SPANISH REVOLUTION TRIUMPHANT.

Our dispatches to-day, announce the triumph of the revolution in Spain, the deposition of Queen Isabella, the formation of a Provisional Government and the restoration of tranquility throughout the Empire. Once more the majesty of the people has been vindicated, in the downfall of a licentious queen and a corrupt government, and the people of Spain have set an example worthy of imitation to the king-cursed nationalities of Europe.

The unanimity of sentiment pervading the whole of the people of Spain, including even the army and navy—designed ever as the support and mainstay of tyrannical rulers—shows how unpopular the dethroned Isabella is among her subjects, and how deep-seated is the scorn and contempt entertained for her.

The form of government for the nation in future is not yet decided upon; but we are informed that the idea of a republic is not favored. The claims of rival parties to the throne of Spain are being discussed, the probabilities, it is said, being in favor of Victor Emmanuel's second son. If the people of Spain however, are wise, after ridding themselves of one family of expensive paupers, they will dismiss royalty with all its appendages for ever. If they do otherwise they will have drawn the sword and shed their blood merely to effect an exchange of tyrants, a result which could not permanently improve their condition.

In this upheaval and reaching forth after liberty, of the priest-bound, masses of Iberia, we recognize the premonitory symptoms of that great tidal wave of liberty which God will shortly cause to roll irresistibly, over the enslaved millions of Europe, in preparing them for the reception of His gospel and kingdom.

GENERAL.

Cincinnati, 30.—A train of ten cars, on the Atlantic and Great Western railroad, yesterday, the fire was occasioned by the explosion of nitroglycerine in the forward car. The engine was completely demolished by the explosion; the engineer was seriously injured. A house a quarter of a mile off was demolished by the concussion. The cars were loaded with flour and pork.

Louisville.—The troubles in Larn county continue. Sayres and Reynolds, United States' officers, sent there to execute the laws, have returned to this city, having been unable to perform their duty. Sayres was arrested near Lodgeville, Ky., by seven armed men, who disarmed and robbed him, and then let him go.

Boston.—A crowd of two hundred men, from the fishing fleet, invaded Plymouth, New Hampshire, on Friday, and took possession of the town, gardens and orchards and robbed them. Pistols were fired, and a general riot was indulged in. The police, after a hard fought battle, arrested thirteen of the rioters, and lodged them safely in jail.

Philadelphia, 1.—The city is crowded with strangers, and the hotels are filled to overflowing. There is a liberal display of hunting along Chestnut Street. Many private dwellings, throughout the city are decorated. The front of Independence Hall illuminated with patriotic devices in gas jets. Letters have been received from General Sherman, Howard, Pope, Siegel and others.

Washington.—Andrew J. Simmonds has been appointed collector for Montana, vice Langford, resigned.

New York.—In the revenue conspiracy case, to-day, Collector Wood, Postmaster Lincoln, and Senator Pierson, of Brooklyn, gave testimony damaging to the character of McHenry, a witness for the prosecution.

Nothing was done by the Chamber of Commerce, to-day, for the relief of the South American sufferers.

Bishop Potter made his annual address before the Episcopal convention to-day; it was non-committal on ritualism.

The case of Ben. Butler, against the surrogate of this city, involving the will of Butler's brother, was up to-day; the decision was reserved.

Philadelphia.—Six men were arrested to-day for attempting to get assessed in wards where they did not live, with the intention of duplicating their votes. Excitement in relation to naturalizing is increasing, as, from the examination of the records in court, it appears that some thousands of papers have been issued in which the residences of the persons vouching for the applicants, were in no instance taken down, so the record of the court is useless in any attempt to prosecute voters for perjury.

Poughkeepsie, 1.—There was a general jail delivery on Tuesday night, ten prisoners escaped.

Oswego.—The schooner *Persian*, from Chicago to this port, collided with the schooner *E. Butler*, fifteen days ago, on Lake Huron; nothing has been heard of the former vessel since, and it is feared that she is lost with all aboard.

Boston.—The Rev. Thos. Hill has resigned the presidency of Harvard College. His resignation was accepted.

Philadelphia.—Mayor McMichael welcomed the various delegations to the Soldiers' and Sailors' convention. In Independence Square there were several thousand people present. It is thought that to-morrow will be generally observed as a holiday.

Washington.—General Frank Blair arrived last night, and went this morning to the residence of his father at Silver Springs, Md.

ity which the laws allow; and it is the wish of the President that within the limits of his lawful authority General Meade shall exercise full discretion in his actions, to the end that in any event peace may be provided.

Kansas City, Mo., 30.—The first cars of the Kansas City and Fort Scott railroad were placed on the track to-day, and will be used as a construction train. The miles of track have been laid, and the work will be vigorously pushed forward. Sufficient iron has been received to extend the track nearly to Paola.

Boston.—The Republicans of the sixth district have re-nominated N. P. Banks for Congress.

A delegation of over three hundred Massachusetts veterans left to-night, to attend the Philadelphia mass convention. Other delegations will join en route, and the number will probably reach eight hundred.

The Republicans of the third district have re-nominated Jimmy Twitchell for Congress.

Charleston.—Arrangements are in progress, with good prospects of success, to establish a semi-monthly steamship line from Charleston to Liverpool.

Washington.—The Republic of Columbia, formerly New Granada, has paid into the United States treasury about \$238,000, leaving a balance of \$3,000 dollars still due. This money is an indemnity to citizens of this country for spoils, etc., in the Panama riots some years ago.

Orders have been issued from the War Department to all the Department commands to report, without delay, to the office of the Adjutant General all officers under their command who are incapacitated for duty. Habitual intemperance and frequenting gaming places regularly are specified, in order, as unfitting officers for duty.

New Orleans.—The Senate committee appointed to investigate the action of the board of registration, have reported that the instructions of the board are wholly unwarranted in theory, and entirely beyond the law; and that their action in refusing to recognize the constitutional powers of certain districts was wrong, the board having no power to pass upon the validity of a judicial act.

FOREIGN.

New York, 30.—Advices from Paraguay state that by the explosion of a mine at Humaita, the allied troops in possession were nearly annihilated. A truce had been agreed upon. The Argentine Republic was favorable to peace; while Brazil was still for war.

London.—The following important news has been received from Madrid: Jose Concha, at the head of the Government at the capital, and Manuel Concha, who commands the army in the field, have declared for the revolution. The people at Madrid, and the army garrisoning the city have followed their example.

Paris.—Rio dates, just received, say that the newly installed president, Sarmento, has proposed negotiations for peace between Brazil and Paraguay.

London.—Madrid is quiet. A provisional Junta has been organized, with Malona as president. No measures have yet been taken, looking to the future of the country, beyond denouncing the plan for a republic, nor will there be, until Generals Prim and Serrano arrive. The battle between Pavla and Serrano, which occurred at Alcorca, near Cordova, was very short, and there were but few losses.

London.—The success of the revolutionary movement in Spain, ending as it has, in the expulsion of Queen Isabella, gives rise to much speculation as to her probable successor. It is generally believed that the known dislike of Napoleon to the Orleans family is fatal to the hopes of the Montpensiers, and that Carlisle will be chosen to rule over Spain is regarded as impossible. The ancient rights of the House of Savoy to the throne of Spain are beginning to be discussed, and the Duke of Austria, the second son of King Victor Emanuel, is talked of as an available candidate.

Paris, 1.—La France, to-day, discusses the prospect of Spain and predicts that the present revolution there will be followed by violent civil war.

The *Monitor* gives the following account of the late movements at the Spanish Court: The Queen of Spain and the members of the royal family who were with her at San Sebastian, crossed the frontier, September 30. They immediately proceeded to Biarritz where the Queen had an interview with Napoleon and the Empress Eugenie. After a brief delay the Queen and family left Biarritz for Castle Pan, which has been assigned to her as a residence during her sojourn in France.

The statue of the Queen has been dragged through the streets of Madrid by the rebels.

Gen. Bails, of the Royal army, who has been marshalling forces for several days, has been defeated by the insurgents in the province of Ciudad Real.

Marshal Serrano, of the Rebel army, is marching on the capital unopposed. Gergerte has been captured by the insurgents.

A Provisional Junta has been formed, and perfect order prevails everywhere.

Madrid.—General Prim and Marshal Serrano have arrived. The citizens are arming themselves and have occupied the guard-houses and the various military posts within and around the city.

The City of Barcelona has joined the revolution.

Count Chesta has fled from Spain. The residents are sending deputations to the Provisional Junta, now in session, to congratulate them on the success of the patriotic movement. It is reported that Manuel Concha and Count Chesta have left Spain for France.

Rome.—Pope Pius has issued an apostolic letter addressed to all non-Catholic religious bodies, announcing the forthcoming ecumenical council, and urging them to seize the occasion thus offered of rejoining the Church.

New York.—Late foreign papers contain the following: According to the *Independence Belge* the Grand Duchy of Baden was ceded to the North German Confederation some weeks ago. The French Government, although made aware of the fact, resolved, for the present, to consider this step as a purely German question, not being yet prepared to engage in war. This news, however, is too important to be accepted without confirmation.

London.—A correspondent of the *Times* says the question of peace or war in Europe trembles in the balance, only one man can tell to which it will incline. The King of Prussia, who has been making a tour in North Germany, had a chilling reception at Bremen. He wants peace, but is ready for war, and

will fight it out to the end. It is for the Emperor Napoleon to decide.

London.—A passenger train on the Northern and North-western railway ran off the track to-day; nine persons were killed and several severely injured. The accident was caused by a broken rail.

Paris.—The French guards have been withdrawn from the Spanish frontier.

Madrid, 30.—The official *Gaceta* publishes a proclamation from the Provisional Government pronouncing the deposition of Queen Isabella, and proclaiming the sovereignty of the people, concluding with a denunciation of the Bourbons.

The leading bankers and merchants of Andalusia have offered a loan of a hundred and sixty million reals to the Provisional Government.

Madrid.—The Marquis de Novaleche died in this city this morning from his wounds. General Colon, while preparing to flee to France, was arrested and handed over to the revolutionary Junta at Burgos. The City of Madrid is quiet. Generals Prim and Serrano have not yet arrived.

Don Sebastian has advised the Queen to inaugurate a civil war, but the Basque Provinces refused to supply either men or money for that purpose, and have since given in their adhesion to the revolution.

Alexandria, Egypt.—While the Viceroy of Egypt was visiting illumination in a narrow street in Cairo, an attempt was made to assassinate him, by dropping a steel ball, armed with sharp barbs, upon his head. The Viceroy escaped uninjured; the perpetrator is unknown.

Nashville.—The newly elected City Council were sworn into office with Mayor Alden to-day; Thornburg and the candidates for the council on his ticket, entered a protest, declaring their intention to contest the validity of the election.

New Orleans.—The State Democratic convention was fully attended. Resolutions were adopted protesting against all test oaths and disqualifications except for crime, and recognizing the necessity of conforming to existing laws, and declaring that they will nominate no person as a candidate for office, who cannot qualify under these laws.

Atlanta.—In the House, to-day, a bill to prevent free persons of color being elected to office, was lost. The bill to compel common carriers to provide equal accommodations for whites and blacks was lost. An act to prescribe an oath to be administered to voters for the election of President of the United States and State officers was passed.

Philadelphia.—There was an immense gathering of soldiers and sailors, on Independence Square, to-night; General Burnside presided. The square was brilliantly illuminated, and the spectacle was grandly imposing. Gen. Burnside addressed the meeting, and congratulated them on their success in war, and urged them to achieve further success in the coming election, and to call upon every citizen in blue on land or sea, to cast his vote for the Union candidates. He said let all soldiers and sailors set apart the 13th day of October as a general holiday, to labor for the success of the Union tickets, and let that day be like Sheridan's victory at Five Forks, while marching on his way to Grant, a transcendent triumph. The enthusiasm was tremendous.

Selma.—The Democratic State mass meeting, to-day, was largely attended; the audience was estimated at 20,000, of whom 3,000 were negroes. The procession was two miles long. The speeches were all earnest and loyal. Gov. Watts made a splendid apostrophe to the American flag, which was more heartily cheered than any other portion of the speeches.

St. Louis.—The *Democrat* learns that a band of fifty men, organized in Lowell county, Mo., a few days ago went to Fulton county, Kansas, where Captain Mason, superintendent of registration, was lately assassinated, and captured four men engaged in that act. After a trial by a vigilance committee, they hung them.

A difficulty with regard to registration occurred at Martinsburg, Mo., on Tuesday, which resulted in the killing of three men, and the severely wounding of James Galloway, the register at that place.

SUNG BY THE MANTI CHOIR ON THE OCCASION OF PRESIDENT YOUNG'S VISIT.

God bless thy servant, Brigham Young, His Council and the Twelve, That they may act in unison. According to Thy will; Lord let Thy choicest blessings rest, Thy choicest gifts bestow, On all Thy Saints who witnesseth Thy goodness here below.

Lord stretch Thy hand o'er nations wide, And gather Israel home; While indignation passes by, Keep all Thy Saints as one. Thy Priesthood, Lord, we pray Thee bless In basket and in store, In flocks and herds and all things else—Thy blessings we implore.

Our faith, O Lord, with Thou o'erlook: Our sins we pray forgive: Our names record in Thy Life's Book, That we may ever live. We'll glorify Thy name, O Lord! While life and being last, And try to live with only one record, And profit by the past.

"COMING HOME." A message glad from Zion to the British Isles, Many who have waited long rejoice; Happy that the day long looked for on them smiles, Singing as they come with glad voice.

Come home, coming home, don't you hear them sing, Yes, they are coming home, hurrah! hurrah! The harvesters rejoice, as the sheaves they with them bring, They are coming, they are coming from afar.

Many will be mourning when the Saints are gone away, Over opportunities gone by, Thousands have deplored mercy's blessed day, Sorrowing in bondage long they sigh.

Come home, Come home, like majestic wings, Skimming o'er the surface of the main, Bearing on an arrow to serve the King's King, Resolved his empire to maintain.

Come home, Jehovah does preserve them on the ocean's breast, And guides them by his spirit all the day, While traveling home to Zion located in the west, These with Saints to learn the perfect way.

Come home, Jehovah does preserve them on the ocean's breast, And guides them by his spirit all the day, While traveling home to Zion located in the west, These with Saints to learn the perfect way.
