

## BODY FOUND IN ROOMING HOUSE

Mysterious Death of Stranger—Probably a Victim of Morphine Poisoning.

### SERVICES IN TABERNACLE.

Powerful Discourse by Elder Joseph F. Smith, Jr., on "Origin of Reorganized Church."

Ogden, March 11.—The mystery surrounding the death of an unknown man who was found Saturday afternoon in a room in the Fashion rooming house on Twenty-fifth street, has not yet been solved by Sheriff Sebring or the police who were immediately summoned on the discovery of the body. It is believed the man is George Labby, a member of the Bear River club of Seattle, Washington, but his identification is not yet certain.

The man rented the room Thursday, paying for it in advance saying he wanted it for himself and wife, but whether a woman occupied it with him or not, has not been learned as no one around the place saw any woman in his company. The discovery of his lifeless form was made by one of the Jap employees, who went to the room about 1 o'clock in the afternoon to clean it up and there found the man partially dressed with his feet hanging over the side of the bed and his body on the bed face upwards cold in death. He notified the proprietress, who called the sheriff and officers. They responded quickly and Sheriff Sebring made a careful examination of the room and the man's clothing, but found nothing by which to identify him. On the third finger of his left hand was a signet ring with the initials "G. L." On the dresser was a watch chain and locket. The locket bore the same initials and contained a young lady's picture. Two newspapers, one addressed to Mr. C. O. Banister, Leadville, Colo., and the other addressed to Mrs. Eppelberg, 429 east Fifth street, Leadville, Colo., and a postal card addressed to John McNulty, care of Palace saloon, Goldfield, all stamped ready for mailing, and it is hoped through some of these parties to be able to locate the dead man's relatives. His clothing was practically all new, his suit was black worsted, his hat a brown Stetson, and shoes of the Princeton make. There were on the dresser a bottle about half full of morphine and several empty whiskey flasks. Dr. Gordon was summoned, and said indications were that the man had been dead for several hours, as he was very rigid and considerably discolored, and his appearance was that he might have died from poisoning. His body was removed to Larkin & Sons undertaking parlors where he will be kept pending a coroner's inquest and identification. He is about 35 years of age, clean shaven, five feet eight inches in height, blue eyes, thin lips, quite a good weight about 145 pounds, medium complexion. A coroner's jury composed of Amos Sebring, Otto Lund and Elliott Kennedy was impaneled and viewed the remains, but the hearing of the inquest was continued until this afternoon.

Ogden, March 11.—At the Ogden tabernacle yesterday afternoon a congregation that filled the building to overflowing attended the services which were addressed by Elder Joseph F. Smith, Jr., who preached a powerful and convincing discourse on "The origin of the Reorganized Church." He took up the restoration of the gospel in this dispensation through the Prophet Joseph Smith with his successors in the presidency, and thoroughly explained the common sense of the Josephite church with its beliefs. He read an extract from a resolution in which that church discarded the principle of vicious work for the dead, and its abandonment of other principles which were taught by the Prophet Joseph and the Scriptures. Special music was furnished by the tabernacle choir.

**PARK CITY.**  
SESSION OF CITY COUNCIL.  
Solons Get Economical and Want Fire Chief to Act Also as Janitor.

Special Correspondence.  
Park City, March 7.—The city council met last evening with Mayor J. E. Welch in the chair. Bills to the amount of \$2,072.80 were presented and with the exception of two, were ordered paid.

The recorder reported that the city received \$1,842.75 from licenses and other sources during the month of February. There were 59 cases tried before the police justice in the same period.

During the month of February two persons only had died. The city physician stated this had been the healthiest month that Park City had ever experienced.

A number of liquor licenses were granted. Councilman Gibson stated that owing to the decrease of the city revenue, expenses should be cut down, and suggested that the fire chief could act as janitor. The fire chief, Mr. J. Burns, being present, was asked if he would assume the additional duties on the salary of fire chief. This he declined, as, he said, one man would not be able to do justice to the two positions as the janitor, in charge of keeping the city hall clean, also has to repair sidewalks and look after crossings and flames. The council decided to ask for his resignation, and also the resignation of the janitor, same to be in the hands of the city council at the next meeting.

Some discussion was had in regard to the way the scavenger work is being done on the side streets, and the city attorney was instructed to notify the bondsmen of Mr. P. Heenan, who

has this contract, that if he did not do this work as per contract, that the city would proceed to take action on his bonds. Adjourned.

Mme. Ilene Dye, formerly of Washington, D. C.

One of the leading designers at Bank's, 116 South Main street, is probably the only person ever engaging with a Salt Lake firm that has the distinction of having designed hats for the president's family.

While Mrs. Longworth, nee Alice Roosevelt, was the most admired of Washington's well-dressed ladies, Mme. Dye contributed largely to those superb millinery creations that were copied not only in all America, but by admirers of the president's family abroad.

The same grandeur that characterized her work in the national capital will continue at Bank's the coming season.

For as the Madame, in her surprise, expressed herself: "There's no shop in Washington that shows better styles or more up-to-date millinery than Bank's. The greater surprise to me is that in Washington the prices are so much more than the same goods can be had for here."
