The Apprehension of a Strong Undercurrent at Chicago For Blaine,

Who Once Said, "No Man Has the Right to Refuse His Country."

An Arrangement by which Sherman Was to Receive Blaine Votes.

The Senate Deliberates Upon the Disturbances Between Canada and America.

Parnell Gives a Dinner in Honor of the Imprisoned Members.

By Telegraph to the NEWS.

POLITICAL.

Registration and Caucuses at Chicago for Booming Gresham.

CHICAGO, June 13.—There was great activity at Gresham headquarters today. The register was kept open and every Gresham man that dropped in put down his name. Many former residents of New York held a meeting in Gresham's rooms this afternoon for the purpose of booming the judge. They organized a committee to receive the New York delegation with all hospitality. They called upon all former New Yorkers now residents of Chicago to lend their active co-operation.

STUMPING FOR ALGER.

COLUMBIA, S. C., June 113.—It is evident that Governor Alger or his friends are making a strong effort to capture the delegation of the state. D. A. Straker, a colored lawyer, of Detroit, formerly of this state, addressed the republican convention here in favor of Alger. Alger's photographs are being distributed among the negro delegates, who will not commit themselves. Sherman is the favorite.

UNDERCURRENT FOR BLAINE.

CHICAGO, June 13.—A most remarkable feature of the political situation of the day was the strong undercurrent for Blaine. There were many men from all parts of the country around political headquarters who still think Blaine is the coming man. They quoted his speeches in which he said no man had the right to refuse the call of his country if it came with unanimity, and concluded that Blaine would not be the first to violate his own principle.

SHERMAN AND PENNSYLVANIA.

PITTSBURG, June 13. — Hon. J. C. Asbury, a prominent republican, speaking of Virginia, said the leader of his party expected to carry the state if Sherman is nominated.

THE NOMINATING SPEECHES.

CHICAGO, June 13.—The names of those who will make the nominating speeches was the subject of considerable inquiry today. General Alger will be nominated by Colonel R. H. Fraser, of Detroit, a lawyer and old campaigner. General Harrison will be nominated by Ex-Governor Albert C. Porter, of Indiana. Senator Sherman's name will be presented by General Hastings, attorney-general of Pennsylvania. Judge Gresham will probably be nominated by Leonard Swett, of Chicago.

NEWCOMERS.

The two most observed new comers today were Murat Halstead of Cincinnati, and Chauncey I. Filley of St. Louis. Halstead was outspoken for Sherman. Filley was non-committal.

Fourteen national committeemen were in the city tonight. The committee will meet tomorrow, the chief business being the selection of temporary officers for the convention, but it is not likely that anything will be done in the matter before Saturday.

AN AGREEMENT BETWEEN SHERMAN AND BLAINE.

The *Sun* has the following improbable story this evening: Senator Sherman and Blaine understood each other on the question of the presidency for several months before Blaine's departure for Europe. An arrangement was entered into whereby Sherman was to receive Blaine's support and in case Sherman is elected Blaine will be Secretary of State.

THE CALIFORNIA DELEGATION.

SAN FRANCISCO, June 13.—A dispatch from Wamsutter, Wyoming, states that the California delegates to the republican convention held a meeting there today and agreed to act as a unit upon Blaine as first choice and to cast the first vote for him, unless they decide upon a more available man after their arrival at Chicago.

JONES INTERVIEWED.

CHICAGO, June 13 —The most notable event to-day, politically, was the arrival of E. F. Jones, chairman of the republican national committee, and the recipient of the famous Florence letter from Blaine. A rumor was in circulation that he was the bearer of another epistle from the man across the water, and that the new missive would give Mr. Blaine's choice for the republican presidential nominee. Mr. Jones was seen by a representative of the Associated Press this evening and asked if he had such a letter. He replied: "No, sir, I have not. No communication of a political kind has been received by me from Mr. Blaine since the Florence letter received by me."

"Don't you think the situation calls for a further expression from him at this time in view of a possible deadlock in the convention?"

"No, I don't think so. The majority of the delegates come here unpledged, and they may nominate a candidate at the very outset; so any talk of what should be done in the event of a deadlock need not be discussed."

"Has Blaine ever intimated to you that he would not accept the nomination if unanimously tendered him?"

"Most emphatically, no."

Chairman Jones said he would not accept the chairmanship of the national committee again. He intimated that Senator Quay of Pennsylvania, might be his successor, and that chairman Cooper of the Pennsylvania state committee, was also a possibility.

DEPEW AND NEW YORK.

NEW YORK, June 13.—The latest rumor among the republican politicians is that should Depew be thrown out of the Presidential race, Warner Miller will be urged for second place.

AN ILLINOIS CONVENTION.

SPRINGFIELD, Ills., June 13.—The convention of democratic clubs of Illinois met in the representatives' hall today with about 800 delegates in attendance. After a preliminary organization had been effected and committees appointed the convention took a recess.

At the afternoon session resolutions were adopted reaffirming the principles of the national and state conventions and pledging the delegates to use all honorable means to secure the election of Cleveland and Thurman and the state ticket. The state league was then organized and the meeting adjourned.

COMSTOCK NOMINATED.

MINNEAPOLIS, June 13.—Solomon G. Comstock was today nominated for Congress by the republicans of the fifth district of Minnesota, and if elected he will succeed Knute Nelson.

The Millers' National Convention.

BUFFALO, N.Y., June 13.—The second day of the millers' national convention opened with a larger attendance. An effort was made at the morning session to form a flour trust, but no definite action was taken. The subject was discussed at length, but the general sentiment of the convention was that it would be preferable to organize a central office, where all grievances and troubles arising from cutting rates, etc., should be referred. The subject will come up again at a later session.

A Great Musical Festival.

ST. LOUIS, June 13.—Nine thousand people assembled in the north nave of the exposition building to-night to listen to the welcoming concert given by the people of St. Louis, to the Sænger societies from all parts of the country. The chorus of 1700 voices (about 1000 females) presented a most striking spectacle. The concert opened with the overture to Wagner's "Rienzi" by the Thomas orchestra of 125 pieces, led by Egmont Froehlich, musical director of the Sængerfest. Then came a scena and aria from Weber's "Oberon", the soprano solo being given by Madame Lillie Lehman Kalisch. She gave an enthusiastic recall. Following this came an address by the mayor of the city and then the colors of the North America Sængerbund were formally transferred by the ex-president, Henry M. Mendel of Milwaukee, to the new president Leopold Methody of St. Louis. These ceremonies being concluded, the cantata of "Arminus" by Max Bruch, was performed, Madame Anna Lankaw, as "Priestess", Emil Steger, as "Arminus," and Max Alvary as "Siegmund." All the soloists sang well and were accorded splendid receptions. The work of the chorus, which has been in diligent training since November, was pronounced on all hands to be as perfect as possible.

Cases of Sunstroke.

NEBRASKA CITY, Nebraska, June 13, —The thermometer today registered 102 in the shade. Several minor cases of sunstroke are reported.

Will Languish in Sing Sing.

NEW YORK, June 13. — Judge Benedict of the United States Court this morning denied the writ of *habeas corpus* upon which Boodle Alderman Jahene hoped to escape from Sing sing.

Royal Betrothal.

LONDON, June 13. — The King of Holland's heiress, Princess Wilhelmina, aged seven years has been betrothed to the twelve-year-old Prince of Saxe-Weimar. The marriage will unite Saxe-Weimar with Holland.

Supposed to be Wrecked.

LONDON, June 13.—A dispatch from Jeddah says the German steamer *Pemptos*, from Singapore, with 1109 pilgrims on their way to Mecca, is overdue at Jeddah. It is supposed to be lost.

Poisoned With Cheese.

MINNEAPOLIS, June 13.—Nineteen persons were poisoned at Kosata, Minn., from eating cheese which was manufactured in Wisconsin. Many of the victims became insensible after suffering, but with good treatment will recover.

Destructive Rain-storm.

CITY OF MEXICO, (via Galveston), June 13.—There was a heavy rainfall, which lasted three hours, at Fresnillo, State of Zacatecas, last night. Eleven houses were washed away and three persons drowned. Many houses were badly damaged. Immense hail stones caused much damage. There is one meter of water in the streets. The governor is giving aid to the sufferers.

A Schooner and Crew Lost.

LUCKNOU, Ont.,—June 13.—A bottle picked up on the lake shore today contained a note stating that the schooner *Tifen* of Bay City was going down with all on board. No date on the note. The vessel has not been heard from for some days.

California Fruit in the East.

CHICAGO, June 13.—The eastern manager of the Californian Fruit Union states advices from Boston and New York tonight announce that the first auction sales of California green fruits there today were a great success. The New York car realized about $2100 and the Boston car $2500. The contents of both cars were auctioned off within a quarter of an hour from the first sales. The Chicago trade is anxiously awaiting the beginning of the auction sales here, and a great success is anticipated.

Mrs Cleveland's Summer Residence.

NEW BEDFORD, Mass., June 13 —A report comes from Marion that the old yellow house on the point opposite Old Landing in Marion harbor, is being fitted for occupancy by Mrs. Cleveland this summer.

Shot His Wife and Himself.

ST. LOUIS, June 13.—This morning John McCulloch, a broom-maker of dissipated habits, shot and fatally wounded his wife and killed himself. The woman had left him because of his conduct.

Imprisoned Parliamentarian's Conviviality.

LONDON, June 13.—Parnell gave a dinner in London this evening in honor of his colleagues lately in prison in Ireland. O'Brien was the chief absentee. Parnell proposed the health of guests, who, he said, with the help of their associates, had broken the back of the coercion act. Irishmen had not shrunk from coercion and would not shrink now. Balfour had treated the imprisoned Irish members of Parliament better than obscure offenders were treated. He had not dared to inflict hard labor on the Commoners, although claiming he had no respect for their persons. This was cowardly on his part.

Dillon, who responded, said the papal rescript was a fortunate thing in that it showed that while the Irish Catholics were faithful churchmen, they would not take their politics from Rome.

Parnell proposed a toast to America and Australia. He said America was solid on the side of the Irish.

For Murdering His Sweetheart.

TRENTON, N. J., June 13.—Barkley Peak was sentenced to twenty years in the penitentiary for the murder of his sweetheart, Kattie Anderson, at Mount Holly.

The Emperor.

POTSDAM, 8:30 p. m., June 13.—The Emperor's general condition is comparatively satisfactory. He is able to take some solid food without resorting to the tube. The doctors are more hopeful that he will maintain his strength for some time.

The *Post* says:

"We hope the Emperor will in a few days regain the strength he attained at Charlottenburg. Though waging a bitter conflict with an insidious malady, his mind, rising superior to physical distress, is occupied with far-reaching schemes for the people's welfare. His power and love for work defy the assaults of disease."

The Emperor is mentally as active as ever. He desires to do a great deal of work which the doctors forbid, fearing a rise of his temperature. Dr. Mackenzie personally attends to the delicate process of artificial feeding.

Murderers Hung.

ST. PAUL, June 13.—The *Pioneer-Press* special from Regina, N. W. T., says Gaudy and Racette, the murderers of Settler McLeish at Wolseley, were hung at 8:30 this morning. Racette was game and denied that he was the murderer. Gaudy also bore up well and seemed penitent.

The General's Condition.

WASHINGTON, June 13, 9 p m.—Gen Sheridan has slept naturally the greater part of the day. His pulse has varied from 100 to 106 and his respiration has been rather less labored and more regular. He has taken sufficient nourishment and has not been annoyed by the cough.

12:30 a.m., June 14.—One of General Sheridan's aides says his condition is good and promises to be easy tonight.

Failure of a Wholesale House.

MINNEAPOLIS, June 13.—The heavy wholesale dry goods house of Shotwell, Clerihew & Bothman is financially embarrassed, and its suspension of payment today will be followed by a settlement or assignment. Shotwell, the New York partner, is en route here, and a statement of the condition is refused until his arrival.

An Absconding Cashier.

HAMBURG, June 13.—The cashier of the royal savings bank, at Siegen, has absconded. There is a deficiency of 450,000 marks in the bank's fund.

Immigrants for Utah

NEW YORK, June 13.—Among the passengers to-day on the "Wisconsin" from Liverpool were 150 Mormon immigrants. They left for Utah over the Pennsylvania railroad.

The Diss de Bar Case.

NEW YORK, June 13.—The Diss De Bar trial was continued to-day. Madame Diss De Bar was on the stand under cross-examination and was not altogether successful in reconciling the sundry contradictions in her testimony and in her letters to her brother Geo. Salomon. In response to a suggestion from the court she said that if at any time during the trial the spirits moved her, she would attempt to paint spirit pictures in open court.

Several spiritualists testified to the mediumistic powers of the Madame, and a specimen of her alleged spirit work was displayed.

A Precocious Rover.

NEW YORK, June 13.—Willie White, who says he is the son of Lieutenant Governor White of California, is blacking boots in Newark, in partnership with two colored boys. He is a bright boy of 16. He says he ran away from home about a year ago because his father wanted to put him in college. Before that his father allowed him to go on a cruise around the world on the *Alert*, of the United States navy with his brother, the chief machinist on the vessel. He stayed at home on his return until a year ago in May, when he and two other boys ran away from San Francisco to Sacramento, where the other lads became homesick and deserted him. He beat his way to Portland, Oregon, thence to Omaha, where he got a blacking outfit. Since then he has made a living by blacking boots and has been in nearly all the large cities of the country. Several times his father's friends have recognized him and urged him to go home, but he thinks he has not seen enough of the world.

LOS ANGELES, Cal., June 13.—Much amusement was caused here by the story telegraphed from New York today to the effect that a sixteen year-old son of Stephen M. White of this city, who was temporary chairman of the democratic convention in St. Louis, has run away from home and was blacking boots in New Jersey. Mr. White is but 34 years of age and his eldest boy is but three and a half years old, and is at home here in Los Angeles.

The Chinese Question.

SYDNEY, N. S. W., June 13.—The inter-colonial conferences on Chinese immigration passed a resolution to appeal to the imperial government to conclude a treaty similar to the one concluded between the United States and China. The conference also resolved that in the event of such a treaty being concluded to abolish the Chinese poll tax and to repeal the enactment relative to the tonnage tax on vessels bringing Chinese to the colonies. The Chinese, however, will not be permitted to travel from colony to colony without passports.

Discrimination Investigations.

NEW YORK, June 13.—Before the Inter-State Commission, the Produce Exchange claims that the railroads since the 4th of April, 1887, have allowed to a large number of people special rates to western points to the disadvantage of the merchants of New York. The members of the Produce Exchange desire that all rates for transportation from Chicago to or through New York City to foreign ports shall be the same for transportation to New York. That the compliance with the order of March 8th as to the filing of joint tariffs be compiled by the methods and under the penalties provided, and that all such tariffs be published, and that in every bill of lading issued to a foreign port the railroad rate and ocean rate be stated separately.

MacVeagh claimed the jurisdiction of the commission ended with the seaboard, and that they had nothing to do with the freight charges of steamers.

Commissioner Albert Fink of the Trunk Line Association testified in regard to the export rates of 1881 and the railroad rate which was charged by the trunk lines. In November last the system of making export rates was changed by the reduction of steamship rates. The result was that lower rates were charged to foreign ports than to inland cities from the west. Commissioner Fink said it was hardly possible to link together railroad and steamship transportation except under a fixed agreement. The rate had always varied, the commissioner said, and for no very great time had he been able to keep them equal.

After recess, Mac Veagh asked Commissioner Fink whether there should not be a variable export rate.

Fink thought there should be an elasticity of rates, so that exporters could meet the changes in the foreign markets. There can be no steadiness of ocean rates on account of the competition among the steamship companies. Witness thought ocean competion should be left free, but that the through inland rate should be maintained. There were, Fink added, ways of keeping within the laws and still cutting rates. One way was to go to a shipper and tell him that so much would be paid to him to ship by a certain line, which was equivalent to a rebate.

Commissioner Schoonmaker asked what roads were doing that.

Fink said he did not care to state at present the name of any road until he investigated it.

Several members of the Produce Exchange were given a brief hearing.

Honorary Degrees.

BOLOGNE, June 13.—At the annual commencement of Bologne University today, honorary degrees were conferred on a number of distinguished foreigners, among them Prof. Pasteur, Prof. Huxley, Prof. Max Muller, Prof. Erskein, David Dudley Field, Prof. Agassiz and others.

Monument to Jackson.

FREDERICKSBURG, Va., June 13.—At Chancellorsville, the monument that marks the spot where Stonewall Jackson received the wound from which he died, was dedicated today with imposing ceremonies. General Fitz-Hugh Lee was chairman of the meeting and Hon. John W. Daniel the orator of the day.
