

A BIG STRIKE ON HOG CREEK

Men Are Making From Five to Twenty Dollars Daily.

THREE HUNDRED IN CAMP.

Hundreds of Miners at the Mouth of Tanana River With No Money To Pay Fare Up.

Seattle, June 30.—A special to the Post-Intelligencer from Dawson says: The first news since March from the vast stretch of two thousand miles down the Yukon Basin, from Eagle to St. Michael and Tanana, Koyuk and Rampart camps and Kuskoquim water shed came today on the steamer Rock Island from Andreafski. The steamer has passengers from all camps mentioned, mostly from the Tanana. They report hundreds of miners at the mouth of the Tanana river with no money to pay fare up, but going down the Yukon. Four thousand people are in the camp there. Indians from Kuskoquim who arrived at Andreafski report the steamer Anna Wanda, belonging at Lynns Post was lost when the ice went out. Damage was also done to the post.

A big strike has been made on Hog Creek in the Koyukuk and \$5 to \$20 is being made daily to the man. The camp has 300 men all well supplied.

Mrs. Darfee, better known as Corinne Gray, committed suicide at Rampart by shooting.

Dr. C. C. Medill, formerly of Dawson, was elected mayor of Fairbanks.

Alexander Coultis, who was shot by Recorder B. Danckels, from Tacoma, recovered. No prosecution.

Judge James Wickham and party of five left Fairbanks to join the Cook expedition to Mount McKinley, will return to Rampart in August.

Explosion of Fireworks.

Glen Falls, N. Y., June 30.—By an explosion of fireworks at Lake George, H. W. Sisson's store has been wrecked and Freddie Allison, 8 years old, was badly burned, and he will probably die.

Sisson had laid in a large quantity of fireworks, firecrackers, etc., which attracted a crowd of boys in front of the store. Fred Harber, aged 15, fired a pistol carrying a blank cartridge, and in some way the flame from the muzzle went into a box of fireworks, which exploded. The interior of the building was wrecked.

C. J. Bonaparte Gets Laetare Medal

Baltimore, Md., June 30.—The Laetare medal, which is annually conferred by the University of Notre Dame, Ind., upon some Catholic who has distinguished himself, has just been presented to C. J. Bonaparte, of this city. The presentation was made at the cardinal's residence by the Rev. James Burns, president of Holy Cross college. Cardinal Gibbons also adding a few words of commendation.

Ship Young America Seized.

New York, June 30.—The ship Young America which is being built in a Perth Amboy shipyard for a nautical preparatory school of Rhode Island, has been seized by the sheriff of Middlesex county, New Jersey, on an attachment for \$4,800 procured by the designer of the vessel. The right of the sheriff to attach the boat was disputed at the shipyard, the officers claiming no payments had been made.

The Young America was being constructed for the purpose of fitting boys to enter Annapolis and to give them the advantage of travel and life aboardship during their preparatory course. The cost of the vessel was to be \$150,000. Its promoters claim to have had this amount subscribed but that they had been unable to collect.

Single Tax Building Opened.

New York, June 30.—With speeches by many leading advocates of their theories, the single-taxers of New York have formally opened their building in East Sixty-second street. It will be formally dedicated in September as the Henry George Memorial hall. It is managed by the Manhattan Single Tax club and cost \$15,000. Among those who spoke at the opening exercises was Prof. Bellanger, of the Fairhope single tax colony in Alabama.

Proposed Fiscal Congress.

New York, June 30.—The outspoken followers of Colonel Seely Chamberlain in the house of commons are not waiting for a cabinet inquiry but are consulting their constituents respecting the proposed fiscal congress, says the London correspondent of the Tribune. Sir Gilbert Parker has spoken for an hour before the Conservative club and workers party at Craven-street, and after a full and candid discussion of all the issues raised by Mr. Balfour and Mr. Chamberlain, secured the unanimous passage of a resolution in favor of an

THE OLD RELIABLE

There is no substitute

exhaustive inquiry with a view to devising needful measures for checking the increasing inroads upon the home market and the export trade by protecting foreign rivais, and for developing trade on a preferential basis between the mother country and the colonies.

Sir Gilbert's speech is a fresh proof that the readjustment of foreign trade by negotiations based on a moderate tariff is the principal object of the new fiscal proposals and the taxes on imported foods will be balanced in various ways.

Cuban Soldiers Urging Claims.

Havana, June 30.—The radical wing of the revolutionary veterans at Havana have petitioned congress for the immediate appointment of a congressional committee to pass upon the validity of the soldiers' claims. They ask that 25 per cent thereof be paid immediately to the government's present surplus. Some of the most radical veterans denounce the government because the payments have been delayed.

Chicago German Consulate Looted

Chicago, June 30.—During the absence of Lake Forest of the family of Dr. Walter Wever, German consul at Chicago, thieves entered the Wever residence, ransacked the house, ripped open the upholstery of furniture, in their search for valuables, and took away with them a number of pictures and valuable curios which Dr. Wever and his wife had picked up during their travels in various parts of the world. Several neighbors saw three men around the premises during the absence of the Wever family but supposed that the men had been left in charge of the house. The work of the thieves was discovered by Dr. Wever upon his return to the city yesterday.

Hungarian Student Suicides.

New York, June 30.—Franz Prandl, a Hungarian student, 20 years old, has committed suicide at his lodgings in Fourth avenue, because, it is believed, he failed to receive his regular remittance from Europe. Prandl's parents are said to be wealthy. Six weeks ago he came to New York and, to the keeper of the boardinghouse said he had been studying hard in one of the German universities for three years and needed rest. He appeared to have money and spent it freely. A week ago his funds ran out. He waited anxiously for the rounds of the postman but the expected letter did not come. A loan was refused him by the landlady, only to be refused. Finally he went to his room, locked the door and inhaled gas.

Harmonis Club Defalcations.

New York, June 30.—Reports of a large defalcation in the accounts of Harmonis club, New York, which is a exclusive Hebrew social organization, have been followed, it is stated, by the disappearance of the club's cashier. First reports of the shortage in the cash account placed the loss at a high figure, but it is now believed the sum will not exceed \$15,000. The shortage was discovered when the bank books were balanced. Until that point was reached during the investigation, it seemed likely that many members might be called upon to pay their dues and restaurant bills for an entire year a second time.

Dr. Gluck Elected President.

New York, June 30.—Dr. Luther Halsey Gluck, director of physical training in the public schools of New York City has been elected president of the American Physical Education association, composed of those personally engaged in physical culture. Its membership includes representatives from the leading colleges—Harvard, Yale, Columbia, Cornell, University of Chicago, the Young Men's Christian Preparatory schools, athletic clubs and medical specialists.

First Woman Ambulance Surgeon

New York, June 30.—Dr. Emily Dunn, first woman physician to be appointed an ambulance surgeon in New York, has begun her work. The first call was not a serious matter, however—only the transfer of two patients from government hospital to Bellevue. Dr. Dunn's appearance in the ambulance, wearing the regulation cap, aroused much interest in the streets, and at the hospitals. Beginning tomorrow she will, for six months, answer the first ambulance calls at Gouverneur.

MUST DEFEND OR BACK DOWN

Purport of Resolution in Nye-Fernstrom-Cottrell Libel Case.

DAVELER DOWN ON "PIKERS"

Fernstrom Quotes the Law and Shows What the Duty of the City Attorney is in the Premises.

President Cottrell and Councilman Fernstrom are very much in earnest in regard to City Attorney Nye defending them in the criminal libel charge preferred against them by that official. A resolution was introduced at the council meeting last night by Eardley which provides that Mr. Nye shall defend the two men or else furnish at his own expense such legal assistance for them as may be necessary. Upon motion of E. H. Davis the resolution, which follows in full, was referred to the finance and municipal laws committees:

"Whereas, One George L. Nye has caused the annexation of great of the honorable president and a fellow-member of this council on account of an official report as members of the finance committee, made in strict accordance with their duty upon a matter referred to said committee by the city council; and

"Whereas, Under section 227 of the Revised Statutes of Utah the city council has power to define by ordinance duties of city officials not specifically defined by statute, and chapter 3 of the revised ordinances of Salt Lake City provides that it shall be the duty of the city attorney to defend in all actions against any officer or agent of the city on account of official acts; and

"Whereas, It is the duty of the city council to protect its members from intimidation and attempts to prevent them from performing their plain duty in looking into and reporting upon the conditions in the various departments of the city; therefore, be it

"Resolved, That the city attorney be and is hereby instructed to appear in person and defend the proceedings instituted by said George L. Nye against President Cottrell and Councilman Fernstrom of this body, or furnish at his own expense such legal assistance for the defendants in this case as shall be satisfactory to them."

RESOLUTION DISCUSSED.

Eardley moved the adoption of the resolution and stated that the criminal action had arisen over a committee report of the council and the gentlemen who signed the report were acting in their official capacity, hence the council should see that they are properly defended. Daveler stated that the resolution was ridiculous and he would have nothing to do with it. He said that it might lead to the city attorney pleading guilty for his clients. He urged the two councilmen to stand the expense of their own personal matters and not be "pikers."

Fernstrom, in arguing for the adoption of the resolution, stated that the matter complained of in the complaint against President Cottrell and himself was distinctly a committee report of the council and the law is clear that it is the duty of the city attorney to appear in behalf of the members of the city council when their official acts are involved. He read the law on that point, and went on to state that he was willing to trust the city attorney as attorney, as he thought that official could win a case once in a while. He said that he would be satisfied for Mr. Nye to hire an attorney, as provided in the resolution, but that he did not intend to spend one cent for an attorney to defend the case, as the action was wholly uncalculated for and it is the duty of the city to defend the official acts of the members of the council and he intended to have it done and not fool about it, either.

OFFICE COMPLAINED OF.

In a second speech on the subject, Fernstrom said that there had been numerous complaints of irregularities in the city attorney's office; that there were numerous cases where the second assistant city attorney has absolutely refused to prosecute cases when he admitted in his hearing, too, that the evidence was sufficient to warrant prosecution. The license collector has gone to Mr. Schulder with a handful of bills where meat dealers refused to pay their license, he said, and he refused to prosecute the dealers who transacted business without a license. He said he knew that there was wrongdoing in the city attorney's office and he did not intend to whitewash it.

Thomas said that it was beyond comprehension how any member of the council could bring in any such resolution, or find words to support such a ridiculous matter. He stated that every man in the council understood the meaning of the A. J. Davis resolution in regard to expediting the books of the city officials, that it meant the books of

those officials who handle the city's finances and most certainly not the office of a lawyer, not his law books. Therefore he argued that that part of the committee's report relating to the investigation of the city attorney's office was put in for the purpose of attacking Mr. Nye's character and was properly expunged from the records of the council. He stated that he would never use the floor of the council to blacken a man's character when that man has not the opportunity to protest himself. He entered a strong protest against the adoption of the resolution and thereby bringing forth contempt upon the council for its ridiculous acts.

COTRELL TAKES THE FLOOR.

President Cottrell called Councilman Tuddenham to the chair and took the floor in defense of the resolution. He argued that the members of the committee had not been given a reasonable opportunity to make a retraction; that Mr. Nye had come to him just at the time the council should have been called to order last Monday night and asked for a retraction. They were drawn up to report and remained there for about ten minutes, he said, and he told Mr. Nye that if the reports concerning his office were untrue he would make a report and sent it by Mr. Robinson for the signature of the other members of the committee. Mr. Cottrell stated that he refused to sign it because some parts of it were objectionable, and he suggested that the matter be referred to a committee for consideration. The next thing he heard of it, he said, was when Mr. Nye had his action for criminal libel. He was not willing to trust his case to Mr. Nye and urged that money be appropriated for hiring an attorney to defend himself and Mr. Fernstrom.

THE NYE RETRACTION.

During his argument President Cottrell read a part of the retraction which Mr. Nye wanted him to sign. The retraction in full is as follows: "We, your committee on finance who submitted report No. 397 on June 15, 1903, in relation to the auditing of the accounts of the various departments of the city in which report the following statement was made, (the reference to the grand jury investigating the city attorney's office was here inserted) beg to report further that we find our city in which report the following statement was made, (the reference to the grand jury investigating the city attorney's office was here inserted) investigated or questioned in any manner by the grand jury and we ask leave to withdraw our former report No. 379 and destroy the same and submit a new report at the next meeting of the council."

WAS NO MALICE.

Robinson explained that there was no malice or intention to cast reflection upon any person on his part in the committee report. He was of the opinion that Mr. Nye had been rather hasty in his report and that the gentlemen on an opportunity to retract, it looked to him as if the council was bound to defend the two councilmen in their official capacity. The reason he signed the retraction drawn up by Mr. Nye was because he was not so positive of the matter contained in the original report as the other members of the committee were. Daveler moved that the retraction be laid on the table, but his motion was lost by a vote of four to eight. E. H. Davis' motion to refer the resolution to the committees was then carried unanimously.

SOUTH TEMPLE PAVING.

The Alta club, the University club and other property owners petitioned the council to pave the south half of South Temple street from State street to the east line of the University club property. Later the committee on streets recommended that South Temple street be paved on the north half from State street to the east line of the University club property, as mentioned in the petition above. The report of the committee was laid over for one week to allow the residents an opportunity to meet with the streets committee Monday night and look over the plans for the paving.

WILL SELL RESERVOIR SITES.

J. M. Thomas, in behalf of the owners, called the council's attention to a number of lakes and reservoir sites in Big and Little Cottonwood canyons which were to be sold to the city. The matter was referred to the committees on finance, waterworks and reservoir site.

MISCELLANEOUS.

Fernstrom's resolution was passed, providing for the appropriation of \$500 for use by the city engineer in sinking for bedrock on the reservoir site and opening a right-of-way for use in supplying stone for this reservoir.

The appointment of Ben Guiver as special policeman at the Twenty-fourth ward agreement has not yet been paid from the city, submitted by Acting Chief Burbridge, was confirmed by the council.

FOR ANNEXATION.

Proposition Afoot to Join Farmers Ward to This City.

A proposition is on foot to annex Farmers precinct, or the fortieth school district, to this city. A call has been made for the residents of that district to meet at the Central schoolhouse, on State street between Eleventh and Twelfth South streets, on Thursday evening, July 2, at 8 o'clock, to discuss the matter and reach some conclusion.

The district which it is intended to annex to the city lies between Tenth and Thirteenth South and the Jordan river and Fifth East street. There is some opposition to the scheme on the part of the old settlers who object to an increase in taxation which would necessarily follow should the district be given police and fire protection and other advantages of city life.

A Splendid Remedy.

Neuragic pains, rheumatism, lumbago and sciatic pains yield to the penetrating influence of Ballard's Snow Liniment. It penetrates to the nerves and bone, and being absorbed into the blood, its healing process is conveyed to every part of the body and effect some wonderful cures.

Horner and Downey are in good condition for contest at Base Ball Park Thursday night.

BASKET DAY.

Certainly you want one, cost nothing. A handsome Japanese work basket with each \$1.00 purchase, Tuesday, June 30th.

One of the Many Thousand Homes Where Pe-ru-na is the Family Medicine.

Many Women Have Catarrh and Do Not Know It.

WE DO NOT NEED A DOCTOR AS LONG AS WE HAVE PERUNA. Mrs. F. Desaulniers, 311 Dorchester street, Montreal, Canada, writes: 'Peruna is of untold blessing to women. Peruna builds up the entire system and makes you well. I have never yet found it in it, for I have never yet found it to fail either my family or myself in time of sickness. I have known it to cure cases of chronic catarrh and stomach troubles of long standing. We do not need a doctor as long as we have Peruna.'—Mrs. F. Desaulniers.

For the most acute cases of dyspepsia and the most chronic and stubborn cases of catarrh of the stomach Peruna is an unfailing cure.

Mr. E. E. Gaston, of Milton, Iowa, in a recent letter to Dr. Hartman, says: 'My wife has been sick with stomach trouble for almost three years. During that time we doctored with three of the best doctors in this part of the country, but they did her no good. She fell off in flesh from 134 pounds to 90 pounds, and was unable to do anything; in fact, was confined to her bed a good part of the time. Everything she ate she would throw up, even water. The last doctor we had examined her and said she had cancer of the stomach,

and said he could do her no good except to give her something to relieve the pain, and that he would not advise us to have an operation performed. This coming from one whom I have always had great confidence in, you cannot imagine my feelings and thoughts. It was then we decided to quit doctoring and try Peruna, and from the beginning it helped her. She is now able to do all the housework. She is gaining in flesh, and I think will soon be back to her former weight. 'To make a long story short, we owe her life to Peruna, for I am satisfied had we not tried it she would now be in the grave.' If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.
