MACHINE

Has received the HIGHEST PREMIUMS
at all important Fairs held in this
country and Europe, where critical examination and PRACTI.
(AL TESTS have been made
by Judges of the highest
-tanding, capable of
giving an Intelligent decision.

in addition to this, the Florence has received POPULAR APPROVAL ALL OVER THE WORLD,

As evidenced by its :

IMMENSE SALE:

And Universal Faver.

There are three hundred Florence Seroing Machines in Utah Territory, sold by former agents, and by Chicago and St. Louis Agents.

years of service.

MHS JOSEPH BULL, in the 17th Ward, has just purchased a Florence Machine. We are permitted to refer to her, and esteem her recommendation a mark of superiority, as Mrs Bull has had much experience in the use of various Sewing Machines.

MRS, SPIRING, Dressmaker, 1sth Ward, ays: "I have used a Florence Family Sewing Machine for several years past, having it almost constantly in use, and during that time, it has never dropped a stitch, or been out of order a minuta."

never dropped a stitch, or been out of order a minute."

CAPT. HOOPER says: "I have a and a Florence in my family. For general family use the Florence is the best."

MRS. PIXTON, living nine miles south on the State Road, says: "I have a Wheeler & WRson. My neighbor. MRS. WEBSTER, has a Florence. When I go over, and see how much she can do, and how easily it is done, I feel like stowing my Wheeler & Wilson away in the garret, so that none may know I have a Sewing Machine."

ALFRED BEST, after actual purchase, and fair trial of other first-class Machines, and the Florence, adopts the Florence as every way the

Florence, adopts the Florence as every way the best for family use.

MRS. WARREN HUSSEY, after many years experience with various Sewing Machines, pronounces the Florence ahead of all others in all the requisites of a first class Sewing Machine. Simplicity, reliability, quiet and rapid motion.

MR. SMITH, of W. F. & Co., purchased a Florence about two weeks ago. A few days after, MRS MORF, purchased one, and now another of Wells, Fargo & Co., a employes is about purchasing. Thus proving the practical test of the Florence Sewing Machine is its own best recommendation.

mendation.

MRS. SHURTLIFF, of Mill Creek, says: "I am delighted with my Florence. I don't believe anybody would purchase any other Machine if they would once give the Florence a fair trial."

COL JACKSON, brought a Sowisg Machine up from St. George, for repairs; but could find up one in Sait Lake able to fix it; took a new FLORENCE home with him last week, as he was determined to have a RELIABLE SEW-ING MACHINE, before hauling it two hundred miles home. dred miles home, MRS STEVENSON and MRS CRANDELL, of

MRS STEVENSON and MRS CRANDELL, of Springville, purchased Florence Sewing Machines, last week, after carefully examining into the marits and demerits of the various Sewing machines on sale in this City.

DAVID MILLER, WILLIAM MILLER, MRS. SHURTLIFF, and several others, at and near Farmington, have within the last few weeks purchased Florence Family Sewing Machines, after satisfying themselves of their great superiority.

MR JERIMY, WILLIAM SLOAN, MRS. STRABRIDGE, and W. D. BROWN, of Salt Lake City, have recently purchased Florence

The Florence is the latest improvement in Sewing Machines, embodying the good qualities of the older machines with other new and eminently useful features, the reau tolygars of careful labor, making it a most configure and requiring but little skill and experience to operate it messessfully.

quiring but little skill and experience to operate it successfully.

The Florence will sew everything needed in a family, from the heaviest to the lightest fabric, and it is seldem if ever necessary to make any change in the machine for different kinds of work. It is the only machine that can sew in more than one direction, having a treversable feed. It is the only machine having a self-adjusting shuttle tension—a great improvement, it is the only machine making more than one kind of stitch. It is the only machine that the the thread at the end of a seam, doing it better and quicker than a seamstress can.

The lock stitch of the Florence (both sides of seam alike) differs from the lock stitch made by other machines in elasticity. The seam will stretch as much as the cloth, never giving way in washing, which is of the greatest importance in the sewing for a family. The lock stitch of the Florence is more like good hard sewing. Both sides being alike, either side may be the right side, and the fabric can be sewed either side uppermost, as most convenient.

ide appermost, as most convenient.

FLORENCE

The Florence is warranted to give satisfaction Many not succeeding with others have no trouble with the Florence. All who could do well with any sewing machine, or who know how to do good sewing by hand, cannot fail to be pleased with it.

Nothing can exceed the care taken by the

Nothing can exceed the care taken by the Florence Company in the manufacture of their machines, every part receiving a systematic and most faithful inspection, saving all trouble and most faithful inspection, saving all trouble afterwards, no purchaser having paid a cent for copairs in the five years since its introduction. Its reputation as being railable and durable, is established. So little attention do they need that we will fix any machine sold by us, for nothing, and pay freight both ways from any place within a thousand miles of Salt Lake City, if informed that it don't work well.

A careful examination will fully substantiate all that we have claimed for it, and justify the american we now make, that it is the ber iffering Machine in the world.

We warrant every Machine to, be all that we claim for it, and will give a written warranty if CHICAGO, required.
