INDIANA.

INDIANAPOLIS, 31.—The jury in the case of Milligan versus Gen. Hovey, for false imprisonment during the war, has rendered a verdict in favor of the plaintiff, assessing damages at five dollars. The case will be appealed to the Supreme Court, unless it should be decided that the verdict does not carry the costs with it. The case was commenced in the State Court, in which the verdict was carried by the cost. It was appealed by the defendant to the U. S. courts, where the verdict must be for fifty dollars to carry costs.

CONNECTICUT.

HARTFORD.—In the Senate to-day the constitutional amendment providing for only one State Capitol, was lost, 15 to 18, lacking one vote of the necessary two-thirds required to submit it to the people.

CALIFORNIA.

RECEPTION OF IRISH EXILES—Fire-Not lynched.

SAN FRANCISCO, 31.—The stock market this afternoon broke down flat and the board only remained in session a few minutes. The cause of the sudden suspension of activity was not apparent, but there is literally nothing doing in the line. Extensive preparations are being made by the Irish exiles, General Thos. F. Burke and Thos. Dark Luby, now on their way here. The third Irish (Irish) will participate in the reception. Very extensive dissatisfaction exists among property holders with the assessment, benefit and damages by the construction of Montgomery avenue from the corner of Washington and Montgomery streets to Black Point. It is probable that the whole work of the commission will be contested. At seven o'clock this morning a row of frame buildings occupied a dwellings on the point beyond Washerwoman's Bay, near Wilson & Stevens' pork-packing establishment, in the western addition, was discovered in flames. Before the fire department could reach the ground the property was completely destroyed. Smith, steward of the steamer Pelican, was supposed to have been shot or drowned, by order of the lynch court for an alleged outrage on a little girl at Unquaga, has arrived here in safety. He says the court asked him \$25,000 for the money in whiskey, treated him, and then threw him six miles down the river and let him go. It is rumored he owes his escape to his connection with a secret society.

FOREIGN NEWS.

GREAT BRITAIN.

FRANCE.—Ministerial changes.—Expulsion of Victor Hugo from Belgium. LONDON, 31.—Machinon, in a proclamation, divided Paris into four. Vi-roy east, Ladmiraal, north, Donal, centre and Olsey, south. The civil power is transferred to the commands military. There is no progress on the part of the military. The military is reported that Fray has escaped. Machinon, an officer of the Commune, when captured, had a million and a half of francs. The corpse of Varlin was searched and four hundred thousand francs found. Fray has resigned. Victor La France is his successor. The Monde says Joinville and Amale adhere to the manifesto of the Commune. The fusion of Legitimists and Orleanists is complete. The News' special says Rochefort is condemned to death. Gen. Lafo goes as minister to St. Petersburg. General Goy succeeds to the ministry of war. Fray is appointed governor of the Bank of France. Francois Hugo writes to the Independence Belge, detailing the attack on his father's house, says the mob cried out to him. The Buge disappears of the expulsion. Bishop Dupanloup succeeds the Archbishop of Paris. Duke d'Aumale, the Bonapartists and active foreigners are required to report at headquarters. It is said that many of the insurgents are English; the French are therefore very bitter against them. The British troops occupy the barracks. There is a strong feeling that the Paris government is too weak to last. A few minutes continue at the barracks. The wounded people found in the streets were buried alive. An epidemic is feared from the dead bodies. The body of the latter was found by his widow. Forty thousand francs were found in his cellar. Mathieu, a member of the Commune, was arrested and 1,000 francs found upon him. The Versailles have placed back the statue of Henry Quatre, which had been thrown into the Seine. O. Kolwek was taken out and shot. Milliers was arrested at the lumbering depot. He resisted violently and fired six shots from a revolver. He was taken to the steps and a platoon of soldiers shot him. During the attack by Versailles upon the barricades in the Place des Filles, a number of the Versailles lost their way and got mixed up with the Communists, by whom they were taken prisoners and fifty of them shot. Troops still hold the mayoralties and public buildings. The disarmament of the national guards is proceeding; they are forbidden to wear uniforms. Clancy threatens to proceed with vigor against inhabitants who fire from windows. The members of the International society have been discovered, and also some documents compromising various departments, in Delacour's house. Marshal MacMahon has declined the sword of honor offered him after the battle of Reichshausen. Summary executions of insurgent prisoners continue. The Versailles have collected 872,000 rifles.

WASHINGTON.

WASHINGTON.—There are several cases, similar to that of the claim of Government for a tax on scrip dividend of the New York Central, are still pending in the Internal Revenue department, and the decision yesterday will be considered as a precedent in the settlement of them all. The public debt statement shows a decrease, during the present month, of three millions. Penalties are now paid quarterly, instead of semi-annually, as formerly, and the payments on this account, during May have been about \$5,000,000. A cabinet meeting was held to-day to close up the business previous to the President's departure, to-morrow, for Long Branch.

NEW YORK.

INTERNAL REVENUE DEPARTMENT.—Twenty years' imprisonment.—New York.—The leading officials of the New York Central road received the decision of Commissioner Plannetson confirming the assessment of five per cent tax on the interest certificates issued by that road with considerable surprise, as they thought the evidence presented to the government entitled them to a decision annulling the assessment. A decision annulling the assessment was expected. A cabinet meeting was held to-day to close up the business previous to the President's departure, to-morrow, for Long Branch.

ILLINOIS.

CHICAGO.—Yesterday afternoon, Martin Beada, a Bohemian, in a fit of jealousy shot his affianced through the head and then shot himself dead. The woman is alive but cannot recover.

CHICAGO, 31.—Charles Felt shot at his divorced wife this morning, but missed her. He then turned the pistol on his own head and was more successful, killing himself instantly.

PENNSYLVANIA.

PILADELPHIA, 31.—The Secretary of the Treasury has finally notified Jay Cook & Co. that the proposition to take the balance of the two hundred million loan is declined, for the reason that the Secretary doubts his power to accept some of the conditions proposed.

PITTSBURGH, 31.—The committee appointed to raise aid for the families of the miners killed by the burning of the mine, have issued an appeal to the charity of the people. The miners are impoverished by the late long strike, and many families are actually suffering.

Fifteen members of the Commune surrendered in Vincennes. The reports of changes in the vicinity are semi-officially denied.

A dispatch to the Tribune, dated Versailles, 29, says an incendiary conspiracy is reported to have been discovered at Versailles. Negret Gambetta, prefect of Corsica, has been arrested as the principal conspirator. His wife tried to shoot the general who made the arrest. New York, 31, Tribune cable.—A special, dated Paris, Tuesday night, says, I learn from a sure source that M. Rochefort has been condemned to death by a Versailles court martial. He has been probably executed already.

VERMONT, 30.—At a sitting of the Assembly, to-day, Chamberlain spoke about Metz, defending Barine. Thiers replied and called Basine an illustrious warrior. The Duke and Port Pasquier proposed the adjournment of the session. The adjournment of the session was proposed by the Duke and Port Pasquier. The adjournment of the session was proposed by the Duke and Port Pasquier.

PARIS, 31.—Execution continues. Persons discovered hiding are shot hourly.

To-day the city seems excited, even easy.

A horrible effluvia from the bodies of the dead fills certain quarters of the city. There are abundant signs that a coup d'etat will be made in the Assembly to depose Thiers and summon Chamberlain to the throne.

There is an apprehension that the walls of the Tuilleries and the Hotel de Ville will fall.

It is said the number of prisoners exceeds 40,000.

The courts martial use mitrailleuses and make wholesale work of the executions.
