LOCAL AND OTHER MATTERS.

WEATHER ITEM.—The highest point reached by the thermometer to-day was 30.

THE "JAPS."—The Japanese Troupe give their last performance at the Theatre to-night. Their entertainment is certainly the best of the kind ever given in this city.

WEATHER.—Cloudy overhead to-day, and a light snow-fall, not heavy enough to remain on the ground.

MEETINGS in the Tabernacle to-morrow at eleven a.m. and two p.m.

THE ELDER'S Quorum will meet in the west wing of the 14th Ward School Room this evening at 7 o'clock.

ERRATUM.—In the letter of correspondence by a "Native-born American Citizen," in the daily News of Oct. 26, 22nd line from the end, for "case thus found," read, "cycle thus formed."

A BLACK MARK.—The "mark" that Judge McKean is making in Utah in persecuting the Mormons through courts and juries.—*Omaha Herald.*

THE POLICE WANT IT.—In the National Police Convention at St. Louis, the committee on the social evil have reported that their conclusion was that the matter should be taken out of the hands of the moralists and placed under surveillance of the police solely for the purpose of regulation. The St. Louis system was recommended. The police evidently considered the evil not a moral question. Truly this is a great country.

THE SOCIAL EVIL.—The leading members of the various religious denominations in New York held a meeting, October 23, in the Tabernacle in that city, to promote the establishment of a Protestant Foundling Asylum, for the regulation of the social evil. The evil will never be regulated nor abolished by such means alone. If any people are in earnest over the abolishment of the deadly evil, they must begin with the sinners, and take them effectually in hand. So long as they are corrupt, and are able to sin with impunity, the evil will continue and flourish, in spite of all that may be done under the mistaken idea of prevention or cure.

DIED.—In the 13th Ward of this City, Oct. 28th, of bilious fever, Mary Sefton Naylor, born April 19th, 1808, at Budworth, Cheshire, England.

Deceased was the mother of Naylor Brothers, of this city, who emigrated from England in 1849, to America, leaving their mother in the old country. Last year Mr. George Naylor went to England with the missionaries who went at that time, and brought his mother back with him, arriving here July 19th, 1871. Shortly after being taken sick she expressed a desire to be baptized, but she was in too low a condition for that ordinance to be attended to. Her sons had built her a comfortable house, and expected to enjoy her society for a long time, of which they had been deprived for twenty-one years, but she had only occupied her new home nine days when attacked with the disease which terminated her life.

Funeral service to-morrow (Sunday) at 2 p.m., at her late residence, 13th Ward. Friends are invited to attend.

THE WAR AGAINST POLYGAMY.—The Chicago *Times* has the following in its Washington correspondence dated October 23—

It is authoritatively stated that the administration intends to prevent the present policy in Utah until polygamy is broken up in that territory. It is prepared for any emergency in the way of resistance from the Mormons.

Some of our contemporaries have stated that the United States government is upon trial, and it is to be apprehended that such is the case. The government has the option of doing as it pleases, but it has not the option of accepting or rejecting the consequences of its acts. If it resolves to make iniquitous laws specially to persecute an innocent and law-abiding community, and then pushes things to cruel and bloody extremities under the paltry plea of regard for the law, God is sure to lay His hand heavily upon the government and the nation, and it will not be Chicago alone, nor Missouri and Michigan and Illinois merely, that will feel the weight of His displeasure, but the whole country will be afflicted with sore and grievous judgments until either it repent or it is utterly broken up, as has been the case with mighty nations in all ages. No government, no nation, no empire, no people can oppress an unoffending community with impunity, no matter whether it is done by law perverted, or by law made expressly for the purpose, or in spite of all law. What men sow they will reap. It is a great mistake to suppose that enduring political capital can be made by a crusade against "Mormonism." We say this by way of kindness, and as a friendly warning, which we hope will be regarded ere it be too late.

THE OGDEN TIN MINES.—Yesterday we were shown, by Marshal W. N. Fife, of Ogden, a specimen of tin ore, taken from a recently discovered mine at the head of Taylor's Kanyon. The ore has the appearance of being very rich, the metal in it being quite distinct to the naked eye. The specimen in question was taken out about four feet below the surface. The name of the mine is the Great Western, and the ore is said to compare very favorably with that of the great tin mines of Cornwall.

Another mine, called the Taylor lode, which is about one mile from the mouth of the Kanyon, formerly owned by the proprietors of the Great Western, was sold a few days ago to Messrs. Moore & Co., of San Francisco, for $15,000, the price is exceedingly low, but the object in selling it at all, we are informed, was to induce the investment of outside capital, in order to develop the mining resources of the locality. There are four other tin mines in the kanyon, all of which are on the north side, besides which there is a great body of rich iron ore at the head of the kanyon. Many discoveries of tin mines, which give promise of richness, have been made between the Weber and Ogden rivers.

The prognostications which have been seasonally indulged in in the past by certain parties about Ogden "fizzling" out, are in a fair way of falling to the ground. The indications are now favorable for it becoming one of the most flourishing localities in the Great West.

LAW-ABIDING.—The Omaha *Herald* does not believe in the necessity for martial law in the South, judging by the following—

The proofs are alike indisputable and overwhelming that, as a rule, applicable to all the Southern States, there was never more profound peace or general observance of law and order in any land.

Judge Van Trump, who was recently here after his return from a tour of the South as a member of the Congressional Committee, informed us that he never saw a people so forbearing, so patient, or more law-abiding, as those whose "outrages" he had been commissioned to investigate. To this high testimony, that of Mr. Beck is now added. The distinguished Kentuckian is also a member of the same committee, and has just returned from a tour of Alabama, where he says there is "universal peace," and where the Army officers and troops joined him in giving a general good account of the people.

SYMPATHETIC, AND WANTS FAIR PLAY ALL AROUND.—The New York *Herald* does not befriend polygamy, but rather sympathises with the "Mormons," and asks fair play should prevail all around. If fair play were to prevail, there would be a wonderful scattering of judges, marshals, prosecuting attorneys, juries and the whole infernal ring of crusaders. But read what the *Herald* says—

To have a third wife—the first and the second being alive—we should have regarded as a small offense in Utah. The evidence did not show, although in the estimation of an impartial Court it would be of some value, how far the first Mrs. Hawkins originally condoned her loving but dissatisfied husband's marrying propensities. It leaves us perfectly in the dark as to whether Mrs. Hawkins—a Mormon in faith and practice—suffered from younger and more attractive rivals, or as to whether the "green-eyed monster," which was known in Shakspeare's and Abraham's times, finds any place in Utah.

We have but little sympathy with Hawkins or with Hawkins' wives; but we have a lingering liking for fair play. Poor Hawkins is a victim. But then the twin relic of barbarism was doomed, and Hawkins ought to be consoled by the fact that his name will live in history. The wedge is now introduced, and Mormon polygamy is doomed. Hawkins has been convicted, so will Cannon, and so will Brigham Young and the others. That it should be so no one regrets. Mormon polygamy was a stain upon our American civilization. It ought to have been wiped out long ago. But then while we are pushing the poor Mormons to the wall, why should we be so indifferent to the Oneida Community and the other free love associations which exist in the midst of us? Fair play is a jewel. Let us be just all round.

We are really sorry for that "American civilization"—it is such a pure and beautiful thing. Pity it should be stained.

NO COMPARISON.—An Omaha paper says—

Shakspeare, Milton, Byron, these are the monarchs of English verse, and have crowned England with her rarest and ripest literary glory. To compare a system like the Mormon to either of them, even by way of illustration, is an insult to the august and eternal memory of either.

We seldom compare "Mormonism" with anything, simply because there is nothing really comparable with it. But of the trio named, we may remark that Byron was a notorious and confessed libertine who gloried in his shame. The "Divine William," in spite of all his merits, was a very amiuty gentleman, and "glorious John Milton" wrote an able argument in defence of the divine character of polygamy.

A GREAT MEDICAL DISCOVERY!

MILLIONS BEAR TESTIMONY TO THE WONDERFUL CURATIVE EFFECTS OF

Which are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER, and A LIFEGIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.

They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.

FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.

For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.

DYSPEPSIA OR INDIGESTION, Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.

They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
