BOUNCIL INDULGES IN HEATED BRAWL

Consideration of Saloon Cases Has Bad Effect on the Aldermanic Temper.

MOYER'S SALOON WILL RUN.

After Conviction in Police Court, Councilmen Vote His Place Decent and Orderly.

Although H. Moyer, proprietor of a saloon at 50 north Third West street, was convicted in police court last week for keeping a disorderly house, the cit; ouncil reversed Judge Bowman's derision and refused to revoke his license last night, when the members sat as a board of inquiry. This decision was errived at after a two hours' wrangle which bore the earmarks of a saloon

brawl itself. The same evidence which convicted Moyer in police court was presented to the council last night. Harry Joseph, trustee of the State Industrial school and a state probation officer, was the complaining witness in police court, and at the request of Chief Barlow he appeared at the hearing before the council. Mr. Joseph said that when he alighted from the Sait Lake & Ogden train about 11 o'clock on July 12 that he heard yells of "murder." He rushed into the saloon where he heard the noise. As he stepped in the door, he dodged a pool ball, then a beer bottle and then ducked behind a chair just in time to save himself from being hit over the head with a billiard cue.

There were at least four men engaged in a rough and tumble fight. They rushed from one end of the saloon to the other. One man's face was covered with blood and another man was knocked unconscious lying by the los hox. Moyer sat in the saloon without lifting his hand to stop the fight and the bartender, went on serving drinks as if the fight was a usual occurrence. Joseph demanded that the proprietor stop the fight. Moyer made no response so Joseph went in search of a police-The same evidence which convicted

Then he took the street car up town and looked around the business district for a policeman but could not find one. He went home and the next morning called up Chief Barlow and related the circumstances to him the property of the complaint. him. Joseph swore to a complaint which resulted in Moyer's conviction in

MINORS IN THE SALOON.

Mr. Joseph also said that the juvenile court officers had trouble with the sa-loon on several occasions. There has been a number of cases where minors have been allowed in the saloon. In the rear of the saloon is a lot and beer is served there to men and women, Mr. Joseph said.

Joseph said.

After he had given his testimony, Attys, C. B. Diehl and Soren X. Christensen cross-examined him at length but did not change his story in the least. Then Moyer was called and he told the council that he was only the manager of the saloon, and that his wife. Mary Moyer owned it, and that the license was in her name. He said that he conducted the place as peace-fully as he could. Policemen J. J. Riley said that the saloon was well regulated in every way. Patrolman Henry Carl-ton said that he had walked the beat for months and never heard of a fight in the place. He was unable to say where he was about 11 o'clock on the night when Joseph was hunting for him, however. The bartender was also him, however. The bartender was also called as a witness and said that he attempted to stop the fight when Joseph was in the saloon. This Joseph denies. The council them wrangled over the testimany and finally came to the conclusion that Moyer was running a decent sort of a place and that his license ought not to be revoked. The vote stood 9 to 4, Wood, Holley, Fernstrom and Cowburn voting for the revocation of the license. revocation of the license.

REFUSAL FOR DRUG STORE. By a vote of 9 to 2, however, the council refused to grant Doull Bros., proprietors of the Owl Drug store, a liquor license because the firm sold

high balls over the soda fountain. Mr. Wood who voted against it and then changed his vote to the affirmativo, gave notice of reconsideration next Monday night.

Heath Bros., proprietors of a saloon at the Salt Palace and Demeris & Veros, saloon keepers at 507 west Second South street, who are charged with selling liquor to minors, will be arraigned before the council next week to show cause why their licenses should ot be revoked. In both cases convictions have been obtained in the police

license committee's report reducing the license of trade vendor machines from \$10 to \$5 a year was adopted. An amendment to the ordinance will be drawn by the city attorney and presented next week.

City Auditor Rudolph Alf sent a communication to the council last night in which he stated that he had refused to pay to Raleigh & Harmon \$155 for gravel which Street Supervisor Jake T. Under the statutes, Mr. Alf informed the council that no officer could accept money from the city for goods or services rendered by his firm to the city. The reported cause of Mr. Pinchot's Intention, it is declared, is difference of opinion as to policy between the chef forester and Secremary of the Interior Ballinger.

THE ROUND OF THE THEATERS

ever opened in Salt Lake was that ushered in last evening, when the theater, the Orpheum and the Grand all entered the lists for a share of the public natronage. The presence of the circus, the fact that we are still in the height of the vacation season, and the Sunday night openings, which always demoralize the turnouts of the night following, had a somewhat deterrent effect on the patronage. At the theater the gathering, while it was handsome and representative, was not what it should have been; at the Orpheum it was unusually small; the Grand was well filled, above and below. The change to cool weather will no doubt

As to the verdict the audience rendered, and that other audiences will render during the remainder of the week, it can only be said that opinions will be divided here as they have been elsewhere. The here as they have been elsewhere. The here as they have been elsewhere. The average theater-goer may find the theme too solemn, sombre and deeply religious to suit his taste. There will be another class which will object to the propriety and taste of introducing a character upon the boards which was evidently intended, though nowhere plainly announced, as a reincarnation of the Savior of the World, but to that class of people who believe that the stage has a mission, who love to see the drama furnish themes that are upthe drama furnish themes that are up-lifting and that thrill with the moral of brotherhood they convey, "The Ser-vant in the House" will be a revelation No matter what views they may entertain of the play no one could be anything else than delighted with the superb presentation. The cast is limit ed to seven people, but every member is selected with the care that Henry Miller, who first gave this play to the stage, so well knows how to exercise. The dominating figure was the drain man of Mr. Charles Dalton, well remembered for his superb work in "The Sign of the Cross."
