STIMULATED HIS IMAGINATION.

The mother of the three boys had noticed that when they slept in the same room they were a long time going to sleep. A little investigation brought out the reason.

"John," she said, "what kept you boys awake so long last night?"

"Bob was telling us stories," he replied.

"But I heard him saying, 'Boys, I wish you wouldn't bother me. I want to get to sleep.'"

"Yes," admitted John. "When he'd told us one story we'd get out of bed and run around the room awhile. Then we would crawl in again and put our cold feet against his back and keep them there till he told us another."

Years afterward, "Bob" became a famous lecturer and story teller, and that, possibly, is the way he got his start.—Youth's Companion.

HIS NEW BROTHER.

The brothers had more or less trouble with the boy next door, and hadn't always come out victorious. In fact, the boy next door was so much bigger that he seemed to have the best of it invariably.

So it wasn't an unusual thing when

Salt Lake City People Receiving the Full Benefit.

There have been many cases like the following in Salt Lake City. Everyone relates the experience of people we know. These plain, straightforward statements will do much toward relieving the suffering of thousands. Such testimony will be read with interest by many people.

Joe B. Cundead, retired, of 216 West Fourth, North, says: "Years ago I strained my back lifting heavy baggage and ever since I have had attacks of aching across the loins. At first they were trifling and I paid but little attention to them, but as I grew older spells occurred which did not pass away as mysteriously as they came, and three years ago the attacks were so severe, and of such long duration, that I knew I was in for kidney complaint. When a urinary trouble developed, particularly annoying at night, I resorted to remedies when attacks were in evidence, but from none of them did I receive anything like as satisfactory results as I did from Doan's Kidney Pills, procured at the J. F. Hill Drug Co's store. They stopped the aching across the small of my back and the usual weakness in the action of the kidney sections. What is of much more importance to me, up to date, there has not been a symptom of a recurrence."

Cured of Asthma

After Years of Terrible Suffering.

Mary Josephine Bery, Floyd Knob, Ind., writes: "After suffering untold agonies for 32 years from Asthma, I was cured by Schiffmann's Asthma Cure. I used to be so bad that I could not move without help, but I can now do all my own work." Another writes: "My little boy 7 years old has been a sufferer for several years, sometimes so bad that we could not hold him in bed, expecting any moment for him to breathe his last. Doctors did him no good and we had almost given up in despair, when through accident we heard of Schiffmann's Asthma Cure, tried it and it almost instantly relieved him." Mrs. D. C. Harris, Elbow P. O., Va. Sold by all druggists at 50c and \$1.00.

one of the brothers came into the house with a badly bruised eye. Moreover, he was crying when his aunt stopped him in the hall.

"Hush, Willie," he said. "You mustn't make any noise."

"What—what's the matter?" he asked, between sobs.

"You may disturb your new brother," said his aunt, soothingly.

"He died his eyes in a minute. 'Have I got a new brother?' he asked."

His aunt nodded. "One besides Jim?"

"She nodded again. 'Bully!' he exclaimed. 'You're glad of it?' she asked. 'You bet!' he fairly shouted. 'If Jim and me and the new one can't lick that feller, we'd better move.'—Chicago Post.

QUEEN DRAGA'S SISTER.

The Paris papers announce that Mile. Glens Lunjevics, the youngest sister of the late Queen Draga, is about to make a tour of the principal music halls of Europe, commencing at Zurich in September, in order to earn her livelihood by reciting the story of the machinations which led to the tragic assassination of her sister and her brother-in-law. The lectures will consist of the disclosure of many new incidents in connection with the crime, and, above all, the part alleged to have been played in the tragedy by the present king. A Serbian landowner, a friend of the family, has advanced the preliminary funds.

In the course of her tour, Mile. Lunjevics, who is 25 years of age, will visit Vienna, Budapest, Frankfurt-on-Main, Berlin, and Brussels. No arrangements have yet been made for her appearance in Paris, but it is considered probable that the sister of the unhappy queen will be seen in one of the principal music halls in Paris.

Mile. Lunjevics speaks excellent French, and her manager is said to have booked some very profitable engagements for her in those capitals where French is largely spoken.
