

NEED FOR BRIDGE IN EMERY COUNTY

Petitions Seeking Legislative
Action Are Being Circulated
And Widely Signed.

OVER AN HISTORIC ROUTE.

Established by Indians When the
Western Empire Was First Be-
ing Invaded by Settlers.

Because Utah is a growing state, and
its sections, suddenly taking on popu-
lation and wealth, demand unprece-
dented considerations, at least one
petition is brought to the legislature.
It comes from Green River and Elgin.
The community amounted to much
more than sagebrush half a dozen
years ago. Had the demands of the
country been voiced in the legislature
they probably would have been
met. The food for jackrabbits, and
the pickings for sageshens.

Now however the demand that is
made is for a bridge across Green riv-
er. Not just an ordinary wooden
bridge that a county commission could
build with volunteer labor and saw
logs from the nearest mountains, but
a up-to-date bridge. Specifications
require that it be a steel bridge, that it
cost \$25,000, and that the state give
this money just to prove that it is
interested in the growing young com-
munity of southeastern Utah.

PETITIONS CIRCULATED.
Petitions are being circulated to be
presented to the legislature on the mat-
ter of the bridge. Here is what the
Emery County Progress has to say
about them.

The citizens of Green River are cir-
culating a petition to present to the
legislature about to convene
praying for an appropriation of \$25,000
for the building of a steel bridge across
the river at their own town. A similar
petition is also being circulated by the
citizens of Elgin, across the river. The
petition is one that every one in
Emery and Grand counties can consis-
tently and heartily support. It is in line
with the policy of the legislature, and
agrees with the good roads agita-
tion now so rampant throughout the
country. There are few things that
lead to the rural and urban citizen so
quickly as good roads. A big factor of
the state of Colorado. From that
highway extending westward there
ought to be a great highway running
through Grand and Emery counties,
crossing the state's largest river at
a point of Green River. In order that
the road may be passable in winter
as well as in summer it may be neces-
sary the road shall run southwest from
Green, crossing the range via Salina
pass, making a route already quite well
traveled at this end with fairly good
roads and a mountain pass easily
crossed. South of Green River,
Utah, there is not a bridge across
the river. Yet in this intervening
distance and for many miles south
the country is settling up with ranch-
men, while the live stock interests
have not up to the value of several
hundred of dollars. All these interests
deserve consideration and recognition
the hands of our legislators.

AN OLD ROUTE.
From the first days of the early set-
tlement of this western empire the
road Junction Green River-Salina
upon route has been known far and
wide. The Indians established it, and
one of their trails could be plainly seen
day along this route. In the days of
the California gold rush many prospec-
tors and seekers of the yellow metal
crossed the Salina pass trail, and
recently Colorado miners and
prospectors en route to the mining
fields of Nevada have traversed the
same route. Dozens of interests, and
any of them very important, demand
the state's duty to meet this
demand, and the enterprise should not
be considered sectional by any means
or charged up as of any more particu-
lar benefit to Grand and Emery coun-
ties than to the state at large. The
enterprise is a duty the State of Utah
owes to the whole state at large as
well as to the citizens of adjoining
states.

Who's Who in
Senate Committees

Who's Who in Senate Committees

BENNER X. SMITH.

Chairman judiciary and military af-
fairs committees. In the last session
he was chairman of the committees on
state and municipal corporations, and
lands and water. He is a member of the
law firm of Smith & Smith, and a prominent
member of the Salt Lake bar.

RUDOLPH KUCHLER.

Chairman committee on manufactures
and commerce. With the explanation
that his county platform was silent on
temperance legislation, he will seek to
have bills in this field referred to his
committee. On smothering bills he is
an expert without a rival in skill in
either branch of the legislature.

"UNCLE" JOHN SEELY.

Chairman of the committee on live-
stock. He is one of the best known
stockmen in Utah, and owns a small for-
tune in prize cups and silver and gold
medals for his fine-bred stock.

WILLIAM N. WILLIAMS.

Chairman committee on appropriations
and claims. Long service on this
committee has given him the reputa-
tion of being the "watchdog of the
treasury." He is a Salt Lake, and a
well known business man.

CARL BADGER.

Chairman railroad committee. In
the event of a commission bill being
introduced, or other railroad legisla-
tion being brought up he will have
plenty of work to do.

JOHN Y. SMITH.

Chairman committees on agriculture
and irrigation and banks and banking.
Smith is from Lehi, and is a banker
and mining man. He succeeds Presi-
dent Gardner at the head of the im-
portant committees. Much legislation
is expected, will be referred to these
committees.

RUDOLPH KUCHLER.

Chairman committee on manufactures
and commerce. With the explanation
that his county platform was silent on
temperance legislation, he will seek to
have bills in this field referred to his
committee. On smothering bills he is
an expert without a rival in skill in
either branch of the legislature.

ALBERT E. MILLER.

The gentle philosopher from St.
George. As chairman of the commit-
tee on mines and minerals he will have
important bills to consider. He ac-
quired legislation of value to his dis-
trict in the last session, in the shape
of an appropriation for bridges across
the Rio Virgin.

DON'T TAKE THE RISK.

When you have a bad cough or cold
do not let it drag along until it be-
comes chronic bronchitis, or develops in-
to an attack of pneumonia, but give it
the attention it deserves and get rid
of it. Take Chamberlain's Cough Remedy
and you are sure of prompt relief. From
a small beginning the sale and use of
this preparation has extended to all
parts of the United States and to many
foreign countries. Its many remarkable
cures of coughs and colds have won for
it this wide reputation and extensive
use. For sale by all druggists.

HELD FOR OPAL ROBBERY.

Bert Cheney Taken at Bingham for
Theft in Wyoming.

A man known as Bert Cheney,
wanted at Opal, Wyo., for robbing the
O. S. L. strong box at that place,
and for whom a search had been kept
up in three states, was arrested yester-
day afternoon at Bingham. The man
was brought to the county jail by
Deputy Sheriff Emery and will be
held there pending the arrival of offi-
cers from Wyoming.

The robbery occurred two weeks ago
and since that time officers have been
searching for Cheney in Wyoming,
Utah and Colorado. He was located
and arrested by Deputy Sheriff Harr
and Marshal J. W. Grant.

DON'T GET A DIVORCE.

A western judge granted a divorce on
account of ill-temper and bad breath.
Dr. King's New Life Pills would have
prevented it. They cure Constipation,
causing bad breath and Liver Trouble.
The ill-temper, diaphoretic, banish
headaches, conquer chills. 25c at Z.

POLICE RAID IN TENDERLOIN.

Squad of Plain Clothes Men Close Up
"The Little Diamond."

A resort at 49 Commercial street
known as the "Little Diamond," was
raided last night by six policemen in
citizen's clothes and three women of
the town were placed under arrest. The
raid was made because the place had
not been closed up as ordered by the
police some time ago. The women ar-
rested were Cora Boyd, Norella La
Monte and Hazel May. Bell was fixed
in the sum of \$50 each which the
women were unable to give and they
were locked in the city jail.

It is generally believed that the ar-
rest is simply following the policy
introduced by the police some time ago
to try to close up such houses, so that
the women would be forced to go to
the "stockade." If they don't go they
are arrested and if they do go there
the sheriff's force raids them.

BRAVE FIRE LADIES.

often receive severe burns, putting out
fires, then use Bucklen's Arnica Salve
and forget them. It soon drives out
pain. For Burns, Scalds, Wounds, Cuts
and Bruises it is the greatest healer.
Quickly cures Skin Eruptions, Old
Sores, Boils, Ulcers, Felons; best Pile
cure made. Relief is instant. 25c at Z.

GUN PLAY ENDS POKER GAME.

George L. Jordan of Mazuma May
Lose Use of His Arm.

George L. Jordan, a prominent real
estate dealer and business man of
Mazuma, the principal town of the
Seven Troughs mining district, will
probably be deprived of the use of his
left arm for the rest of his life, be-
cause of the gun fight which recently
took place in the barroom of the Ma-
zuma hotel between himself and Bill
Marrison, one of the proprietors of the
place.

The details of the affair which have
so far reached this city indicate that
the shooting was somewhat in the na-
ture of an aftermath of a prolonged
poker sitting.

Marrison, it is said, after cashing
a check for \$48 for Van D. Spaulding,
with whom he was unacquainted, made
some half jesting remark about the
value of the check, and this was re-
sented by Jordan, who has known
Spaulding for many years. In the
quarrel of words which followed, Jordan
drew his gun and after firing one
shot at Marrison, the gun missed fire,
nothing but metallic clicks follow-
ing each pull on the trigger, and Mar-
rison, who got his gun from under the
bar when the first shot was fired, sent
three bullets into Jordan's left arm,
with the result that he will probab-
ly never have the use of it again. All
the men are well known through the
mining west.

ROSY AND PLUMP

Good Health from Right Food.

"It's not a new food to me," re-
marked a Va. man, in speaking of
Grape-Nuts.

"About twelve months ago my wife
was in very bad health, could not keep
anything on her stomach. The doc-
tor recommended milk half water but
it was not sufficiently nourishing.

"A friend of mine told me one day
to try Grape-Nuts and cereal. The re-
sult was really marvelous. My wife
regained her usual strength and
today is as rosy and plump as when a
girl of sixteen.

"These are plain facts and nothing
I could say in praise of Grape-Nuts
would exaggerate in the least, the
value of this great food."

DEBATE CALLED OFF.

Only Women Are Available in the
University of Nevada.

Debating Manager Ralph Hartley to-
day received word from Manager W. S.
Lake of the University of Nevada, can-
celling the debate with Utah. Mr. Lake
stated that debating has been a dead
issue in Nevada for the past three
years, no one showing any interest in
it whatever. This season a final at-
tempt was made to revive interest, but
in vain. The majority of the students
of the Nevada university are registered
in the engineering department and,
said Mr. Lake, they had to look to the
young ladies for support in this line,
and matters looked rather encouraging
for a while, until it became known
that if Nevada met Utah, women
would not be allowed to participate.
Mr. Lake says that Nevada will go
in for any athletics, but hesitates
when it comes to any such strenuous
work as debating. It looks as though
Utah would have to form a ladies' de-
bating league, if they would have the
honor of defeating Nevada on the
rostrum.

A HORRIBLE HOLD-UP.

"About ten years ago my brother
was 'held up' in his work, health and
happiness by what was believed to be
hopeless Consumption," writes W. B.
Lipcomb, of Washington, N. C. "He
took all kinds of remedies and treat-
ment from several doctors, but found
no help till he used Dr. King's New
Discovery and was wholly cured by six
bottles. He is a well man today." It's
quick to relieve and the surest cure
for weak or sore lungs, Hemorrhages,
Coughs and Colds, Bronchitis, La
Grippe, Asthma and all Bronchial af-
fections. 50c and \$1.00. Trial bottle
free. Guaranteed by Z. C. M. I. Drug

BIG IRRIGATION PROJECT.

La Grande Ronde Valley in Oregon
To be Reclaimed.

An enterprise looking to the reclama-
tion of 20,000 acres of land in La
Grande Ronde valley, Oregon, is being
fostered and in connection with it the
names of Utah men are mentioned.
Prominent among these is David Eccles
of Ogden, head of the Amalgamated
Sugar company, which has a factory
in La Grande Ronde valley. It is
stated that Mr. Eccles will put \$400,000
into the proposition, providing the en-
tire tract of land is subscribed for by
the farmers, at the rate of \$20 per acre.
After 10 annual installments had been
paid, the water right would go with
the land. Of the tract, 12,000 acres
can be readily supplied with water, and
the irrigation of the remainder is not
considered to be a difficult matter. The
water would run down a natural chan-
nel from a dam in the La Grande Ronde
river, to a point within a short distance
from the city of La Grande.

CROUP AND WHOOPING COUGH.

The mothers of young children have
no need to fear these diseases if they
keep Chamberlain's Cough Remedy at
hand. Mr. M. Davenport, of Paula, Wis-
consin, writes: "I have used Cham-
berlain's Cough Remedy in my
family for several years and have found
it especially effective for croup and
whooping cough." For sale by all drug-
gists.

SOCIAL AND PERSONAL.

Mrs. Fred U. Leonard was hostess yester-
day at a violet luncheon given in
honor of Mrs. T. H. Hunter, violet and

The junior class of the University are
promoting the most brilliant school
event of any preceding year in the an-
nual junior promenade to take place to-
morrow night. For the last two months
the juniors have been working at a
decorative scheme, and yesterday after-
noon the real work of decorating the
gymnasium was begun. The decora-
tions are in imitation of a snow scene,
and are made of strong cotton conceal-
ing the great rafters of the gymnasium,
giving an excellent snow effect. The
suspensive rigidity. An immense illu-
minated red "C" is suspended in the center
of the room, with the numeral "1909" on
either side. Around the sides will be the
bottles of the various societies fraterni-
ties and sororities, including the
"Omegas" and "Normals." The formal
will be a new feature this year, as they
have never been represented in the
promenade before. Each organization has
its original idea to present in its booth.
Each "prom" in past years has been a
great credit to the fraternities.

Mr. and Mrs. A. H. Godde entertained
