BOXING CONTEST VERSUS FOOTBALL

Ministerial Association Wants Former
Prohibited—Reply of Mayor-
Elect Glassmann.

OGDEN, Dec. 14.—Replying to a letter from the Ogden Ministerial association, in which that body requests him to prohibit the boxing contest scheduled for the Wool Growers' convention, Mayor-Elect William Glassmann states that he cannot understand why the ministers should object to a scientific illustration of the manly art of self-defense and remain silent on that most brutal of all contests, the football game. Mr. Glassmann further says that it is his intention to attend the contest during the Wool Growers' convention and if it develops into a prize fight, he will immediately take steps to stop it. He finds no law on the statutes of Utah which authorizes any mayor to prohibit a boxing contest, such as the board of control of the National Wool Growers' convention promise to hold in Ogden in January next. He further states that where one man is injured in a boxing contest, 100 are injured in a football game, and yet, he states, he has seen an Ogden minister acting as referee for a football game. Mr. Glassmann suggests that one of the most effective ways to wipe out the brutal and debasing influences among our youth, is to strike at the base of it, meaning the football game.

CHINESE AMBASSADOR'S TRAIN

Brimhall, who came here last week to take tests of the dairy cows of Weber county, are carrying on their work with the greatest care as all future records will be compared with the ones made here. The doctors state that so far the percentage of afflicted cattle in Utah is very low as compared with eastern states.

The bond of Fred Hardy amounting to \$5, who was arrested Sunday on the charge of drunkenness, was declared forfeited owing to the non-appearance of Riley in court. Charles McMillan charged with being drunk was sentenced to ten days in jail in default of the necessary \$10 to pay his fine.

MINISTER INVEIGHS AGAINST DANCING

OGDEN, Dec. 14.—The first of a series of sermons on "Popular Amusements" was discussed Sunday evening by the Rev. H. D. Zimmerman of the Baptist church who chose for his subject "Dancing." Rev. Zimmerman stated that dancing was responsible for much of the crime and evil influences among the youth and said it was time the pulpit took up the matter in a most strenuous manner, with a view of stamping out this evil. He stated that the dances of biblical days were far different from the modern waltz and similar innovations. His subject next Sunday evening will be the "Card Table."

HIGH LICENSE FOR POOL HALLS AT EPHRAIM

(Special Correspondence.)
EPHRAIM, Dec. 13.—Not content with having put an end to the saloon business in Ephraim, the city council at its last session enacted an ordinance which will probably terminate the local pool halls. The ordinance fixes the license fee for pool and billiard tables at \$75 each per quarter, and prohibits the selling or serving of liquid refreshments in any form in the pool halls. The fine provided by the ordinance is \$300 or imprisonment not exceeding 100 days or both.
The management of the new Opera house at Manti entertained a few of their Ephraim friends at a box party Friday night, at one of the opening plays, and the citizens of Manti as well as the entire county can well be proud of the beautiful structure, as it is one of the finest that Utah affords. The citizens of Manti are the stockholders and have erected the building during the past summer at a cost of \$35,000. The theater has a seating capacity of 750, and is handsomely decorated and equipped with costly scenery and has four boxes and a balcony.

SHOCKING DEATH OF LAFAYETTE MORTENSEN

Ground to Pieces Under a Runaway
Car at American
Fork.

(Special Correspondence.)
AMERICAN FORK, Utah, Dec. 13.—Lafayette Mortensen, a young man of 23, whose home is in Pleasant Grove, met a fearful death here this afternoon about 3 o'clock, at the new power plant of the Utah County Light & Power company.

The Richmond Machinery Co. of Salt Lake City has the contract for installing the steel pipe for the flumes 800 feet up on the side of a very steep hill, and in order to hoist the pipe has erected a track on which a train car is run by electricity, the car being pulled up by a steel cable. With other workmen Mortensen was engaged in elevating a length of pipe weighing about 25 tons. When the pipe was nearly to the top the cable, which was too small for the load, broke and let the car and its freight crash to the bottom at a terrific speed. Mortensen was below the pipe and did not have time to get out of the way before he was caught, being crushed and mangled in a frightful manner.

No blame is attached to the workmen, as they took every means possible with the facilities at hand, to provide against mishaps. It is the first accident which has occurred in the construction of the new plant, which is one of considerable size, and the local officers are very much grieved over the tragedy.

The body has been taken to the undertaking establishment of Stephen Anderson at this place, and will be prepared for burial before being taken to his home. He was the son of Martin Mortensen of Pleasant Grove, but who is working at present in a livery stable at Salt Lake. He has four brothers, who also work in Salt Lake, and he had been living at his home in Pleasant Grove with his other, who is prostrated from the shock of her son's terrible death. Arrangements for the funeral will be made as soon as his father returns from Salt Lake.

Last Sunday evening the seventies quorum conducted a very interesting meeting in honor of George A. Hackling, one of their number, who left on Monday for a mission in the Eastern States. The best talent of Magrath assisted in a sacred program of music and speeches, and a collection of \$72 was taken up for the missionary

STAKE CONFERENCE AT THATCHER, ARIZONA

(Special Correspondence.)
THATCHER, Ariz., Dec. 7.—The St. Joseph stake conference has just closed. There were many visitors present, among them were Elders John Henry Smith, Rudger Clawson and Rulon S. Wells; Mrs. Susa Young Gates, in the interest of the Y. M. M. I. A. and genealogical work, Mrs. Romney, looking after Primary work. The Primary children did the singing on Saturday. Thatcher choir on Sunday. There was a good attendance throughout the conference, nearly 1,000 attended the two sessions on Sunday, and about 700 young people were at the evening session on Sunday night, under the auspices of the Y. M. and Y. W. M. I. associations. Nearly all the wards and branches were represented.

Friday was Relief society conference, and Saturday forenoon Primary convention.

Just before conference, President Kimball met with a painful accident which left him but one foot to get around on, but he was at his post of duty notwithstanding. On Tuesday the 20th ult., while standing by the work bench in his yard, a heavy shaft of ice, weighing about 100 pounds, fell upon his right instep, nearly crushing the bones.

There was a heavy snowstorm Sunday night, followed by the coldest weather known in years. The frost is so severe as to cause water pipes to burst and cause much trouble.
