

MURPHY MATCHED WITH DICK HYLAND

Eastern Sporting Writers Pay Considerable Attention to Californian.

AFTER THE CHAMPIONSHIP.

Barring Gans, Harlem Fighter the Most Scientific Boxer in the East, According to Edgren.

After visiting most of the large cities between Denver and New York, "Red" Murphy, the little fighter from California, has finally secured a match for his man. He is signed to fight six rounds with Tommy Murphy sometime in September before the club offering the largest purse. Eastern sporting writers have paid considerable attention to Hyland and a great amount of interest in the match will be stirred up between now and the time when the two fellows climb through the ropes to do battle.

Hyland has sent about a bale of papers from the east, all containing glowing accounts of the prowess of the little fellow. No less an authority than Bob Fitzgibbon, fighting with Hyland, has been matched with Tommy Murphy, the best in the west with the best in the east.

Here at last Tommy will meet one of the great little men of his own class, and we will see whether or not he is really the wonderful little fighter we have thought him.

Tommy has whipped many famous fighters, but most of them had already begun to slide back. Tommy only pushed them down the hill a little faster. In Hyland he will meet one of the greatest lightweights in the world—a boy of his own age and greater experience—a lad who is at his best right now.

The terms of the match call for catch weights. Murphy will naturally weigh just about the lightweight limit—135 pounds. He may come a shade under it. Hyland will weigh between 125 and 130. There is but slight difference between these two little fellows, physically. Murphy is half an inch taller. Hyland may be half an inch broader across the shoulders. He is broader there's no doubt of that. He's the broadest little fellow I ever saw—and he weighs a 125-pounder that punches his thick neck like a new No. 9 shoe on a No. 11 foot.

VERY MUCH ALIKE.

Hyland and Tommy Murphy are very much alike in other respects. Both do good occupation. Neither smokes nor drinks liquor or tobacco. In fact, each is a man who has a good appetite and never suffers from indigestion. He is a man who has a good appetite and never suffers from indigestion. out a wrangle. It only remained to promote publicity.

Hyland and Murphy stripped and slipped into their fighting tags. They stood before the camera.

When two fighters pose one usually suggests everything. When Jimmy Britt and Terry McEvoy posed before the Evening World's camera, Britt bowed Terry around and Terry meekly fell into the position.

I watched Hyland and Murphy carefully. Neither showed any inclination to bow to the other. Hyland threw himself into an aggressive position, and Tommy instantly put himself into the pose of a man who knows his own power.

The next picture Tommy took his turn at landing a blow, while Hyland posed the recipient. Neither wanted to be the whole show. And in the instant accurate action of each there was shown the scientific knowledge of a master of the art.

The posing over, Hyland and Murphy shook hands in a friendly way. McEvoy gently told Oliver a new funny story. Oliver gently countered with another, and the meeting was over.

When Hyland and Murphy again met in the ring the fight is dated for September.

SCIENTIFIC FIGHTERS.

Tommy Murphy is undoubtedly the best and most scientific lightweight in the east, having only one champion, Hyland, is the most promising lad produced by the far west since Battling Nelson came into the limelight.

Hyland has a remarkable fighting record. As a amateur he fought forty battles, winning thirty-five with knockouts and the rest on decisions. He fought Rocky Neil, it was his first professional fight, and he tackled the champion in his class. He was then a featherweight. Neil beat him down in four rounds.

Undiscouraged by his first defeat, Hyland went right on fighting. After winning three more, he was knocked out by a man named Ed. By this time he had created such an impression that he was pitted against the great Ed. He made good. He beat Young Eberlin in five rounds, knocked out Jack Haley in five rounds, and wound up the evening by knocking out Young Sullivan in three.

A month later he whipped Mart Devaney in Denver in four rounds.

Then he began flying higher. Hyland went to Ogden and knocked out Young Corbett in five rounds. He knocked out Tommy Howard in six. He lost to John Thompson in Los Angeles on a foul. Then he met Eddie Harmon in San Francisco, giving away several pounds of weight, and knocked him out in the thirteenth round. A month and a half later he beat Cyclone Thompson in twenty rounds. Billy Pinacane fell under a Hyland wallop in the third round, and then fighting Dick came eastward to find new victims.

Hyland is a "Country Jack." His father was born in Cornwall, in Heilston, the birthplace of Bob Fitzsimmons. Dick himself was born in Grass Valley, Cal., a stronghold of Cornish miners. His real name is William Uren. He will be thirty-two years old next October. Hyland is coming fast. Murphy is coming fast. The winner of the fight

BENNION GOING EAST.

Crack Utah Football Player Leaves Soon for Pennsylvania.

Fred Bennion, the best known athlete in Utah, will leave shortly for Pennsylvania, where he will enter the University at Philadelphia to take a course in law and incidentally take part in athletics. It was reported recently that before very long he will develop into a full fledged coach. He has received several offers to act as coach and finally accepted the offer of the Salt Lake Press club company. Salt Lake will undoubtedly hear in a short time that Bennion has been placed in charge of one of the teams.

Bennion has taken part in many branches of athletics in Utah, and has proved himself a star in every one. The easterners take notice there can be no doubt whatever. His many friends here wish him all the success he could desire in his new venture.

COL. THOMAS SNELL'S WILL TO BE CONTESTED.

Bloomington, Ill., Aug. 5.—The probating of the will of Col. Thomas Snell is causing lively interest in central Illinois and northern Iowa, where he had property valued at near \$2,000,000. Of five children, only one son, Richard Snell of Clinton, Ill., is living. Yet Col. Snell cut off this only son entirely. In fact, the entire estate is put in trust and is not to be distributed until 20 years after the death of the youngest heir. The youngest daughter of Mrs. William V. Dinamore of San Jose, Cal., is the youngest heiress-at-law and should she live until 77 years of age the estate will remain in trust for 20 years longer than that, or 90 years.

It is estimated that if the directions of the testator are carried out to the letter and the estate not divided for 15 or 100 years, it will, with its earnings, amount close to a billion dollars. The heirs-at-law will attempt to show that the eccentricity of the testator incapacitated him from making an equitable distribution of his property, and they will seek to have the will set aside. In this they will be strongly aided by the knowledge of the physical and mental condition of Col. Thomas Snell. Shrewd, close and grasping by nature, he was at times fanciful and flighty.

It was times he proposed the sale of his property and the settlement of some of the residents refused to quarter union troops in their households. For this he was put in jail by Gen. Boyle. Col. Snell made his first big money building railroads, starting with the Illinois Central when it was first projected south from Freeport. He built 800 miles of that road and afterward 150 miles of another of other roads. Later he turned his attention to manufacturing, banking and landed investments.

NO PASSES IN TEXAS.

Austin, Tex., Aug. 5.—The railroad commission today issued a general order forbidding the granting of transportation or free services, except those expressly exempted. The commission further declares that prosecutions will be instituted in every county in the state through which a railroad runs where an officer or employee gives free transportation in violation of the act.

FURNITURE TRUST.

Chicago, Aug. 5.—Judge Landis in the United States district court today ordered the dissolution of the church and school furniture trust recently punished by fines amounting to \$42,000 for admitted violations of the anti-trust laws. The court entered a decree making permanent the injunctions recently granted against the company, which were recently fined, restraining them from further trust agreements or conspiracies to monopolize and restrain trade in violation of the law.

GOV. GLENN WINS.

Raleigh, N. C., Aug. 5.—Gov. Glenn today received a telegram from the Louisville & Nashville railroad saying that they will pull the 24-cent state rate in effect on the 8th of August. This is the last road to surrender to the state laws, and on the 8th of August all the roads in North Carolina more than 60 miles long will be using the state rate.

FOUR YEARS FOR TURNER.

San Francisco, Aug. 5.—Paul B. Turner, formerly a clerk in the Oakland postoffice, convicted of embezzlement, was today sentenced to four years at hard labor in San Quentin by Judge De Haven. Turner was recently arrested in Boston.

WORK FOR UNIVERSITIES.

New York, Aug. 5.—"More than one university is today in danger of being misunderstood, because a few trust magnates are giving millions of dollars to them," declared Henry McCracken, chancellor of New York university, in an address before the trustees of the university today.

"Such universities are in danger of being reckoned the purchased servants of a narrow cast. The sure and efficient way to escape this suspicion is for them to rid themselves of idle undergraduates who make no end of trouble and to devote their money and energy to giving instruction and inspiration to the public teachers throughout the land. In a word, let the university cease to serve so largely the selfish and narrow interests of the productive and industrial magnates who come to us every year."

SLEEPLESSNESS.

Do you know what makes people lay awake and toss and roll about at night?

Doctors tell you there are various causes. I tell you I have a stomach trouble. I know it because I've seen thousands of cases and watched them. A stomach that is over-crowded with undigested, decaying food matter effects every organ of the human body. It causes nervousness, headaches, constipation, impure blood, poor circulation and dulls the mind. It makes one restless and uneasy. When your stomach is working right you feel right. You sleep well and you eat well.

People come to me day after day and tell me they can't rest after eating. They have a dull headache. At night they go to bed simply because they are exhausted. They catch a few cat naps and get up in the morning feeling as worn out as they did before.

I have recommended Cooper's New Discovery, a regular diet, regular habits and invariably these same people come to me afterwards and tell me they feel much better because they eat well and sleep well.

Here with is a sample.

A letter I received from Mrs. Geo. Weisel, 121 Providence Road, Scranton, Pa., says:

"I suffered for three years from stomach trouble, inactive liver and rheumatism. Everything I ate disagreed with me and I lay awake night after night. I had no pleasure in life and could scarcely do my work about the house. I heard from a neighbor of Cooper's New Discovery and I bought two bottles of it. It helped me right away. Now I have a good appetite and never suffer from indigestion. I sleep well and awake refreshed. I want to thank you from the bottom of my heart for what this medicine has done for me."

The Cooper medicines have a larger sale than any medicine on the market. Our customers speak highly of them.
