CONVENTION OF SUNDAY SCHOOLS

Representatives from Weber, Box-
elder, Morgan and Summit Meet
in Tabernacle Sunday.

STANDARD SUE FOR LIBEL.

Death of Mrs. Richard C. Morris—
Mrs. Orpha Hadley Secures Di-
vorce—Big Damage Suits.

Ogden, Utah, March 22.—A district
Sunday school convention will be held
in the Ogden Tabernacle Saturday and
Sunday, March 23 and 24, for the We-
ber, Boxelder, Morgan and Summit
stake. The first meeting will be held
at 7:30 p. m. Saturday. A program,
prepared by the Deseret Sunday School
Union board, will continue at 9:30 a. m.
and 1:45 and 7:30 p. m. Sunday. The
superintendents and prominent Sunday
school workers of the stakes interest-
ed will present papers on various phases
of Sabbath school work, covering all
departments.

BIG LIBEL SUIT.
Yesterday summons were served on
William Glasman, president of the Stan-
dard Publishing company, in an ac-
tion for libel, which is to be filed by
Joseph Smith of Huntsville, who sues
the Standard Publishing company, C. S.
Wood and William Wright for \$10,000
alleging that they damaged him to
that amount by reason of publishing
certain matter in the Standard of
March, Wright is the correspondent
for the paper at Huntsville, and it is
alleged that he, together with Wood,
has been for some time past, certain
articles which defamed Smith, to the
Standard, some of which were pub-
lished. The article was the report of
the arrest of James H. Surridge on
charges of theft, consisting in taking
cream from the creamery where he
was employed. The report was made
in such a way as to bring in the name
of Smith, who is the father-in-law of
Surridge, and the plaintiff claims that
by "intimidation and intimidation" the
paper implied that the plaintiff (Smith)
was an accomplice, a charge that he
maintains was false and malicious.

DEATH OF MRS. R. C. MORRIS.
Mrs. Richard C. Morris died a little
after noon yesterday at the family
home, 327 Twenty-sixth street. A baby
born prematurely a short time be-
fore the death of the mother, survives
and may live. Mr. Morris is a book-
keeper for the Utah Construction com-
pany at Las Vegas, Nev., and cannot
arrive till Thursday morning, although
he was telegraphed for as soon as un-
favorable symptoms developed in the
condition of Mrs. Morris. The mother
leaves four children besides the infant.
Her parents live at Way, Kan., and
have been notified by telegraph. The
funeral services will be conducted,
in all probability, at the Baptist church,
where the family were members but
nothing definite will be known as to
the time until after the arrival of Mr.
Morris.

MRS. HADLEY SECURES DIVORCE.
The divorce suit of William Hadley
against Orpha Hadley was settled yester-
day by Judge Howell and a decree
of divorce entered in favor of the
defendant and custody of their minor
child was also awarded the mother.
The suit had been a rather unusual
one. Both parties were well known in
Weber, Jan. 25, 1935 the plaintiff
brought an action for divorce against
Orpha Hadley alleging that she had
been unfaithful to him and had thrown
dishwater on him, but did otherwise
do him bodily harm, also that she was
indolent and lazy. On the 15th day of
February, Mr. Hadley secured a decree
of divorce against the defendant on
default. However, on February 20, Mrs.
Hadley filed a motion to set aside the
decree, which was granted and she
then filed an answer to the complaint
alleging that she was married to the
plaintiff January 19, 1935, at Salt Lake
City, but denied that she had been
unfaithful to her husband or lazy, but
charged that plaintiff had been cruel
to her and struck and kicked her and
otherwise treated her in an unkind
manner.

The case was heard yesterday, the de-
fendant appearing in person and with
counsel. She testified to the inhuman
treatment of her husband, which testi-
mony was substantiated by that of Mrs.
White. The court therefore gave Mrs.
Hadley a decree of divorce, custody of
the child, \$500 permanent alimony and \$10
child and \$50 attorney's fees.

DAME SUITS PENDING.

No woman's happi-
ness can be complete
without children; it
is her nature to love
and want them
as much as it is to love
the beautiful and
pure. The critical ordeal through which the expectant mother must
pass, however, is so fraught with dread, pain, suffering and danger,
that the very thought of it fills her with apprehension and horror.
There is no necessity for the reproduction of life to be either painful
or dangerous. The use of Mother's Friend so prepares the system for
the coming event that it is safely passed without any danger. This
great and wonderful
remedy is always
applied externally, and
has carried thousands
of women through
the trying crisis without suffering.

SALT LAKE CITY WOMEN INTERESTED

Miss Julia M. Beu, Overworked and Ner-
vous, Tells of Her Remarkable
Cure by Vinol.

How many women right here in Salt
Lake City are in her condition dragging
out a weary existence? They are not
sick enough to lie in bed, but they are
overworked, tired out, run down, thin,
nervous and miserable. Such women
will be interested in Miss Beu's letter.

Miss Beu writes: "I was nervous
and weak, having constant headaches,
and that general, worn out, overworked,
tired-out-the-time feeling. Vinol was
recommended to me as a wonderful cod-
liver oil restorative for weak, tired
women. I tried it and it has made an
entirely different person of me. I am
well and strong, and can do my work
with ease and without fatigue. It gives
me great pleasure to recommend Vinol
to overworked, tired, nervous women,
as I believe it is without an equal in
the world for its restorative powers."

Mr. Druehl of Druehl & Frank, our
well known druggist, states that Vinol
is entirely different person of me. I am
well and strong, and can do my work
with ease and without fatigue. It gives
me great pleasure to recommend Vinol
to overworked, tired, nervous women,
as I believe it is without an equal in
the world for its restorative powers."

IMPORTANT WATER SUIT.
Between City and Power Co.—Kaskell-
Elmer Wedding—News Briefs.

Special Correspondence.
Provo, Utah, March 22.—The suit
of the Tulleride Power company
against Provo City and the Timpanogas
Canal company commenced in the
federal court in Salt Lake is a very
important one for Provo. It involves
the right of the city to convey the
waters of certain springs into its water
works system in preparation for which
the city has already expended some-
thing like \$25,000 in laying a pipe line
which will probably cost as much
more before it is completed.

The springs are situated below the
intake of the power company's flume,
and the power company contends, as
the case is understood here, that the
springs should be permitted to flow
into the river to furnish water for the
Timpanogas canal company, as if they
are not the power company cannot take
all the water of the river in its flume
at the intake for the reason that a part
of it must be allowed to flow down the
river to give the Timpanogas canal
company the portion of water to which
it is entitled—the Timpanogas canal
company takes its water above the outlet of
the power company's flume.

DAVID P. THOMAS DEAD.
David P. Thomas of the Fourth ward
died yesterday from pneumonia. Mr.
Thomas was born in Rhos, Flintshire,
North Wales, in 1851. He was a native
of Utah in 1881, since which time Provo
has been his home. The deceased was
a faithful Latter-day Saint, a humble
industrious citizen, and enjoyed the
friendship and esteem of all his asso-
ciates. A wife and four children and
many other relatives are left to mourn
his demise. Funeral services will be
held at the home of the family, 1404
meadowhouse, commencing at 2 o'clock.

COMMERCIAL CLUB MEETING.
At the meeting of the Commercial club
last evening, the committee on
county fair reports presented the
prospects for leasing a portion of the
first ward pasture (a short distance
south of the depot) were good. The
committee was instructed to continue
its work and five additional members
were added, with a view to taking pre-
liminary steps for perfecting a county
fair association. A number of members
spoke on the subject, and all were in
favor of getting the project under way,
so that a fair can be held this fall. The
matter will be presented to citizens of
the county, who will be asked to co-
operate in the project.

J. Loyd Woodruff presented the ques-
tion of organizing an anti-cigarette
league in the city, and was assured of
the support of the club. It was
decided to hold a social session once
every two months.

The committee on railroads reported
progress in securing a switch from the
San Pedro depot to the Lake street
depot. The matter of a right of way and
a franchise was now being considered by
the railroad officials.

DEATH OF GRANDMA WOOLF.
Caché County Horse Fair—Winners of
Prizes—Inter-Class Track Meet.

Special Correspondence.
Logan, Cache Co., March 21.—Mrs.
Sarah Ann Woolf, familiarly known as
Grandma Woolf, died at her home in
Hyde Park Sunday, March 19. She was
over 90 years old. Mrs. Woolf was one
of the pioneers of 1847 and with the
other pioneers suffered all the hard-
ships incident to the building of homes
in a new country. She was a home
builder of the genuine sort. She left
10 living children, 81 grandchildren, 159
great-grandchildren, and 23 great-
great-grandchildren. This is a total of
305 living descendants. Fifty-four other
descendants of Mrs. Woolf have passed
away, a record perhaps unequalled in
Utah or in the entire country. In life
she was honored and beloved by hun-
dreds of her very own; her memory
will be treasured by her people as
long as they live.

The wife of President W. H. Lewis of
Lewiston was stricken with paralysis
Sunday and is reported to be in a very
critical condition.

The Agricultural College Dramatic
club will make a tour of the state with
their production of "She Stoops to Con-
quer."

Salt Lake, Ogden, Pocatello and
Blackfoot are on the list to be visited.

SUCCESSFUL HORSE SHOW.
If the number of horses exhibited or
the great crowd attracted is an indi-
cation of success, then the horse fair
yesterday was a great success. The un-
usually favorable weather and the condi-
tion of the roads kept a great many people
and horses at home, but considering the
short time taken in getting up the fair,
the showing made yesterday was cer-
tainly remarkable.

There was nearly \$40,000 worth of
horse flesh on exhibition and many of
them of fine quality. The fair was the
keenest competition for the prizes in
all of the classes, and when an award
was made by the committee the com-
petitive cheering indicated that the com-
mittee's act was approved. Milo, a
Percheron stallion owned at Hyde Park
and recently purchased in Iowa, won
first prize.

T. H. Smith's horse carried off the
second prize, and a grey stallion owned
by the Providence Stock company was
given third prize.

In the full blood three-year-old Per-
cheron class, W. R. Roney of Bonanza
was the prize winner. In the grade
four-year-old class, Hillyard's grey stallion
from Smithfield won first prize. A
black horse owned by John Jenkins of
Newton won second and William Ander-
son's brown stallion third.

In the three-year-old class, J. F. Sor-
enson of Mendon won first; Alma Mar-
shall of Providence, second, and A. L.
Hyer of Lewiston, third.

In the two-year-old grade, J. E. Jones
of Malad won first; S. Rice of Garland,
second, and George Merrill of Smith-
field, third.

management of William H. Crandall, has
improved very much since the last year
and is now in a position to be able to
dispose very sweet music.

Agricultural Super. George Austin spent
a few days last week at the county fair.
He was much improved in health.

Two thousand head of Mr. Jensen's
sheep, which were being sold at this
place, were taken from the company's
feeding grounds on Friday.

MOAB.

Promise of Prosperous Year.

Special Correspondence.
Moab, Grand Co., Utah, March 17.—
There is a heavy rain in progress here
at present. The coming season prom-
ises to be a very prosperous one, as
there is an abundance of snow in the
mountains, and everything points to a
bounteous year.

The clip of the sheep shear will soon
be heard in this section. R. J. Thompson
is the man who is doing the shearing.
The sheep are being sheared at a big
outfit of wool clipper.

The play "Uncle Rube," was presented
here on the 11th and 12th by home
talent, with great success. Proceeds
were for the benefit of the public
schools.

LA JARA, COLORADO
Idaho Fever Effectually Cured—Those
Affected Get Back Homeless.

Special Correspondence.
La Jara, Conejo Co., Colo., March
13.—Last spring the Idaho fever got
very bad here. Six families were
so seriously affected that they sold
their good homes and went with teams
to the mountains to get away from
their fever, turned around and started
back. They are all back now but
one, and we are looking for him every
day. One got back day before yester-
day. He looked like a fever had not
about done him up. One who had been
there was asked how he liked Idaho,
replied: "San Luis valley is good
enough for me. It costs as much for
living rights there as it does for
land and water right here and land
no better.

EAGAR, ARIZONA.
PLENTY OF MOISTURE.

Special Correspondence.
Eagar, Apache Co., Arizona, March 4.
—More moisture has fallen here in the
last two months than in the last seven
years before. The ground is thoroughly
soaked in the mountains and has fallen
in snow or sleet or warm rain. The
reservoirs are all in great danger.
Those on the Nutria owned by Mr.
Nelson gave way, taking away a great
part of the dam, a great rush of water
was the result. All the bottoms below
Springerville were under water. Fears
are entertained for the St. John's reser-
voir.

The prospects for crops for the agricul-
turalists and grass for the flocks and
herds were never better. But the farm-
ers are hampered for feed for their
teams and seed grain, and the heavy
rains are greatly retarding spring work.
The water is so high that it is impos-
sible to get the seed grain in the ground.
There has been no crop of the Des-
eret News here since Feb. 20. The roads
are next to impassable, empty wagons
cannot be drawn over the roads. Peo-
ple who left here on account of the
drouth would be astonished to see the
streams of water here now.

There is every prospect of a season of
plenty in Arizona this year.

The people of Eagar were treated to a
dramatic effort from the citizens of
Greer ward, who gave a very fair am-
ateur performance of "East Lynne." The
performance was for the purchase of an
organ for the church.

The snow is deeper up at Greer this
winter than ever known since that
mountain valley was settled.

Many articles of merchandise are get-
ting scarce in the mountains owing to
the protracted storm period and impassable
roads.

versary of his birth, March 8, and fit-
tingly celebrated the occasion with song
recitations and speeches, games and
refreshments. All enjoyed themselves,
and the occasion was a success.

In connection with the reunion, which

a missionary association. There is
sufficient contributed to take care
of their missionaries, and there is al-
ways at least one son in the field.

The manuscript is prepared for the
publication of the father's history, and
a genealogical organization has been
effected.

were reviewed. He has been very promi-
nently connected with the progress of this ward
during his residence of over 30 years here.
He commenced teaching school on his
moving here and continued to do so till
he was 70 years of age. He was presiding
teacher, superintendent of Sunday school,
ward clerk and clerk of the High Priest's
congregation for many years. In all of
his positions he was noted for his faithfulness

"THE OLD SCRATCH."

How the Evil One Came to be Popu-
larly Known as "The Old Scratch."

One of the many familiar names of
his satanic majesty is "The Old
Scratch." It is undoubtedly due to the
fact that scratching is so disagreeable
that people thought it no worse than
the evil one. A scalp full of dandruff
keeps one scratching all the time; not
only disagreeable, but considered very
inelegant in polite society—as it should
be—because one ought to keep the scalp
so clean that it would not itch. To cure
the scalp itching effectively, use
Newbro's Herpicide. It kills the germ
that creates the dandruff, which is pre-
liminary to falling hair, and, finally,
baldness. No other hair preparation
kills the dandruff germ. Herpicide is
a very delightful and effective hair
dressing. Sold by leading druggists.
