STRANGERS FROM THE TROPICS, visiting this country, will find HALE'S HONEY OF HOREHOUND AND TAR a superior remedy for the Coughs, Colds, and bronchial affections which a change from a mild to a temperate climate always engenders. Cubans who have tried it are loud in its praise. In fact, it has no equal in the pharmacopoeia, or among proprietary medicines, as a cure for throat or lung complaints. Procureable at druggists at 50 cents and \$1. Great saving by purchasing large size. Hale's Throat Drops cure in one minute. dl w

LYON'S KATHARON.—Lyon's Katharon is an invigorating tonic vegetable preparation, positively free from any mineral or deleterious substances. It is the most delightful of all hair dressing—cooling the head, allaying irritation, curing headache and throbbing temples, making the hair strong, fragrant, glossy and obedient to control, so cleanly to use that it will not soil the finest fabric, causing the hair to grow luxuriantly and beautifully, removing dandruff and pimples. No man or woman can become bald who will use the Lyon's Katharon properly. d

UNITED ORDER RULES.—Having had frequent enquiries for copies of the "Rules that should be observed by Members of the United Order" since the first edition of the same was all sold, we have lately printed an authorized edition on fine fancy colored paper, on a sheet 12 by 20 inches, suitable for framing or mounting on a stretcher and hanging up in the houses of the Saints. They can be had at this office, or mailed to any address for 10 cents per copy. d

The Relief Society Woman's Mercantile Association

is offering a store for the sale of home manufactures in the building lately occupied by the Woman's Centennial Territorial Fair, known as the Old Constitution Building, opposite Z. C. M. I. store. d

We are now ready to receive home-made useful and ornamental articles of all kinds, which we will sell on commission. Many of our citizens have felt the want of a place devoted exclusively to such productions, and now that we are, in accordance with the wishes of President Young, uniting our humble efforts in this direction, we confidently trust that we shall not only have the support of all branches of the Relief Society throughout the valleys of the mountains, but also of our brethren and all others who feel an interest in the future welfare and prosperity of Utah. d

Commencing as we do without capital, we wish it distinctly understood that at present we can only sell on commission. ELIZA R. SNOW, President. PRISCILLA M. STANINE, Vice President. ELIZABETH DAVIS, Secretary. d

THE RAPID popularity gained in this Territory by the OLIVER CHILD PLOW during the short time it has been introduced here is something marvelous. This splendid plow has distanced all competition, and now stands at the head of the list, unequalled by any implement of the kind ever brought to Utah. With the OLIVER CHILD PLOW and EASYLY and WITHOUT IRRIGATION, no matter how hard and dry the soil, it is offered on the most favorable terms by Howard Seebree, at the Salt Wagon Depot, one-half block south of Theatre. d282

HAGAN'S MAGNOLIA BALM is an unfailing prescription for a faultless complexion. Sallowiness, roughness, sunburn, moth patches, freckles, discoloration, dark spots, unwholesome paleness, tan, pimples, eruptions, redness and every other kind of blemish disappear like magic by the use of Hagan's Magnolia Balm. A few applications applied with a soft linen cloth will leave the delicate hues of refined beauty and youthful bloom. Its application cannot be detected, and it is absolutely free from all possible harm, warranted purely a vegetable extract from the flowers of Southern France. d

Mormon Missionaries.—The steamship Wyoming, of the Williams & Guion line, left Liverpool yesterday afternoon for Liverpool, taking among her passengers Bishop John Rowberry of Salt Lake City, together with the following Mormon missionaries—George Atkin, Thomas Barratt, Charles D. Evans, William Stokes, John Proctor, John Tracy, John E. Christensen, Yens E. Nelson, Richard Steele, George Barber and Ben Jensen. Upon their arrival at Liverpool the missionaries go to the districts already allotted to them, embracing England, Wales and Scandinavia; Bishop Rowberry will superintend the labors of the various missionaries traveling from country to country. About sixty missionaries are to leave Utah within a short time to locate themselves in different parts of the United States. The purpose of making conversions is the object of the missionaries. *New York Herald, Nov. 19.* d

The News.—THE WEEKLY DESERET NEWS is the oldest paper published in all the Rocky Mountain region, its publication having been commenced in 1850, being consequently over twenty-six years old. We have some satisfaction in the belief also that it is one of the best family papers published in America, and we have had the most indubitable evidences that it has wielded and does continue to wield an influence for good, not only at home but also in distant portions of the globe. The Semi-Weekly News is not so old, having only just passed its tenth year, but its character as a reliable journal, as a matter of course, is similar to that of the WEEKLY. d

THE DESERET EVENING NEWS today enters upon its tenth year, the present number being the first one of the new volume. At the conclusion of the ninth and commencement of the tenth volume we take occasion to thank our numerous patrons for the excellent support which they have given it and we are gratified in the belief that they have been satisfied with the principles it has enunciated. It has been the aim of the editorial management of the News to make it what it purports to be, the paper of the people, and, as such, it has uttered no uncertain sound, not being liable to be "tossed to and fro by every wind of doctrine," religious, political, or otherwise. There is but one legitimate course for a respectable journal to take, and that is the "right," and that is what the News has aimed to do. d

Employment Wanted.—There is a large number of women, mostly young, in this city, who are ready and willing to work, but are unable to find employment. This fact has been forced upon our observation by the result of an advertisement that has appeared in the News for the last day or two, promising steady employment for a few good seamstresses, who have their own sewing machines. One of the effects of this notice is that at least fifty persons have called at this office on Saturday and to-day, making inquiries about the advertiser. Here is presented an opportunity for philanthropically inclined, well-to-do people, to do a good thing by providing honest, industrious, respectable people with the employment they need and desire. We state it as an incontrovertible proposition that it is the plain and unmistakable duty of the rich to do this, whether they choose to do it or not. We believe there is more responsibility involved in the holding of riches in this life than is generally supposed, and that much will be held accountable, in a day

to come, for the use they make of them, and there can be no doubt that those who apply them so as to be of the largest general benefit to their fellow creatures will be entitled to the greatest consideration in the general summing up of things. Those numerous applications made invariably, we believe, by very respectable people, reveal another fact, interesting to advertisers—that the advertisements published in the News are pretty generally read. d

Building the Temple.—Before us is a circular issued by Presidents Joseph Young, Sen., A. P. Rockwood, H. S. Eldredge, and John Van Cott, of the First Seven Presidents of the Seventies, and directed to those brethren who are in charge of the sub-divisional interests of building the Temple in this city, in a quorum capacity, or two or more quorums combined, or in any other organized capacity for temple building purposes. The circular represents that, owing to the preponderance of comparatively unskilled stone cutters over those who are finished workmen, the quantity of rock destined for the body of the walls accumulates with much greater proportionate rapidity than the finer blocks for the exterior surface. A renewed appeal is, therefore, made to the Seventies to use their utmost endeavors to place a large number of expert stone dressers at work, that the progress of the preparing of each kind of rock may be more equally balanced, that when the laying of the rock shall be recommenced, next season, there may be no hindrance, from this cause, heretofore complained of, to the progress of that branch of the work. The circular also announces that, if there be any competent stone cutters who are inclined to accept a mission, during the approaching winter, to work upon the Temple, donating their labor, arrangements have been made to supply them with board and lodging. Herewith we give an extract:—

"No change will be made in the present arrangement of the districts, or donations from the brethren throughout the Territory, until a call is made for work to commence on other Temples. We therefore earnestly request you to continue the services of the stone cutters on the block during the winter and until it shall be said it is enough, and that of the services of the brethren employed at the Quarry be continued also, until cold weather shall render it impracticable. At the end of the present year it is expected that you furnish a correct report of the amount paid to sustain your men, the names of the parties who have donated and the number of the quorum to which they belong, the name of the person employed and the amount paid him for his services. d

"We do earnestly pray the brethren for the sake of the cause in which we are engaged, for the sake of the living who are still to come to Zion, many thousands of whom are yet to receive their ordinances, and also for the sake of the dead, that you apply all your energies to consummate this great work. d

District Court.—Tuesday, November 21st, morning. **Warren Hussey vs. Mason M. Hill.** The jury rendered the following verdict:—

"We, the jury, find for the plaintiff in the sum of \$359.05, with ten per cent. interest thereon, from Sept. 20th, 1875, to Nov. 20th, 1876, amounting to \$113.99, making a total of \$472.94. *R. U. CHAMBERS, Foreman.*" d

Thirty days given to file and serve motion and statement or motion for a new trial. **L. Goldberg & Co., vs. Tintie M. M. Co.;** motion for order of sale to be approved; motion granted. **The United States vs. A. P. Rockwood;** motion of Z. Snow, attorney for defendant, to dismiss the bill; motion overruled by the Court. The Court granted a decree, in accordance with petition of the plaintiffs, vacating the title to the quarter section of land on which stands the United States penitentiary. Defendant excepted to the ruling. In the matter of John Longwood & Co., bankrupt, it was ordered that the assignee of the estate of said bankrupt pay over to Matthew T. Gilbourne, or his attorneys or agent, out of the moneys in his hands, the sum of \$383.73, and the sum of \$5.75 costs, and to the Sheriff of Tooele County his lawful fees and charges incurred in the matter of Louis Cohn, bankrupt. d

Theatre.—Last evening Mr. Geo. Rignold presented the drama of "Henry the Fifth" in the Theatre to a numerous audience. As it may be called an impromptu performance, having been got up in a few hours, with a company out of training and with limited theatrical resources at command, it may be considered a very creditable affair. "Henry the Fifth" is a spectacle play, with ample scope for the exhibition of a high order of dramatic taste, learning, and culture, for the expenditure of many thousand dollars in scenery, costume and appointments, and for the employment of several first-class actors, supported by hundreds of lesser talent, and for weeks or months of careful preparation. Therefore, when the play is presented with anything approaching satisfaction under disadvantageous circumstances similar to those prevailing here, we may fairly conclude that it is a creditable thing. d

Mr. Rignold as "King Henry" was all that could reasonably be desired. The fine speeches in the part were given in an admirable manner. Miss Cogswell as "Chorus" acquitted herself very well indeed. Mr. Evans as "Fluellen" did much better than was anticipated. He spoke the words excellently, but did not play "Fluellen" to admiration. Miss Colebrook and Napper, Messrs. Thorne, Margotta, Morelli, Graham, and Crow enacted their parts very well. d

School Tax Cases.—To-day Abraham Taylor and Dr. Samuel E. Newton, residents of 12th School District, appeared, at the instance of the Trustees, before Alderman

Spiers, for non-payment of school tax. The cases were decided adversely to the defendants, and Dr. Newton gave notice of an appeal to the District Court. d

Home Again.—We were pleased this afternoon to receive a visit from Elder William C. Staines, who arrived home last evening, after having concluded the emigration business at New York for the season, everything connected with which passed off satisfactorily. He was accompanied to this city by Elder Junius F. Wells, who has returned from his mission to the eastern States. Both are in good health and spirits. d

First National Bank Building.—The plastering of the interior of the First National Bank Building was finished about a week ago, Mr. William Jones being the contractor for that branch of the repairs. Upon the ceilings are some fine ornamental centre pieces. Mr. Jones plastered the same building when it was first erected, and also did the plaster work of the new Z. C. M. I. building. d

The Season's Emigration.—During the past season the following vessels have conveyed the gathering Saints in numbers as follows:—

May 24, S.S. Nevada, 126 souls
June 28, " Idaho, 628 "
Aug. 23, " Nevada, 3 "
Sept. 13, " Wyoming, 309 "
Oct. 25, " 118 "
Total, 1,194 "
—*Millennial Star, Oct. 30.* d

Missionaries.—To-morrow morning, Elders Edwin Standing, of Lehi, James Armistead and Benson Walker, of Pleasant Grove, will leave on missions to the States upon which they were called at the late Conference. Their labors will be in the Chicago District, which includes North Illinois, Wisconsin and Michigan. d

The Coal Question.
SALT LAKE CITY, Nov. 21, 1876. d

Editor Deseret News:
There still continues to be a dearth of Weber coal in our market, and scores of families are entirely out of it. Winter is fast approaching, and already the cold chilly nights, finding so many who are destitute of fuel, force upon the people as an absorbing topic of the day. What are we to do about coal, which is detained in Coalville for want of coal to transport it? Rather than permit a whole community to be imposed upon by the monopoly of a rich railroad company, as the only present alternative I would respectfully suggest that from 500 to 1,000 teams be immediately called for from Davis and Salt Lake counties, to supply the community with coal from our own mines. d

A CITIZEN OUT OF COAL.
If those 500 or 1,000 teams can be had to bring the coal in from the Weber, of course it would be a splendid move. In fact it appears high time for some action to be taken in the premises, else numbers of people will be likely to suffer. d
