

PREST. ROOSEVELT FEELS "DELIGHTED"

Tells the Newspaper Men How He Had Foretold Taft's Election.

IN LETTER TO SENATOR LODGE

Says Those Who Do Not Understand What "Beaten to a Frazzle" Means Should Study Election Returns.

Washington, Nov. 4.—The president is very cheerful today and told the newspapermen that the election of Mr. Taft wholly carried out a prophecy made by him in a letter written to Senator H. C. Lodge of Massachusetts on Oct. 26, 1908.

"Dear Cabot—Prophecy is very bad until after the event. Nevertheless I must send you a line to say that I think the situation is steadily improving in Ohio. East of the Alleghenies I believe we shall have a larger popular plurality than four years ago; in other words, that Taft's plurality will be greater than mine, and I think that our electoral vote will be larger east of the Alleghenies than four years ago, because I think the chances slightly favor us in Maryland, although this represents a good deal of guesswork.

"West of the Alleghenies I think we shall see a heavy falling off in the majorities as compared with 1904, but I do not anticipate the loss of any electoral votes excepting in Missouri and Nevada, and I am inclined to think that we have an even chance of carrying Kentucky."

Over 1,000 telegrams and many letters of congratulation on the result of the election poured into the White House today for President Roosevelt. He was busy all day reading these messages and directing replies to them. No callers were received.

The president said there seemed to be some doubt through the country regarding the meaning of the word "frazzle," which he used recently in referring to the campaign by saying: "We've got them beaten to a frazzle." He explained that it was a common word used in the south, and he had used it when he was a boy. "To those who do not know what it meant by the word 'frazzle,'" said the president, "the best definition I can give is to refer to the election returns."

PRESIDENT'S INTERPRETATION

Washington, Nov. 4.—President Roosevelt today gave his interpretation of the victory of the Republican party at the polls yesterday when he said to the newspaper men whom he received in his office:

"This administration has meant a steady effort to progress which should never be allowed to deviate into an unwelcome radicalism on the one hand, nor into an unwise conservatism on the other."

"The nomination of Mr. Taft was a triumph over reactionary conservatism, and his election was a triumph over unwise and improper radicalism."

CHARGES AGAINST BUREAU LICENSE OFFICIALS

New York, Nov. 5.—Serious charges against officials recently in charge of the bureau of licenses of the mayor's office are contained in the report of Commissioner of Accounts John Purroy Mitchell and E. Y. Gallagher, submitted to Mayor McChesney. The commission, who have been investigating the affairs of the bureau, declare that the evidence established "the irresistible inference that the chief of the bureau has received, or connived at the receipt of money in excess of the legal fees from applicants for the issue of common show licenses."

The deputy chief of the bureau of Manhattan and the Bronx and the deputy chief of the bureau of Brooklyn are charged with similar offenses.

"The chief of the bureau, J. P. Corrigan, was suspended the time the investigation of the bureau began and the deputy chiefs for Manhattan and the Bronx and Brooklyn, Candelario Amato and Kinsella resigned soon afterwards."

BRYAN TALKS OF HIS DEFEAT

Not So Great a One When There Are So Many Things to Console Him.

WILL CONTINUE HIS WORK

Regarded the Presidential Chair as a Place from Which He Might Have Done It Better.

Lincoln, Neb., Nov. 4.—While not caring to discuss at this time the political effect of the Democratic victory in his home state, or analyze the causes, William J. Bryan this afternoon, in an informal talk to a number of friends who called on him, expressed his pleasure at the result in Nebraska and the satisfaction it afforded him in learn of the election of so many of his personal and political friends.

A delegation of nearly a hundred from Lincoln visited Mr. Bryan at Fairview to express to him their confidence and devotion and to assure him that such was the sentiment of a majority of the people of this city and state. Mr. Bryan, in responding, said:

"I am highly gratified over the results in this state. The national defeat has not been such a disappointment where we have had so many things to console us. I hope I have convinced my friends that running for office has only been an incident to my work. My heart has never been set on the presidency, and I do not go to certain work, and it looked after the opportunity to do that work I am glad to be here and to have the chance to do some good."

"One is not required to hold office in order to do big things; one is simply required to do those things which are his reach, and that much is within the reach of us."

"Personally I shall find as much joy being out of office, if the returns show I can be, as I would to be in office. I hope still to be of influence to bring about needed reforms. I appreciate very much the confidence and loyalty of the people here and I feel that the greatest comfort that the election has given us. The fact that those among whom we live have shown this confidence we appreciate very much. I have not had such a kind of you to come out here and visit us on this day."

"The defeat he sustained yesterday did not mean anything to Mr. Bryan. He was one of the most cheerful of those at his home, and laughed and joked good naturedly with his visitors."

JUDGE ADVOCATE PLEADS FOR MORE PRISON ROOM

Washington, Nov. 5.—An earnest plea for additional prison accommodations made by Capt. E. C. Campbell, judge advocate general of the navy, in his annual report. The judge advocate in general also recommends legislation to increase from a maximum of one to two and a half years the period during which a deserter from the navy may be carried in the service in lieu of being sentenced to confinement. He also favors adopting the army practice of retiring officers found physically incapacitated, because of disease or injury contracted in the service in the grade to which they are due for promotion, and suggests that officers of the navy be given the same treatment. He also recommends that officers found professionally qualified for promotion be suspended from promotion for six months instead of one year, according to the present law.

MILNER FOR HIGHER TYPE OF IMPERIALISM

Montreal, Nov. 5.—Lord Milner made the last speech he will make in Canada during his present stay in the Dominion, to the Canadian club yesterday. It was, he said, an appeal to imperialism of the higher type. He said in part: "There is one remark that I have often heard from Canadians, not from Englishmen, and that is that the public life in Canada is unattractive because there are no big issues. That is not the case. There are big issues. The next years are going to determine whether Canada will remain a part of the British empire. The decision of that question rests with Canadians alone. No external compulsion could, certainly, ever be exercised to influence it. It rests with them alone—the decision of that question, and with that question perhaps."

CHARGED WITH USING MAILS TO DEFRAUD

Chicago, Nov. 5.—Wallace H. Hopkins, former mining broker of Chicago, was brought back from Seattle, Wash., by the federal authorities yesterday morning and in the afternoon was arraigned before Judge Beetham on a charge of using the mails to defraud. He was held on having bonds fixed at \$25,000 and the court did this despite the protests of the prisoner's counsel, Francis A. Harper.

Hopkins was formerly president of the Wallace H. Hopkins company, with a fine suite of offices at 181 La Salle street, and departed from Chicago last April following his failure in business which resulted from an unsuccessful attempt to float a \$1,000,000 bond issue of the Consolidated Zinc company. He left \$200,000 for obligations and did just previous to his indictment on a charge of larceny as bailed by Henry Elder and his indictment on the charge of using the mails to defraud in the federal court.

THE PRIDE OF JAPAN TREE CHOICEST JAPAN TEA IMPORTED BY M.J. BRANDENSTEIN & CO. SAN FRANCISCO. HALF POUND. Trade Mark Registered October 26, 1890.

Whitney's History of Utah at Half Price.

The Deseret News takes pleasure in announcing that it has secured the sole rights to the History of Utah, by Orson F. Whitney, originally published by the George Q. Cannon & Sons Co.

This work, which was begun in 1890, and printed in three large volumes (the fourth volume issued being biographical, and not a part of the direct history of Utah), is one of the largest and most exhaustive histories ever compiled of any western state. The three volumes bring the history of the state from the foundation down to the year 1890, at the time of the issuance of the manifesto, and includes the history of the Church from its organization in New York. The first ten chapters are devoted to this subject.

In the three volumes are included 235 full page steel plates, mostly portraits of leading figures in the history of the State, originally obtained at a cost of many thousand dollars. The volumes each contain approximately 800 pages, a total of 2,351 pages in the three. The binding is quarto size, full morocco with gilt edges, no other style of binding being issued.

The three volumes were originally sold at \$30.00, and several thousand sets were placed throughout the state at that figure. The "News" having obtained the unsold copies of the edition, will sell to first comers at HALF THE ORIGINAL PRICE, or \$15.00 FOR THE THREE VOLUMES. No single volumes will be sold. Without doubt many libraries throughout the country will avail themselves of this rare opportunity, and Utah people who desire to add this work to their libraries are urged to call at the Deseret News book store and inspect the work during Conference.

The low price at which this rare work is offered will undoubtedly exhaust the edition in a short time. The work will then be out of print, so that every book-lover should avail himself of this last chance. The "News" has no interest in the fourth volume, the work being complete as above stated, in the three volumes, now offered at \$15.00.
