GENTLEMEN-The following is my wife's testimony in regard to what she has done with the machine. I consider it simple, durable, and Yours, &c., ROBERT F. DOBSON. all you claim for it.

GENTS.-I have earned thirty dollars (\$30) during the past five weeks with the Knitting Machine we bought of you this fall, besides doing all my house work for a family of five persons, by working at knitting less than half the time. My customers think the knitting superior to hand knitting, and I am knitting for several families that have other knitting machines. Can do better, now that I am well learned, than I did at first. I am well satisfied with the machine. "busevod" Mrs. ELIZABETH DOBSON, Darlington, Wis.

GENTLEMEN-I have now had the Branson Knitting Machine for several months, and I consider it the best machine in use. It is so simple that my little girl, twelve years old, can knit on it without receiving any instruction whatsoever.
