kansas City—restful RECLINING CHAIR CARS.

## THE FAMOUS ALBERT LEA ROUTE

Is the direct, favorite line between Chicago and Minneapolis and St. Paul. Over this route solid Pay Express Trains run daily to the summer resorts, picturesque localities and hunting and fishing grounds of Iowa and Minnesota. The rich wheat fields and grazing lands of interior Dakota are reached via Watertown.

A short desirable route, via Seneca and Kankakee, offers superior inducements to travelers between Cincinnati, Indianapolis, Lafayette and Council Bluffs, St. Joseph, Atchison, Leavenworth, Kansas City, Minneapolis, St. Paul and intermediate points.

All classes of patrons, especially families, ladies and children, receive from officials and employes of Rock Island trains protection, respectful courtesy and kindly attention.

### Crop Reports.

CHICAGO, May 29.—This week's *Farmer's Review* will say: Our reports this week indicate that local rains throughout the western states have more or less broken up the drought. An improved condition of affairs in relation to the winter wheat crop is noticeable in Indiana and Ohio, and while other states have suffered from lack of rain, it seems probable that should the present conditions continue, the damage will be less than anticipated. More rain is generally needed except in the southern states. Twenty-three counties in Illinois report the average condition of winter wheat at 83 per cent. Fourteen Indiana counties report an average condition in winter wheat of 87 per cent. Eleven Ohio counties report an average condition above that of last week. The prospects for a crop are much better. The condition of winter wheat is placed at 88 per cent. Ten counties in Kansas report the condition of winter wheat at 98 per cent. of the average. Complaints are numerous of drought and bugs. Hail killed most of the crops in Clay County, May 22d. The condition of spring wheat in Minnesota is reported as good. Iowa promises to have a good crop of spring wheat. Seven Nebraska counties report the condition of spring wheat in that state at an average of 91 per cent.

### Grover Out of Luck.

PROSPECT HOUSE, May 29.—The President on Saturday had a day of most dismal weather. He made his first fishing excursion, but his usual good luck did not attend him. He came over from his cabin soon after 3 o'clock in the morning, with Mrs. Cleveland, each wearing a suit of corduroy. The President's short sack coat over a gray flannel shirt gave him a very sportsmanlike appearance. Mrs. Cleveland's costume was a close fitting one, very becoming, complete with a sailor hat. Colonel and Mrs. Lamont joined the President and his wife at breakfast which was eaten in the public dining room at the Saranac Inn. At 7 o'clock Dave Cronk, the guide, got out the President's new 54 pound pine boat built by him for the President's use and with

THE PRESIDENT

went off down the lake. Col. Lamont, also accompanied by another guide, followed in another boat. Both boats returned three hours later. The President and his secretary found the wind unfavorable and did not try very hard to catch anything; at all events, they did not get any fish. Another trip on the lake was made in the afternoon with no better results. The party took breakfast at ten o'clock this morning, the President and his secretary appearing in the camping costumes they wore Saturday. The ladies went to a little chapel not far from the hotel, and in the absence of a clergyman, held a little singing service for an hour. The President expects to have some good sport to-morrow.

### Sunday at the Capital.

WASHINGTON, May 29.—Talmage preached to an audience of 10,000 in the White Lot this afternoon. His sermon was largely devoted to a comparison of the days in '62 and the present. The marine band gave a sacred concert after the sermon and at 5 o'clock the troops were brought on for a dress parade. About a thousand men were in line. The weather was fine and everything combined to make it the most brilliant pageant of the entire encampment. It was witnessed by 25,000 people.

### Violent Earthquake.

CITY OF MEXICO, (via Galveston), May 29.—At ten minutes to three this morning, there was felt here a violent shock of the earth, or sort of lifting motion, which lasted five seconds Next there came prefaced by a low roar, and accompanied by a stiff breeze, a violent oscillation of the earth from east to west, which awoke nearly every one, lasting as it did 39 seconds. Houses swayed as if they were ships at sea, and persons arising from their beds were in many cases thrown with force to the floor. Bells were rung in hotels and everywhere doors were forced open. Then came

STILL ANOTEER

oscillation of much violence, proceeding from north to south. During this shock crockery was thrown down and pictures demolished in several houses. Thousands of persons dressed themselves and did not go to bed again. Reports received by Governor Cebalios, of Federal district, do not show any fatalities as a result of the earthquake, and denizens of the suburbs and towns report about the same sensations as were felt by the inhabitants of the metropolis.

At the School of Mines, Secretary Ugalde reports that seismic instruments showed that a heavy shock had taken place. These instruments are self-registering, and prove that the shock of this morning was a severe one. At the office of Gov. Ceballos it is reported that the shock was much more severe than that of 1882.

### Death of Ben Perley Poore.

WASHINGTON, May 29.—Major Ben. Perley Poore died at the Ebbitt House in this city at 12:30 o'clock this morning. It was reported yesterday morning that he was a shade better, but at 6 last evening he grew rapidly worse. His physicians were directly summoned and a few friends sent for, but by the time the latter arrived he was dead. Maj. Poore has been a sufferer from Bright's disease for several years, which was the cause of his death. The relatives and friends of the deceased left this city with the remains of the dead journalist this afternoon for Boston. There were no funeral services here, but the body was escorted to the depot by a deputation of the Loyal Legion Masons of the 33d degree and a large number of correspondents.

### No Cabinet Yet.

PARIS, May 29.—At midnight tonight it is semi-officially stated that the ministry is still incomplete. The war and marine portfolios are still unallotted. Saussier has declined the office of war minister. It is probable that Gen. Ferron will accept the war portfolio.

### A Scuffle.

PARIS, May 29.—A scuffle took place to-day between communists and the police in the cemetry of Pere la Chase. Five arrests were made.

### The Franchise.

BRUSSELS, May 29.—At the progressist-liberal conference to-day, a resolution against universal suffrage was adopted by a vote of 317 to 127. The conference, by a vote of 379 against 45, pronounced in favor of granting the franchise to Chinese who are able to read and write.

### Gibbons Afloat.

LONDON, May 29.—Cardinal Gibbons sailed from Queenstown to-day for New York.

### Papal Affairs.

ROME, May 29.—The report that President Cleveland has sent a jubilee present to the Pope is unfounded.

Dr. McGlynn has not yet replied to the Papal admonition of the Pope.

In a conversation with the cardinal he expressed himself as opposed to Catholics sharing in the elections for members of Parliament until the Italian government has offered more tangible concessions with a view to reconciliation with the Vatican.

### Exchanges.

NEW YORK, May 29.—A Boston special to the *Post* from managers of the leading clearing houses, shows the gross exchanges of the week ended May 28th to be $917,127,838, an increase of 9.5 per cent. over the corresponding week last year.

### The Condemned Mexicans.

ST. LOUIS, May 29.—A special telegram from the City of Mexico to the *Globe-Democrat* says: Secretary of foreign affairs, Mr. S. Mariscala, has addressed a reply to the request made by the U. S. government that the death sentence pronounced against Colonel Arviza and his companions, on account of the part they took in the recent violation of American territory at Nogales, be commuted. He states that the matter has been reported to the President. He also states by direction of the President that the

HUMANE SENTIMENTS

of the U.S. officials are duly appreciated and that they will be borne in mind in case the sentence pronounced against the Nogales offenders should be confirmed. Mr. Bayard's appeal in favor of the condemned men has been met by the Mexican government in a friendly spirit. The desire of the present administration of Mexico is manifestly to cultivate the most cordial relations with the American government and people, and all suggestions or requests, coming from the State department at Washington, if made in a friendly spirit, have invariably been received and considered in the most amicable manner. Arviza and his companions will hardly be executed.

### A Murder.

ST. LOUIS, May 29.—A special from Del Rio, Texas, says: The Mexican portion of the city was startled by cries of "Murder," and as a citizen broke open the door of the room whence the cries came, the body of Sophia Garcia fell into his arms. The woman was stabbed three times with a large dagger, and any of the wounds would have proved fatal. She lived in a house with her husband, Juan Garcia, and an aged couple, who later testified that in the night they were awakened by a scuffle and the sound of a man's voice swearing; then they heard cries and the murderer disappeared.

### B. of L. E.

COLUMBUS, O., May 29.—The International Brotherhood of Locomotive Engineers held their union meeting here to-day with 1,800 engineers present and 1,000 visitors. An executive session was held, at which business of importance only to the order was transacted. A parade followed with over thirty divisions in line. An open meeting was held at the Opera House in the afternoon, with addresses of welcome by Governor Foraker and Congressman Outhwaite. The principal address of the day was delivered by Grand Chief Engineer P. M. Arthur, of Cleveland, Ohio, who gave a detailed sketch of the order, its history and the work which it has done and proposes to accomplish.

### Five Men Drowned.

MONTREAL, May 29.—Six men, Celestin Vezeau, his sons Charles, Joseph and Sabin, and Wilfred Herrie Vanier, and Nelson Montreauil, went out in a row boat last night on a fishing trip. They took a quantity of liquor. They attempted to come to this city this morning, but were unable to manage the boat, which capsized and all of them except Montreauil were drowned. The only body recovered was that of the elder Vezeau, who managed to get in the boat again, but being unable to sit erect from sheer exhaustion fell back and was drowned in the water in the boat.

### The "Thistle" Ahead.

LONDON, May 29.—The *Thistle* arrived at Harwich after her fifty mile race, far ahead of all competitors. The *Thistle* passed the line at 10:02 Saturday night, the *Genesta* at 1:34 Sunday morning, the *Irex* at 1:47 Sunday morning, the *Sleuth Hound* at 1:49, the *Wenneder* at 2:23, the *Sybil* at 2:37, and the *Mary* at 2:51.

### Gibbons Satisfied.

LONDON, May 29.—Cardinal Gibbons said that his mission had been successful, that the Pope had yielded much and regarded the Knights of Labor favorably.

### The Logan Fund.

WASHINGTON, May 29.—Mr. George E. Lemon, general treasurer of the Logan fund, has completed and transmitted to Mrs. Logan a detailed statement of the source and respective amounts of subscriptions to the fund, as well as the disposition made of the money. All subscriptions have been paid except one by George W. Murray, of Montreal, $1,000. The aggregate of subscriptions paid is $63,034.45.

### Quaking in Italy.

ROME, May 27.—Four shocks of earthquake were felt to-day at Tesi, one being of great violence. Shocks were also experienced at Ancona.

### Smell from the Ruins.

PARIS, May 29.—A noisome smell arises from the ruins of the Opera Comique, interfering with the work of searching for the bodies. Although deodorizing fluids are thrown upon the ruins from hydrants, the stench shows that there must still be many bodies under the debris. M. Gragnon, while inspecting the work of laborers, was made ill by the smell. Policemen and laborers have been similiarly affected.

### Bodies Recovered.

CHICAGO, May 29.—Forty bodies have been removed from the Udston coal pit at Blantyne. Many of the corpses are unrecognizable; the limbs have been blown off, and the bodies are horribly charred.

### O'Brien.

BOSTON, May 29.—Editor O'Brien arrived from Montreal this a.m. A large crowd was in waiting. An attempt was made to detach the horses from his carriage and draw it by hand, but he would not have it.

### Wants a Rest.

PARIS, May 29.—Gen. Boulanger has asked for a furlough on account of ill health.

### Severe Floods.

PESTH, May 29.—The river Theese has broken the dykes at Czargrod and inundated 15,000 acres of land. The Termes and Bega have overflowed their banks, submerging 100 square miles of fields and twelve villages.

LONDON, May 29.—Several German rivers are rising, especially the Elbe and Vestula, threatening serious damage.

Headache is cured by St. Jacobs Oil. It goes right to the spot. Price 50c.

## How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy Liver. When the Liver is torpid the Bowels are sluggish and constipated, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. Simmons Liver Regulator has been the means of restoring more people to health and happiness by giving them a healthy Liver than any agency known on earth. It acts with extraordinary power and efficacy.

NEVER BEEN DISAPPOINTED.

As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever use anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the Stomach and Bowels.
