## FOR MATOS AGAINST CASTRO.

Raid Mack, Andrews and Sewell He  
Thought They Had Made a Great  
Mistake.

New York, Oct. 17.—Gen. Francis V. Green, former president of the National Asphalt Company, was examined today before United States Commissioner Gilchrist as a witness in behalf of the Bermudez company in the action instituted by the latter against the New York and Bermudez company to recover about \$100,000 because of the latter organization's alleged assistance of the Matos revolution in 1901.

Gen. Green was asked but one question, his reply being to the effect that the defendant company did materially aid the revolutionists.

The question put to Gen. Green by Lawyer Rufus B. Cowing, Jr., representing the Bermudez company, was as follows:

"State whether when you returned from Europe in 1901, you knew that John M. Mack, Avery D. Andrews and Arthur Sewell, or any of them, as representatives of the National Asphalt Company, or any of the allied companies, were in communication with M. A. Matos, or were aiding him with money or in any other manner?"

"My only knowledge," replied Gen. Green, "on this matter comes from what was told me by Messrs. Mack, Andrews and Sewell. When I returned from Europe in October, 1901, I was surprised to learn from them that during my absence they had decided to support Matos in his contest with Castro. I told them that I thought they had made a great mistake, because what they had done was not acting in good faith with the state department in Washington, which up to that time, and largely on representations made by me to Secy. Hay, had supported the Bermudez company to such an extent as to enable it to continue in possession of its property."

"I told them that in view of what they had done during my absence it would be impossible for me to make any further claims at the state department in Washington in behalf of the Bermudez company, and in fact I never did after that go to the state department in behalf of the asphalt company."

"While I was president of the National Asphalt Company Mr. Mack and his friends controlled a large majority of the stock, and he was also vice president of the company, virtually in control. The company passed into the hands of a receiver about two months later, and at that time I had practically had no voice in the management of the company."

"My connection with it ended a few months later, and for considerably more than three years I have had no connection with the asphalt company of any kind whatever."

The hearing was adjourned until tomorrow, to meet in Washington.

## CARNEGIE INAUGURATED RECTOR OF ST. ANDREWS

St. Andrews, Scotland, Oct. 17.—Never before have so many distinguished Americans directly participated in ceremonies connected with the inauguration of the rector of a British university as took part in today's functions at St. Andrews, when Andrew Carnegie was installed as lord rector for a second term. Whiteley Reid, the ambassador at London; Charles Mackay, American ambassador at Berlin; Bishop Henry C. Potter, of New York, and Dr. William C. Holland, dean of the Carnegie Museum of Pittsburgh, occupied seats on the platform and had conferred on them the honorary degree of doctor of laws, which also was bestowed on Dr. Nicholas Murray Butler, president of Columbia University, New York, in absentia.

The hall was crowded with scarlet gownned undergraduates of both sexes, and the male students enlivened the proceedings with the usual amount of chaff and songs. The entrance of Mr. Carnegie was the signal for an outburst of enthusiasm.

In his rectorial address Mr. Carnegie expressed the opinion that five nations, or even three, banded together in a league of peace and inviting all other nations to join them, could banish all war in the future.

At the close of Mr. Carnegie's address degrees were conferred on the five Americans and on four Scotchmen.

## ARRESTED FOR BUYING STOLEN STAMPS

Chicago, Oct. 17.—Clarence A. Powers, head of the banking firm of C. A. Powers & Co., was arrested yesterday on a warrant secured by James F. Sowers of Champlain, Ill., charging the banker with buying \$400 worth of stamps which had been stolen from a jewelry firm.

Ralph M. Sowers, 17 years old, formerly employed by the jewelry firm, was arrested a few days ago for the theft of the stamps. It is said he confessed and asserted that he sold the stamps at Mr. Powers' bank. The boy's father then caused the arrest of the banker.

## Dinner to Mr. Bryan.

Tokio, Oct. 17, 9:30 p. m.—The dinner given by the Japan-American society at the Maple club last evening in honor of W. J. Bryan was an eminent success. Baron Kinokuni presided. Mr. Bryan evidently enjoyed the pure Japanese style of entertainment. He said that the historic cordiality of both nations had been demonstrated both by words and actions.

Mr. Bryan will be entertained at luncheon tomorrow by Count Okuma, president of the Progressive party, and also will address the students of the Waseda university.

## Traffic in Young Women.

Chicago, Oct. 17.—Traffic in young women, which has been a practical sale in all parts of the empire of China, has been discovered by local federal and police authorities, but thus far no law has been found prohibiting the export of American women to foreign countries. The police are in possession of the names of two women, one in Chicago and another in Shanghai, China, who are thought to be leaders in this traffic.

The plan used in the operation of the alleged ring was, it is believed, to first hire unsuspecting women, tempt them with lurid stories of wealth in the Orient, and then to sell them as high servants in wealthy Chinese families. It is said to have been the bait offered. To bind the contract the applicant for the position was told that her traveling and living expenses would be paid and all the clothing necessary furnished.

When the women reached China they were immediately placed under guard and sent to the purchasers, who had previously paid from \$500 to \$1,000 for each. Many are supposed to be held in palaces of wealthy Chinese under heavy guards.

## Big Sale of Timber.

Vancouver, B. C., Oct. 17.—The largest timber deal in the history of British Columbia has just been completed by the sale to a syndicate of Minneapolis lumbermen of 45,000 acres of timber lands on the eastern coast of Vancouver Island. The tract, which is said to contain 1,000,000,000 feet of standing fir and cedar of the best quality, is located between Salmon river and Campbell Bay.

The purchasers are planning the erection in Vancouver of the largest saw mill on the Pacific coast, with an estimated annual output of 70,000,000 feet per annum.

## Congressmen Seeing Arizona.

Prescott, A. T., Oct. 16.—The congressional party today paid a visit to a number of towns in the rich mining sections surrounding Prescott, and a portion of the government forest reserve was inspected. It developed that every camp visited today was unanimously opposed to joint stock mining. A telegram was received by the delegation from Kingman, saying that the whole town was opposed to the measure.

Adams and Miner of Wisconsin were the only speakers today. Both reiterated their determination to fight for separate statehood for Arizona, declaring that the Beveridge response to the existing conditions in Arizona.

## J. E. Holcomb Killed by Train.

Seattle, Wash., Oct. 17.—J. E. Holcomb of Pullman, Ill., was killed by a Northern Pacific train at Interbay station, Seattle, this afternoon. He died shortly after being removed to a hospital.

The body will be shipped to Broken Bow, Neb.

The dead man was a brother of former Gov. S. A. Holcomb of Nebraska.

Holcomb came to Seattle two weeks ago to visit his sister, Mrs. L. E. Kirkpatrick of this city.

Got Pictures of Sun's Eclipse.

Ann Arbor, Mich., Oct. 13.—Prof. W. J. Hussey, the head of the department of astronomy, has just received here from the observatory where he went to photograph the recent total eclipse of the sun. He said: "When the eclipse came it was a magnificent sight. The sun's diameter was four and three-tenths inches."

Contrary to our expectations the eclipse did not cause complete darkness. Owing to the dust in the air reflecting light from the sun's surface, the sky was from six to ten times brighter than full moon.

The negatives made by Prof. Hussey have been sent to Lick observatory. They will be studied before the results obtained by the expedition will be made public.

Fejervary Reappointed Premier.

Budapest, Oct. 17.—The Gazette tomorrow will contain an autograph letter of the king-emperor reappointing Baron Fejervary to the premiership on the ground that his new program has been accepted by his majesty. It is understood that the cabinet will be charged to dissolve parliament and to prepare for a general election next summer on the basis of the granting of universal suffrage on the Belgian system.

It is reported that the re-appointment of Baron Fejervary will involve the resignation of the Austrian premier, Baron Frankenthurn.

Arrested for Stealing Cloak.

Philadelphia, Oct. 17.—A handsomely gowned woman, who gave her name as Mrs. Rebecca Burr of San Francisco, was arrested here today, charged with the theft from a department store of a coat valued at \$75. She was held in \$500 bail for a further hearing. She had been arrested by the police on the charge of stealing a fur coat from her husband.

The accused woman broke down and

## BAD! BAD!! BAD!!!

"Bad blood comes from bad digestion—bad stomach, bad liver, bad kidneys—attended with bad, foul breath, coated tongue, bad taste, bad headaches, bad appetite and kindred symptoms. Bad as these all are, and serious as the disease to which they lead, Dr. Pierce's Golden Medical Discovery comes to the relief and cure of all these by regulating and invigorating the STOMACH, LIVER, KIDNEYS and BOWELS, and putting all these organs in good order."

"Golden Medical Discovery" contains no alcohol, opium or other harmful drugs; neither does it contain sugar or acids. Without any of these it retains its pleasant taste and marvelous healing qualities in the most trying climate. Don't let a selfish medicine seller cheat you out of your health by giving you a substitute. He's only looking out for a larger profit, not for your good. Shun him. Householders and dealers recommend the "Golden Medical Discovery."

"That your remedies are not for the few, but for the many is evident, for I personally know of many scores of persons in this city who have been rescued from death and weakness by your medicines," thus writes Henry Landis, Esq., Alderman in 18th ward, Buffalo, N. Y., in a letter dated Oct. 12, 1905.

"I know that Dr. Pierce's Golden Medical Discovery is most valuable in cases of derangement of the liver, having taken the medicine some two years ago when I had a bad attack of liver trouble, and I never used anything but that and am now in good health. I have known Dr. Pierce for twenty years, and do not wonder at his success. He is a physician of high standing and his medicines are of extraordinary quality, and he has in his sanitarium a corps of experienced nurses, because of his unusual knowledge and professional skill."

If suffering from any obstinate, lingering ailment, write to Dr. Pierce and get free of charge, sound medical advice. He has the counsel and assistance of a large staff of expert specialists.

## ANTI-AGE LIMIT LEAGUE ORGANIZED

Association of Civil and Spanish-American War Veterans Who Are Over 45 Years Old.

## DOORS OPEN TO ALL HONEST MEN

Will Lead Fight Against Age Discrimination By Congressional Enactment.

Chicago, Oct. 18.—With the object of removing the ban upon wage workers by the "crucial and unnatural age limit" and assisting them in securing employment, an anti-age limit league completed and announced its organization yesterday in Chicago. Efforts will be made to remove age barriers by congressional enactment.

The league opened offices in the Republic building. It is described as an association of veterans of the civil and Spanish-American wars and other citizens who have reached the proscribed age limit of 45 years.

James F. Downey is president of the league, and Benjamin Groux, who was a captain of sharpshooters during the civil war, and a member of the old Chicago light guard, is the secretary and treasurer.

A circular describing the objects of the league says:

"The doors of the league are open to all honest and industrious and reputable men, especially those who have passed the proscribed age limit of 45 years. It will lead the fight against age discrimination by congressional enactment, and seek the creation of a wholesome sentiment among such employers who have not altogether forgotten that true happiness is found most surely in honest labor."

The league will place particularly before the government "the persistent ostracism of veterans of the civil war and the Spanish war in that they are refused the pursuit of their inalienable right to labor in all the departments of the national government, in accordance with their mental and physical equipment irrespective of age."

## BURBANK DIVORCE SUIT.

Filipino Woman Wins It Against Lieut. Burbank, Sixth Infantry.

Leavenworth, Kas., Oct. 17.—The divorce suit of Concepcion Vasquez, the Filipino woman, against First Lieut. Sidney S. Burbank, Sixth Infantry, which has attracted much attention in the army has been decided in favor of Mrs. Burbank. Word reached Fort Leavenworth today that Judge Bates, of the court of first instance at Holt, P. M., had granted a divorce to Burbank's Filipino wife, had given her the custody of their daughter and allowed her alimony of 100 pesos a month.

The complaint recited that Lieut. Burbank married Concepcion Vasquez at Valladolid, P. I., on January 25, 1902, the ceremony being performed by Federico and Mapa, justice of the peace of the province. Burbank's company was at that time stationed at Valladolid and several days the officer lived with the woman as wife until he returned to the United States with his regiment. On the return of the regiment to the United States, Burbank promised that he would return to her in five months. In December, 1902, a child was born. The war department provided counsel for the deserted wife.

## CUBANS WANT TREATY.

A Permanent Commercial One With the United States.

Havana, Oct. 17.—The seven commercial, industrial and agricultural associations of Cuba held a joint meeting here today to discuss the question of a treaty to the effect that the great commercial need of Cuba is a new and, if possible, a permanent commercial treaty with the United States. The meeting elected a committee composed of prominent representatives of each interest, and decided to make a movement toward the obtaining of such a treaty. Louis Galban, a leading importer and president of the Havana chamber of commerce, was chosen president of the joint movement, and other permanent officers were elected.

It is expected that the movement presages the certain death of the Anglo-Cuban commercial treaty, the ratification of which is now pending in the senate.

3. That the court was prejudiced and disregarded evidence offered by the defendant against the plaintiff.

4. That the court's decree was given under the influence of prejudice and passion.

# HORRIBLE TRAGEDY IN WHICH MAN AND WOMAN ENGAGE

Marshallfield, Or., Oct. 17.—This community was horrified this afternoon at one of the most shocking tragedies which ever occurred within its limits. J. A. Armitage, aged 35, a civil and revolver, gained admittance to the house of J. O. Stoops and shot and killed Mrs. Stoops, who was his approach, and with her two children had taken refuge in the second story of her house.

Armitage secured entrance to the house by breaking in a window, through which he crawled, and as he started to ascend the stairs Mrs. Stoops, who was at the head, called upon him to halt. Armitage continued to ascend and Mrs. Stoops opened fire, emptying her revolver, one ball taking effect in Armitage's forehead inflicting a scalp wound.

Armitage dropped his rifle and drew a pocket knife and striking the victim with one hand, held the revolver to her breast and pulled the trigger. She fell dead.

Then Armitage, though bleeding profusely from the scalp wound, made his exit through the window, leaving a trail of blood, which marked his way to his own house, not over 100 feet away.

There he fired a shot into his own head that ended his life.

Armitage and the Stoops family have been accounted for many years. The latter came to this city from Eugene three years ago. Armitage had developed an infatuation for Mrs. Stoops, which bordered on insanity, and only a few weeks since threatened Mrs. Stoops's life if she resisted his advances. Armitage was at that time taken into court and placed under \$800 bonds to keep the peace.

Mrs. Stoops leaves a husband and six children, the eldest a 15-year-old daughter, who witnessed the shooting and took part in the struggle to save her mother's life by striking her assailant over the head with his rifle when he dropped.

Armitage has a wife and grown family at Eugene. He was gentlemanly in conduct and temperate in his habits. His acquaintances are horror-stricken at his rash act.
