EXTRABITION TREATY.

Washingtone, March 25.—The Secretary of the Navy has approved the report of the board of efficers appointed to witness the tests of the posumatic dynamite guas of the cruiser Fesserias. The report shows that three shocks were fired from such gun with a charge of about 204 pounds of gun cutton, which, together with the structure of shell and fuse and pasting made a total weight of over 500 pounds. The guns were elevated 15 degrees. The contract was that a shell should be thrown over a mile. The contract was more than fulfilled. The engine of the cruiser are still to be

THE SULAR TABLET.

Having respected the subject of duties on sugar the republican members of the ways and means committee find it a hard matter to adjust them satisfactorily. Today the refiners are here in force. A number from New York, Boston and Phillidelphia made a strentieus protest against the action of the committee in cutting so heavily into the existing rates. They maintained that a venity-five per cent out was all the refining industry could shand. On the other hand, a docon members is

Nat A Single Redoming Feature In Its Management.

New Your, March 25.—Asstated briefly in a dispatch to the News yestenbay, the grand Jury handed a long presentment to Junge Filager aid, in which the shirell's office is characterized as a disgrace to the city and a shame to civilization.

The foreman of the grand Jury and the inquiry had falled to reveal a engle redoming element in the management of the March 18 the Adack record of violated law, tardy justice, forced settlement, occasional and brillery. It was no inager a question of wint ought in the done to remedy the existing evils, but that it must be done at a conce and without delay. The foreman asks that copies of the presentment be sent to the governor and State Legislature.

The presentment, in referring to the sheriff sales, says that duriting the three years ending January 1, 1899, one firm of suchment of the
