

NOT A PAYING SCHEME.

Holidays Should be Observed in the Pitt as Elsewhere.

NEARLY A WHITEWASH THIS MORNING.

In the Bulletin-Block-Twin Ranges Place Operations-The Rivalry Mine-Silver-Stocks.

The proposition of ignoring a legal holiday for the transaction of mining stock business is not a paying proposition, was clearly demonstrated today when the bulls and bears met at the pit as in their daily wont, and went at it hammer and tongs for a period of half an hour. Despite the fact that to pile up black upon black, black upon stock, here a little and there a little, the securities would not respond, but with a surprising determination on the part of the buyers for their share of patriotism, took an innovative stand, and succeeded in their endeavor to the extent that so more than a hundred shares changed hands during the day. The day, however, in the Rivalry Mine, was the showiest in the pit has known its previous history, and the credit for saving the situation from a whitewash, is due to Charles Point and the men who rallied in its transfer at 80 cents a share.

It will, while not productive of much business, was responsible for good figures, and the market remained fairly steady with security. Also improved to the bidding and closed at 12 cents while the market for the Rivalry Mine was in demand at \$3.20. The Rivalry Mine was practically stationary, together with Greys-Martin and Glenn, each of which held yesterday's advance, while Mammoth kept putting the downward grade and thereby, in case of its special dividend report, was greeted with a heavy bid. The market for Northern Light was in the afternoon, and closed for 20 cents, but business here was prevented from going to higher figures being considered beyond the limit of the game. Improvements were also noted in Ontario, Silver, King and Utah, but the market was not so active as it has been in the past.

Patriotic stocks included the leaders here, and the market was in a very active condition. The Rivalry Mine was the only stock on the list remaining in the black, and at 80 cents. The market for the Rivalry Mine was in a very active condition, and the market was in a very active condition. The Rivalry Mine was the only stock on the list remaining in the black, and at 80 cents. The market for the Rivalry Mine was in a very active condition, and the market was in a very active condition.

Table with columns: Stock Name, Bid, Asked. Includes entries for Rivalry Mine, Greys-Martin, etc.
