EARTH CLOSETS!
ARE the modern improvements which take the place of and supersede the Water Closet in houses, and dispense with cesspools and other repulsive features of the out-door privy.

ENTIRELY dispense with the use of Water, and enable Dry Earths in its stead. They are comfortable, instead of with the usual disgusting surroundings. Are especially adapted to the use of invalids and of the sick room.

FREE from offensive odor, at all times, whether in or out of use, can always remain where most needed.

Commodious, which may be used in any room, and fixtures, by which an Earth Closet may be set in any convenient place in the house, are sold so cheaply that they are within the reach of all.
