TO THE FOUNTAIN PEN TRADE.

We announce that Mr. A. A. Water-
man has decided to join in develop-
ing our business in the Fountain Pen
Trade.
Mr. Waterman was the first of our
competitors to concede the value of
the original features we have put into
our pens; and we suggested to him over
a year ago that the new opportunity
for serving us and the vast army of
fountain pen users should outweigh the
considerations that have kept him at-
tached to one of the companies now
using his name in its business style
and on its product.
He now enters our service to assist
in the general management of the busi-
ness, assuming charge of our sales de-
partment, with time at his disposal
for meeting the Trade in various parts
of the country.
