A SURE CURE FOR THE PILES.—You need not suffer from this most distressing disease again in all your life. Emall's Balm acts as a poultice and lubricator, absorbs the tumors and allays the intense itching at once. No caustic, no acid, no pain. A. McGibbons Esq., 19 Poplar street, Allegheny, Pa., writes: "I had itching and bleeding piles so bad I could not sit, stand or walk without intense suffering. I doctored with many physicians, and tried all the (so called) cures that I ever heard of, in vain (paying out hundreds of dollars), until I used Emall's Magic Balm, or Ointment. After the first application I enjoyed the best night's sleep I had for ten years, and two boxes have cured me completely." Wherever introduced Dr. Emall's Balm takes the lead, and has the largest sale of any Pile remedy in the world. Sold by druggists everywhere or sent by mail. 50 cent boxes. CRITICAL ANALYSIS.

UNIVERSITY OF DESERET,
Salt Lake City, June 8th, 1887.

By carefully examining DeLand's Chemical Baking Powder with the microscope and with chemical reagents, I find that it is free from **Alum, Starch, Flour, Bone Ash, Ammonia and White Earth;** and that it consists essentially of Cream of Tartar and Bi-carbonate of Soda.

The Baking Powder examined I purchased at Barnes & Davis, in this city.

J. T. KINGSBURY, Chemist.

MANUFACTURERS, CHEMISTS, GOVERNMENTS, PRINCIPALITIES OR POWERS

are unable to disprove the Statement on every can of DeLand's Chemical Baking Powder "**Made of Pure Grape Cream Tartar and Bi-Carb. Soda only.** No filling whatever."

CAUTION—Use one fourth less of this Baking Powder, and one-half less shortening with all recipes than with other Brands. d

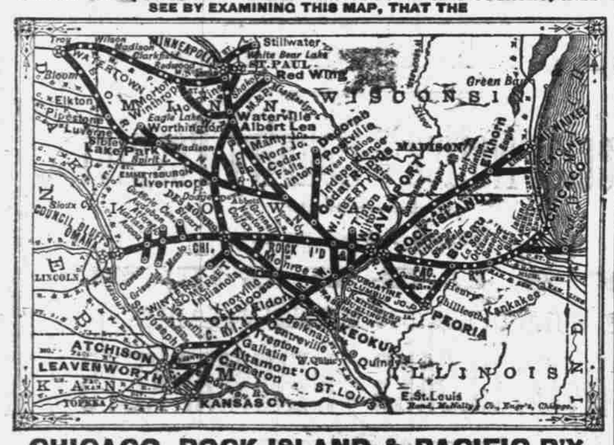
WHO IS UNACQUAINTED WITH THE GEOGRAPHY OF THIS COUNTRY, WILL SEE BY EXAMINING THIS MAP, THAT THE



CHICAGO, ROCK ISLAND & PACIFIC R'Y

By reason of its central position, close relation to principal lines East of Chicago and continuous lines at terminal points West, Northwest and Southwest—is the only true middle-link in that transcontinental system which invites and facilitates travel and traffic in either direction between the Atlantic and Pacific.

The Rock Island main line and branches include Chicago, Joliet, Ottawa, La Salle, Peru, Geneseo, Moline and Rock Island, in Illinois; Davenport, Muscatine, Washington, Fairfield, Ottumwa, Oskaloosa, West Liberty, Iowa City, Des Moines, Indianola, Winterset, Atlantic, Knoxville, Audubon, Harlan, Guthrie Centre and Council Bluffs, in Iowa; Gallatin, Trenton, St. Joseph, Cameron and Kansas City, in Missouri; Leavenworth and Atchison, in Kansas; Albert Lea, Minneapolis and St. Paul, in Minnesota; Watertown in Dakota, and hundreds of intermediate cities, towns and villages.

THE GREAT ROCK ISLAND ROUTE

Guarantees Speed, Comfort and Safety to those who travel over it. Its roadbed is thoroughly ballasted. Its track is of heavy steel. Its bridges are solid structures of stone and iron. Its rolling stock is perfect as human skill can make it. It has all the safety appliances that mechanical genius has invented and experience proved valuable. Its practical operation is conservative and methodical—its discipline strict and exacting. The luxury of its passenger accommodations is unequaled in the West—unsurpassed in the world.

ALL EXPRESS TRAINS between Chicago and the Missouri River consist of comfortable DAY COACHES, magnificent PULLMAN PALACE PARLOR and SLEEPING CARS, elegant DINING CARS providing excellent meals, and between Chicago, St. Joseph, Atchison and Kansas City—restful RECLINING CHAIR CARS.

THE FAMOUS ALBERT LEA ROUTE

Is the direct, favorite line between Chicago and Minneapolis and St. Paul. Over this route solid Fast Express Trains run daily to the summer resorts, picturesque localities and hunting and fishing grounds of Iowa and Minnesota. The rich wheat fields and grazing lands of interior Dakota are reached via Watertown.

A short desirable route, via Seneca and Kankakee, offers superior inducements to travelers between Cincinnati, Indianapolis, Lafayette and Council Bluffs, St. Joseph, Atchison, Leavenworth, Kansas City, Minneapolis, St. Paul and intermediate points.

All classes of patrons, especially families, ladies and children, receive from officials and employes of Rock Island trains protection, respectful courtesy and kindly attention.

Terrific Concussion.

SAN FRANCISCO, August 11.—The Giant Powder Works, located at West Berkely, six miles from this city across San Francisco Bay, exploded at 2 o'clock this afternoon. The force of the explosion was such that the windows along the battery front in this city were smashed, and the buildings throughout the entire business portion of the city quivered to an extent that it was believed the city had sustained a heavy earthquake shock. There were

FOUR SHOCKS,

the second and third being almost simultaneous and occurring shortly after the first. The fourth shock was felt about five minutes after the third. The first shock was in the nitro-glycerine or mixing house. The others were in the magazines, resulting from the concussion caused by the first. The first reports from the scene of the disaster were to the effect that thirty Chinamen had been killed, but later reports showed that only one Chinaman was fatally and four white men and six Chinamen were seriously injured. The works were owned by Bandmann, Neilsen & Company, and a number of serious explosions have occurred prior to this one. Sixty Chinamen lost their lives on a former occasion. The shock of the explosion was felt in Oakland and Alameda most severely. Windows were rattled in the former place, and a

GENERAL COMMOTION

prevailed in this city. The explosion almost threw the workmen who were employed on the wharf, off their feet. The flash of the first explosion was seen through the haze by but a few, but when the shock was felt, all instinctively looked over towards Berkely shore, and when the second explosion occurred the flash was seen by hundreds.

The President's Trip.

WASHINGTON, Aug. 11.—It is about definitely determined that the President will leave Washington the last week in September and go directly to St. Louis, probably by way of Indianapolis. He will spend two days at St Louis, and go from there to Chicago, Milwaukee, Madison, St. Paul, Minneapolis, Omaha, Kansas City, Memphis, Nashville and Atlanta, reaching the latter place in time to meet his engagement for the October fair.

Explosion.

MADRID, August 11.—Two petards were exploded this morning on the staircase of the minister of the interior. No damage was done and there is no clue to the perpetrators.

Sentenced.

CHICAGO, August 11.—Commissioners Castleton, Oliver and McCarthy, who had been fined $1,000, were sentenced to-day. The informers Lynn and Kleim, commissioners, pleaded guilty and were let off with a fine of $1,000 each. McCloughry was sentenced to two years in the penitentiary.

"A Dog's Obeyed in Office."

HALIFAX, August 11.—An apparently well founded rumor is current that Admiral Luce has requested to be relieved of the command of the North Atlantic station and that Commodore Penham, at present in charge of the third district lighthouse, will relieve him. Admiral Luce and Captain Scott met by accident in Consul-General Phelan's office yesterday, and the commander of the fisheries protection service extended sympathy to the admiral for the rebuke he received from the United States Navy Department. Luce received the condolence in the spirit in which it was tendered and the trio had half an hour's pleasant conversation on the general situation. The meeting was unintentional as Luce is not holding any more

FORMAL CONFERRECES

with the fisheries authorities. Luce was asked if he was surprised to find Secretary Whitney's dispatch in the press and replied he was never more astonished in his life. On being asked what he thought of his treatment, he expressed a decision not to speak about it, dismissing the subject by repeating the Shaksperean remark: "Behold the great image of authority. A dog's obeyed in office."

Train Robbery.

SAN FRANCISCO, August 11.—The west bound express was robbed last night 30 miles east of Tucson, Arizona. The train was ditched, and the express car robbed by four robbers. The sheriff and posse are on the trail which leads to the Rincon mountains.

The west bound passenger express train on the Southern Pacific was run off the switch near Papago, about 15 miles east of Tucson, Arizona, last night by four masked men. The engine was ditched and the express

CAR ROBBED

of about $3,500. The robbery occurred at the same point where the west bound express was robbed in April last. On the track beyond where the train was brought to a standstill, the robbers had fastened three torpedoes to warn the engineer and compel him to stop his train. The plan to turn the switch and ditch the engine was evidently thought of later. As soon as the train went in the ditch one of the robbers, who was upon the bank, commenced firing a Winchester rifle. He fired twice through the sleeper and twice through the express. They then went to the mail car and made the agent come out and go to the express. They ordered the messenger to come out, but he would not open the door. They then

BLEW THE DOOR

open with a giant cartridge and forced the mail agent to go into the car ahead. Two of the robbers then went in, and one of them held Route Agent Gault and the mail agent in one end of the car, while the other covered Smith, the passenger, with revolvers, and made him open the safe and put the money in a sack. They struck him over the head with a revolver once, but did not injure him much. There were four men in the gang. One was on the bank, one on the opposite side of the train and two went in the express car. They did not allow anyone to come out of the coaches. A complete description of the robbers has been obtained, and they are believed to

BE THE SAME

who robbed the train in April. The railway company and express company have each offered $1,000 for the arrest of the robbers. The train was not making full speed, and the ditching of the engine and the following car kept the force of the shock from the passenger coaches. Another engine was sent out from Tucson immediately and the train hauled into that place.

Ives & Co. Suspend.

NEW YORK, August 11.—The firm of Henry S. Ives & Co. has just notified the Stock Exchange of its suspension. There was intense excitement on the board as soon as it was given out. Cromwell of Sullivan & Cromwell, has been made assignee. The liabilities are estimated at $2,000,000 with assets slightly in excess of that amount. The announcement was made just before the close of the Stock Exchange and caused a slight rally.

The Piegans

BUTTE, Montana, August 11.—The *Miner's* special to the *News* from Piegan agency, northern Montana, says: The annual sun dance of the Piegan Indians being concluded, the bucks put on the war paint and prepared to make a raid south of Yellowstone on the Crows. During the night Agent Baldwin directed the Indian police to arrest them, so the whole band were sized and locked up. They are still in confinement.
