

## SECY. SHAW WAS THE STAR SPEAKER

Addressed One of Largest Republican Conventions in History of Virginia.

## WAS A WHITE MAN'S MEETING

Every Mention of Roosevelt's Name Was Wildly Cheered by 1,400 Delegates.

Roanoke, Va., Aug. 8.—One of the largest republican conventions in the history of Virginia met here today to nominate a full state ticket. Between 1,200 and 1,400 delegates were present. It is almost exclusively a white man's meeting, there being very few negroes in the hall.

J. Lucian Gleaves, the temporary chairman, pleaded for harmony, and asked for a square deal at the polls. Every mention of President Roosevelt's name was wildly cheered. Committees were appointed and a recess was taken until 8 o'clock this evening.

Congressman Campbell Kemp, the only Republican congressman from Virginia, was introduced to the convention tonight and he in turn introduced Secy. of the Treasury Leslie M. Shaw, who had been invited to come to Roanoke to address the convention. Mr. Shaw was greeted with a storm of cheering.

## SECY. SHAW'S ADDRESS.

Secretary Shaw made some reference to self government, saying that when this republic was launched the world was distrustful of the experiment. "Many believed," he said, "that personal ambition would override statehood. They believed that revolution would follow revolution. They did not believe it would be possible for men to walk side by side to the polls and deposit opposing ballots and then each demand for the other the same protection and the same loyalty of our country. He claimed for himself. It was doubted if defeated candidates and defeated parties would peacefully acquiesce in results. The experiment has been in process of trial and development in this country for something over 100 years, during which period the machinery has sometimes cracked, but it has never cracked and it never will so long as we keep our heads. . . . My appeal to you and through you to every voter of Virginia, is that you so vote as to conserve the peace and integrity of the commonwealth and the best interests of every citizen. All I ask is that the voter be, if not as great, at least as conscientious and as true a statesman as the politician. He demands his representative to be in the halls of legislation."

The secretary touched upon the growth and development of the United States and of Virginia's resources. "Virginia is a great state," he said, "rich in resources, rich in history, rich in blood and at one time she was the richest of all the states in statehood. If her wealth of statehood has been less noticeable in recent years than in previous periods, let me assure you that it is because greater stress has been laid on factional politics than upon the wise solution of public questions. If Virginia has not maintained her position as a great state, it is because of the failure of the fathers. Virginians have remained loyal stockholders in the great corporation, their representatives have appeared on the board of directors, but they have not been adequately represented on the executive committee. I invite them back to their appropriate place among leaders of thought and leaders of action."

## NO PERSONAL CRITICISM.

"Please do not misunderstand me. I bring no criticism of individual citizens. I bring no criticism of the members of the opposite party. As good men as ever lived, as patriotic citizens as ever breathed, as good business men as I have ever known and as good friends as I now cherish, disagree with me politically. I am not speaking of the spirit, or the patriotism, or the statesmanship even of individuals. I speak only of the spirit and the statesmanship of parties."

Speaking along general lines the secretary then said:

"The spirit of the last half century was Republican. It was progressive. The spirit of the twentieth century will be Republican. It will be progressive. Judging the future by the past, there is reason to believe that the spirit of the century will gather most of its rich harvest of progress. I come to preach the gospel of progress and to teach these principles and spirits which have made us what we are and which will carry us to yet higher planes and grander achievements, wherever, under God, the brain of the south and the brain of the north, the brain of the east and the brain of the west, shall be allied for the purpose of the common country shall be held to its negative traditions which tend only to retard."

## WHAT DIVIDES PARTIES.

"And now, my friends, what are these principles that divide parties? The parties separate primarily on questions of political economy. Every industrious citizen is both a producer and a consumer. The dominant party appeals to the producer. It tells him that the question of greatest importance to him is the price at which he disposes of his products, whether those products be labor or the results of labor. The opposition party promises the American consumer the best market in the world in which to sell."

## FAVORS PROTECTION.

"Gentlemen, we cannot have both. Our political opponents may promise high priced labor and cheap products, high priced wheat and cheap bread, high priced cattle and cheap meat, but they make these promises without possibility of fulfillment. Whenever they have put their policies in operation we have had the cheap products of labor, for the products of cheaper foreign labor have found their markets in superabundance. But cheap products of labor mean cheap labor. Cheap factory product carries as a concomitant curse our wages for the artisan, and low wages for the artisan means curtailed

## TEA

The moneyback tea Schilling's Best is safe; you'll like it.

Your grocer returns your money if you don't like it.

## A WOMAN SLAVES

Enough this weather when all goes well, but to have had bread at the end is disappointing. There are no disappointments in SMITH'S FLOUR.

consumption of farm products. Curtailed consumption of farm products results in a reduction in the price thereof, while a reduction in prices means loss to the producer of clothes, of furniture, of cars, of building material and every other article of rural consumption. All is this but a name for stagnation and panic which has marked every experiment with tariff for revenue on only from the beginning of our history until now.

## SCORES FREE TRADE.

"The disastrous results of free trade have not followed each and every experiment with free trade because they were desired by the men who advocated the measures which produced them, but because the measures were unwise, however learned, however patriotic and however honest the men who enacted them. A few years ago some diamond merchants in New York suggested that if uncut diamonds were put on the free list and the duty reduced, the country getting the benefit, they would employ diamond cutters to cut them in this country. Uncut diamonds were therefore placed on the free list and 10 per cent ad valorem duty was placed on cut diamonds uncut, and 60 per cent placed on the set stones. What is the result? There are now 3,000 diamond cutters in this country getting big wages (for it is a delicate thing to cut diamonds), and they earned in the aggregate several million dollars. What becomes of this—it is all spent—most of it wisely."

## WE ARE A CO-DEPENDENT PEOPLE.

"When prosperity blesses our shores, the laborer and the employer of labor, the farmer and the consumer of farm products, the merchant and the banker all prosper. At the conclusion of Mr. Shaw's address the convention adjourned until tomorrow when the committee on resolutions will report."

## CHICAGO RESPONSIBLE.

Said to Have Coached Chinese On the Boycott.

Chicago, Aug. 8.—The Daily News today says: Disclosures have been made in connection with frequent meetings held at secret rendezvous in this city, which have led to the belief that Chicago has played an initial part in instituting the boycott now raging in China against American manufacturers. Chin Pak Sun, a leading Chinese merchant, outlined the situation today. Rigid enforcement of the provisions of the exclusion act stirred the Chinese to doubling in economic studies. Three Chicago Chinese of wealth were barred from bringing their wives into the United States. These examples and others incensed the Chinese, and it now develops, made possible the rapid growth and successful development of the association that is now coaching Chinese all over the world.

The first assessments made to meet the expenses of bringing conditions to the attention of the Pekin government were levied in Chicago. From this center the movement spread in all directions. Before the expiration of the boycott exclusion law last December the Chinese association made known its purpose in Chicago. Upon the invitation of a committee from a number of federated women's clubs, Chin Pak Sun, as the mouthpiece of the Chinese association, delivered an address in which he declared if fairness was not shown in readjustment of the immigration laws a boycott would follow on American goods. The force of the threat was not realized here was the part Chinese-Chinese played in its execution until progress of the boycott and its echoes in American government circles brought it out.

## CASTELL BOMBARDED.

Village on Island of Crete Shelled By Russian Gunboat.

Canea, Crete, Aug. 8.—The Russian gunboat Khrabry has bombarded and destroyed Castell on the north coast of the island of Crete about 18 miles east of Heraklion because the islanders there opposed the landing of a Russian force. The insurgents returned the fire with small arms wounding two Russians. The bombardment continued until the village hoisted the white flag.

There have been disturbances in Crete for a considerable length of time, the Cretans being in revolt to obtain a greater degree of independence than they now possess. Prince George of Greece is the high commissioner of the island, having been nominated by Great Britain, Russia, France and Italy in 1903.

## SURRENDER AT HAMDSA.

Official Report from the Sakhalin Army Tells Story.

Tokio, Aug. 8, 5:30 p. m.—An official report from the Sakhalin army tells that "General Lajpnow and five staff officers who surrendered at Hamdsa, July 31, were escorted to Rikoff where they were met by our commander in chief in a church building. General Lajpnow states that a detachment consisting of two officers and 80 men who had been sent toward Nono, had been ordered by telegraph to come at once and surrender."

"The number of prisoners is increasing."

"The convicts seem to have been released before our occupation and it is apprehended that they will disturb the peace."

## KILLED ON MOFFAT ROAD.

Aged Couple Run Down by a Passenger Train.

Denver, Colo., Aug. 8.—While Robert Russell, aged 81, and his daughter, Mrs. Frank Ballard, aged 83, were driving across the tracks of the Moffat road north of the town, a passenger train ran into their buggy, throwing them out.

Mrs. Ballard was instantly killed, and her father died several hours later from internal injuries. Russell lived on a small fruit ranch and the Ballards were living with him.

## Chinese Crew Fought Officers.

New York, Aug. 8.—Seven Chinese members of the crew of the tramp steamship Dorodlonge were taken off that vessel by the harbor police boat after they had engaged in a bitter fight with their officers. The vessel was sailing off Liberty Island when police officers were summoned. It was said the Chinese had been in an ugly mood for several days, and tonight one of them became abusive to the chief engineer. When ordered below the sailor called several of his comrades to his rescue and a free fight ensued. Muller, the second engineer, was stabbed in the back, and several other of the officers badly bruised and cut. The Chinamen have been locked up.

## MAY INVOKE AID FROM THE MILITIA

If Present Chaotic Condition of Quarantine Matters in Louisiana Is Not Adjusted.

## DIFFICULTIES ENCOUNTERED.

Police Officer Fatally Injured While Trying to Break Into a Suspected House.

New Orleans, Aug. 8.—If the present chaotic condition of quarantine matters in Louisiana is not speedily terminated, in obedience to a proclamation issued today, the state board of health has announced its intention of immediately invoking the civil powers, and that failing of asking Gov. Blanchard to call out the militia and restore and maintain order. The proclamation resulted from the letters sent yesterday by the governor to President Souther.

The proclamation prohibits any town, parish or village from refusing admission to a person from a non-infected locality, who has spent six days in a detention camp, and been discharged with a marine hospital certificate.

## MUST NOT INTERFERE.

Interference with the passage of steamships or trains is forbidden unless they violate legal quarantine regulations. No ship, freight or express matter, shall, under the proclamation be refused from infected territories provided by the health authorities. Any person who is guilty of interfering with the marine hospital service, all persons who disregard these regulations, under the semblance of liberty of movement, today, but are warned that they make themselves liable to answer in the courts. It is announced that no more illegal restrictions on travel or commerce will be tolerated.

## PRESENT OUTLOOK.

Because of the large number of cases reported the fever situation did not have so favorable an outlook today, but it is expected that the increase is the result of the investigation of a number of suspicious cases of sickness, some of which the health authorities today, but are unable to trace to yesterday. The inspectors of the marine hospital service spent much of the day in their investigation and their reports showed an increase in the number of cases from noon to 2 o'clock. The federal authorities have determined to treat every case as actually yellow fever, preferring to take no risk of failing through want of vigilance. Dr. White said if he knew of every case of fever case that had existed he would feel that the disease could be stamped out in 20 days. His policy therefore is to locate every possible focus of infection and to take every precaution may be taken to prevent additional infection.

## FUNDS FORTHCOMING.

Practically all doubt of the raising of the fund of a quarter of a million dollars desired by the government was removed today when both the citizens of New Orleans, Governor Blanchard, whom Chairman Janvier of the Citizens' committee had asked to advance \$100,000, and Mr. Janvier, that he would make the loan as soon as he heard from a sufficient number of the members of the legislature to support an appropriation of \$100,000. Affirmative answers are being received. In addition to this action of the governor, the city took steps to raise the fund. With \$100,000 originally in the hands of the citizens' committee \$220,000 is in sight.

## SPENT A BUSY DAY.

Surgeon White put in a hard half day's work here and in the afternoon took a train for Lafayette, La., to attend a conference of various health boards in that section of the state called with a view to securing an amelioration of quarantine regulations. Dr. White expects that by tomorrow night all of the additional health officers which the governor has ordered to begin work. It is considered not improbable that the marine hospital service will open a supply depot at New Orleans, where medicines and medical supplies may be furnished to those who are in distress.

## BROKE INTO HOUSES.

Wednesday is the day set for the general street cleaning movement. There will be a pretty general suspension of business, all of the merchants volunteering to lend their carts and wagons and employees to assist in the work. Mayor Behrman said the city hall would be closed during the day. Meantime the city is arranging to continue the large forces of special men it put to work on Monday during the rest of the week. The difficulty of the authorities encounter in trying to get at concealed cases was illustrated today when Police Officer T. E. Gregson was perhaps fatally injured while trying to break into a house where there was known to be a case of yellow fever. Gregson was called on to assist the authorities. So stubborn was the opposition of the people at a house on Chartres street against invasion by the inspectors that it became necessary to break in with the result that a heavy oak door fell on Gregson and crushed him. He was removed to the hospital.

Funerals of yellow fever patients and wakes of the dead continued with little obstruction by the health authorities.

## RIFLES FOR INSURGENTS.

Sensational Attempt at Gun Running to Philippines.

Victoria, B. C., Aug. 8.—News was received by the Kanagawa Maru from Hongkong of a sensational attempt to get arms and ammunition in quantities to revolutionary bands in Samar and other unsettled districts of the Philippines. The syndicate was amply provided with funds. They intended to run the guns and ammunition to unfrequented parts of the Philippine coast and turn the munitions over to the guerrilla bands which continue to harass the American forces.

## SECY. TAFT BANQUETED.

Chamber of Commerce at Manila Does the Honors.

Manila, Aug. 8.—Secy. Taft was the guest of honor tonight at a banquet given by the combined chambers of commerce at the Grand Opera House. Covers were laid for 500 guests. The address of welcome was made by Gov. Gen. Wright, who said in part: "It may seem somewhat inappropriate for me to say so tonight, but, gentlemen, I think we have a right to ask you for what our president calls a 'square deal.' Whether we are right or wrong at this time, but when the American people takes over the sovereignty of a people without their consent, they will get a 'square deal.'"

A toast to "The President" was recommended by Representative Foster, Representative Payne, in speaking of the benefits of the trip, took occasion to praise Secy. Taft as the next president. In responding to a toast to the navy, Representative Foss, chairman of the house committee on naval affairs, declared that his strength should be increased. Representative Cooper, chairman of the committee on insular affairs, spoke on "Congress and the Philippines," and Secy. Taft discussed "The Philippines" in 1900 and 1902. On entering the opera house and taking a box, Miss Alice Roosevelt received a great ovation.

On Wednesday afternoon there will be a hearing of the tobacco industries. Maj. Gen. Corbin's dinner to Miss Roosevelt tonight was a brilliant function.

## MURDERED BY COAL THIEVES.

Batte, Aug. 8.—A coroner's inquest and autopsy tonight over the remains of Joseph Whitford who was struck by a street car and killed, disclosed the fact that Whitford had been killed and his body placed upon the tracks in an effort to cover up the crime. Whitford was a special watchman on the North-Western and he was killed by a street car. Whitford had been hit after coal thieves and it is the theory of the police that they assassinated him. His head had been crushed in by a blunt instrument.

## "Merest Rot," Says Shaw.

Roanoke, Va., Aug. 8.—Secy. of the Treasury Shaw, who is in Roanoke to address the Republican state convention, when shown a dispatch from New York in which it was stated the secretary had quit President Roosevelt's cabinet to enter the field as a presidential candidate said the statement was "the merest rot."

## RHEUMATISM.

When pains or irritation exist on any part of the body, the application of Balford's Liniment will give prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T., writes, June 4, 1902: "I take Balford's Liniment to all who are afflicted with rheumatism. It is the only remedy I have found to give relief. Price, 25c. Sold by Z. C. M. I. Drug Dept. B."

## DENVER AND RETURN \$18.00

Via D. & R. G., Aug. 12, 13.

"Finest scenery in the world. Open top observation cars free. Choice of routes. Summertime allowed. Tickets good until Aug. 30th. Join the Eagles excursion and have a good time enroute."

## THE NEWS IN LOS ANGELES

The Desert News will be found on sale in Los Angeles at the Standard News Company, 414 south Main street.
