There will be a special meeting of the Fire Brigade to-night.

Last evening Mrs. Lizzie Pringle, of the 20th Ward, accidentally stepped upon a needle, which entered her heel almost to its entire length, inflicting quite a painful hurt.

This morning we received a pleasant call from Mr. James H. Titus, who has come to the D. & R. G. Railway, who has come to the depot or two in the city. He is accompanied by his sister.

Brother C. C. Christensen will exhibit his "Mormon Panorama" in the Seventh Ward Hall on Monday evening, at 7:30 o'clock and, as before announced, in the Seventh Ward on Tuesday evening. It is well worth seeing.

Brother Benjamin Bear called in to-day, just to state that 71 years ago to-morrow his mother was born, and called her by the name we have here repeated. The child is still hearty, and we wish him long life and prosperity.

The Eighth Quorum of Seventies and the scattered members residing in the 12th and 13th Wards, will meet in the 12th Ward Assembly Room, on Monday the 24th of September, at 7 o'clock p. m.

The Latest Number.—The latest number of the *Woman's Exponent* is a leading feature in some correspondence from Miss Louie Wells, in which that young lady gives a very entertaining account of her experiences and observations while on her latest tour in the East. Get the *Exponent* and read it.

Death of James Kiscadden.—A dispatch was received this morning by the popular actress, best known to the public by her professional name, Miss A. A. Adams, informing the lady that a former husband, Mr. James Kiscadden, a resident of this city, died yesterday. Miss Adams will leave for San Francisco to-morrow, to be present at the funeral of her husband.

Marvellous Escape.—This afternoon an employee of Brother Elias Morris, Owen Parry, of the 15th Ward, while working on the walls of the new University Building, fell a distance of forty-three feet to the ground. He escaped with a few scratches upon his face, arm and knee. The accident was caused by Brother Parry leaning his hand on a projecting ledge of brick, which gave way. His escape was almost miraculous.

Have You Lost a Horse?—The other day John Gotterson, who resides on the State Road, picked up a mare with saddle and bridle on, in the vicinity of his place. The animal appeared to be considerably tired, as if she had been ridden hard. She is a grayish sorrel, and apparently about six years old. Mr. Gotterson has tried his best to discover the owner, but failing in his search, put the mare in the city stray pound. It is probable that she was stolen and finally abandoned by the thief.

A Good One.—Mr. David James has just issued a circular in relation to the Fire on the Heath stove, for which he is agent. He gives many clear facts in relation to its good points, and facts are not without value. One of its most vital advantages in our view is its power to keep up in the apartments where it is kept, a plentiful supply of pure fresh air, as essential to life and health as food and drink. A number of testimonials, from parties who have used it, are incorporated in the circular, and a number of the names of prominent persons are given, to whom reference can be made regarding the quality of the stove. It has, in many respects, no superior in the market.

THE MEXICAN MISSION.

PERSPECTIVE PROCEEDINGS—FROM PICTS BRIGHTENING.

A short time since we referred to a letter from Elder Anthony Irvine, laboring in Mexico, giving particulars of the arrest, on a trumped up charge, of a number of men who were investigating the principles of the Gospel. We have another letter before us giving some more interesting particulars concerning the mission. Referring to the same parties in brief:

"A week ago Sunday I baptised one of my principal men here, who had come in to report about the arrest. He went back home feeling splendidly. Last Friday he was arrested on a charge of being a spy, and the determination of Spain to destroy them if possible. The lands upon which they live belong to a Spaniard, and the Indians are required to pay so much for the grass eaten by each ox, horse, or cow, so much for each acre of corn cultivated, the wood they burn, etc.

Last week they received a letter from this Spaniard's attorney, stating that if these contributions were not paid immediately he would be at the village with officers to levy upon their property. The amount due was \$125, not a large sum, but coming at it did unexpectedly, and before the maturity of this year's crops, it was a little difficult to raise it. Martinez arrived on Friday and on Saturday was managed to raise the money and pay the debt, thus depriving our enemies of the pleasure of a disturbance on that account.

What the next article will be I do not know. The owner of the lands upon which they live is a fanatical Catholic, and I do not anticipate any favors from him. There is one thing certain, they can go no further than the Lord sees fit to permit them. Martinez is to be here again on Friday next, and I expect to return with him on Saturday and spend Sunday with him.

I was out at Osmaha yesterday and found everything quiet, had a good meeting with the people there, in the Seventh Ward Hall on Monday evening, at 7:30 o'clock and, as before announced, in the Seventh Ward on Tuesday evening. It is well worth seeing.

Brother Benjamin Bear called in to-day, just to state that 71 years ago to-morrow his mother was born, and called her by the name we have here repeated. The child is still hearty, and we wish him long life and prosperity.

Musical Treat.—On Monday evening, beginning at 8 o'clock, there will be music and mirth at the 16th Ward School-house. The Glee Club and Orchestra, combined with the 16th Ward Brass Band will give a concert. Among the singers will be Mrs. M. C. Hull, and several other excellent vocalists.

Temperance Meeting.—We are requested to announce that their will be a union temperance meeting at the Congregational Church to-morrow evening, at 7:30 o'clock. There will be music and several short addresses. It promises to be an interesting occasion. The public are invited.

Terminated Fatally.—Brother George Sidwell, of Mantt, who accidentally got his foot out of while at work at Messrs. Cox & Sidwell's mill, in Castle Valley, on Tuesday last, died at Fairview Sanpete County on Friday at 8 o'clock p. m. Dr. Pike went down on Wednesday and amputated the leg, but the poor man had lost so much blood during the journey by team, 40 miles, and the length of time before the surgeon could possibly reach him, told too much upon his vital powers. Brother Sidwell was a pioneer of Juab and Sanpete Counties, and has been very energetic in building up the country. He leaves a wife and eight children. He was about 50 years of age.

Theatrical Sensation.—The theatrical sensation of the week has undoubtedly been the "Parisian Romance" at the California. It has received extended notice in these columns. It is not a very lovable play, but depicting a type of morality, or rather immorality, it is of merit as a warning to those who tread the downward path. The hideousness of vice is laid bare by the consummate acting of Richard Mansfield. The Union Square Theatre Company deserve great credit for the manner in which the play has been presented. Handsomely costumed, with charming scenery and clever acting throughout, it ranks with the successes of "Hazel Kirke."—S. F. Chronicle.

Arrival of General Sherman.—General W. T. Sherman arrived in this city at 1:16 p. m., to-day, on a special train of the D. & R. G. The veteran hero, one of the bravest and best soldiers of modern times, has paid several visits to Salt Lake. He has a warm place in the hearts of the community, concerning whom, like a true and honest man, has said some kindly things, at the risk of being abused by bitterly prejudiced persons. The General, however, possesses both classes of courage—moral and physical. While religiously differing as widely as the poles with the "Mormons," he recognizes the fact that they have rights that are entitled to respect. We wish the veteran soldier a pleasant sojourn while he remains.

Private Waterworks.—A system of private waterworks is being established by a number of the residents of Chestnut street, to give them supplies for domestic purposes. The parties, who are having the work done are Messrs. Cairns, Miller, Pratt, Martin, Chapman, May and a few others. A tank with a capacity of 10,000 gallons is to be placed in the ground at the point where the 20th Ward ditch crosses the street, and the water will be conducted by the Horton pipe. The excavations are now in progress. Mr. David James being the contractor for the whole job with the exception of the tank, which will be made by Mr. Robert Patrick. The work is to be done subject to the approval of the city watermaster, and the system will be under his supervision. The improvement will be a great convenience to those immediately interested.
