KISSED ANOTHER MAN'S WIFE.

"You scoundrel," yelled young Jacob Green at his good neighbor Brown,—"you kissed my wife upon the street,—I ought to knock you down."

"That's where you're wrong," good Brown replied,—

In accents mild and meek;
"I kissed her; that I've not denied
But I kissed her on the cheek—

and I did so because she looked so handsome—the very picture of beauty and health. What is the secret of it?

"Well," replied Green, "since you ask it, I will tell you; she uses Dr. Pierce's Favorite Prescription. I accept your apology. Good night."

An unhealthy woman is rarely, if ever, beautiful. The peculiar diseases to which so many of the sex are subject, are positive causes of pale, sallow faces, dull, lustreless eyes and emaciated forms. Women so afflicted, can be permanently cured by using Dr. Pierce's Favorite Prescription; and with the restoration of health comes that beauty which, combined with good qualities of head and heart, makes women angels of loveliness.

"Favorite Prescription" is the only medicine for women, sold by druggists, **under a positive guarantee** from the manufacturers, that it will give satisfaction in every case, or money will be refunded. It is a positive specific for leucorrhea, painful menstruation, excessive flowing, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb.

The First Assistant Postmaster-General Starts on an Official Tour Westward.

THE SCOTCH-IRISH CONVENTION CLOSES.

The Company of "Mormon" Immigrants Allowed to Proceed Without Interference.

DEMOCRATIC CONVENTION AT MONTGOMERY.

A Sensational Story Affecting Prominent Officials of the Northern Pacific R. R.

By Telegraph to the NEWS:

WASHINGTON NOTES.

First Assistant Postmaster-General Clarkson.—Army Frauds.

WASHINGTON, May 31.—First Assistant Postmaster-General Clarkson leaves tomorrow for an extended official tour of the far West. He will at once proceed to Seattle, Washington. From that point diverging tours will be made through Washington and Oregon. Later he will visit San Francisco and other leading cities and towns of California. The prime object of this tour is to obtain a thorough knowledge of the postal needs for the Pacific slope. Clarkson is of the opinion that the far West is entitled to better facilities, and believes that Western men acquainted with the peculiarities and rapidity of Western development are best able to judge of its postal needs. He will make a close inspection of the service at all important centers, and on his return, in about a month or six weeks, will make such recommendations as the situation demands. Upon his return to Washington he will tender to the President his resignation, to take effect immediately.

THE TARIFF BILL.

The republican members of the Senate committee on finance reformed consideration of the tariff bill this morning, and remained steadily at work until 1:45 p. m., when a recess was taken. Schedules A and B, covering chemicals, earthenware, pottery and glassware, were disposed of, and several pages of the metal schedule and manufactures of iron and steel. The changes from the House bill are said to be comparatively unimportant.

CONCERNING ARIZONA.

On June 10th a court-martial will convene at Tucson, Arizona, for the trial of Captain Alonzo E. Mitchmore, assistant quartermaster, charged with defrauding the government. Late developments resulted in the order from the War Department for a trial of three other officers, Majors Joseph W. Wham and Albert S. Towar of the pay department, and Major Amos S. Kimball, chief quartermaster of the Department of Arizona. The quartermasters are charged with fraud in having rented a room in their personal quarters to the government for a sum nearly equal to the amount paid for the whole house, thus getting the rent practically free and their regular allowance for quarters in addition. The charges against Mitchmore are various fraudulent transactions, such as carrying his wife on the pay roll as a clerk, his servant as janitor, and renting his property fraudulently to the government. Kimball will be charged with neglect of duty in not discovering or reporting these flagrant cases of fraudulent administration.

Alabama Democrats.

MONTGOMERY, May 31.—The Democratic Convention met this morning. The platform adopted reaffirms allegiance to the principles of the democratic party, as promulgated by Jefferson, defended by Jackson and maintained by Grover Cleveland. It holds that any interference on the part of the government in the selection of Senators and Representatives in Congress is a usurpation of power unwarranted by the Constitution. Unalterable opposition to the present high tariff is declared, and a liberal and thorough system of public schools is favored. It further declares that the welfare of the entire people of the State, without regard to race or color, depends upon the continued administration of public affairs by the democratic party, which alone combines the intelligence, experience and virtue necessary to perpetuate the blessings of a free government therein, and that a continuation in power of that party is the highest duty of all white men.

Something Sensational.

MINNEAPOLIS, May 31.—The *Journal* prints a sensational story affecting prominent officials of the Northern Pacific. It charges that on the night of February 4th the Western Union telegraph wires were cut two miles east of Jamestown, N. D., but investigation proves that the work was done by prominent Northern officials and two operators, it is supposed at the instance of a still higher official, who, it is claimed, worked the wire himself at Bismarck. At that time a great many telegrams, both for and against the Louisiana lottery project, were passing over the wires. The operators shied tracked those unfavorable to the lottery and rushed the others through. It charges that they advised friends of the lottery of the contents of the messages intended for the anti-lottery people in advance of their delivery to those entitled to them. Long petitions and lists of names in favor of the lottery were, it is said, rushed through without charge, while protests against the lottery were delayed.

The Western Union made a full investigation of the charges, obtaining a satisfactory proof of their truth.

The Scotch-Irish Congress.

PITTSBURG, May 31.—A very large number of persons attended the Scotch-Irish conference this morning. After President Harrison's reception, Governor Campbell of Ohio was introduced by President Bonner. He delivered an address upon the history of the Scotch-Irish in Ohio. He spoke of their industry and thrift, mentioned numberless governors, cabinet officers and other prominent politicians who, during the past century, had been drawn from the race in that State. In religious, educational and newspaper circles many of the most prominent men in the country came from the Scotch-Irish homes of the Buckeye State. The names included Horace Greeley, Whitelaw Reid, Col. Cockrell and a dozen or more others. Among the Scotch-Irish soldiers of Ohio birth were Grant, Sheridan, Custer, Macomb and Rosecrans.

Dr. H. A. White of Washington and Lee University, the great Scotch-Irish institution of Virginia, was the next speaker. He dwelt on Scotch-Irish influence upon the South.

The closing night of the Scotch-Irish convention was largely attended. Rev. Dr. John Hall of New York delivered a humble and witty lecture on "Ulster as It Is Today." Other speakers were heard and the congress was then closed with music and prayer, the date and place of the next meeting being left to a committee.

Nine Hours a Day.

CINCINNATI, June 1.—This afternoon the Carpenters' Union, at mass-meeting, resolved to strike tomorrow if the bosses did not agree on nine hours for a day's work. Nine hundred carpenters are affected.

Hebrew Convention.

RICHMOND, Va., June 1.—The convention of the Independent Order of B'nai B'rith assembled here today, the United States, Germany and Roumania being represented. Senator William Lowenstein of Richmond was chosen as permanent chairman.

They are Coming.

NEW YORK, May 31.—Leading lights of the Mormon Church are in a state of anxiety over the question of admittance of a company converts who will arrive next week. Elder Cannon and others had a long conference today with the contract labor inspectors, and assured the officers that no Mormons were imported under contract. All came on purely religious grounds, and no effort was ever made by the Church to have them to come otherwise. After much talk it was decided not to detain any, but to take a full memoranda, and afterwards, should investigation disclose any contract, the people could be easily reached. The Elders were pleased at the result of the conference.

Government Warehouse System.

WASHINGTON, May 31.—Senator Carlisle has written to B. F. Howard, of Tuskegee, Alabama, in response to a request for his views upon the bill providing for a system of government warehouse for farm products, upon which products Treasury notes would be issued. The Senator, after rehearsing the features of the proposed sub-treasury plan, and not the fact that the farmers themselves will pay more than their fair share of the cost of erecting the warehouses, and that the officers connected with them will be the partisans of the administrative power, says there is not more than one-third of the 2800 counties in the United States, if that many, that produce and sell annually more than $500,000 worth of agricultural products, and therefore, under the bill, not more than one-third of them could avail themselves of this plan. At the very outset, therefore, it is a plan to compel the government to issue and distribute money for the benefit of people living in the rich and productive counties at the expense of the poorer ones. Moreover, it is a plan to enable unscrupulous speculators to take advantage of the farmers' pecuniary necessities and extort exhorbitant prices for food from the people.

Senator Carlisle argued at length to show that the plan proposed would produce an annual expansion and contraction of the currency, which would result in absolutely destroying the market, upon which the farmer must depend for the sale of his crops. It would be the longest step yet taken in a time of peace toward a consolidation of power in the Federal Government and a subjection of the private affairs of the people to the control of a central and irresponsible authority.

Canadian Sugar Refiners.

HALIFAX, May 31.—An agent for an English syndicate is in this city making arrangements for the purchase of the Nova Scotia and Dartmouth sugar refineries. The syndicate proposes buying out the St. Lawrence and Canada refineries in Montreal. The price offered by the Nova Scota refinery is $850,000.

Struck by Lightning.

LEXINGTON, May 31.—Lightning struck St. Peter's Roman Catholic Church tonight. The tower was destroyed, but the fire department soon quenched the flames. The sisters and pupils in St. Catherine's Academy, adjoining, were in the chapel at the time. All were prostrated but none seriously hurt.

"Triangle" Convention.

NEW YORK, May 31.—A local paper says the "Triangle" faction of the Clan-na-Gael has issued a call for a convention. One of the "triangle" opponents, talking to a reporter, said it is believed that Thomas H. Benayne, known as "Robber Baud" Benayne, will be elected president. The name of the new organization will probably be the Irish-Nationalists, and it will be a sort of cross between the Land League and the Revolutionary party, with a little dynamite thrown in.
