

PREPARING FOR SUMMER SEASON

Resorts and Railroads Encouraged
by the Warm Weather.

PRES. SNOW GOES TO SALT LAKE

With a Large Party—Two Special Cars
Attached to This Afternoon's
Train.

President Lorenzo Snow of the Salt Lake and Los Angeles railway and Salt Lake beach companies, accompanied by a large party of friends, went out to Salt Lake this afternoon. Two special cars were attached to the regular train and they were filled by the invited guests, who enjoyed the trip very much and admired the scene out on the lake.

This warm weather is causing another "spurt" in preparations at the resorts for the coming summer season, and when the time for opening comes they will all be in perfect readiness for business.

RAILROAD NOTES.

Superintendent Sharp of the Pleasant Valley Coal company is back from Sunnyside.

Traffic Manager Babcock of the Rio Grande Western returned from Denver last night.

R. D. Montgomery has been appointed the Rio Grande Western station agent at Helper.

W. H. Firth of Denver, general agent for the Rock Island, is in town on business for his road.

The Rio Grande runs a special to Ogden leaving here at 6 o'clock this evening, for the Pitch speech.

General Passenger Agent Heintz of the Western will attend the meeting of western passenger agents at Chicago.

Hon. Thos. Fitch turned the first shovel full of earth at Sacramento in 1904 when the building of the Central Pacific was commenced.

W. E. Bennett has been appointed traveling freight agent for the Oregon Short Line. Edwin Morris takes Mr. Bennett's desk in the freight office.

An empty water car on the Union Pacific ran away at the siding yesterday and after attaining a tremendous speed struck a freight train, greatly damaging the engine and being itself utterly demolished.

A San Francisco dispatch today says it is announced that August Belmont, the New York banker, has been elected a director of the Southern Pacific as the representative of some of the large interests, including the Rothschilds and himself, that have succeeded to a portion of the interests until recently held by the Crocker and Stanford estates. He succeeds V. M. Coyne.

The Senate committee on interstate commerce yesterday heard arguments in support of the proposition to amend the interstate commerce law by James M. Lagley of the Merchants' association of New York; Edward P. Bacon, a grain merchant of Milwaukee, and H. E. Dousman of the Chicago board of trade. Mr. Lagley said that he represented 35,000 of the largest business houses in the United States. They wanted the hands of the interstate commerce commissioners strengthened, feeling that they were as much at the mercy of the secret rate hoppers as prior to 1887. Mr. Bacon thought the law should either be made effective or stricken off the books.

A CORRECTION.

Elder Kimball Dedicated Spot Grand-
ma Griffiths Saw in Her Dream.

Salt Lake City, March 30, 1900.

To the Editor:

In your estimable paper bearing date of Saturday, March 24th, I had the pleasure of sending an article under the heading of "Grandma Griffiths' Dream." While much pleased that Grandma's dream is being so literally fulfilled, I feel it my duty to make a correction as regards myself being the one who dedicated the place for the purpose of erecting a house of worship in the Messey settlement. Elder Andrew Kimball dedicated the spot and placed in position the corner stone for the purpose of erecting the "Mormon" Messey meeting house.

Elder Isaac Jensen of Brigham City, then presiding Elder of the Choctaw Nation branch, having received instructions from Elder Kimball to the effect that he was to erect a meeting house with the encouraging words that faith, works and the products of the forest, would be all that was necessary to accomplish the end desired, began work in connection with Elder James E. Nally and myself in the spring of 1894.

At the close of the hot summer of the same year, with the financial aid of our kind and generous Grandma Griffiths and the then five Elders in the Indian Territory mission, together with faith, works the products of the forest and ledgers of rock, found the house completed.

On the 22nd of September Elder Ephraim Jeppson of Brigham City dedicated the building to the service of the Lord.

Elder J. C. Lyon of this city, under the direction of Elder Kimball, soon after opened the "Mormon" Messey free school, meeting with remarkable success in advancing the youth of Zion, and those not of our faith in the learning of the day.

Ever desiring the onward progress of this and all branches of the Church of Christ,

I remain very respectfully,
HERMAN E. CAMPBELL

Elias Morris & Sons Co., City,

Gentlemen:—It gives me much pleasure to say that I am delighted with the "Radiant" grate which you recently placed in my home, and have been very much surprised with its heating capacity. It throws out an immense amount of heat—almost rivals a stove. I have heretofore looked upon grates as very cheerful and ornamental, but not to be compared in the least with a stove for the purpose of heating a room, but my opinion of them from the standpoint of heating capacity has undergone a very material change since you put in a "Radiant" for me.

Yours sincerely,

HEBER J. GRANT.

LOWER COURT AFFIRMED.

Supreme Court Decision in an Iron County
Water Case.

Mrs. Michaelson Wins Suit Wherein
Willow Creek Irrigation Com-
pany Was Plaintiff.

The Supreme court handed down an opinion yesterday afternoon in the case of the Willow Creek Irrigation company and A. N. Bjeragaard, appellants, vs Sarah C. Michaelson, affirming the judgment of the trial court.

This was an injunction suit brought by plaintiffs to prevent the defendant from diverting and using the waters of Willow creek, Iron county. The defendant owned her land under government patent, from which a portion of the water which supplied Willow creek flowed. When the property was obtained the water was not visible, but later it appeared and constituted a considerable flow. This was the water the plaintiffs alleged was diverted by the defendant. The court below held that the water went with the land and the Supreme court now sustains that judgment.

The opinion was written by Chief Justice Barth and concurred in by Justice Baskin and District Judge W. M. McCarty.

DEADLY WEAPON ASSAULT.

Harry J. Roberts Has His Hearing
Before Justice McMaster.

Harry J. Roberts, appeared before Justice McMaster yesterday afternoon for a hearing on the charge of having flung a stone at Nicholas Schmittroth and inflicting a wound that nearly cost the latter gentleman his life. Before the proceedings were over, Attorney Harrington and Assistant County Attorney Gunter, who represented the defense and the prosecution respectively, engaged in a few vituperative passages, directed at each other, and both reflected on the other's legal learning, but the judge sued for peace and the contending forces rested on their arms. There were four witnesses for the prosecution, who testified that Roberts had accosted Schmittroth with a stone in his hand and flung it at him

without provocation, and further that Schmittroth's hand was in a sling, having injured it a few days before the fracas. There were several witnesses for the defense, who swore that Roberts had no stone in his hand, and that he struck Schmittroth with his bare knuckles, because the latter refused to quit his premises. Roberts claimed that Schmittroth made a motion like he was reaching for a pistol and it was that action that provoked the assault.

The court held that the prosecuting witnesses were in a better position to judge whether or not Roberts had a stone in his hand, and therefore the latter was held over to appear before the district court on the charge of assault with a deadly weapon. Roberts was permitted to go at large on furnishing bonds in the sum of \$250.

SERIOUSLY HURT IN THE PRIZE RING

Thos. McGregor, a Juvenile Boxer,
May Die.

RESULT OF A FIERCE FIGHT

The Bout was Between McGregor and
Thomas Nelson—Boxers are
Sixteen Years Old.

A New York dispatch this morning says: As the result of injuries received in a juvenile sparring match, it is feared that Thomas McGregor, of this city, may die. More than a score of youngsters assembled in the basement of a tenement house to witness a bout between McGregor and Thomas Nelson. Both of the boxers are 16 years old. There were the usual adjuncts of seconds and bottle holders. The youngsters wore gloves moderately padded, and went at each other in the fierce, wild way affected by boxers of that age. Nelson landed a heavy blow on the right side of McGregor's head. The boy fell to the floor like a log. The youths, seeing that there was something wrong when McGregor paid no attention to the counting of the referee, sent for a physician. The doctor found that the McGregor boy had a cerebral hemorrhage and was in danger of dying. He immediately notified the police as soon as the boy was removed to the McGregor apartments. At an early hour this morning it was reported that McGregor was still alive.

Nelson was arrested and taken to the West 47th street police station. He said that there had been a friendly sparring match, and that he and the injured boy were the best of friends.

A Fiendish Attack.

An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which affected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at Z. C. M. I. Drug Dept.
