

WHAT THE M. & M. HAS DONE FOR UTAH

Progress Made in the Past Year
Shown at Annual Meeting
Last Night.

COMFORTABLE SUM ON HAND.

President Hewlett in Annual Address
Gives Summary of Results Achieved
—Work for Future.

How best to bring all the forces of Utah into working harmony to up-build the state, was the theme most stressed at a well attended annual meeting of the M. & M. association last night.

President O. H. Hewlett took the matter up in his annual report, after reviewing conditions in 1907. The secretary and treasurer's reports showed an interesting condition of the treasury in that there was on hand a balance of \$1,300 with no outstanding obligations.

To succeed the retiring directors, the following five were elected: George Austin, William G. Lambert, Will R. Sibley, Frederick Creager and William Miller, the first three being named to succeed themselves.

PRESIDENT HEWLETT TALKS.
President Hewlett, in reviewing local history and putting forward the problems yet to fight, said in part: "Our association has been making an active fight against the mail order system, which has gained such inroads in the intermountain country, and we have made a healthy sentiment among the people to support their home merchants in preference to sending their money to the big mail order houses of eastern cities. There is no doubt but that they could compete all the time against the mail order houses, provided the people would be willing to pay cash to their home merchants as freely as they do to the mail order houses."

GET ACQUAINTED TRIPS.
"The association has made several 'Get Acquainted' excursions, during the past year which have done much good, and have brought the business interests of the state closer together. The next trip will be made in February to Provo, for the purpose of meeting the people of Utah county, and also of giving a good start toward the opening of the Provo woolen mills."

Freight rates are altogether too high and there should be a more determined effort among the business interests for a substantial reduction. Denver, Los Angeles and nearly all western cities have freight bureaus and a competent traffic man in charge, so that they are receiving benefits all the time and are gradually taking trade territory which rightfully belongs to this section.

NEW OFFICERS.
New officers for the association will be elected at a board meeting on Jan. 24.

HOTEL GOSSIP.

F. A. Sullivan of Denver, one of the oldest embalmers in the United States, is a guest at the Cullen. He claims to be the originator of arterial embalming in this country, by which the preserving fluid is injected into the arteries. In 1872, while a medical student at Bellevue in New York, he got the idea from a German physician who made the discovery during the Civil war.

Y. Carter-West, who has been a guest of the Knutsford for several days, left last evening for San Francisco where he will spend a few days before returning to Salt Lake. With J. W. Frank, Mr. West is on a tour of the western part of this country in

DON'T EXPERIMENT

You Will Make No Mistake if You Follow This Salt Lake City Citizen's Advice.

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Salt Lake City. Follow the advice of a Salt Lake City citizen and be cured yourself. Mrs. V. V. Bain, living at 946 West Second South street, Salt Lake City, Utah, says: "I have been troubled with pain in my back for some time, for which I tried numerous remedies without finding relief. I was told to try Doan's Kidney Pills and procured a box at F. J. Hill's drug store. They cured me, and I am glad to give them my recommendation." (From statement given July 11, 1906.)

A PERMANENT CURE.
On Sept. 17, 1907, Mrs. Bain confirmed her previous statement, saying: "I have never had any return of kidney complaint since Doan's Kidney Pills cured me and think I have been the means of helping others suffering from the same complaint. I am glad to endorse Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-McIlburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

The interests of English capital invested in America. The gentlemen express themselves as much pleased with the results of the trip. They are particularly interested in the fruit growing and packing business in California, and are making a tour of the country in the interests of his business and for pleasure. He was in Salt Lake several years ago, and noted with pleasure the evidences of growth noticeable at this time. He said that San Francisco was making a big, united pull to bring the city back to the conditions existing before the earthquake and fire, and it was only a question of time, he declared until a bigger and better San Francisco than ever before would spring from the ashes of the old town.

Mine Host Porter of the Kenyon is busy with mechanics of various sorts these days. In the effecting of certain improvements and repairs in the hotel. All the rooms in the house are being fitted up with hot and cold running water, replacing the old washstands; the roof is being repaired, and many of the rooms are receiving new coats of paint and wall paper. The quiet season is being taken advantage of to effect these improvements, so that guests are not dissatisfied by progress.

CARPENTERS MAY STRIKE.

More Trouble in Goldfield Results From Reduction of Wages.
(Special to the "News.")
Goldfield, Nev., Jan. 8.—Trouble is brewing between the mine operators and the carpenters in their employ, which may result in a strike. Discontent among the latter has been caused by a reduction of wages and from the open shop policy of the employers. The governor has been addressed in an open letter by the carpenters and electricians, demanding that compulsory arbitration of wage questions be enacted by the legislature.

With two dissenting votes, Messrs. Hamilton and Fitch, the legislative delegation known as the Emeralds, voted to stand by Gov. Sparks in his actions regarding federal troops. The two named were against the president's actions.

PRINCIPALS ARE DINING.

The principals of all city schools are the guests of the girls of the domestic science classes at the university today. A lecture given before the principals yesterday explained to them many culinary wrinkles and this afternoon they are making it a personal matter with choice viands prepared by the students.

The principals met again this morning in the board rooms and listened to lectures given by Principals Heister, Stearns, Dryden, Coombs and Elta Powers.

O. S. L. AWARDS ANNUAL MEDALS

Mrs. A. L. Nichols Captures Gold Trophy for Perfect Station On System.

IDAHO GETS TWO; UTAH ONE.

Farmington Depot Conceded by the Judges to be Best Kept of Any Along the Line.

Towards the latter part of October when E. Buckingham was superintendent of the O. S. L. he and other officials, including division superintendents, section bosses, etc., made a trip over the Oregon Short Line, then including the Southern Pacific as far west as Sparks, Nev., and as far east as Green River, Wyo. This trip was one of personal and thorough inspection to give the officials an opportunity of examining each foot of the system. An examination of this kind is made every year and when every section has been seen, medals for the best maintained and best appearing divisions, sections and depots, etc., are distributed among the persons in charge and responsible for the excellency.

The list for 1907 winners is published below. Among the winners were two women, Mrs. A. L. Nichols of Farmington, Utah, and Mrs. Mary E. Collins of Orchard, Idaho. Mrs. Nichols, who won a gold medal, is in charge of the Farmington depot and received also a station master's or would station in the Utah division. Mrs. Collins is also a station master—or would station mistress be correct?—and won a gold medal for having under her charge the most perfect station on the Idaho division. The medals will be distributed as soon as engraved. The list follows:

GOLD MEDALS FOR 1907.

John McEntee, Oregon Short Line, Salt Lake; first district, Utah division, for best roadmaster's district on system.
P. Brennan, Reverse, Ida., Oregon Short Line, section No. 58, Idaho division, for best section on system.
Mrs. Mary E. Collins, Orchard, Ida., Idaho division, Oregon Short Line, for perfect station on system.
D. Avery, Hewitt, Idaho, Idaho division, Oregon Short Line, for perfect station on system.

SILVER MEDALS.

M. Moran, Ogden, Oregon Short Line section No. 101, Utah division, for best section in district.
Walter Beaud, Farmington, Oregon Short Line section No. 4, Utah division, for best section in district.
J. A. Harris, Shoshone, west section Oregon Short Line, section No. 101, Utah division, for best section in district.
W. P. Stewart, Diamondville, east section Oregon Short Line, section No. 5, Idaho division, for best section in district.

Thomas Leonard, Montpelier yard section, Idaho division Oregon Short Line, for best section in district.
J. C. Patterson, Shelly, Idaho, Oregon Short Line, section 126, Montana division, for best section in district.
N. Christensen, Dillon, Mont., Oregon Short Line, section 148, Montana division, for best section in district.
Delahanty, Midlake, Southern Pacific company, lines east of Sparks, Nev., section 57, Ogden district, for best section in district.
J. A. Lorentz, Southern Pacific company, lines east of Sparks, Nev., section 57, Ogden district, for best section in district.
J. Martin, Rose Creek, Southern Pacific company, lines east of Sparks, Nev., section 46, Wells district, for best section in district.
M. Harte, Taylor, Southern Pacific company, lines east of Sparks, Nev., section 1, N. & C. Ry., for best section in district.
S. Wilson, Echo, Utah, U. P. R. R. company, lines west of Green River, section 75, ninth Wyoming district, for best section in district.
Tim Rochford, Carter, Wyo., U. P. R. R. company, lines west of Green River, section 59, eighth Wyoming district, for best section in district.

CONCESSIONS TO MEN APPROVED.

Philadelphia, Jan. 9.—Concessions granted the Union Trolley men by the Rapid Transit company were approved at a ratification meeting which lasted from 10 o'clock last evening until 3 o'clock this morning. The strike resolution which has been adopted with understanding that this was to be the last resort was rescinded. It was reported to the meeting that some of the union men whom the company had agreed to re-employ are back at work and others are to go to work today.

WILLIAM J. BRYAN IN THE SENATE

Not the Nebraskan of Oratorical Fame but a New Member From Florida.

HE IS THE YOUNGEST MEMBER

Great Popularity of Rural Delivery Routes—Thomas C. Platt on the "Down and Out" List.

Washington, Jan. 3.—William James Bryan, appointed senator by the governor of Florida to succeed the late Senator Mallory, is one of the youngest men in the history of this government to hold such a position. He was only 31 years of age last October. It goes without saying that Mr. Bryan will be commonly alluded to as the kid senator. The next youngest man in the upper branch of Congress is Senator Gore of Oklahoma. He is only 37. It seems to be admitted that for some time William J. Bryan of Nebraska had the notion of moving to Oklahoma to become a senator from that big new state, many of the Oklahoma Democrats having urged him to settle there in order to force statehood. Mr. Bryan found that his interests financially would not justify his removal from Nebraska, it is said. How funny it would have been if two William J. Bryans should have turned up the same year in the United States senate!

A POWER OF FORMER DAYS.

There is an ex-senator who makes Washington his home who used to be a great power at conventions, but who is no longer in the swim. He is William Pitt Kellogg of Louisiana. Not only did he rule absolutely for years the delegates from the Pelican state, but he could swing many others in the south to candidates he favored.

RURAL DELIVERY ROUTES.

The rural free delivery routes are increasing so rapidly that Congress will have to appropriate this session between \$4,000,000 and \$5,000,000 more for the service than for the last fiscal year. It looks as if the total expenditures for the service within 10 years will amount to not less than \$50,000,000. This is an amazing growth when one remembers that it was less than 15 years ago that the first money was voted to make the experiment, the initial test being in Maryland on a short route. The first appropriation was only \$10,000, and it was nearly 18 months before it was used up.

POPULARITY OF RURAL ROUTES.

It is peculiar that one of the mountain districts in the southern states has less than half a dozen routes. That is the Eleventh district of Kentucky, represented in Congress by Mr. Edwards. In the mountain district of Tennessee, which Congressman Frownlow comes from, there are over 300 rural routes, and new ones are constantly being asked for. The service is also popular in the mountain district of North Carolina and West Virginia. In the far west there are comparatively few rural free delivery routes. The old star routes are continued out that way on account of the sparsely settled country.

WOULD AID SHIPPING INTEREST.

As an offset to the ship subsidy bills that have been introduced this session John Sharp Williams has introduced a bill in the house to enable certain ships bought abroad to carry the American flag and to be admitted to American registry. The Democratic leader insists that his proposition would benefit materially the shipping interests of the United States. He has persistently opposed the subsidy measures that have been fathered by Senator Frye of Maine.

AN ABSENTMINDED SENATOR.

Force of habit causes Senator Penrose of Pennsylvania to do and say some queer things. Next to the senate he is chairman, there is a private room in which the senator shuts himself up when he wants to attend to his work. Col. Andrews, his secretary, has to stand guard to ward off the dozens of people who try to see Penrose in the course of the day. The other day Andrews opened the door and looked out. Then he turned to go to his own desk. "Who was there, Andrews?" inquired the senator. "Nobody, senator," replied Andrews. "Just tell him to wait," said the senator. "I can't possibly see him now."

THE HAND OF FATE.

Senator Tom Platt of New York, ac-

PHYSICIANS DISCUSS NEW THEORY

Cooper's Views of Human Stomach Noted by Medical Men.

A recent article in the New Orleans Item gives an account of the effect upon the medical profession of that city with regard to L. T. Cooper's theory that the human stomach is responsible for most ill health. The article is as follows: "The astonishing sale of Cooper's medicine in this city has now reached such immense figures that the medical fraternity have been forced into open discussion of the man's theories and medicines. 'The physicians seem to be divided with regard to the young man's success in New Orleans—some being willing to credit him for what he has accomplished, while others assert that the interest he has aroused is but a passing fad that will die out as quickly as it has sprung up. 'In a statement recently obtained from a well-known physician of this city the opinion of those in favor of Cooper is well voiced. The doctor said: 'I am not a believer in proprietary medicines, but I must admit that some of the facts recently brought to my attention concerning this Cooper medicine have gone far toward removing the prejudice I had formed against them. I find that Cooper's medicine has accomplished wonderful results for them. I notice particularly in cases of stomach trouble that the man has relieved several cases that were of years' standing and proved very obstinate to treatment. 'I do not wish to stand in the way of something that may be for the public good, simply through professional prejudice, and I am inclined to give Cooper and his preparations credit as deserving to some extent the popular demonstration that has been accorded them in this city.' 'We sell the Cooper medicines. They are proving remarkably successful throughout the entire United States. F. J. Hill Drug Co., 50 W. Second South, Salt Lake City."

According to what the politicians say, will not have much, if any, land in the coming year to the Chicago convention. He will not be one of the big four from New York either. How odd that will seem—not to have Mr. Platteau at the convention looking things and ordering the whole delegation to vote just as he says! In 1900 at Philadelphia Theodore Roosevelt, then governor of New York, was one of the delegates at large. Platt wanted to get rid of him. Roosevelt vowed that could not be done, and that he would not be side tracked on the governorship of the state. He was running mate on the presidential ticket with Mr. McKinley. But he did take the nomination and if he had not accepted would not have been where he is today.

HE WAS THE DELEGATION.

During the Philadelphia convention of 1900 some one asked a New York man how many votes there were in his delegation. "Just one," was the reply. "You are joking." "No, I am not, Thomas C. Platt is the whole delegation. His word is law."

COWLEY, WYOMING, LOSES LIFE IN SNOWSLIDE.

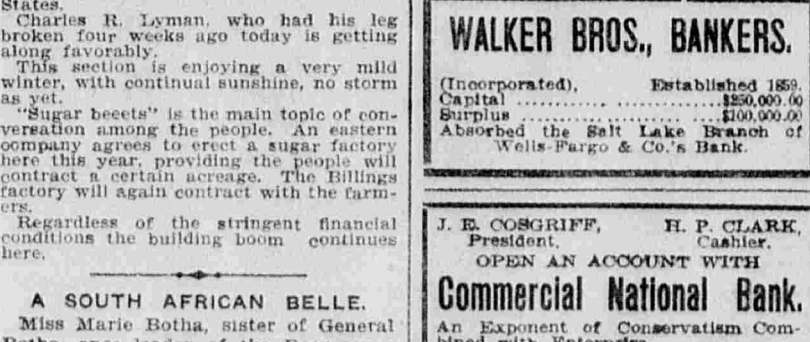

David E. Lindsay Leaves Large Family—Death of Noble Woman.

Special Correspondence.
Cowley, Big Horn Co., Wyoming, Jan. 7.—On Sunday last the funeral over the remains of David E. Lindsay was held in the Byron meetinghouse. He was buried in a snow slide at Kirwin, this county, and it was several days before his body was found. He was about 42 years of age and leaves a wife and nine children to mourn his departure. He has been a member of the high council of this state since its organization. All of the leading men in the state were present at the funeral and his fellow members of the high council acted as pall bearers. Mrs. Mary Lythgoe, wife of Thomas Lythgoe of this place, passed away at 1 p. m. today. The cause of her death was pneumonia. About two weeks ago a babe was born to her good woman, but the child only lived a short time. She leaves a husband and five little children. She was a counselor in the ward Relief society and a noble, good woman. The family have the sympathy of the entire community in their bereavement.

Elder W. N. Eyre left the other day for a mission to the Northern States. Elder Louis Meeks will leave on Thursday next for a mission to the Southern States. Charles R. Lyman, who had his leg broken four weeks ago today is getting along favorably. This section is enjoying a very mild winter, with continual sunshine, no storm as yet. "Sugar beets" is the main topic of conversation among the people. An eastern company agrees to erect a sugar factory here this year, providing the people will contract a certain acreage. The billings factory will again contract with the farmers. Regardless of the stringent financial conditions the building boom continues here.
