

LOCAL AND OTHER MATTERS.

THE HOLY LAND.—There was only a slim attendance last evening to witness "The Minister of Toledo" and "A Bird in the Hand worth two in the Bush." The play, however, really deserved better patronage, as both pieces were exceedingly well rendered.

CO-OPERATIVE BUTCHER SHOP.—We learn from the Junction, that the Second Ward or District of Ogden, in connection with its general Co-operative store, has started a Butcher Shop. In speaking of it, the above paper says:

"The object of opening this shop, as we understand it, is to supply the public with good meat at reasonable prices without trying to make exorbitant profits. The spirit ought to be encouraged, and the people should support an establishment started with such laudable motives."

Ogden has gone ahead of this city in this matter, but we trust that we will catch up. A good deal has been said here about introducing Co-operative butcher stalls in the Wards of this city, but, as yet, no steps have been taken in that direction. We hope soon, however, to see them inaugurated. There can be no doubt but that they would prove a great benefit, in many respects, to the citizens. The price of meat would not only be considerably reduced by this means, but people who live in the Wards which are distant from the central part of the city would be saved traveling so far to purchase this commodity.

MOORE ROBBERS CAPTURED.—Theodore F. Tracy, Esq., Agent of Wells Fargo & Co., received a dispatch from San Francisco, last evening, which stated that six of the seven men who committed the late robbery of the express car, on the Central Pacific R. R. line between Reno and Verdi, had been captured. No particulars were given.

NEEDS REPAIRING.—Some of the bridges spanning the culvert on Jordan street are a good deal out of repair. An accident, which might have proved serious, happened to a horse which was crossing one of them the other evening, by one of its legs slipping through an opening. The animal's limb was injured and the singletree of the buggy, to which it was attached, was broken. A gentleman, who was passing at the time gave assistance and prevented further damage.

NEW TICKET OFFICE.—The Utah Central Railroad Company has erected a new ticket office at Ogden, which is now open for business.

THEATRICALS AT OGDEN.—The Dramatic Association of this city, will perform this evening in the Ogden Theatre. The pieces selected for the occasion are "The Minister of Toledo" and "Philip Dicks," with a Negro interlude between the pieces.

SANDWICH ISLANDS.—Elder Henry H. Cluff, writing from Laie, Oahu, on October 10th., furnishes the following statistics of the Hawaiian Mission, as reported at the Conference held there on the 6th, 7th and 9th of that month:

"The Island of Hawaii has 156; Maui 260; Lanai 333; Kauai 470 and Lalo 269, making a total of 1,227 members. During, and just previous to the Conference, upwards of thirty baptisms took place."

He also says:

"Finding the present Meeting House to be entirely too small to accommodate the Saints, on occasions of holding Conferences, Bro. J. W. L. Kou started a subscription list to raise means sufficient to enlarge the house, which we hope will be accomplished by our next April Conference."

REDUCTION OF FARES.—The Omaha Herald states that the Union Pacific have made a reduction in fare from to San Francisco to second class passengers on express trains. Rates now are, from Chicago and St. Louis to San Francisco, Sacramento and Marysville, \$85.00; from Omaha to San Francisco, Sacramento and Marysville, \$85.00.

AT KAYSVILLE.—Signor Sangiovanni and Professor Bosco regaled the inhabitants of Kaysville with an exhibition last night.

MARRIED.—In this City, Oct. 30th 1870, by President D. H. Wells, Mr. Joseph Eldredge and Miss Vianna Pratt, daughter of Mr. Orson Pratt, Sen. We wish the couple all the happiness they can desire.

BOOTS AND SHOES.—We would probably be said in saying that no branch of home industry has attained a greater degree of perfection than the manufacture of boots and shoes. The work turned out in Zion's Co-operative Boot and Shoe establishment and that of Messrs. Teasdale & Co., we have been informed by a practical shoemaker who has worked for first class firms in the "Old Country," is as good, both in point of elegance and substantiality, as is done anywhere. We are satisfied that no goods imported here are equal to the best quality of those articles made in this Territory. If any body doubts this let him visit either of the above named establishments and see for himself the work there produced.

There is now not the least necessity for a Latter-day Saint wearing any of the above articles that are manufactured outside of Utah.

Died.

At Spanish Fork, November 9th, 1870, after an illness of ten days, David, son of William and Janet Nicol Gibson; aged 32 years, 7 months and 2 days.

Deceased was born in Paisley, Scotland, April 7th, 1838. He leaves a wife and two children, mourn his loss. He died in the faith of the gospel.

"Those loved him most, who knew him best." *Mrs. Star please copy.* Cox.

In Milton, Morgan county, November 7th, 1870, at 6 p.m., Christina J., wife of Neils Nielsen.

Deceased was born in Jutland, Denmark, July 15th, 1832. She lived and died faithful in the gospel of Jesus Christ. *Scandinavian Service please copy.* Cox.

CHARLES S. HAMMER, Agent,
SALT LAKE CITY.

"He that provideth not for his own household
hath denied the faith and is worse than an
infidel."

THE SINGER
NEW FAMILY MACHINE
Has been brought to perfection, regardless of
time, labor or expense and is now com-
parably the best Sewing Machine in existence.

It is simple, compact, durable, beautiful, quiet,
light-running, and capable of performing a
range and variety of work never before at-
tempted upon a single machine; using either
Silk, Twist, Linen or Cotton Thread and sew-
ing with equal facility the very finest and
coarsest materials or anything between the
two extremes, in the most beautiful and sub-
stantial manner.

The New Improved Attachments for Hem-
ming, (any width) Braiding, Embroidering,
Machine Basting, Gathering and sewing on (at
the same time) Self Sewing, Cording, Tackling,
Quilting, Felling, Trimming, Binding, etc., are
novel and practical, and have been invented
and adjusted especially for this Machine.

Folding Tops and Cabinet Cases.
New designs of the unique, useful and popu-
lar Folding Tops and Cabinet Cases, recently
introduced by the Singer Machine, are in every
variety of Wood, such as Black Walnut, Mahogany, Rose-
wood, Satinwood, and from the plainest to the
most elaborate pattern and finish. The Ma-
chine as themselves are plain or highly orna-
mented with pearl and gold to correspond
with their tables or cabinets.

In the Singer the work is fed or passed
through the Machine in the natural direction,
namely, from the operator, permitting her to sit
in a natural and healthy position. In many
other machines the work passes from right to
left, or the reverse, compelling the operator to sit
in a bent and unhealthy position, and thus causing
weakness of the back, etc.

The Singer uses a SHORT STRAIGHT
NEEDLE, which is not liable to break or miss
the stitch. Many other Machines use a long
crooked needle, which is liable to break and
miss the stitch.

In the Singer Machine the Shuttle is carried,
thus avoiding nearly all wear. It requires no
oil, and does not soil the thread or goods.
Other Machines drive their shuttles, in a race-
ing motion, causing great wear and requiring oil,
soiling the thread and goods.

On the Singer, the Tension on both the upper
and lower threads is absolutely under the
ready control of the operator, thus rendering
the Machine always available for good sewing,
when is not the case with any other. Many
so-called cheap Machines are really worthless,
and so are many of their new peculiarities and
supposed advantages.

THE FOLLOWING STATEMENT made
by the FIRST purchasers of FLORENCE
SEWING MACHINES on the Pacific Coast
including ALL who bought in 1869, whose pre-
sent residence is known, in denunciation of the
employment of the most skilled ingenuity of the
age and unlimited capital, it is now divided
of all unnecessary parts and is seen at a
Very Latest Invention and Improvement.
It is the only Machine sold on Honest Claims,
as all its parts are Practical and all that is
claimed for them. Some other Machines are
Greatly Complicated, to do Useless and Silly
things, and thus are rendered Liable to Con-
stant Derangement. The Singer Seldom or
Never gives trouble, but is readily and easily
managed by those who utterly fail on other
Machines.

SINGER'S
New Manufacturing Machines
Claim the same advantages over others of their
class as the new Family Machines. These old
and well-tried Sewing Machines are applicable
to all kinds of heavy and light sewing, in
Cotton, Leather, etc., and run in the most perfect
and reliable manner without trouble to the
operator.

Without any previous advertisement, the
Demand for the Singer Machine is so Great
that we have been unable to retain even one Ma-
chine to exhibit. All sold, but a large num-
ber are now on the way from New York.

WILL ARRIVE IN A FEW
DAYS.

They will consist of the Different Varieties
made by the Singer Manufacturing Company,
and we shall sell at Eastern Prices, with addi-
tion of Freight only. To accommodate parties
who cannot pay all down, we will sell on

EASY MONTHLY INSTALLMENTS
So that all may possess one of these Blessings.

For the convenience of our Patrons we have
engaged the services of a gentleman who has
had twenty years experience and is one of the
most skillful experts in the world in repairing
and adjusting Sewing Machines. He will put
each Machine in complete and practical run-
ning order before it leaves the Institution and
will also impart to purchasers all needful in-
struction, so that they can at once commence
work.

We resort to no trickery whatever to sell
Sewing Machines, but allow their Great
Merits to recommend them. We can do
this, as the demand for them is so great that
although the Singer Company make more than
any other first-class companies combine, they
cannot nearly fill their orders, and are com-
pelled to still extend their Gigantic Works.

We have been so fortunate as to secure the
General Central Agency,

For this Territory, we extend a cordial invita-
tion to all to come and see the Machine,
whether they wish to buy or not. See all
others, but do not buy without first ex-
amine the Singer.

We Guarantee every Machine we
sell to give entire satisfaction.

THE SINGER
BUTTON-HOLE MACHINE
Is the only Practical one in the World.

OTHER SEWING MACHINES REPAIR-
ed on Reasonable Terms.
