LOCAL AND OTHER MATTERS.

SCHNEIDER.—Mr. Johnny Allen and Miss Alice Harrison made their first bow before a Salt Lake audience last night. The interest is kept up in the play from the commencement to the close, being lively with startling incidents and situations. It belongs strictly to the sensational school, and combines a good deal of the humorous element. Both of the artistes show considerable merit, and, doubtless, they will have a good run during their stay in this city. Our space, to-day, will not admit of a more extended notice.

A SUGGESTION.—Will our friend A. M. Musser, Esq., be kind enough, in sending dispatches intended for publication in the NEWS, when it is practicable to do so, to forward them over the wires in time to appear in the NEWS the same day they are sent? The dispatches then would be much more acceptable to our readers.

COMMITTED.—A telegram from Provo, received yesterday, says "Darwin Walker, of Eureka City, has been committed by Justice Higbee, to the next term of the District Court, for trial, for shooting at one McCarty, in the streets of this city."

TOO GRIEVOUS.—The Cincinnati *Times*, commenting upon the fact that in Utah only a man's first wife can prosecute him for adultery, says—

"This condition of affairs is too grievous to be borne, and we commend to the Government the absolute necessity of placing trial and conviction beyond control of a man's bosom companion. It is a barbarism greater than the rack and torture of the Middle Ages."

CONTINUES.—The Cleveland *Plaindealer* sees the animus of the crusaders, and says, "The prosecution, or *persecution*, of the Mormons continues." That's it. It will be a healthy sign when prosecution is not *persecution*, and prosecutors are not *persecutors*.

A CURE FOR THE FLUX.—Sister Bale, of St. George, informs us that she has frequently tried the root of the Deseret weed as a cure for flux, and has in every instance found that it produces the happiest effects and effectually checks, and not too rapidly, the disease. She washes the root clean, and then makes a tea of it by pouring hot water upon it as upon any other herb or root. No ill effects follow the free use of this tea. In cases of bowel complaint in children, she has also found it attended with excellent results.

O WHY AND O WHY!—Says the New York *Star* to or of the New York *Herald*—

"The *Herald* suggests that the Mormons abandon Utah and settle in Lower California. This is an admirable suggestion. At the same time while we are suppressing polygamy in the far-off Territory of Utah, why do we not suppress prostitution in New York City and communism as it is seen at Oneida."

Reformation, like charity, should begin at home. Perhaps one good reason why real reformation does not begin at home at New York and Washington, instead of pretended reformation in Utah, is that there is so much to reform in those two wicked cities that everybody instinctively shrinks from the Herculean task. Talk of the Augean stable—it was nothing to the moral (immoral) cesspools of New York and Washington. But a hue and cry over the presumed immorality of Utah is apt to lead superficial people off the horrible scent, of the confessed abominations "at home." It is another illustration of the mote and the beam tendencies of self-righteous human nature.

"SAXEY" TREMULOUS.—The following dispatch from "Saxey," of Bear Lake monster notoriety, will give our readers an idea of the intensity of fear with which he views certain affairs judicial:

PARIS, Rich Co., Nov. 9, 1871.

Editor Deseret News:—One end of a wire was into the ground at this place on Monday evening last, which knocked lightning into us, the other end reaching Pioche. Not having any cannon we shot off an anvil and our mouths. If there is any talk of my arrest, for raising potatoes during the Buchinan war, just rap somewhere on the wire with a stick and I will switch off.

SAXEY.

That is an unfortunate statement of "Saxey's" about firing off that anvil. However, we will look up the latest gubernatorial proclamation and see whether the people of Utah are permitted to assemble to celebrate armed with an anvil. Should "Saxey" escape fine or imprisonment, or both, "at the discretion of the Court," on the potatoe raising charge, may he not share the fate of the unfortunate Twentieth Ward paraders? We advise Saxey to get his snow shoes ready, and to keep a close watch on the wire, that he may be ready to "switch off" as soon as he hears the rap, for it would be indeed painful to his many admirers to learn that that awe-inspiring judicial phrase had been uttered at him—"I am sorry for you, Saxey, very sorry."

GOOD AND GENTLE AND MODEST WOMEN AND JOLLY MEN.—"Grace Greenwood," writing from Utah to the New York *Times*, says of the "Mormon" women and their "lords"—

"Those I have met appear to me, I must say, like good and gentle Christian women. They are singularly simple in dress, and modest in demeanor.

"As to the Mormon men whom I have met, mostly leaders in the church, and prominent, well-to-do citizens, I must say that they looked remarkably care free, and even jolly under the cross. Virgil, I believe, has somewhere the expression, 'Oh, three times and four times happy!' Well, that is the way they look."

Office Opened at Bear Lake.

PARIS, Rich Co., Nov. 9.

Editor Deseret News:—The Deseret Telegraph Co. permanently opened an office at this place to-day. The people of Bear Lake feel thankful they are placed in direct communication with the capital of Utah, and the world at large. May the wires continue to extend and the lightnings flash until the world is filled with truth, the wicked cease from troubling, and the righteous have rest.

C. C. RICH,
A. M. MUSSER,
WM. BUDGE.

COALVILLE.—We are in receipt of a humorous communication, written at Coalville, from a correspondent signing himself "Summit." Want of space, however, prevents us from publishing it in full. "Summit" says that although he has no court proceedings to report, it should not be considered that the people of Coalville are an unruly set, for the reverse is the case. He says that there are, however, a few individuals there, who, from their known proclivities, would come in handy as judges and deputy marshals. There is not much sickness among the people, although one of the medical fraternity resides there. "Summit" wishes it to be understood that he, himself, is not the medical man, for he never has wished the people to take the small-pox or some other contagious disease, or that half the community would break their arms or legs.

TIN AGAIN.—It has been demonstrated beyond contradiction that the Ogden ore contains pure tin. Specimens, from the "Great Western Mine," were placed in the hands of Mr. Morton, practical assayer, late of San Francisco, who submitted the ore to a chemical analysis, and produced from it genuine tin. When we saw him, to-day, he was not prepared to state the percentage demonstrated by the assay, but the principal object of the assay was attained, which was to show the presence of the metal. The specimens which were submitted to the assay were taken out seven feet below the surface, and it is confidently believed that as the shaft is sunk deeper and further along the ledge, ore that is much richer will be reached.

Specimens from other mines, in Taylor's kanyon, are in the hands of Mr. Morton, and the results of his manipulations upon them will soon be known. Some bars of bullion run out of the Ogden tin ore were submitted, by him, to the proper tests, and the result showed that in the vicinity of fifty per cent of the metal was tin.

MINING DISCOVERIES.—We were informed by Col. W. N. Fife, of Ogden, to-day, that two rich galena ledges had been discovered in what is known as Goodall Canyon, which is situated about three miles up Ogden Canyon. He showed us a specimen of the ore, a large proportion of which appeared to be pure metal. The canyon is being thoroughly prospected in hopes of finding something good.

CURTIS MODELS—PRICES REDUCED TO MEET THE TIMES!—The merits of this system for Cutting all kinds of garments worn by Ladies, Gentlemen and Children are known by scores of ladies in this City and Territory, but the sure way is to prove it for one's self which may be done without charge. This system removes all anxiety regarding the FIT of garments, as all its directions are absolutely positive. There will be no altering—no taking up or letting out, which not only injures the material but destroys the proportions and often ruins the garment. The system is very simple and can be learned in a few hours.

A GREAT MEDICAL DISCOVERY!
MILLIONS BEAR TESTIMONY TO THE WONDERFUL CURATIVE EFFECTS OF
J. WALKER'S
VINEGAR BITTERS
Which are a true Medicine, made from the Native Roots and Herbs of California, free from all Alcoholic Stimulants. They are the GREAT BLOOD PURIFIER and A LIFEGIVING PRINCIPLE, a perfect Renovator and Invigorator of the System, carrying off all poisonous matter and restoring the blood to a healthy condition. No person can take these Bitters according to directions and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and the vital organs wasted beyond the point of repair.
They are a Gentle Purgative as well as a Tonic, possessing also the peculiar merit of acting as a powerful Agent in relieving Congestion or Inflammation of the Liver, and all the Visceral Organs.
FOR FEMALE COMPLAINTS, whether in young or old, married or single, at the dawn of womanhood or at the turn of life, these Tonic Bitters have no equal.
For Inflammatory and Chronic Rheumatism and Gout, Dyspepsia or Indigestion, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys, and Bladder, these Bitters have been most successful. Such Diseases are caused by Vitiated Blood, which is generally produced by derangement of the Digestive Organs.
DYSPEPSIA OR INDIGESTION, Headache, Pain in the shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the regions of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia.
They invigorate the Stomach and stimulate the torpid liver and bowels, which render them of unequalled efficacy in cleansing the blood of all impurities, and imparting new life and vigor to the whole system.
Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse when it is foul, and your feelings will tell you when. Keep the blood pure and the health of the system will follow.
