

## COUNCIL WAS IN QUOTE IN HURRY.

Nine of the Faithful Remained Away From Boxing Contest.

### SOME IMPORTANT BUSINESS.

Adopted Resolution Providing For Purchase of 18 U. S. Standard Voting Machines.

The nine faithful members of the city council who set aside their desire to attend the boxing contest at Ogden last night, transacted more important business in less time than has been done in many a day by that body. Among the very important matters attended to were the adoption of the resolution providing for the purchase of 18 United States standard voting machines for use in the elections in this city; the authorization of the macadamizing of Second avenue from Canyon road to West street; another attempt to appropriate \$10,000 for earthquake and fire sufferers; the changing of the names of the streets of the city as recommended by the city engineer and the three councilmen from the Fourth precinct.

**WANT VOTING MACHINES.**  
By a unanimous vote the council adopted the report of the special committee on the purchase of voting machines, and also adopted the resolution submitted by the committee on that matter, which follows:

"We, the special committee on voting machines, beg leave to report as follows in the matter of the adoption of voting machines in the city of Salt Lake. We have examined the sample machine submitted and have carefully considered the subject and are of the opinion that it would be for the best interests of our citizens to install the machine. We believe that their use in Salt Lake will do away with mistakes and delays that are known to exist in the present system of voting, and will at the same time greatly reduce the expense of conducting the elections.

"We find that 36 machines will be sufficient to equip the city, and as the county commissioners have agreed with this committee that if the city will purchase 18 machines the county will purchase a like number, we recommend that the city close the agreement by formal action at this time. To this end we propose the adoption of the following resolution:

"Resolved, That Salt Lake City purchase 18 United States standard voting machines at the price of \$700 each, provided Salt Lake county purchases a like number, and be it further resolved, That the special committee on voting machines and the city attorney be, and they hereby are, authorized and directed to ascertain the best manner of paying for the machines, and to draft a suitable contract for the purchase and to submit same to the council at its next meeting."

**COST OF \$700 EACH.**  
Black moved the adoption of the report, and the resolution, and in explanation of the matter stated that the county commissioners met yesterday afternoon and agreed to purchase 36 machines for use in the city and four for use in the county districts outside the city limits. The city was to pay for 18 of the machines and the county for 18, and when the city elections were held the city could have the use of the 36 machines, and when the county elections were on the county should have the use of them in the city.

The machines are to cost \$700 each and he said that the committee had considered a plan of paying for them in five years. The saving in the cost of elections by the use of the machines he said will be \$280 per year, and the machines will pay for themselves in five years.

Mulvey wanted to know how long the machines would last, and in answer to his question, Mr. Hamilton, the representative of the company, replied that his company would give a bond with the secretary of state to the machines to repair for five years, and that the machines would last 100 years. This was satisfactory to the members of the council, and the report and resolution were adopted by a unanimous vote.

The county commissioners will meet tomorrow and sign up a contract for the purchase of its machines, and the contract for the city's machines will be submitted for approval at the council meeting next Monday night. It is therefore practically assured that the citizens of Salt Lake City and county will have the privilege of voting by machine at the coming fall election, and within 30 minutes after the polls close on election day, the final results of the election will have been ascertained, and the people will know definitely who has been victorious.

**SECOND AVENUE CLUB.**  
The members of the Second Avenue club may now rest assured that their efforts for the improvement of that avenue have been successful, and that it will be a wide, guttered and macadamized street of great length, thus making it the widest and longest straight drive in the city.

The macadamizing will be 40 feet in width, and the distance between the sidewalk and the gutter will be increased on each side of the avenue, and will be parked. All of the poles will be removed from the center of the street, thus leaving it an ideal boulevard. The sewer will be completed along the avenue before the macadamizing is done so that the street will not have to be disturbed after completed.

The matter was brought to the attention of the council last night by the city recorder reporting that he had advertised notice of intention to make the improvements, and that of the total frontage on the avenue of 16,948.46 feet the protestants only represented a frontage of 5,974.4 feet, which was less than half of the necessary frontage to defeat the improvement. The improvement was therefore authorized, and it is the intention of the committee to arrange for 10-year payments on the improvement so that the property owners will not be overburdened in paying for the work.

### REMAINING STREETS.

The council adopted the report and recommendations of the three councilmen from the Fourth precinct and the city engineer in regard to renaming certain streets of the city. All of the 132-foot streets of the city will retain their present names; all continuations of the wide streets will take the name of the parent street; all streets less than 132 feet in width running east and west will be called avenues; all streets of every width running north and south will be called streets; no change will be made in the name of the lettered streets in the Fourth precinct; no change will be made in the name of East Temple street; all duplications in the names of streets will be done away with. An ordinance is now being drawn up making the necessary changes in the names.

## A MATTER OF HEALTH

**ROYAL BAKING POWDER**  
Absolutely Pure  
**HAS NO SUBSTITUTE**  
A Cream of Tartar Powder free from alum or phosphatic acid

ing the necessary changes in the names.

### THAT \$10,000 MATTER.

Another effort was made to appropriate \$10,000 for the relief of the sufferers from fire and earthquake. The mayor's veto of the appropriation was taken up and the original resolution providing for the appropriation of the money to the San Francisco sufferers was amended by Fernstrom in a manner which it is believed will meet the legal objections made by the mayor upon the advice of the city attorney.

Fernstrom moved that the resolution be amended so as to appropriate the money to the citizens relief committee of the city, and that the money be expended for the benefit of the sufferers and destitute in our midst. The idea is to use the money for the care of refugees who are coming through the city, and for the benefit of the destitute of our city it is believed that the legal objections to the appropriation have been overcome. The amendment was adopted, and the resolution as amended will be submitted to the mayor for his consideration and it is hoped that he will approve it and that the auditor will draw a warrant for the amount without further delay.

A report was received from the municipal laws committee recommending that an electric light franchise be granted to L. H. Curtis and J. D. Manley. The matter was laid over for one week.

**THE MAYOR'S VETO.**  
The mayor's veto of the contract for the construction of the new fire station in the southeastern part of the city at a cost of \$3,300 was laid over for one week. The vetoes of the claims of M. L. Cummings and Elmer Esterholdt for \$350 and \$100 respectively were also laid over for the same length of time. The intention is to pass the measures over the vetoes, but there were not enough councilmen present last night to do it.

The council amended its action of last week in granting the petition of the Marker Investment company to construct a "Seeing Salt Lake City Car" sign around an electric light pole in front of its office. The mayor vetoed the contract.

## THE PROFESSOR SAID

# About Coffee

(A certain Professor in a Chicago University in a recent talk to students)

### THINK THEY WILL QUIT?

Yes, many of them know that with good health they can "do things" in this world, so when they find stomach trouble, weak eyes, bad blood and muddy skin, or any of the many incipient signs of disease set up by Coffee they quit.

### THEN THEY TAKE ON

# Postum Food Coffee

Because it furnishes the Coffee flavor, charming color and all the pleasure of Coffee drinking and does not destroy stomach and nerves but makes for the sure rebuilding of the entire body on healthful, sturdy lines.

### HARD TO LEARN

Takes Hard Experience to Teach People Some Facts.

Man people jeer at the idea that coffee causes headache and ails the sufferer from and often such people will go on for years sticking steadfastly to the coffee and suffering month in and month out but maintaining "coffee don't hurt me."

"I did not learn the real truth until I made the change, but I can now positively state that the headaches I had for about seventeen years were caused by drinking coffee for when I changed and gave up coffee and used Postum I have not been troubled with headache since I began Postum in 1896.

"This in brief has been my experience on the coffee question. Among my friends I have seen many other wonderful instances of the power of this food drink when used in place of the drug drink, coffee. Among my friends there are those who tell me of relief from kidney trouble, neuralgia and eczema by leaving off coffee and using Postum and I have even known it to relieve rheumatic pains in limbs.

"I readily believe these statements for since I cut out coffee and used Postum I never seem to have an ache or pain and I would not dare go back to the old coffee again. Not only myself but my family use Postum exclusively and we know there is no hot beverage that can take its place. Nearly seven years steady use of Postum convinces me I know what I am talking about when I say it is food as well as drink and most valuable in building the system. Name given by Postum Co., Battle Creek, Mich.

"There's a reason." Look for the little book "The Road to Wellville," in pkg.

Joint building to succeed Jake Jeffs, who resigned.

The Inter-Mountain Power company was given until Dec. 15 within which to complete the additional work required under its franchise and an additional bond of \$5,000 was required of the company.

Of course you pay your money, but you get your money's worth. For what does money mean to you? When Rocky Mountain Tea's on earth? Z. C. M. I. Drug Dept., 112 and 114 Main street.

### INSPECTOR OF CLOTHING.

Government Job at Salary of \$1,500 Per Year Awaits Someone.

There will be civil service examinations in this city May 31 for the position of chief inspector of clothing, at \$1,500 per annum in the quartermaster's department at large, New York City. Applicants must indicate in their applications that they have had broad practical experience in cutting, laying, designing, and tailoring, as well as an expert knowledge of materials which enter into the manufacture of clothing; also experience in the methods of factory work in the wholesale manufacture of clothing, and experience in the supervision of employees and in the inspection of work in general.

There will also be examinations June 6 for the position of mechanical draftsman, with the Panama canal commission, at salaries \$1,200 to \$1,800.

### SON LOST MOTHER.

"Consumption runs in our family, and through it I lost my mother," writes E. H. Reid, of Harmony, Me. "For the past five years, however, on the slightest sign of a Cough or Cold I have taken Dr. King's New Discovery for Consumption, which has saved me from serious lung trouble." His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quickest relief and cure for coughs and colds. Price 50c and \$1.00; guaranteed at Z. C. M. I. Drug Store, 112-114 South Main Street. Trial bottle free.

### HELP FOR DOCTORS.

Executive Committee Decided to Appropriate Sum of \$500.

At yesterday afternoon's meeting of the executive committee of the California relief general committee and a committee of local physicians the former decided to appropriate \$500 to aid in furnishing equipment and supplies to the doctors and nurses of San Francisco.

The Citizens committee collected \$1,000 yesterday, which brings the total up to \$30,000. Members of the Salt Lake Union of Bridge and Structural Iron Workers have voted \$225 for the relief of their fellow workmen in San Francisco.

A carload of refugees were fed in this city yesterday, by the transportation committee, while en route east. Tom Pitt made a curious mistake in sending off \$45 worth of new stationery belonging to the Elks' lodge, along with a lot of supplies for the sufferers, and the hope is that the stationery will be returned as it is of no earthly value to the sufferers.

Mayor Schmitz of San Francisco telegraphed yesterday to Tom D. Pitt, his acknowledgment of the receipt of the supplies sent from Salt Lake. Last Saturday Chairman Pitt wired Mayor Schmitz that medical supplies had been forwarded. Mayor Schmitz replied at once to this telegram yesterday. Both messages are as follows:

"Tom D. Pitt, Chairman Transportation Committee: Your telegram of 18th inst. Accept our heartfelt gratitude for your very generous donation. Badly in need of ground coffee. We are deeply grateful for the care given refugees. No need wiring car numbers. Ship care

Major C. A. DeVol, quartermaster, U. S. A., Presidio Wharf, San Francisco. (Signed) "E. E. SCHMITZ." "Tom D. Pitt" referred to Dr. Devine, head of Red Cross here. (Signed) "E. E. SCHMITZ." The following subscriptions were reported yesterday:

Students All Hallows college... \$20.00  
Miss J. E. Halcomb... 2.00  
Henry M. Adkinson, Brigham, Utah... 25.00  
M. D. Evans, Garland, Utah... 10.00  
Independent Land & Water company of Emery county, Utah (employees) by M. B. Whitney... 34.25  
James Hegney... 25.00  
Maguire concert... 11.25  
M. P. Rockwood, proceeds from dance given at Alberta hall, Centerville, by Mr. Rockwood... 50.00  
Rowland Hall pupils... 41.30

Total... \$918.50  
The employees of the United States Mining company at Bingham yesterday contributed \$328.20 for the relief fund of San Francisco.

### DIRECTORY OF GRADUATES.

One is Being Prepared by Students of University.

A movement is on foot at the University of Utah to prepare a directory of all graduates of the institution, so that the whereabouts of each one may be determined upon in a comparatively short time. It is believed that much good will result from such information being in the hands of the faculty. Frequently requests are received by the school authorities to suggest persons for certain positions in the world. In many instances it is known that there has graduated from the University students fitted for the place sought to be filled, but it often happens that the persons in mind cannot be located. With a complete directory, this difficulty will be overcome, and it is thought that remunerative positions can often be secured where now it becomes necessary to send to the outside for persons to fill some of the best positions in the State.

### MAN'S UNREASONABLENESS.

Is often as great as woman's. But Thos. S. Austin, Mgr. of the "Republican" of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife, for female trouble. "Instead," he says, "he concluded to try Electric Bitters. My wife was then so sick, she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by Z. C. M. I. Drug Store, 112-114 South Main Street, price 50c.

### COUPON SCHEME GOOD.

First Returns From Students Show \$1,004.90 Was Realized.

The first returns of money received from the sale of coupons by students of the Salt Lake High school, for the benefit of the San Francisco relief fund, have been made. The result was a surprise, even to the most sanguine workers in the plan. The sum of \$1,004.90 has so far been realized, and still the work goes on. The amount that will be added to the money being collected for the California sufferers through the generosity of the High school students it is thought will reach the sum of \$2,000.

The students report having been treated most generously by the public in general while making sale of the coupons. All classes of people responded in a manner that was highly encouraging to those who had the work in hand. The members of the High school faculty and the pupils are to be congratulated on the results achieved in the unique scheme for helping in the good cause.

### "I THANK THE LORD"

cried Hannah Platt of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at Z. C. M. I. Drug Store, 112-114 South Main Street, 25c.

### WILL CLAWSON WRITES.

Tells of His Experiences in Stricken California City.

Will Clawson is in Los Angeles at present, and writes Hon. Spencer Clawson, date of April 26, as follows: "We arrived here night before last, having left the burnt city Monday noon, 27 hours en route. We didn't notice the length of time as it is only now that we are reflecting from the dazed condition that cast its spell over us when the earthquake occurred. Walter Heale was here to see us last night. Louisa and Mary both got work today at the Examiner. West expects to get something tomorrow. I am trying to get a studio to be that we will soon be started anew, and also hope this time for success.

"We learned from Tracy, just as we were leaving San Francisco, that Dai and her family were all right at Mill Valley, just across the bay from the city. The city, or rather what was the city, as we came, could not possibly be described. I think that any one perfectly familiar with the city could stand on any corner even at the Call corner (that building stands) and they would be unable to tell where they were. The hill where we lived is only a sand dune. But we are all well and hope for the best."

### PROTECT PROPRIETARY MEDICINES.

Did ever occur to you that proprietary medicines are a blessing to mankind generally? The good ones have long continued sale, the poor ones have short life and soon leave the market. If we had to depend entirely upon physicians and druggists it would be expensive and very inconvenient at times, especially in the country and at night when neither could be conveniently reached. For nearly forty years Beecher's German Syrup has been used in many families and thousands of lives of adults and children have been saved by its use, when it was impossible to reach a physician. German Syrup is the best household remedy for coughs, colds, throat and lung trouble. It quickly relieves the hacking cough, loosens the phlegm, and brings sound and refreshing sleep. Twenty-five and seventy-five cents. Get a copy of Green's Prize Almanac. At all druggists.

### WOODMEN OF THE WORLD

Excursion to Ogden May 3rd.

Special train leaves Salt Lake at 7:30 p. m. Fare \$1.00 for the round trip, everybody invited. Returning leave Ogden at midnight.

### VERY LOW RATES TO BOSTON

Via Lake Shore.

One fare plus \$1 for round trip. Good going June 2, 3, 4 and 5, return by extension June 30. Rate 25c with Tears, 1617 Seventeenth Street, Denver, Colorado, for particulars. Warren J. Lynch, passenger traffic manager, Chicago.

## KEITH-OBRIEN

### Boys' Suits

Spring weights in fancy mixtures; with straight or knickerbocker trousers. Sizes 8 to 16 years. Prices—\$3.95, \$4.95 and \$7.50.

### Children's Coats

20 per cent reduction on Children's White Serge Coats, sizes 1 to 5 years. These coats are in the newest styles. An inspection will convince you that they are excellent values. This special will run all week.

### Shirt Waist Buttons

Pearl, 2 and 4 holes and all sizes; assorted patterns; 2 dozen on a card—15c.

### Men's Shirts Shrunk in Price.

White unadorned, almost every size, short bosom, open back, some open front. A good shirt and they will not last long at... 35c.

### Men's Suspenders.

Standard 55 and 50 cent values... 20c.

### K. O. B. Half Hose.

This is the sock that wears a long time. We think so much of it that it bears our monogram... 25c.

## Our Attractive Display of McDougall Kitchen Cabinets

and said, "That is a thoroughly practical piece of furniture. It's what has always been needed in a kitchen. I can see what a great help it would be and I'd like one—but I have no room for it."

Closer inspection showed her that the cabinet occupies only the needed space for an ordinary kitchen table—that it is, in fact, the evolution of the kitchen table, with every inch of waste room, above and below, utilized in the most careful and practical way.

By the use of a McDougall Kitchen Cabinet, the housewife may dispense with kitchen cupboards, THUS SAVING SPACE. By its use, she may have all the implements of her craft assembled at her fingers' ends, THUS SAVING STRENGTH. By its use she may have all her supplies and utensils arranged in a most systematic manner, THUS SAVING TIME.

A look at these McDougall Kitchen Cabinets will tell you more than will columns of talk. You have seen them advertised—now you can see the cabinets. Models will be on display in our west window during this week. Will you not inspect them carefully?

## H. Dinwoodey Furniture Co.

### CAPABLE CLOTHES CRITICS.

Pronounce our ATTERBURY, HIGH ART and ROYCROFT—the Big Three sure enough—the Leading Lights among high-class makes of clothing for men.

Our selection represents the brightest creations of all three lines—the correct cuts and prettiest patterns—a collection of new models designed to fit all men, physically, mentally and financially.
