## HEARINGS IN THE DISTRICT COURT.

Weber County Affairs—Complaint Entered Against Hoggish Duck Hunters.

## SESSION OF CITY SOLONS.

Pawbroker Israel Richmond Arrested for Receiving Stolen Goods—Captured Holdups Well Armed.

In the district court yesterday, Judge Ballou denied the motion of the defendant for a new trial in the case of Mary E. Ferris against the Modern Woodmen.

The motion of the defendant, in the case of Oliver S. Sartin against the Oregon Short Line, to strike out the amended complaint, was denied. This is an action for damages on account of personal injuries. The amount claimed being \$20,000. The case has been before the supreme court of the state, where a ruling was made adverse to the plaintiff's original complaint. The question involved in the motion decided yesterday was whether the plaintiff could continue his action.

The case of J. H. Winslow against Clifford S. Potter was heard yesterday and taken under advisement. The case involves the validity of a lease to the land on which the defendant claims to have a right of way. Winslow claims that Potter has canceled the lease by sub-letting part of the ground and also by conducting a restaurant, both of which, he says, were prohibited by the terms of the lease itself. Potter denied the validity of the lease and maintained that the restaurant was constructed on grounds not included in the lease. J. G. Reid & Brother filed an action against Charles and Henry Keller asking that the Kellers be ejected from the possession of a certain piece of land.

## WEBER COUNTY AFFAIRS.

At the meeting of the county commissioners yesterday a resolution was passed providing that the driveway west of the court house be closed by the creation of a substantial wire fence. This was for the reason that private parties were using the driveway for a thoroughfare.

Joseph Hoggish, fish and game warden, reported that it is very difficult for him to enforce the law providing that no more than 40 ducks shall be bagged by any one hunter in one day. He was advised that the law was being violated, but could not offer tangible proof. He also reported that the drainage from a sugar factory was killing the fish in the Weber river. He was advised to secure an opinion from the state game warden.

On request of Henry E. Steele, constable of Ogden City, F. A. Rogers was appointed deputy city constable, to serve during the absence of Steele. A lot of other routine business occupied

the time of the board during the afternoon.

## CITY COUNCIL SESSION.

In the city council last night a petition was presented by J. H. Young, manager of the Lyceum theater, in which he asked the council to delegate a committee to attend the Lyceum theater next Sunday evening and pass judgment on whether the concert which the management proposes to give, is not a concert sufficiently sacred in its character to comply with the ordinance.

After a lengthy discussion the petition was laid on the table. In accordance with the ordinance, the council had nothing to do with the matter, as it concerned only the executive and not the legislative branch of the city government.

The council laid both ordinances relating to franchises for the erection of waste paper boxes on the streets over for another week. Considerable rivalry has developed between the two applicants, and the council delayed taking the franchises up on third reading, hoping to get better terms.

The treasurer notified the council that the Consolidated Implement company, who paid the curbing and guttering tax in District No. 10 under protest, was about to begin suit for the amount paid on the ground that the tax was exorbitant. This was referred to the committee on laws.

L. P. Kelsey, the sewer contractor, was ordered paid another installment of \$12,015.

## BRIEFS AND PERSONALS.

The board of education met yesterday at noon and canvassed the returns of the recent school election. There were no changes whatever in the figures from those already published.

Governor John Stansbury of Nevada, accompanied by his business representative, John A. Heron of Reno, is in Ogden conferring with a number of the governor's business associates in this city.

The police department is undertaking to enforce the ordinance prohibiting the leading of signs on the sidewalk. A number of signs which have been tacked on to telegraph poles in front of various places of business were removed during Saturday and Sunday nights by patrolmen.

Dr. Charles B. Gilbert, the noted educator, will arrive today from the east and will lecture tonight in the Congregational church under the auspices of the city teachers and the board of education. The topic will be "Democracy in the Schools." The lecture is for the general public and no admission fee is to be charged. There will also be a musical program by Squire Coop, Mrs. Allison and others.

## PAWBROKER ARRESTED.

Israel Richmond, proprietor of a lower Twenty-fifth street pawnshop, and secondhand store, was arrested last evening by Capt. Brown and Detective Bender, on the charge of receiving stolen property, the complaint being sworn to by Chief of Police Browning. When the Eccles Lumber company's planing mill was burglarized last week a quantity of carpenter's tools were stolen. The officer visited all the pawnshops and secondhand stores the following day, to ascertain if any of the stolen goods had been pawned. All of the brokers denied having seen any goods answering the description of the tools. A few days later M. A. Coumley was arrested for the crime. He confessed his guilt and said that he had pawned the stolen saws, planes, levels and other articles with Israel Richmond the morning after the burglary. The police on learning these facts, immediately went to Richmond's place and made a thorough search of the same, and found the stolen goods hid away in Richmond's place.

Richmond has been in the second-hand business for a long time here in Ogden. The state statutes make a man

who receives stolen goods equally guilty with the man who steals them.

## HOLDUPS WERE WELL ARMED.

In the arrest of the highway robbers, Frank Cunningham and Jack Burke, great credit is due the officers and it is believed that the reign of terror which these two hold-ups have been causing in Ogden will now be at an end. When the report was received at the police station Sunday night that G. A. Hinely had been held up, the officers immediately went out in citizen's clothes and scoured the city. Being unable to find any trace of the holdups, the officers decided to make a round of the rooming houses and see if any suspicious characters had secured rooms during the night. They found that two men had gone to room 7 in the Eureka block, went to the room and knocked at the door, which was opened. No sooner was the door open than the police turned their lamps and guns on the two men and then searched the room, finding under each of their pillows a pistol in three watches, which have no doubt been taken from someone they have held up. There is no question as to whether the door was opened by the men, who are known to be desperate criminals, there would have been a hard fight and possibly some one hurt. They will have at least two charges of highway robbery to face. It is also known that they are the two who burglarized the Coalville Co-op store ten days ago.

## TWO COUPLES TO WED.

Marriage licenses were granted by the county clerk to the following couples yesterday:

Charles England, 27, and Miss Laura T. Deneche, 26, both of Plain City, Weber county.

Earl Paine, 20, and Miss Liba Tombs, 20, both of Ogden City.

## BRIEFS AND PERSONALS.

The many friends of Judge Joseph Hall will be pleased to learn that he is able to get around again, after his fall down a staircase a short time ago.

J. D. Roland, a well known Mald City merchant, is in Ogden on business.

District Attorney Halverson expects to be out of quarantine in a few days, his ailment having fully recovered from the attack of diphtheria.

## DOCTORS COULD NOT HELP HER.

"I had kidney trouble for years," writes Mrs. Raymond Corner of Ogden, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure. It makes the diseased kidneys sound so they will eliminate the poisons from the blood. Unless they do this, good health is impossible." F. J. Hill Drug Co.

## MRS. JAMES HENRIE DEAD.

New Management in Coal Mine—Fair Crops Reward Husbandman.

Special Correspondence.

Leigh, Fremont Co., Ida., Dec. 7.—Mrs. James M. Henrie, wife of James Henrie, died last Friday night. Funeral services were held in the Leigh hall today at 11 o'clock. Prestis, Driggs and Killpack were

principal speakers, and many words of comfort to the bereaved and of eulogy for the deceased were pronounced. Mrs. Henrie, mother of the deceased, died of typhoid fever, aged 40 years. She was a devoted Sunday school teacher, and a great helper in all that was good. She leaves seven children, husband and a host of friends to cherish her memory.

All kinds of grain and farm crops did well this year except potatoes, which were not as good as usual. The potatoes, however, are expected to start up next Saturday under a new management.

Coughing Spell Caused Death.

"Harry Duckwell, aged 35 years, checked to death early yesterday morning at his home, in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued for some time. His wife sent for a physician but before he could arrive, another coughing spell came on and Duckwell died from suffocation. St. Louis Globe-Democrat, Dec. 1, 1904.
