

MRS. M'KINLEY HAS BLOOD INFECTION.

Caused by Periostritis of the Index Finger—Her Case Now Presents a More Hopeful Aspect.

Washington, June 8.—Mrs. McKinley's physicians were in consultation about two hours today and subsequently a very complete statement of the character of the illness from which she has been suffering was issued. Such statement has been prompted from time to time, and while in San Francisco it was said the President desired an announcement of the nature of Mrs. McKinley's illness given to the public. But for one reason or another the bulletin is as follows:

Mrs. McKinley's illness has been a blood infection resulting from periostritis of the index finger, (bone felon), which began in Los Angeles and which was promptly treated by incision. The condition of exhaustion was a result of the same blood infection, as

HENRY O. HAVEMEYER.

Baltimore, Md., June 8.—The jury in the census fraud cases has returned a verdict finding Joseph Ching, an attorney of St. Mary's county, guilty on the charge of padding the census returns with Guyther, who pleaded guilty but was not placed on trial. On all other counts the verdict is not guilty.

Graves, Bowles and Abell, who were jointly indicted on the same charge, were found not guilty.

After the trial counsel for the government made a proposition that Abell and Bowles should plead guilty to the further indictments against them on the charge of padding the census returns without a conspiracy and accept a slight term of imprisonment as punishment.

The matter was left open for further discussion.

Independence cannot take part in the cup defense. I will do all I can to arrange as many races as possible for her and the season closes that she may show her friends what a modern Boston boat can do.

Further than this Mr. Lawson would not discuss the subject.

CASE OF GAYNOR ET AL.

Will Question Validity of Indictment in the Supreme Court.

New York, June 8.—Abram J. Rose, counsel for Capt. Benjamin Green, John F. Wm. T. and Edward H. Gaynor, accused of conspiracy with former Capt. Carter, U. S. A., to defraud the government in connection with southern labor improvements, made a move today to question the validity of the indictment before the United States Supreme Court. He did this by revoking the bail bonds under which the four men were held for their appearance to stand trial in Savannah, Ga.

The men were surrendered to the custody of United States marshal, but a few minutes later they were taken before Judge Jacobus on an application for a writ of habeas corpus. The application was denied by the judge, and Mr. Rose took an appeal. The bonds of the four defendants were then renewed and they were at once released.

The matter will now be taken before the Supreme Court in Washington, but cannot be argued before fall, as the Supreme Court does not meet until October.

The questions at issue are the validity of the indictment of the defendants by the United States government at Savannah, the drawing of that grand jury and the question of jurisdiction.

Sir J. Blundell's Maples Mackintosh won the Westminster plate. W. C. C. Whitney's Water-Snail, (J. Reilly) was second, and James R. Keene's Disguise II, (Milton Henry) finished third.

Reappointment of Postmasters.

Washington, June 8.—Representative Mercer, of Nebraska, called at the White House today to ascertain the policy of the President in the matter of re-appointment of postmasters and other federal officers whose terms expire during the recess of Congress. He learned that, generally speaking, where it was the intention of the President to re-appoint the present incumbents the appointments would be held over until after Congress convened. In this way the necessity of filling two bonds will be avoided. In the case of officers having fixed tenures it may be necessary to make the appointments during the recess.

Big Fire in Dallas, Texas.

Dallas, Tex., June 8.—A big fire started at 10:30 o'clock on Elm street in the business district. The Hamilton Paint company and adjacent property is apparently doomed, and the loss will be heavy, as a stiff breeze is blowing and there is danger of the flames spreading.

Hamilton Paint and Glass company, \$20,000, insured for \$25,000; Thomas and Ellis Furniture company, damage \$10,000; A. P. Black, wall paper, etc., damage \$5,000, insured full; Devos & Co., \$5,000, insured; Guy Sumpter, two buildings, loss \$16,000, insurance \$5,000; miscellaneous losses estimated at \$1,000 and small insurance.

UNITED STATES' APPEAL TO POWERS

Wants Chinese Indemnity Proposition Submitted to The Hague Tribunal—Empress Postpones Return to Peking.

Washington, June 8.—The United States government has again appealed to the powers to submit the present issues at Peking over the indemnity propositions to the arbitration of The Hague tribunal. Mr. Rockhill, who has been watching for an opportunity, cabled Secy. Hay last night for permission to make a proposition and the secretary cabled this morning authority to do so. It is believed the ministers

at Peking become involved beyond extrication in the present issues and this proposition may be the only way out.

Shanghai, June 8.—An Imperial edict issued June 6 announces that, owing to the hot weather and the advanced age of the dowager-empress the return of the court to Peking has been postponed until September 1, which the astrologers pronounce to be a lucky day on which to commence a journey.

GREAT GOLD NUGGET DISCOVERED

Seattle, Wash., June 8.—The Times says: A giant nugget weighing \$364 was found in a recent wash-up on American Hill, Klondike, on the claim being worked by Thompson, Adams, Gains and Cornelius.

Today's reports from the north indicate exceptionally lively times on all the creeks. The clean-up of 1901 is in full swing. From all parts of the camp come reports of water running freely, and claim owners taking prompt advantage of the opportunity to wash up their dirt. Summer work is also beginning. Possible shifts are being put on at places.

Sulphur Creek reported a good flow of water all along the stream and activity at all points.

Eldorado is busy everywhere on the creek bottom and hills. The report comes from Cheechako that nearly every claim there is running full blast

and an aggregate of 1,000 men are estimated to be employed on the hill. The huge pumping plants of McDonald & Grant and Gordon & Co. are working 19 their full capacity.

Hunker and Gold Bottom are alive with men engaged in sluicing, and Hunker is already sending some gold to the coast.

Bonanza has also sent in some new crop gold and is working at nearly all points.

No reports are heard of scarcity of men and some predict that there are more men in the camp now than will be needed at the bustle season.

The long brewing war against concessions in the Klondike has opened with attacks against the big grants from all quarters, according to the Dawson News. Suit has been filed in the gold commissioner's court against the Doyle concessions on Bonanza and the Matson concession. A third suit is also to be brought against the Matson concession.

STILL TALKING OF THE DERBY.

London, June 8.—London is still talking of the Derby and the Oaks. The discussion of the relative merits of American and British methods of training and riding has broken out anew. It must be confessed that the British comments are generally very fair. They sorrowfully admit the superiority of America on every point. The Sporting Times says:

"The Derby has been won by a French horse and an American horse, but never until Wednesday was it won by a horse that had other than an English jockey in the saddle. What-ever our horses might be, the supremacy of our jockeys was deemed complete. But that fallacy is now exploded. Thus two records were broken, viz: A victory for a jockey who was not a subject of the king and the running of the race in the fastest time on record."

"The Derby was an Anglo-American triumph, but not so that of the Oaks, which was American pure and simple. It is a fact that rivalry ran high in America last year, and that three of the Oaks were ridden by jockeys of that nationality. Henry, who was imported by Mr. Keene, who brought Sloan to this country has made a rare beginning."

The papers have printed New York dispatches saying that Mr. Whitney would take Volodyovski to America, but he cannot do that. He has simply leased the horse for \$5,000 cash and half of what the horse might win at three and four year of age, after which he was to be returned. Had Lady Meux cared to sell the colt outright on an offer that was made he would now stand at \$25,000, the offer being \$15,000 down and \$10,000 more if he won the Derby.

In these matters she has not looked on money at all. Her great desire, was that as Higgins had borne the heat of the day he should reap the reward. For the reasons of the day an offer that would amount to Volodyovski's remaining in his stable. The only thing that might have altered all this was if King Edward had continued to be Prince of Wales. But for his accession to the throne we would not see him credited with what no living man has been credited with, viz: three Derby winners. Lady Meux is a very public spirited woman. She paid fully for a battery of guns, and the point is little aware of the tons of stores and comforts she has caused to be sent to the troops in South Africa. She has a splendid collection of Nelson relics, including Lady Hamilton's jewelry. When temple bar was removed, Lady Meux saved the materials from being broken up for sidewalks, had every stone numbered, and now old Temple Bar, exactly as it was in the Strand forms the principal approach of her estate at Theobald's Park.

Fabulous sums were won on Cap and Bells II's victory in the Oaks. The commissioners had literally unlimited orders to back the filly as long as a decent price was obtainable, and every American won and the woman that saw Foxhall Keene for a week was advised to back the horse.

Honor Medals for Naval Officers.

Washington, June 8.—The secretary of the navy today approved the recommendations of the naval board of awards concerning medals of honor and letters of commendation to a number of the officers and men of the navy, and men of the marine, who distinguished themselves during the campaign in China. Secy. Long's action did not go outside of the "China" recommendations and he will not pass upon

the Santiago medals until the return of Asst. Secy. Hackett.

The honors approved by the secretary are as follows:

Ensign C. P. Pottingill, U. S. N., letters of commendation for his skill, courage and efficiency at the battle of Tien Tsin.

Ensign A. H. McCarthy, U. S. N., to receive a very highly commendatory letter from the navy department for his skill, courage and good judgment in handling his vessel, the gunboat Calamianes in the Augusan river, Mindanao, February 26, 1901, and the successful carrying out of the object of the expedition.

The board agrees under the law no greater reward can be given this promising young officer. His exhibition of professional skill and nerve upon this occasion appeals most forcibly to its favorable consideration.

Major George Richards, U. S. M., to be breveted lieutenant colonel from July 13, 1900, for distinguished conduct in the presence of the enemy at the battle of Tien Tsin.

Capt. N. H. Hall, U. S. M. C., to be breveted major from August 14, 1900, for distinguished conduct in the presence of the enemy at the siege of Peking from the 20th of June to the 14th of August, 1900, both dates inclusive.

Captains Philip M. Bannon, B. H. Fuller, Charles G. Long and First Lieut. Robert F. Wynne, to be commended in general orders for their gallant, meritorious and courageous conduct in the battle of Tien Tsin.

The list also includes 37 non-commissioned officers and privates who are awarded medals of honor and letters of commendation for distinguished conduct during various stages of the siege of Peking in erecting barracks under heavy fire.

INTERNATIONAL MACHINISTS.

They Accept the Metal Trades' Declaration of War.

Toronto, Ont., June 8.—The International Metal Trades' association today passed a resolution to the effect "that after due consideration we accept the challenge of the National Metal Trades' association and after accepting this declaration of war we cheerfully picket up the gauntlet and hurl back defiance. We never will accept any modification of our demands and resume labor until the cause for which we struggle is triumphant and a shorter work day is an accomplished fact."

President O'Connell claims that the International association did all it could to get a satisfactory adjustment by pacific means offering to accept any decision reached by arbitration, that would cover the question nationally, but he says the employers refuse every effort of any conciliation.

F. P. Sargent, grand master of the Locomotive Firemen's association, assured the delegates that his order would assist them by all means in their power.

Gen. Grant's Leave Extended.

Washington, June 8.—Brig-Gen. Frederick D. Grant, who is now in this country on leave of absence from his command in the Philippines, has been granted an extension of leave until September 1 with permission to go abroad.

FELL FROM A TREE.

Son of County Clerk James Meets With a Bad Accident.

When County Clerk James arrived at his office this morning there was sad news awaiting him from his home. A telephone message had been received about twenty minutes before from his daughter, requesting that her father be told to come straight home as soon as he arrived at the office as Harold Pembroke, his nine-year-old son, had fallen from a tree and had not recovered consciousness since his fall. Mr. James, it is needless to say, made post haste home again.

Upon arriving at his residence he saw for Dr. Finkerton, who, after examining the head of the boy, expressed grave fears that he had sustained a severe concussion of the brain. Two hours after the accident the little fellow regained consciousness and at this time he was resting as easily as possible under the circumstances.

It appears that he was climbing a tree outside his home when a limb broke and precipitated him a distance of thirty-five feet to the sidewalk below. He fell with full weight on his head and shoulders.

Unger Conspiracy Case.

Chicago, June 8.—This Unger conspiracy case was brought to a sudden temporary stop shortly after court opened today by the ill-
