SPANARDS GETTING ON THEIR FEET

Feeling in the French Capital that the Attitude of the Haughty Don is Irresistible.

London, Nov. 2.—The Paris correspondence of the Morning Post says: "It is pointed out that a feature of the present negotiation between the United States and Spain will be officially announced on Friday."

The feeling here is that the attitude of the Spaniards is irresistible, in view of the essential progress of the United States, and that they are not likely to agree to any terms which would not satisfy the latter.

Various statements of the press indicate that the Spaniards are not likely to agree to any terms which would not satisfy the latter.
