final of the one-mile post, except the first post, which Turville sneaked in and captured. The tandem pursuit race between the Redman and Heagren brothers was won in a walk by the Redmans,

pinned on the inside of his shirt. The police are of the opinion that Hill gave his newly made friend some of his drug to sleep him so that he could rob him, believing he had some money, and gave him an overdose,

which killed the man. On the person of the dead man was found only 70 cents in money, a cheap, old silverine watch and a few old trinkets. He had no letters or anything else on his person by which he be identified. could He is of medium build and size, dark

complexion, dark hair, sprinkled with grey, dark mustache, weight about 160 pounds, dark coat, black corduroy Music pants and soft black hat. A thorough investigation of the man's death will be made and it is believed

young Hill will be held responsible for his death. A YOUTHFUL EMBEZZLER.

Last evening the police placed under arrest Karl Shurtliff, a lad who resides on Twenty-sixth street, charged with obtaining money under false pretense. Young Shurtliff went to the home o Mrs. Maggie Kity, who rents from his father, and told the lady his father had sent him for the 125 rent. The lady im-mediately handed him a \$50 greenback. He did not have the change, so took the money to get it changed, but instead of returning with the change he went to the depot, bought a ticket to Salt Lake but missed the train. Mrs. Kirk waited about three hours, but as Shurtliff did not return she reported the matter to the police who soon rounded him up and placed him behind the bars. He only had \$38 on him when arrested,

A FAST RUN.

The special train of Pulmans, bearing the members of the El Malhalha Tem-ple Nobles of the Mystic Shrine, en route to New York, which passed through Ogden Saturday morning, made a record-breaking trip between Ogden and Denver. The train made the run between Ogden and Cheyenne in 13 hours and 20 minutes. They were seven hours late of their scheduled time when they left Ogden, but on ar-riving at Daver the seven hours had en made up and they pulled into the depot at Denver two hours ahead of the Overland Limited train which left ahead of them. The run was the fastsst ever made over the road.

BECOMING Is an ordeal which all women approach with indescribable fear for A MOTHER nothing compares with the pain and horror of child-birth. The thought

of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of Mother's Friend during pregnancy robs confinemant of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does Mother's Friend carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other dis-
