 N. N. R. R. and Cumberland Ely Copper Co. to Have New Management. As stated in yesterday's "News." It is now definitely announced by M. L. Requa that he and George E. Gunn have both tendered their resignations of the positions held by them in con-111/2

The violent snow storms of the past The violent show storms of the past few days have resulted in an almost complete closing down of operations as far as steam shovel work is concerned on both the properties of the Boston Consolidated and the Utah Copper com-

fects of Recent Snow Storms.

Consolidated and the Utah Copper com-panies in Bingham. The upper portion of the Copper Belt railroad was completely blocked yes-terday, making it impossible to got supplies to the scene of operations. All the available men of both companies have been put to work clearing away the snow and it is expected that oper-

wiped out and Union Pacific. Pennsyl-vania and Northern Pacific-were carriet a fraction below yesterday's closing, a. d Reading, Union Pacific and Pennsylvania were conspicuous in the raily. St. Paul met considerable stock after it had reach-ed 182 again. Reading, Union Pacific, New York Central, Illinois Central, Amalga-mated copper and Central Leather pre-ferred moved up 1 to 1%. Virginia Iron 2. Western Union and Pacific Mall %, and Anaconda 2%. Pittsburg coal preferred receded 1. Prices advanced further, but in a jerky and spotty manner. Portions of the list

matter from the system. It warms and invigorates the blood so that instead of a weak, sour stream, constantly depositing acrid and corrosive matter in the mus-

OF UTAH Sait Lake City.

Established 1990.

Prices advanced further, but in a jerky and spotty manner. Portions of the list fell into neglect. Reading, Northern Pa-cific and New York Central were carried up 2, St. Paul 1%, Great Northern pre-ferred 1%. Colorado and Southern second preferred fell 1%. Bonds were steady. The market continued to make progress upwards but the improvements were not materially outside of the high priced railroad stocks. St. Paul was the prin-cipal feature and its advance to 184 in-duced larger takings of the other grain carriers.

nection with the Nevada Northern railroad and the Cumberland Ely Cop-per Co., the same to go into effect De-cember first. the snot ations will be resumed within a few days.

Mr. Olney stated yesterday that his Mr. Oney stated yesterday that his reason for severing his connection with the interests which have claimed so much of his attention for the past four years was solely because of his desire to devote more time to his perdesire to devote more time to my per-sonal affairs. He added that the move had been under contemplation for some time past, and he understood that Mr. Gunn was actuated by very similar

It is understood that Pope Yeatman well known mining engineer of New ork, who has been identified with the Guggenheim interests for many years will assume the management of both companies.

Mr. Requa's announcement of his intention of leaving Ely for good and all will come as a matter of genuine regret to the residents of that hustling regret to the residents of that hustling camp of which he is generally regard-ed as the father. However he says that hereafter San Francisco will be his home, and directly upon his arrival he will open offices for the purpose of taking care of his own business. The general offices of the Nevada Northern will be moved to Ely under the pew management. the new management.

SNOW IS PLENTIFUL.

Rosebud District Continues to Attract Attention.

L. A. Jeffs, well known in local min-ing engineering circles returned yes-terday from a trib of two weeks into the Rosebud district of Nevada. Mr. Jeffs says that snow is plenti-ful in that vicinity and the weather very cold. Add to this the inadequate

very cold. Add to this the matchage facilities for comfort always to be met with in a new camp and it will be seen to be advisable for any one contemplating a trip into the district to take along plenty of warm cloth-

contemplating a trip into the district to take along plenty of warm cloth-ing. The new townsite is to be called Rosebud instead of Powhattan and one of the latest improvements added to the camp is a restaurant, which does away with the necessity, of trans-porting provision as was the rule un-der the former order of things. On Sunday morning Mr, Jeffs passed C. D. Rooklidge and R. W. Sloan going in, and says he met any number of Salt Lake people while in the district. Mr. Jeffs says the district is well mineralized over an area of five by 15 miles, and perhaps more. The chief mineral bearing formations are porphyry and rhyolite, and while some silver bearing ore has been found it is his opinion that the coun-try will eventually be known as a gold bearing one. Good ore has been encountered upon every property up-on which any work has been done and it would be possible to ship \$25 rock from there at a profit. In many quarters one hears the re-mark that the entire district has been staked. According to Mr. Jeffs this is a mistake. There are still many valu-able beations ieft, which should turn

a mistake. There are still many valu-able locations left, which should turn out as well as anything taken up so

Prospecting is, of course, a little difficult just now on account of the amount of snew on the ground, but people who know say that it does not

people who know say that if does not at a rule, remain long, and that a few days will, in all likelihood, see the end of the present fail. Mr. Jeffs says the Rosebud Mining company which is controlled by the Lawrence combination has an excel-lent property in its Golden Anchor mine, and that many others in the dis-trict give equal promise of turning out well.

FILES ARTICLES.

Copper King Mining Co. Opens for Business With Capital of \$50,000.

Provo, Nov. 27.—The Copper King Mining company, with headquarters in Santaquin, has filed articles of incor-poration with the county clerk. The capital stock of the company is \$50,000, in shares of the par value of 10 cents each

each. The following are the directors and officers: Heber M. Wells, president; Charles W. Higginson, vice president; Geo. L. Betts, secretary; A. B. Witcher, treasurev; John T. Boyle. The company owns the Copper Pyrite, and the Copper Pyrite Nos. 1 to 3 (both inclusive) mining claims in Santaquin mining district.

mining district.

VISITS ANTIMONY MINES. Supplies Laid in and Arrangements Be-

ing Made for Winter Campaign.

Thompson Campbell, formerly of Butte, but now a resident of Salt Lake, leaves today to look over the antimony mines of Garfield county, in which he s interested. Nine buildings have been erected for

Nine buildings have been cretch for the shelter of the men and machinery when the contemplated campaign of work shall have been commenced in earnest. Supplies of all kinds have been laid in for the winter and a series of experiments is now being made with a view to determining the precise proc-ess to be employed in the new reduction works. works.

Mr. Campbell expects to be absent from the city for about two weeks.

PREPARE TO CELEBRATE.

Railroad Day at Rhyolite Set for December 15.

The arrival of the Las Vegas and Tonopah railroad into Rhyolite will be celebrated in fitting manner by the citizens of that thriving camp. A "railcitizens of that thriving camp. A "fall-road day" of mammoth proportions is being planned for Dec. 15, and all kinds of entertainment is being prepared for the visitors. Special railroad rates have been arranged from all points between Salt Lake and Los Angeles, and judg-ing from what is being done, those tak-mer advances of the trip will baye liting advantage of the trip will have lit-tle to regret.

One of the most complete mineral displays ever gotten together will be on exhibition at the board of trade headquarters and ample facilities will be placed at the command of visitors to enable them to inspect the different properties in the Bullfrog district.

A CORRECTION.

In an article headed "Speaks Well of Bingham Mines,"in yesterday's"News," on account of a printer's error, the word "only" appears instead of Andy in reference to the tunnel, which recent-ly tapped an ore body in the Utah Apex when "the Pad Wing which recentmine. The Red Wing mine is also men-tioned as shipping about 100,000 tons of ore a month to the Wall Custom mill. This should have been 1,000 tons.

GOES TO GREENWATER.

Wallace Corbett of Butte Will Assume Charge of Butte & Greenwater.

Charge of Butte & Greenwater. Announcement comes from Butte, Mont. to the effect that Wallace Cor-bett, for many years superintendent of the Boston & Montana company of that eity—one of the auxiliary com-past resigned his position to take per-sonal charge of the development of the Butte & Greenwater property at Greenwater, Cal, the new copper camp that is attracting men of mil-lions from all parts of the world. Mr. Corbett has taken this step after hearing the report of R. P. Kelley of Butte, who recently made a careful inspection of conditions at Green-water. Mr. Kelley took samples from

cles, nerves, joints and bones, the body is fed and nourished by rich, health-sustaining blood which completely and permanently cures Rheumatism. S. S. S. is composed of both purifying and tonic properties-just what is needed in every case of Rheumatism. It contains no potash, alkali or other mineral ingredient, but is

made entirely of purifying, healing extracts and juices of roots, herbs and barks. If you are suffering from Rheumatism do not waste valuable time trying to rub a blood disease away, but begin the use of S. S. S. and write us about your case and our physicians will give you any information or advice desired free of charge and will send our special treatise on Rheunhatism.

tism can never be permanently cured while the circulation remains saturated with irritating, pain-producing urie acid poison. The disease will shift
