Rep. J. C. Sibley Thought it Would Be Good Policy to Get Control of The Associated Press.

New York Oct. 31 .- In his speech Mr. Hearst referred to a recent statement by John D. Archbold that he was sure that until Mr. Hearst read the letters regarding Pennsylvania judges, neither Judge Morrison nor Judge Henderson had any knowledge that he (Archbold) wrote Gov. Stone in their behalf.

Judge Morrison also declared, said Mr. Hearst; that he knew Archbold years ago, but that he had not seen him in years, and it was inexplicable

him in years, and it was inexplicable that the Standard Oil man should take an interest in his welfare. "In the light of the letter I am about to read," continued Mr. Hearst, "the explanation seems simple enough. Mr. Archbold apparently "took so deep an interest' in the matter of the appoint-ment of Mr. Morrison to a judgeship because Mr. Morrison asked him to do so, and Mr. Morrison certainly. Knew of Mr. Archbold's activity in his behafi, because Mr. 'Archbold wrote Mr. Mor-rison telling him about it. You will see plainly from the first paragraph this letter which Mr. Archbold work in reply to a letter which Mr. Archbold wrote was in reply to a letter which Mr. Morrison wrote. Here is Mr. Archbold's letter:

"JOHN D. ARCHBOLD."

Mr. Hearst then read letters from Mr. Archbold to Senators Quay and Penrose, making the recommendation, and saying he would be greatly pleased by their support.

A YEAR'S SUBSCRIPTION.

"I have shown heretofore," Mr. Hearst went on, "the peculiar interest taken in newspapers and magazines and lectures and other institutions and individuals that influence public sen-timent " Mr, Hearst then read the following.

SENATOR B.

March 7, 1905:

SENATOR B. "My Dear Mr. A.—The illness of a member of my family has prevented my coming to New York. Senator B. was to have gone over with me. I think he will go anyway, as he has business there. I had a conversation with an important "official" yesterday and ne told me there was but one thing to do, and that was to start a "back fire." Like myself, he is much alarmed and as a member of the reigning family his hand and tongue are tied. He thinks the work should be done in the education of public sentiment between now and the meeting of Congress in

The so-called "American" platforms contain a great deal of falsehood, nonsense, and deception. But the following "principles" are part of the program, though not formally inserted in the platform, and should be considered by all voters:

PLANKS FOR "AMERICAN" PLATFORM

1. The Chairman of the "American" party mass state convention in the Salt Lake theater Monday evening, Sept. 28, declared a war of extermination to be waged against the Mormon Church officials in the fall campaign. "To carry the county and judicial district for the 'American' party and thus start the machinery of the courts in motion to accomplish THE IMPRISONMENT or EXILE of the band of twenty-six, this is the program of the 'Americans' as announced at the state convention."—Salt Lake Herald, Sept. 29.

A vote for the ticket supported by the Tribune is a vote for a program that includes the imprisonment and exile of every prominent Church leader. "Crucify! Crucify!" is the key note of the Tribune campaign.

2. Another declaration of principles involves the raising of the taxes on all farm property in the county. This was intimated in the Tribune during the bond campaign, as follows:

"Queer, it is not, that since the [smelter case] decision the farm lands have decreased in value for the purpose of taxation? In other words, the lands are not so valuable as they were, and farming upon smelter smoke was more productive from the dollar and cent standpoint of the farmer than the tilling of the soil. While there has been a large increase in the value of property for taxable purposes in Salt Lake City, there has been a decrease in the property outside, and the farm lands are not worth as much as they were a year ago. I SAY IT IS QUEER, but remember it is a fact."

A vote for the ticket supported by the Tribune means a vote for the increase in taxes, principally for the A vote for the clear supported by the spolls."

The following is Tribune doctrine:

"Apropos of the new and petty war recently started by the municipal government on the women of the town, the liquor dealers and the gambling fraternity, one of the 'enemy' said to us the other day: 'It may be a hard thing to say, and perhaps harder still to maintain, but I believe that billiard halls, saloons, and houses of III-fame are more powerful reforming agencies here in Utah than churches and schools, or even than the Tribune." "Freedom is the first requisite of manhood, and if it can be won without excesses, so much the better. If it can't, never mind the excesses; win the freedom."—Tribune, March 6, 1881.

A vote for the Tribune ticket is a vote for the establishment of the agencies of liberty mentioned in the editorial extracts reproduced.

Respectable "Americans" might, for the good of the party and the city, and in the interest of peace, revolt

against the organ of hatred, indecency, and brutality. It is no credit to the party.

"Yesterday I sent telegrams to John Mitchell and to James Duncan. I did not send telegrams to Morris or Keefe. I will now read you the answers: "Quincy, Mass., Oct. 31.—I have

The Inter-Mountain Republican during this time has repeatedly charged that a deal has been consummated by the Democratic party through its chairman, Samuel A. King, with the American party, by which the Democrats were to vote the American County, Judicial and legislative ticket in Salt Lake County, in exchange for votes for the State and National Democratic ticket. It has charged that the leaders of the Democratic party were bartering the votes of the Democrats within the state of Utah and were in league with the American party for the purpose of perpetuating trouble and contention within the State of Utah and for the purpose of making it possible to prosecute certain

On behalf of the members of the Democratic State Central Committee; the members of the Democratic Executive Committee and of the Democratic Advisory Committee, we hereby denounce the statements as being wilful, malicious and deliberate falsehoods originated, circulated and proclaimed for the express purpose of alarming the members of the dominant Church and inducing them to support the Republican ticket. We charge that the Inter-Mountain Republican, the managers and leaders of the Republican party, are responsible for these outrageous and malicious falsehoods; that they are being circulated and proclaimed by them, they and each of them well knowing

We charge that the Inter-Mountain Republican, the Republican managers and leaders are not only responsible for these falsehoods, but are also responsible for their circulation, and by such acts they become the enemies of the people of this state. Defeat awaits them in this election and their methods have become desperate. Though trouble and turmoil must result from their methods in the state of Utah, yet they think more of a few petty offices than they do of the welfare of this state and nation. We declare to the people of Utah that in this campaign, as in all campaigns the Democratic party stands for Demceratic principles and the representatives of its party, and has no other object or purpose in view than the triumph of its principles

The Democratic party, its managers or leaders, have never at any time or upon any cccasion intimated, suggested or contemplated any agreement or combination with the American party, or any other party.

Campbell is a clever boy; has no strong points yet developed. He seeks notoriety, but is harmless in him-self. This agitation, in the language of an official, started from the top and will

run its course. It is not a deep-seated, profound conviction of wrong. The only thing is to get delay until temperate action can be secured. I think the pendulum will swing to the one side after awhile, but I do not want the devil to pay before it goes back.

"An efficient literary bureau is needed, not for a day or a crisis, but a permanent and healthy control of the Associated Press and kindled avenues.

It will cost money, but will be the cheapest in the end and can be made self-supporting. The next four years self-supporting. The next four years is, more then any previous epoch, to determine the future of the country. No man values public opinion or fears it so much as Roosevelt. No man seeks popularity so much as he. Mild reproof or criticism of his policy would nearly paralyze him. Today he hears only the chorus of the rabble, and he thinks it is public sentiment. "Your telegram giving what pur-ports to be an extract of a speech made by Taft, at Buffalo, is at hand. His statement, so far as it relates to me, conveys a wrong impression. I am in full and complete accord with the policy of the American Federation of Labor as promulgated and outlined by the executive council. "'JOHN MITCHELL."

Mr. Gompers read a telegram of similar purport from Max Morris of Denver. He also read two other telegrams, one from the branch of the American Federation of Laby Louisville and the other from the branch at Fort Wayne, Ind. Both the telegrams informed Mr. Gompers the branches had endorsed Mr. Gompers' policy.

The telegrams and peroration were the two striking features of the labor leader's speech. Mr. Gompers was in such great earnestness that he implor-ed the audience not to interrupt him with applause, saying:

WAA FROM SUCHE CARE. The West India Committee Circular states that application has been made for a patent for a process of extract-ing wax from the sugar cane. It seems that the find of the cane contains a certain proportion of wax, which has hitherto been lost with the refuse. By the new process this wax is now recov-ered from the filter refuse and turned to commercial uses, being very similar in its characteristics to beeswax or Carnauba wax, which can be used for precisely the same purposes. The wax, which resembles that now used very largely for muking cylinders for so called talking machines, is exceedingly hard and capable of taking a high pol-ish. It is understood that many facto-ries in Java will this year be using this process. "I want to appeal to your conscience and your judgment and not your enthusiasm. The appeal I made tonight I hope will not pass away like an or-dinary appeal. I want you to remember what I say, not until next Tuesday, but until justice has been secured for labor.

Mr. Gompers attacked Judge Taft for what he termed his unfair and terribly injurious labor injunctions. He detailed the campaign that had been conducted to secure recognition at the Republican and Democratic national conventions, and ended with the following:

'I appeal to you, on this coming Tuesday to so cast your ballots as to express your demand for justice to la-bor. I appeal to you to so cast your ballots that on the 4th of March next we shall place in the president's chair that we shall place in the president's chair we shall place in the president's chair that great commoner, that great tri-bune of American rights, that trans-cendtal American, that magnificent character, who will live so long in the minds of American men as liberty shall be a principle of our government. I appeal to you for the homes, for the freeides, for the destinies of Ameriappeal to you for the destines of Ameri-can men, for human virtue. I appeal to you to cast your votes for William J. Bryan."

Whitney's History of Utah at Half Price.

The Deseret News takes pleasure in announcing that it has secured the sole rights to the HISTORY OF UTAH, by Orson F. Whitney," originally published by the George Q. Cannon & Sons Co.

This work, which was begun in 1890, and printed in three large volumes (the fourth volume issued being biographical, and not a part of the direct history of Utah), is one of the largest and most exhaustive histories ever compiled of any western state. The three volumes bring the history of the state from the foundation down to the year 1890, at the time of the issuance of the manifesto, and includes the history of the Church from its organization in New York. The first ten chapters are devoted to this subject.

In the three volumes are included 235 full page steel plates, mostly portraits of leading figures in the history of the State, originally obtained at a cost of many thousand dollars. The volumes each contain approximately 800 pages, a total of 2,351 pages in the three. The binding is quarto size, full morocco with gilt edges, no other style of binding being issued.

The three volumes were originally sold at \$30.00, and several thousand sets were placed throughout the state at that figure. The "News" having obtained the unsold copies of the edition, will sell to first comers at HALF THE ORIGINAL PRICE, OR \$15.00 FOR THE THREE VOLUMES. No single volumes will be sold. Without doubt many libraries throughout the country will avail themselves of this rare opportunity, and Utah people who desire to add this work to their libraries are urged to call at the Deseret News book store and inspect the work during Confer-

The low price at which this rare work is offered will undoubtedlyexhaust the edition in a short time. The work will then be our or PRINT, so that every book-lover should avail himself of this last.

The "News" has no interest in the fourth volume, the work beingcomplete as above stated, in the three volumes, now offered at \$15.00
