SAVE YOUR HAIR

TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S

KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Valencia the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

FORTY-SIXTH CONGRESS.

EXTRA SESSION.

HOUSE.

WASHINGTON, 21.—Consideration was resumed in the morning hour of the bill to repeal and amend the laws relating to the transfer of cases from State to Federal courts.

Frye suggested to Townsend, who has charge of the bill, whether, in view of the importance of the measure and lack of attention given it, he would not consent to have it referred to the judiciary committee or recommitted to the committee on revision of laws, not to be brought back this session.

Townsend declined to accede to the suggestion and intimated there was no lack of interest or attention on the part of the House. He insisted on his demand for the previous question.

Call of the House and yeas and nay votes on other dilatory motions consumed the morning hour and the bill went over.

The legislative appropriation bill was received from the Senate and referred to the committee on appropriations.

Cox introduced a bill for the International Exhibition of arts, manufactures and products in New York City; referred to the committee on foreign affairs.

As special order the silver bill was then taken up, the question being on the fourth section, yesterday, as amended on the motion of Marsh, amended as follows: "The charge of converting gold and silver bullion into coin shall be the difference between the market value in New York City of bullion and legal tender value of the coin. A vote was taken on the section, the friends of the bill voting against and the opponents of the bill for the section. The section as amended was adopted, yeas 113, nays 109. Seventeen democrats and one greenbacker (Jones, of Texas), supporting it, and one republican (Kelly) opposing it. A vote was then taken on the motion to reconsider and lay on the table.

The motion to lay on the table the motion to reconsider the vote adopting the fourth section of the silver bill as amended was carried, yeas 110, nays 109. This vote keeps the fourth section in the bill, thus defeating one of the main objects of its supporters.

At the last moment Springer, who had sustained the Marsh amendment, changed his vote from aye to no, which left it in the Speaker's power to defeat the motion by making a tie vote, but he did not exercise his constitutional privilege.

The fourth section therefore remains irrevocably in the bill. The fifth section, which directs the payment of small silver coins to any extent they may be required in exchange for gold coin, or for standard silver dollars, or for United States notes at par in sums of not less than $20, was agreed to.

Warner demanded the previous question on the sixth section, which makes gold coin and standard silver dollars legal tender in all payments. The previous question was seconded.

Weaver moved to amend the sixth section by adding a clause directing the Secretary of the Treasury to cause to be paid out without discrimination standard silver dollars belonging to the government the same as gold coin in liquidation of all kinds of coin obligations against the government. Agreed to, yeas 142, nays 75.

The seventh section, providing that silver coins of smaller denominations than one dollar shall be legal tender for any amount not exceeding $20 in any one payment was agreed to.

The eighth section requires the Secretary of the Treasury to receive deposits of gold or silver coin and bullion in sums of not less than $20, and to issue certificates therefore in denominations of not less than $20, and it provides that certificates representing coin in the treasury may be issued in payment of interest on the public debt, and that certificates for coin and bullion in the treasury shall be received at par in payment for all dues to the United States, including duties on imports.

Garfield made a point of order that the section looking to the payment of interest on the public debt in certificates was in violation of the Constitution, which provides that the validity of the public debt shall not be questioned, and was therefore not in order.

The Speaker overruled the point, stating it was not the duty of the chair to rule on the construction of law, that was a question for the consideration of the House itself.

Haskell made another point to somewhat the same effect, which was also overruled.

Warner moved the previous question on the eighth section, refusing to assent to the proposition of Garfield, that in view of the great importance of the section, debate should be permitted. The republicans thereupon resorted to their usual method under such circumstances of declining to vote, and so there was no quorum on seconding the previous question.

Mills appealed to Warner to yield his opposition and allow fair time for discussion, telling him there was no use trying to drive the minority.

Warner suggested he would find a way to compel a minority to vote, and that he would offer an amendment to the rules for that purpose. He intimated amid defiant laughter on the republican side, that his plan was to deduct days' pay from the members not voting, then there was a call of the House which developed the presence of 289 members, and all further proceedings under call were dispensed with.

The question then recurred on the secondary demand for the previous question, pending which Young, of Ohio, moved to lay the eighth section on the table; rejected—82 to 102.

Several motions to adjourn were voted down, but finally Warner himself, amid laughter on the republican side, made a motion to adjourn; agreed to, and the House adjourned.

EASTERN.

Kellogg and Spofford and the Election Committee.

WASHINGTON, 21.—The Senate committee of privileges and elections have requested Kellogg and Spofford to inform the committee of the number of witnesses they desire to call and the points of testimony they expect to elicit. The committee will then determine the time and manner of commencing the investigation.

Disinfecting Ships for Yellow Fever.

Dr. Hamilton, surgeon-general of the marine hospital service, has been instructed to transmit to the national board of health all papers received by the treasury department relating to disinfecting ships arriving in American ports with the yellow fever on board, and to inform the National Board of Health that the Secretary of the Treasury is ready to give prompt consideration to any suggestions or recommendations the board of health may make in relation to the subject.

Iowa Democratic Convention.

COUNCIL BLUFFS, Ia., 21.—The Democratic State Convention assembled this morning. A temporary organization was effected by electing James R. Hagerman, of Keokuk, president. Upon taking the chair he returned thanks for the honor and endorsed the attitude of the democratic party in Congress; denounced President Hayes, and declared that the democracy will not only elect the next president but will inaugurate him. Committees on resolutions and credentials were appointed, and recess was taken.

Upon reassembling, General A. C. Dodge was made chairman and T. O. Walker, secretary. The committee on credentials reported 476 delegates present out of 609 provided for in the call. A State central committee, headed by Ed. Campbell, jr., of the First district, was appointed.

General Dodge, on taking the chair, denounced the republican party for forcing resumption, and advocated a union of all elements opposed to the republican party.

H. H. Trimble was nominated for governor by acclamation, and Moses Bloom for lieutenant governor.

The Secretary of War to Become a Judge.

CHICAGO, 21.—The *Inter-Ocean's* Washington special says: Judge Dillon having decided to accept the professorship in the Columbia Law School, New York, it has been determined that Secretary McCreary shall be his successor. The new appointment will be made about the 1st of September.

Railway Telegraph Lines.

The *Tribune's* Washington special has the following, which is published here and indicates an advanced state of progress of the establishment of the new system of telegraph lines. The independent lines between Boston, New York, Philadelphia and Baltimore, are under actual construction, and the poles are now being delivered between these points. Several lines connecting these centres with various points in New England and Canada have been purchased or leased and several are in process of construction. The Wabash railroad system is in full co-operation with Warner's telegraph schemes, these lines being controlled by Cyrus W. Field, Soloman Humphreys Sydney Dillon, Jay Gould and other New York parties. It is also understood the Pacific roads are making arrangements under the leadership of Gould, to effect a connection with the Baltimore and Ohio system at Chicago, St. Louis and intermediate points.

WESTERN

Adolph Sutro's Energy being Rewarded.

SUTRO, Nev., 21.—Good progress is being made on the sub-drain of the Sutro Tunnel, which is intended to carry off the hot water from the Comstock mines. Over half the drain, or two miles thereof, is already finished, and with 1,200 men and 120 mules working day and night, it is the calculation to turn the water into it on the 4th of July next. This event is looked for with eagerness by the mining population, for it will mark a new era of prosperity for the bonanza and other mines embraced within this district. Millions of tons of lower grade ore, passed by in former times, will be made available, and it is expected that 1,000 additional stamps at the mouth of the Sutro Tunnel may be kept going for half a century to come. In anticipation of the near completion of the drain, and the opening of the tunnel for traffic the town of Sutro is rapidly building up, over 100 buildings having been erected within the past month. Last night the Sutro Opera House was opened with a concert by Mrs. Martha Porteous, the new prima donna, a Nevada lady, who will shortly appear in the eastern States, and promises to prove quite a star.

TELEGRAPHIC NOTES.

The Chinese ambassador to Spain has arrived at Madrid.

Memorial day was observed at Richmond, Va., with the usual decoration of graves of confederate soldiers in Hollywood Cemetery.

A cablegram received in Detroit, to-day, from the Henly-Stewards, announces the Shawsecaemattes, of Monroe, on account of their having been mechanics or artisans will be barred from entering the lists at the forthcoming Henly regetta.

Secretary Sherman has written a letter to the chairman of the State republican central committee of Ohio, stating positively it will be impossible for him to accept any nomination for governor, which may be offered him, as his duties in the Treasury department will not permit.

H. L. A. CULMER & CO., PUBLISHERS.

OFFICE OF

SALT LAKE DAILY TIMES.

SALT LAKE CITY UTAH, March, 1879.

TO THE CITIZENS OF UTAH: WE ARE about to publish a general and complete Directory of Salt Lake, Utah, Davis and Weber Counties, giving name, occupation and residence of every citizen, and in addition, will be a correct Business Directory of every City and town in Utah, giving name, business and residence of every merchant, dealer or manufacturer in the Territory; thus constituting a work long needed and that will be of immense value and interest to the country, and especially to the business portion of the community.

Incorporated into the Directory will be a concise and reliable account of the various advantages which each city presents, whether manufacturing, mining or commercial; its public buildings and institutions, together with all other practical information that will be of value to the general public.

An efficient corps of experienced men have been engaged in this work throughout various parts of the Territory, and are now making a record of the residents and business houses of SALT LAKE CITY. They will also dispose of the limited number of pages which the book will devote to advertisements, and we respectfully solicit for them the information and support that a work of this character deserves. The Directory will be sold only by subscription. Price Three Dollars.

Respectfully,

THE CHIEF OF HEALING COMPOUNDS.

HENRY'S

Carbolic Salve.

The Most Powerful Healing Agent ever Discovered.

Physicians give it the highest recommendations.

POINTS TO BE BORNE IN MIND.

Carbolic Salve positively cures the worst sores.

Carbolic Salve instantly allays the pain of burns.

Carbolic Salve cures all cutaneous eruptions.

Carbolic Salve removes pimples and blotches.

Carbolic Salve will cure cuts and bruises.

Henry's Carbolic Salve

ranks at the head or all Salves, Ointments and other Healing Compounds, and has achieved a greater reputation and has a larger sale than any other similar preparation. The most

VIRULENT ORES AND ULCERS

have been cured with wonderous rapidity by the use of Carbolic Salve, and it is prescribed by almost every physician in Utah. Testimonials throughout the country in their practice.

Testimonials from the most respectable sources, medical and otherwise, are constantly accumulating on our hands, demonstrating the sovereign efficacy of

This Great External Remedy,

and that the cures which it affects are as prompt as they are complete. The two following excerpts are all we deem it necessary to insert:

Geo. B. Lincoln, Pres't of the Board of Health, N. Y., writes: Your Carbolic Salve is an excellent article, and I thank you for. This is another evidence of the great value of the discovery of Carbolic Acid.

D. M. Locke (Petroleum V. Nasby), of New York, states that he had "on the forefinger of his right hand one of those pleasant pets, a 'run-round,' the finger became inflamed to a degree unbearable.

A friend dressed it with Carbolic Salve, and in twenty minutes the pain had so much subsided as to give a fair night's rest. The inflammation left the finger in a day."

Henry's Carbolic Salve

is used extensively in Hospitals, and is found to be not only a thorough purifier and disinfectant but also the most wonderful and speedy healing remedy ever known. Sold by all Druggists.
