## PARLORS IN DUNBAR RESIDENCE.

The residence of Mr. and Mrs. D. C. Dunbar, familiarly known to Salt Lake as the "Hooper residence," on north First West street, is counted among the historic homes of the city, the spaciousness and comfort of its interior with the pleasing effects of its porches and lawns, and the hospitable element associated with its name, making it among the notable Salt Lake homes. Few of these can boast a more convenient arrangement than that of the Hooper residence. From the hall in the center, large parlors open on the south; on the north are library and dining-room, and up-stairs are the sleeping apartments—each spacious and airy, and with verandas leading from nearly every room. The entire house is luxuriously and tastefully furnished, the library with its prevailing red tint, and picturesque furnishings being especially artistic.

## VERY LATEST PARIS CREATIONS IN FALL MILLINERY.

Above this paper prints photographs of three entirely new styles in fall millinery. Each of these hats is a genuine Paris production. The coaching hat is made of black fancy straw with ruffles of white malines around edge. For trimming masses of black velvet ribbon loops on top of hat which is entirely flat. The other hat shown above is of brown straw faced with white chiffon, with bandeau of same. Long castor brown and white gives a bewitching effect to this very jaunty shape. The widow's bonnet is on the Marie Antoinette order made on a buckram frame and covered with French crepe. The heavy crepe veil is draped with a box plait in center of back and laid in folds on either side. A very fine face veil is used with border of three narrow rows of crepe.
