## DYSPEPSIA

Up to a few weeks ago I considered myself the champion Dyspeptic of America. During the years that I have been afflicted I have tried almost everything claimed to be a specific for Dyspepsia in the hope of finding something that would afford permanent relief. I had about made up my mind to abandon all medicines when I noticed an endorsement of **Simmons Liver Regulator** by a prominent Georgian, a jurist whom I knew, and concluded to try its effects in my case. I have used but two bottles, and am satisfied that I have struck the right thing at last. I felt its beneficial effects almost immediately. Unlike all other preparations of a similar kind, no special instructions are required as to what one shall or shall not eat. This fact alone ought to commend it to all troubled with Dyspepsia.

## CRITICAL ANALYSIS.

UNIVERSITY OF DESERET,
Salt Lake City, June 8th, 1887.

By carefully examining DeLand's Chemical Baking Powder with the microscope and with chemical reagents, I find that it is free from Alum, Starch, Flour, Bone Ash, Ammonia and White Earths; and that it consists essentially of Cream of Tartar and Bi-carbonate of Soda.

The Baking Powder examined I purchased at Barnes & Davis, in this city.

J. T. KINGSBURY, Chemist.

MANUFACTURERS, CHEMISTS, GOVERNMENTS, PRINCIPALITIES OR POWERS

are unable to disprove the Statement on every can of DeLand's Chemical Baking Powder "Made of Pure Grape Cream Tartar and Bi-Carb. Soda only. No filling whatever."

☞ CAUTION—Use one fourth less of this Baking Powder, and one-half less shortening with all recipes than with other brands.

A SURE CURE FOR THE PILES.—You need not suffer from this most distressing disease again in all your life. Emall's Balm acts as a poultice and lubricator, absorbs the tumors and allays the intense itching at once. No caustic, no acid, no pain. A. McGibbons Esq., 19 Poplar street, Allegheny, Pa., writes: "I had itching and bleeding piles so bad I could not sit, stand or walk without intense suffering. I doctored with many physicians, and tried all the (so called) cures that I ever heard of, in vain (paying out hundreds of dollars), until I used Emall's Magic Balm, or Ointment. After the first application I enjoyed the best night's sleep I had for ten years, and two boxes have cured me completely." ☞ Wherever introduced Dr. Emall's Balm takes the lead, and has the largest sale of any Pile remedy in the world. Sold by druggists everywhere or sent by mail, 50 cent boxes. Address Zion's Co operative Mercantile Institution, Salt Lake City. d&w (2)

# EVENING NEWS.

## SUNDAY SCHOOL REVIEW.

**The Exhibition of the 14th Ward Sunday School Completed.**

The continuation of the Sunday School review of the Fourteenth Ward was held at the Assembly Rooms last night at 6:30, when a very interesting programme was carried out.

Opened with singing "Song of the Seasons." Prayer by Bishop George H. Taylor. Singing, "Songs of the Heart."

The first on the programme was a brief biographical sketch of the Three Witnesses of the Book of Mormon, by Miss Annie M. Cannon, who represented Miss Lizzie Green's class.

P. W. Madsen spoke a few minutes in behalf of the Scandinavian class; said it was a two fold blessing in having such a class separate from the others, viz.: it taught not only the principles of the Gospel, but also the use of the English language.

Under the direction of Sister E. R. Shipp and Thos. Butler the primary children, numbering over a hundred, recited the Lord's prayer and sang "Morning's Ruddy Gleam."

Assistant Superintendent Geo. Goddard then made a few interesting remarks relative to the benefits of review.

The choir then rendered "Beautiful Home," which was followed by Brother J. H. Burrows' class, reciting interesting sketches from the life of President Wilford Woodruff.

The Ten Commandments were then recited by Sister Ruth Reese's class, which preceded the quartette (by request), and was followed by the repeating of the "Word of Wisdom" by Sister Aggie Campbell's class. John M. Whitaker's class then responded in a clear and distinct voice, to the questions prepared by him on the Book of Mormon and its divinity.

A beautiful instrumental solo was executed by Sister Belle Morris, and the school sang, "We'll help one another."

Sister Castina Trescott's class was represented by several of the members, who gave interesting sketches of some of the Book of Mormon prophets.

Bishop George H. Taylor was very much pleased to hear the children recite, and had listened to the exercises with deep interest. He said that much credit was due to the teachers and all who had in any way assisted in carrying on one of the most interesting reviews ever held in the Fourteenth Ward. He thanked and invited the parents to send their children to Sunday School.

Superintendent H. P. Richards said, "We have one of the most efficient corps of teachers there is anywhere, which is all I need say for the aids."

Singing, "Beautiful Zion."

Benediction by Patriarch John Smith

## PARK CITY ITEMS.

Kimball Brothers' stages will commence running between here and Salt Lake as soon as the roads dry up.

Pat. Tallon, night foreman of the Daly mine, who had his leg broken a couple of weeks ago by falling from the loft in his stable, had to have his leg reset on Monday.

The land owners along the Echo & Park City Railway have been furnished posts and barbed fence wire by the company so that better protection may be afforded live stock from the perils of the iron horse.

The postmaster of Charleston, Wasatch County, was arrested the middle of the week on an indictment charging him with making false returns in the cancellation of postage stamps, *a la* Leonard of Kamas. He was taken to Provo for arraignment.

Joseph Bagley, who about a year ago attempted to run Charleston and had to be shot down by the constable, has brought suit against the town officer for damages in the sum of $2000. The charge of misdemeanor against Bagley was recently dismissed at Provo because of Wasatch County's laxity in prosecuting the case.

Last Monday morning a car man on the surface at No. 1 shaft of the Ontario carelessly let his car run into the shaft. It fell with a crash onto the cage at the 100-level and made a sad looking wreck of the hoisting apparatus. The car man made such efforts to catch the car that he too would have gone down the shaft had the cable not rebounded and sent him out of danger. Luckily no one was hurt, but it required some time to repair the damage.

For the last ten days all sorts of wild rumors have been afloat concerning a rich discovery of gold bearing rock at a point near Davis' ranch on the east side of Provo river above Heber City, and about twelve miles from Park City. The excitement reached a climax the first of the week when hundreds of prospectors and other curious persons started away to the alleged new Ophir, where considerable locating, just because it was all the rage, was done. The originators of the excitement, Buchanan and White of the *Call*, and Wm. Bombard, who is lately from the Coeur d' Alene country, claim that they have had assays from croppings along the ledge which showed as high as $57.20 in gold to the ton. They say that their attention was called to the place last summer and that their curiosity after several trials resulted as above stated, about ten days ago. Over fifty locations have been made, and last Sunday the old district of Elk Horn was reorganized and W. D. Owens elected recorder. This section was quite thoroughly prospected seven or eight years ago and every body who tackled it soon quit in disgust. The country along where the stampede centered is slightly mineralized, but it is not known that it has any regular ledges of pay rock. One thing about all this gold enthusiasm is that none but the prime movers have found anything that would assay any more than carbonate of assessments, probabilities and pyrites of iron, and these most enthusiastic gentlemen get returns as high as $57.20 in gold. How is it? Admitting that the find is genuine, the rock will not pay to work as it shows up now, because it is in the form of sulphurets, and not free gold. The excitement was started too early, considering the great depth of snow over there. The opinion of the community, almost without exception, is that the alleged discovery is a sell and that some one is trying to work a "sucker game." At any rate there are some conflicting stories about the find and the discrepancies between the assayers that need satisfactory explanation—something to take away the salty taste. However, everyone wishes that there may be genuine merit in the discovery, but all have good reason to be very doubtful.—*Park City Record.*

Care of the Cook Stove.

"Why is it that I burn out so many sets of stove linings?" some one asks. Let me tell you. Use a little more care than you have been using, watch and see that a clinker is not allowed to form on the linings, and if one does form, remove it carefully with the poker. At night the fire box should be even full of coal after raking out all the dead cinders and ashes in the range; never fill your stove with coal above the top of the linings. Never use a shaker when it is possible to avoid it; instead, use the poker freely and you will have a better fire and use less coal. Shaking the fire banks it down into a solid mass and the air cannot circulate through. When the fire from any cause becomes dull, do not stir it over the top or put in wood, but rake out the cinders and open the drafts. At nights do not close the drafts as soon as the coal for the night is put on, but let it burn for a short time, or, as one man expresses it, "until you think the coal is warm all through." There is then very little danger of gas, even if the stove is a poor one. The ashes should never accumulate in the ash pan until they reach the grate. If this happens even once, the grate will usually be burned out.

Always run the range so that you can get all the heat needed without having the top red hot, as this will warp the covers and centers, and if a little water should happen to fall on the stove while so hot, the top of the range is very apt to crack. Keep the stove well blacked; if the lids get covered with grease turn them over and let the top of the lid come next the fire until the grease is all burned off. If the covers are red and the blackening does not adhere, let them get wet, so that they will rust a little, and then black them. When buying a range, buy one that is moderately heavy, and made of the best quality of iron. All the joints of a heating stove or range should fit well; because if they do not, when the range has been used a short time you will notice gas escaping, and will not be able to tell where it comes from.—*Good Housekeeping.*

## SURGICAL OPERATION.

**Removal of Stone from the Bladder by the Knife.**

Mr. Simeon Tietsell, of Saugerties (formerly of Kingston), N. Y., had been treated for seven years by various physicians for what they called Stricture of the Uretha. He finally consulted Dr. David Kennedy, of Rondout, N. Y., (proprietor of the medicine now being introduced in this city, called "Favorite Remedy."—Editor) who found his trouble to be Urinary Calculi, or Stones in the bladder. The Doctor at once removed the foreign bodies with the knife, and then gave his great Blood-Specific, "Favorite Remedy," to prevent their reformation. The entire treatment was eminently successful, and Mr. Tietsell's recovery was rapid and perfect. Had this and similar cases used Dr. Kennedy's "Favorite Remedy," in the early stages of the complaint the formation of stone would have been prevented, and thus avoided so dangerous an operation. Wells Dr. Kennedy's "Favorite Remedy" is a specific in all Kidney and Bladder diseases, it is equally valuable in cases of Bilious Disorders, Constipation of the Bowels, and all the class of ills apparently inseparable from the constitutions of women.

To Avoid Mistakes, the public are requested not to forget the following points: 1st. Name is Favorite Remedy. 2d. It is made at Rondout, N. Y. 3d. Costs only $1, 6 for $5. 4th. The proprietor, Dr. David Kennedy, has no other address than Rondout, N. Y.
