Ambitious to Bring Back Specimens of Every Kind of Big Game to be Found in the Dark Continent.

Washington, June 5 .- Important significance in connection with President Roosevelt's determination against a third term is contained in the admission made today for the first time that he is making definite plans to leave the United States in April next year for Africa where he will spend a year hunting big game. Rumors that Mr. Roosevelt was to leave the country at the conclusion of his term of office have been printed heretofore. When information has been sought at the White House the answer has been no definite conclusion has been reached as to the president's plans. But today is was stated Mr. Roosevelt with his son Kermit would sail for Cairo in April, 1909 just as soon as the necessary arrangements for the departure could be made after the fourth of March. It is the desire of the president to bring back at the end of the year from the wilds of Africa specimens of every species of big game to be had on the Dark Continent. He will visit no other country it is stated.

The outfit for the expedition will be obtained on reaching Africa but an active correspondence in this connection already is under way. The exact size of the hunting party, number of guides and retainers, animals, etc., has not to leave the country at the conclusion

the hunting party, number of guides and retainers, animals, etc., has not been determined on. The president will take with him an

The president will take with him an assortment of arms which he will require in the variety of hunting contempated. This outfit will include, of course, guns of the highest power. During the absence of Mr. Roosevelt in Africa, Mrs. Roosevelt and other members of the family will remain at the family home at Sagamore Hill, Oyster Bay.

just know that their "stomach is out of order."

But the most important thing, after all, is to know what is the matter, for then it is easy enough to know what to do. If the advice of thousands of people is convincing to you then we say take Dr. Caldwell's Syrup Pepsin if you have any digestive trouble. As its name indicates, it is for just that very allment, and that it cures is proven by tiles of voluntary testimonials in our office. More direct and personal proof can be obtained by going to your nearest druggist and buying a 50 cent or \$1 bottle. Take it and you will be well; better still, results are guaranteed, so you risk nothing.

Hon. George C. Rankin, formerly of Mormouth, Ill, and now residing at Wassington, D. C., where he holds a high position with the Government, is a warm friend of Dr. Caldwell's Syrup Pepsin. He found than invalinable tonic and an aid to impaired stomach and digestive organs—an opinion shared in by thousands of others. He adds that he inds it promotes health and happiness and recommends that it be in every household.

There is, in truth, no better family laxative than Dr. Caldwell's Syrup Pepsin. Its gentle and effective action and pleasant taste recommend it especially to weak stomachs, children, women and old people. It is equally good for the most robust who become constipated or suffer from indigestion, sour stomach, billious ness and other stomach, liver and bowel aliments, because results are sure and permanent. It is a reliable laxative and even a 50 cent bottle will hely many members of a family to better bealth. Annapolis, Md., June 6 .- Eight dead and nearly a score badly injured is the toll taken by the second serious accident within two months on the Annapolis branch of the Washington-Annapolis Electric railway, which occurred about 8 o'clock last night at a point between Camp Parole and Bet's Gate, two small stations about 2 and 3 miles FREE TEST Those wishing to try Dr. Calding can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. A special, carrying no passengers, from Annapolis for Washington, and regular car from Baltimore for this ity, well filled, while traveling at about 35 miles an hour, met héad-on on a curve, which prevented the motormen seeing each other's cars until too late to avoid the catastrophe. The road is a single track one on the Annapolis branch, and confusion or disregard of orders is said to have been the cause of the wreck.

Two peculiarly pathetic incidents marked the wreck. Schultz, McDaniel and Norton met death while sitting by their wives, who did not know their losses until after being taken to the hospital. Traffic Manager Slaughter whose injuries are more serious than those of any of the others was taken to the hospital in an unconscious condition. When his senses returned he was told that his little daughter had been killed. One of the first bodies taken from the wreck was that of a young woman decked in a pink ball dress. She had not been identified at an early hour.

Many of the passengers were coming to this city to attend the graduation ball at the naval academy. Few passengers caught a glimpse of the other car as it appeared. Perhaps that saved some lives. Two peculiarly pathetic incidents marked the wreck. Schultz, McDaniel

THE CRASH.

THE CRASH.

A moment later, and before the other passengers knew what the momentary confusion meant, there was a terrific crash, and men, women and children, torn, bleeding, dying and dead, were were piled in the splintered and twisted wood and steel of the two cars, one of which was thrown entirely from the track, as was the body of the other. The on-rushing cars had been seen by men living near by and these quickly telephoned here for assistance and went to the relief of the victims, with physicians, nurses, and workmen. As quickly as possible the dead were taken from the wreckage and laid beside the track, to be afterward moved to the station here, while the injured were put on a car and brought to the emergency hospital, where preparations for their reception had been ordered by telephone. The authorities of the naval academy gave every possible assistance, sending an ambulance, cots and orderlies to help care for the wounded. The hospital, the capacity of which was taxed, was soon filled with the friends of the victims.

Traffic Manager Slaughter was terribly injured, his head being swollen to nearly twice its proper size, and his body being badly cut and bruised. The bodies of many of the dead were terribly mangled. One of the least disfigured was that of Motorman O'Neill, notwithstanding it was hurled a distance of 50 feet.

On April 12 a collision between two cars of Washington, Baltimore & Amapolis railway occurred at Crownsville, about four miles from the scene of last night's accident, and four per-

STRIKE ORDERED.

Chicago, June 6.-A strike of 400 electriacl workers, the entire force emelectriaci workers, the entire force employed by the West Park board of Chicago, was ordered last night at a meeting of the electrical workers' district council. The strike will take effect today and as a result practically 4,000 electric lights in Humbolt, Garfield and Douglas parks and the entire west side boulevard system will be dark.

be dark.

The trouble arose over the employment of Oscar E. Carlstrom, a nonunion man, by W. A. Jackson, who has the contract for rehanging arc lamps in the west parks and boulevards.

UP GOES BEEF.

Chicago, June 6.-Wholesale prices of dressed beef took an upward jump or half to one and a half cents a pound yesterday, as a result of sharply de-

creased supplies in pakers' coolers and the more general demand for fresh meats. Butchers said that the meat trade was fast "recovering" from the depression resulting from the recent financial stringency and that the in-crease in the consumption of meats "necessitated the advance."

In the cattle market beeves on the hoof were selling at the highest prices attained since 1906, and receipts during the last two weeks were the lightest in nearly a quarter of a century.

STEINHEIL MURDER.

Wife is Subjected to a New Interroga tory by Officials. Paris, June 5,-Mme. Steinheil, whose

husband and mother were murdered in their residence last Sunday, was today subjected to a fresh interrogatory. It is declared that she revealed, in answer to questions, the fact that her husband had had relations with a woman of questionable antecedents, and suspicion has therefore turned in this direction.

# CURES

Whenever a sore or ulcer refuses to heal it is because the blood is infected with poisonous germs or some old blood taint which corrupts and pollutes the circulation. Nothing is more trying than a non-healing, chronic old ulcer. The very fact that it resists all external applications, and ordinary treatments, is good reason for alarm, for the same germ which produces cancerous ulcers is back of every old sore, and especially is this true if the trouble be from any inherited taint. Surface treatment cannot reach the trouble—the blood is at fault and must be purified before a cure can be hoped for. In S. S. S. will be found a remedy for sores and ulcers of every kind. trouble—the blood is at fault and must be purified before a cure can be hoped for. In S. S. S. will be found a remedy for sores and ulcers of every kind. It is a perfect blood purifier—one that goes directly into the circulation and promptly cleanses it of all impurities, poisons and taints. The ulcer can never heat while the blood discharges into it the noxious matter with which it is infected, but when S. S. S. has rid the blood of this cause and freshened and built up the circulation the sore will heal naturally, and of its own accord. S. S. S. begins at the bottom and heals the place as it should be healed and makes a permanent and lasting cure.
