

RAILROAD CREW'S HORRIBLE CRIME.

Accidentally Kill a Mexican and Burn
His Body.

DID IT TO CONCEAL MATTERS

Put in Fire-box of Locomotive—
Flee from Mexico to United States
for Safety.

Chicago, July 17.—A special to the Tribune from El Paso, Texas, says: An American train crew on the Mexican Central railroad has just reached this city, having fled from the republic to the north, in consequence of accidentally running over and killing a Mexican and throwing his body in the fire-box of the locomotive, in hopes of concealing his death.

The accident happened below Torreon, Mexico. A freight in an isolated spot ran over a peon, killing the man instantly. In Mexico, the death of a subject by a train is as much a crime as murder. Knowing this the crew, to conceal the accident threw the body in the fire-box.

A few days later the relatives of the dead man began to make inquiry as to his whereabouts. Some one had seen him at a certain point and one Mexican from a distance of the crew were questioned and fearing the truth would come out they resigned their positions and fled to the United States.

No Settlement of Brewers' Troubles.
Chicago, July 17.—No settlement has been reached between the Chicago and Milwaukee Brewers' association, and the trouble threatens to spread to other labor organizations within a few days.

Yorland Sisters, Actresses, Suicide.
London, July 16.—Ida and Edith Yorland, actresses, 26 and 21 years old respectively, committed suicide together by taking poison in their rooms in London today.

About noon Edith called the landlady and told the latter she and her sister had taken poison. She asked the landlady to get a cab and put herself and her sister in it and promised they would leave the house without creating a scene. Upon going upstairs the landlady found Ida dead. Edith died on the way to the hospital. Ida had been engaged at the Duke of York's theater under the management of Charles Frohman for three years. She scored a great success in the production "The Swashbuckler" and had filled Evelyn Millard's part of Lady Ursula at the Duke of York's theater in Anthony Hope's play, "The Adventures of Lady Ursula" in 1898, during Miss Millard's illness. Edith Yorland once played a part in "Neil Gwynne."

Both the women had recently been without engagements and they were bitterly disappointed at failing to secure an expected engagement.

BACK FROM SUMATRA.
Prof. Barnard Says the Expeditions
Were Partial Failures.

San Francisco, July 17.—Prof. E. E. Barnard, formerly of the Lick observatory and now connected with the Yerkes observatory at Williams Bay, Wis., has returned from Sumatra where he went to observe the total eclipse of the sun May 18th. Prof. Barnard reports that all the astronomical expeditions sent out by various bodies and institutions were failures in a great measure. They have added little to the stock of astronomical knowledge. This result is due to cloudy weather that prevailed at all the stations but one, which happened to be perfectly equipped because it was expected the clouds would be thickest there.

PAN AMERICAN CONGRESS.
Participation Does Not Mean Simply
Support of American Policies.

New York, July 17.—A dispatch to the Herald from Buenos Ayres, says: The Tribune, President of the Pan-American congress, says in regard to the Pan-American congress: "The congress will interest not only American nations, but also those in Europe, because the questions to be discussed are of interest to all. We therefore coincide with the opinion of the London Times, which says that participation in the Pan-American congress will be tantamount to the support of the United States policies by other American nations."

Salmon Combine Assured.
New York, July 17.—The Tribune says: The salmon combination which has been formed for several weeks, is now an assured fact, and today it will be incorporated under the laws of New Jersey. It will be called the Pacific Packing & Navigation company, and its capital stock is \$25,000,000, half of which will remain in the treasury for the purchase of additional plants and the erection of new ones.

Carnegie's Gift to New York.
New York, July 17.—Mayor Van Wyck received from Andrew Carnegie today the agreement recently drawn by the board of estimate covering Mr. Carnegie's gift of \$5,000,000 to the city for public libraries. The agreement now bears Mr. Carnegie's signature.

Anti Semite Mayor Stabbed.
Oran, Algeria, July 16.—While Max Regis, the anti-Semite mayor of Oran, was going to the casino tonight he was severely stabbed in the neck. His assailant was arrested. Rioting followed and thirty persons were taken into custody, among them Louis Regis.

ASSAULTED NON-UNION MEN.
They Drew Revolvers and Fired into the Crowd.

San Francisco, July 16.—Ill-feeling between strikers and non-union men resulted in a shooting affray tonight at the corner of First and Harrison streets. F. A. Paendarm and Fred M. Cliff, employees of the Dundon iron works, discharged their revolvers into a crowd of strikers, one of the bullets hitting the fleshy part of William Dunn's leg.

The shooting was provoked by an assault committed by a number of strikers on Paendarm and Cliff, who were on their way home from work and were

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.
Fill a bottle or common glass with your water and let it stand twenty-four hours: a sediment or getting indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also

convincing proof that the kidneys and bladder are out of order.

What to Do.
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and seeping pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

followed by strikers, who jeered at them and pelted them with stones. Threatening cries were made, when Cliff, who is an ex-soldier, drew his revolver and called on Paendarm to do the same. They then called on the strikers to disperse. The reply was a shower of stones.

The two workmen then fired their revolvers into the air. As this did not stop the throwing of stones they shot into the crowd. The only man hit was William Dunn, whose wound is not dangerous.

PENSION BUREAU BUSINESS.

Total Number of Pensioners on Roll is 997,834.
Washington, July 16.—Reports have been received by Commissioner Evans of the pension bureau, from all the pension agents of the country, showing the entire pension business transacted for the fiscal year ending June 30th last. The showing thus made, compared with 1900, follows:

The appropriations for the two years were the same, \$144,000,000 for each year. The expenditure for 1901 was \$138,531,494, an excess over 1900 of \$5,468,506.

During the year the pension roll was increased to the extent of 4,305 names, making a total of 997,834. The deaths among pensioners numbered 38,082 in 1901, or 2,375 more than in 1900. The records show that for the year 45,710 claims were filed on account of the Spanish-American war. Of these, 7,905 were allowed and 7,091 were adjusted and rejected.

Salisbury's Government Defeated.
London, July 16.—The government sustained a defeat in the house of lords today which, although quite unimportant in itself, was indicative of growing discontent. The incident arose from the question whether the model of the new war office should be made and exhibited. Lord Lansdowne, the foreign secretary, refused to entertain this proposition, but on division the motion was carried, 41 to 20. The announcement of these figures was greeted with prolonged cheers.

FREE TRADE WITH PORTO RICO
Proclamation Announcing It is to be
Issued Shortly.

Washington, July 16.—Secy. Hay has received by mail an official report from Gov. Allen of Porto Rico, inclosing the resolution adopted by the Porto Rican legislature, providing for free trade between the United States and Porto Rico after July 25th next. Promptly upon Mr. Allen's arrival in this country a proclamation will be framed to give effect to this resolution. If the resolution is carried out, it will be purely formal in terms, simply relating the proper section of the Foraker act and declaring free trade.

Horse Thieves Not Lynched.
Anaconda, Mont., July 16.—The Great Falls bureau of the Anaconda Standard, after making every effort, reports that the story of the lynching of three horse-thieves at the mouth of the Judith on the Missouri river, is regarded as a fake. A dispatch from Big Sandy, signed by one of the town's most prominent business men, says: "The story of the hanging is considered here as a fake, and there is nothing to it." It is pointed out that if there were any grounds for the rumor the papers in Big Sandy would have been full of it.

PICKETING IS UNLAWFUL.
Judge Clark of Cincinnati So
Declares Judicially.

Cincinnati, July 16.—Judge C. D. Clark of the United States district court, during the hearing of the motion to dissolve the temporary injunction issued against the striking machinists, indicated very plainly to counsel for the defense what his opinion would be on the two points involved. He said that for picketing an injunction would be granted, but that acts of violence and even boycotting were not to be met by injunction. Said he: "I have arrived at the conclusion, beyond all shadow of doubt that picketing is unlawful; that it is immoral and wrong. Counsel for the defense must

HARD TO BREAK.
But the Coffee Habit can be Put Off.

"I was a coffee user from early childhood but it finally made me so nervous that I spent a great many sleepless nights, starting at every sound I heard and suffering with a continual dull headache. My hands trembled and I was also troubled with shortness of breath and palpitation of the heart. The whole system showed a poisoned condition and I was told to leave off coffee, for that was the cause of it. I was unable to break myself of the habit until some one induced me to try Postum Food Coffee.

The first trial, the Food Coffee was flat and tasteless and I thought it was horrid stuff, but my friend urged me to try again and let it boil longer. This time I had a very delicious beverage and have been enjoying it ever since, and am now in a very greatly improved condition of health.

My brother is also using Postum instead of coffee and a friend of mine, Mr. W., who was a great coffee user, found himself growing more and more nervous and was troubled at times with dizzy spells. His wife suffered with nervous and indigestion, also from coffee. They left it off and have been using Postum Food Coffee for some time and are now in a perfect condition of health." Grace C. M., Cuyahoga Falls, Ohio.

PROMINENT METHODISTS ATTENDING EPWORTH LEAGUE CONVENTION IN SAN FRANCISCO.

Young Methodists from all parts of this country and Canada have gathered in San Francisco as delegates to the fifth international convention of the Epworth league. The sessions open today and continue until next Sunday. Bishop Isaac W. Joyce of Minneapolis is president of the league, Rev. H. M. Du Bose is general secretary and Rev. James M. Buckley, L. D., is editor of The Christian Advocate. The delegates are to be welcomed to California by Bishop John W. Hamilton of San Francisco. The league has a membership of 1,900,000.

understand plainly that I am opposed to picketing in any form whatever and that I will promptly make the power of this court felt against it."

He described picketing as interfering with men while going to or from the factory—anywhere, even miles away—by one man or by more than one, and interference with ingress and egress of workmen. But violence, he added, is not to be remedied by injunction in this court. He announced that the decision of the case would rest on the point whether or not it had been shown that there had been picketing. While his mind was made up on the law as to picketing, he asked counsel to cite authorities on that point.

GREAT INFUX OF LEAGUERS.
Trains Arriving in San Francisco all
Hours of the Day.

San Francisco, July 17.—The influx of Epworth leaguers continues day and night. Trains that left Ogden late Sunday night or early Monday morning reached Sacramento about midnight and will be among the early arrivals today. About 4,000 delegates will come from the East over the Southern Pacific lines. In addition several delegations will arrive from southern points. How many are coming by the Santa Fe is a matter of conjecture as no definite figures have been received.

Rev. A. C. Crews of Toronto, Canada, general secretary of the Epworth leaguers of Canada arrived last night on a special train with 125 Canadian delegates. Among the most prominent members of the party is Rev. James Henderson, D. D., of Toronto. He is associate missionary secretary for the Dominion and will respond to the address of welcome Thursday afternoon for his delegation.

The missionary department of the convention will have some live exhibits. Rev. A. Ewing of Ukiah has arrived with twelve native Indian children and their teacher, Miss Alice Szaezey, who will be guests of the leaguers.

Today will be devoted to the completion of the details of the convention, which will be formally opened tomorrow morning. The question of holding these conventions every four years, instead of biennially may be raised at this meeting.

A comprehensive exhibit of California products has been installed in the pavilion and is attracting much attention.

California Stages Held Up.
Ukiah, Cal., July 16.—The Potter Valley and the Blue Lakes stages were held up eight miles north of this city this afternoon by a lone highwayman, who lined up the eighteen passengers and secured about \$400.

The passengers were all tourists on their way to surrounding resorts, and they complied with the highwayman's request with exceeding promptness. The highwayman was a jolly fellow and had considerable fun with his victims while they were engaged in emptying their pockets. About \$400 was deposited in a nice little pile on the roadside and the drivers were then ordered to drive on and the passengers were warned that if they valued their personal safety they should refrain from looking back.

Will Tear Down Fences.
Portland, Ore., July 16.—Judge Bellinger in the United States court today decided that the Jesse D. Carr Land and Live-Stock company has illegally fenced in 54,000 acres of government land in southern Oregon and northern California. The decree of the court directs the United States marshal to tear down the fences. An appeal will probably be taken by the land company.

JUDGES REMOVE THEIR WIGS.
Heat in London So Great They Have
to Do It.

New York, July 17.—It is unofficially reported in London, according to a dispatch to the Journal and Advertiser that Queen Alexandra was prostrated by the heat and consequently arrangements for her visit to London were upset. The extreme weather affects even the dignity of the judges of the high court who have been obliged to remove their ponderous wigs. Their example was followed by barristers and for the first time the absence of wigs during court proceedings has shocked the more conservative visitors, while it has added greatly to the comfort of bench and bar.

WATCHING STEEL STRIKE.
It Attracts Much Attention Among
All Classes in England.

New York, July 17.—The steel strike in America is attracting much attention in England generally, and while long articles are being printed in the newspapers on the subject no comment is made in the editorial columns, according to the London correspondent of the Tribune. John Burns has been less reticent for he forecasts an American armageddon with the revival of the old anti-slavery feeling and the transformation of trusts into state organizations by the political power of hordes of workmen.

Financiers watch the quotations from Wall street, and are unmoved by socialistic trades. Combinations are felt to be on trial in America, and if they survive the great conflict with organized labor concentration of capital will be promoted in England.
